SYRUPOF FIGS

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Synup or Figs, manufactured by the CALIFORNIA FIG SYRUP Co., illustrate the value of obtaining the liquid laxative principles of plants known to be them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers dispetting colds, headaches and tevers gently yet promptly and enabling one to overcome habitual constipation per-manently. Its perfect freedom from every objectionable quality and sub-stance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

next few days to the effect that all freight crews beginning September 1st will run through from Cheyenne to North Platte with the exception of the firemen, who will be changed at Sidney and relieved by new men. A short time ago the plan was adopted of running freight crews through to North Platte, but it was found to be too hard on the firemen to work the long distance and the division point was again made at Sidney. Under the new or-ders the firemen will be relieved at Sidney, thereby eliminating this object tion to the plan, while the rest of the train and engine crews will continue on to North Platte.

Standard: An investigation is now being carried on by the Union Pacific which will prebably result in the discharge of a conductor running between Cheyenne and North Platte, Some time ago a woman passenger who was riding in a Puliman car was annoved by the conductor, who after forcing his undesirable company upon her in spite of indignant profests, finally made her an improper proposal. Upon its rejec-tion, it is alleged, the woman was subjected to very humiliating treatment, and driven almost into hysterics. As result a suit for twenty-five thousand dollars' damages is to be filed against the Union Pacific Railroad company and the Pullman Palace Car company.

at Aldershot.

New York, Aug. 27.-Maj. Gen. Sir

Frederick Maurice attracted consider-

able attention about a year ago by his attempts to prove to British officers that the bicycle was worth taking more seriously in military maneuvers. He

organized a big corps of bicycle volun-teers for a test of his scheme, but their evolutions were not a great success at the first trial. Gen. Maurice, avers the London correspondent of the Press, has

just tried his plan again with a body of 1,300 cyclists of Aldershot. His suc-

cess was so complete that many ob-

servers and even some of the pro-fessed military critics predict that the

cyclist is to be the mounted infantry-man of the future. At any rate it is

contended that these Aldershot man-euvers prove the wheel to be much too

good for use only in dispatch bearing.
