

TARIFF ON COAL WAS SMUGGLED IN

It Was Done in a Sneaking and Cowardly Manner.

SO SECRETARY MOODY SAYS

When Operators Appeal to Congress Not to Remove 67-Cent Duty on Anthracite, Appeal Will Be Rejected.

Madison, Wis., Oct. 10.—Secy. of the Navy Moody, addressing a great gathering here tonight, held that the duty of 67 cents a ton on anthracite coal was "smuggled into the tariff act in a sneaking and cowardly manner," and ought to be repealed at once.

He declared that the president could not constitutionally send troops into the coal regions without a call from the Pennsylvania authorities, nor could he send troops to enforce the tariff law in the coal regions.

Twenty Rioters Stain

London, Oct. 10.—In a dispatch dated Oct. 10, the correspondent of the Daily Mail says the rioting which followed the closing of a Socialist club in the Spanish district resulted in 20 men being killed and a large number being wounded. The latter include a prominent member of the Spanish civil guard, whose life is despaired of. Documents seized at the Socialist headquarters, continue the special show, that the riot was the center of an anarchistic group which had been in communication with anarchists in the towns of Europe.

Stock Rustler Arrested.

Butte City, Ore., Oct. 10.—James Hall was arrested by Sheriff Brown of this county this morning at the Ingham ranch, seven miles north of Durkee, on the charge of horse stealing. The officers have been on Hall's trail since last July. Hall is the last of a gang of stock rustlers that have infested this part of Oregon for years. All of the cases being either been convicted or are awaiting trial. Hall was released on \$500 bail to await the action of the district court.

W. P. READ HONORED.

Read Member Executive Committee Am. Street Ry. Assn. Detroit, Mich., Oct. 10.—Walter P. Read of Salt Lake City, Utah, was elected a member of the executive committee of the American Street Railway Association, and J. B. Hogarth, auditor of the Denver City Tramway company, was elected third vice president of the first railway association.

THE DETROIT CONFERENCE.

Senator Mason, Chairman, Appoints A Committee. Detroit, Oct. 10.—Senator Mason of Utah, who was chairman of yesterday's interstate conference on the coal situation, today appointed the following committee to forward the resolution adopted at the conference to President Roosevelt: Mayor W. C. Mayberry, chairman; W. H. Beamer, Detroit; Judge W. A. Babcock, Cleveland; Sen. R. A. White, Chicago; Col. W. C.

HERINGER'S CASE.

WHY A SALT LAKE MAN IS HAPPY.

Kickapoo Indian Saga Rescued Him from a Dread Disease.

There is no doubt whatever that kidney trouble breaks down the health of more people every year than any other disease of a similar nature. Weak and unhealthy kidneys are responsible for many complications and if permitted to continue much suffering and fatal results are sure to follow.

Kidney trouble irritates the nerves and makes you dizzy, restless, sleepless and irritable. Kidney trouble makes you pass water often during the day and get up frequently during the night. Kidney trouble leads to rheumatism, gravel, catarrh of the bladder, makes your head ache and causes indigestion and serious stomach and liver trouble.

In one way and one way only can you avoid this train of evil which is wrecking many a life, and that is by taking Kickapoo Indian Saga at the beginning. Saga will certainly cure you. It has cured thousands.

Henry Heringer, 146 W. Second South St. is a Salt Lake man in Salt Lake City because he has got rid of a bad case of kidney trouble. Mr. Heringer says, "I have suffered for years with stomach and kidney trouble. Lately my kidneys especially have been giving me much anxiety and pain. I was all run down and had no appetite at all. I was hardly able to work and suffered severe pain in the back. But now, after using Kickapoo Indian Saga for a few weeks I feel like a new man and consider myself cured."

Take a lesson from Mr. Heringer's experience. Do not delay, but begin the use of Kickapoo Indian Saga at once. It has cured thousands and will cure you if you give it a chance. Remember you will be cheerfully refunded if you are not satisfied.

HOOPER YOUNG'S CASE.

Coroner's Jury Holds Him Responsible for Mrs. Pultizer's Death.

New York, Oct. 10.—The coroner's jury that has been investigating the death of Mrs. Anna Pultizer, whose body was found in the Morris canal on Sept. 18, rendered a verdict tonight in Jersey City that the woman came to her death through violence at the hands of William Hooper Young.

Press Feeders' Strike.

New York, Oct. 11.—A strike of 1,200 press feeders employed in the book and job printing trade of the city has involved 500 pressmen, and has, it is stated, nearly tied up the business in New York. The strike is being met by the publishers, who are preventing many magazines and periodicals from coming out on time.

Some time ago many of the feeders demanded an advance in wages from \$12 to \$14 a week, and struck to enforce them. Then it was decided, after several conferences with the employers, to make a demand for the advance in wages in all of the union shops. The employers refused the demand and the strike followed.

To Test Porto Rican Tariff Act.

New York, Oct. 11.—In the United States circuit court here a suit has been filed by attorneys representing a firm doing business at Ponce, Porto Rico, against George W. Whithead, collector of customs on the island off Porto Rico, to test the constitutionality of the enactment of Congress that provides for the collection of duties there.

The plaintiffs aver they have paid under protest \$4,922 assessed as duties on general merchandise shipped from the United States. The position taken by the counsel is that the island of Porto Rico is in the same position to the United States as for as exports and imports are concerned, as any one of the states of the Union.

Henry King Convicted a Second Time

New York, Oct. 11.—Henry J. King, who on July 11 called at the New York foundling asylum, and shot Sisters Angela and Cyrella because they could not tell him the name of his parents, has been convicted a second time. He is liable to a sentence of 15 years on the two counts.

For nine years King has contended he is the son of wealthy parents who put him in the asylum and that the attendants were concealing his identity.

CONFERENCE AT WHITE HOUSE

President Discusses Coal Situation With Cabinet Members.

Washington, Oct. 10.—For a long time this afternoon and again tonight President Roosevelt discussed the coal situation with members of his cabinet. After office hours, Secy. Root, Atty.-Gen. Taft, and Postmaster-General Payne came out to the White House and remained until nearly 6 o'clock. Tonight Secy. Root and Mr. Payne were with him for some time. Further than to admit that the coal strike was the subject that brought them together, the members of the cabinet would not talk except to say that nothing had been done. Mr. Wright, commissioner of labor, was also at the White House this afternoon. His object was to bring with him a copy of the arbitra-

GOV. ODELL GOES FOR OPERATORS

Asks Them: "What Do You Mean By Politicians?"

HE TELLS THEM WHO HE IS.

Represents Seven Million People—Will Use Every Power at His Command to Relieve the Situation

New York, Oct. 10.—"What do you mean by politicians? I want you and all operators to understand that I am the governor of New York, the chosen representative of 7,000,000 people, and that I am here in this matter solely in that capacity, and to relieve, if possible, an intolerable situation. And, what is more, I intend to use every power at my command to do it."

Gov. Odell made this statement today to President Baer of the Reading road, in the presence of United States Senators Platt of New York and Quay and Penrose of Pennsylvania. It was the culmination of a heated interview in the office of Senator Platt and the result of the meeting between Gov. Odell and President Baer.

BAER IN BAD HUMOR.

Mr. Baer was not in the best of humor when accompanied by E. B. Thomas, chairman of the board of directors of the Erie railroad, he encountered Senator Platt's office. The conference began by a statement made by Senator Penrose that the situation was becoming so serious that some solution must be found at once. He suggested that the operators should incline to some conciliatory toward a settlement.

"If you mean by that," said President Baer, "that we are to recognize the existence of a labor union, I tell you right now that the operators will consider no such proposition."

ODELL ON HIS FEET.

Gov. Odell was on his feet in an instant. Holding a half hour's clear in his hand, and white with excitement, he said: "Are we to understand that no kind of conciliatory proposition would receive attention at the hands of the operators?"

"I did not say that," answered Mr. Baer, "but I do say that we will not accept political advice or allow the interference of politicians in this, our affair."

BEGS GOVERNOR'S PARDON.

President Baer, evidently appreciating that he had gone too far, bowed to Gov. Odell and said: "Governor, I beg your pardon. No personal apology was intended, and we will listen to any suggestions you may have to make. But again I repeat that we must resist to receive the union represented by Mitchell."

"I do believe," said the governor, "that your position, from a public view, is absolutely untenable. If coal operators, railroad men and other business men can combine for mutual profit and protection, there is no reason why laboring men should not."

MEANS RECOGNITION OF UNION.

"What is the proposition?" asked Mr. Baer. "Just this," said Gov. Odell. "I am sure that the laboring organization of which Mr. Mitchell is head desires him to beg your pardon. If the operators will consent to give the men 5 cents a ton increase, I will personally present it to the miners, and I believe they will accept it. This is a fair proposition."

STANFORD GLEE CLUB TOUR.

Stanford University, Calif., Oct. 11.—The combined glee and mandolin club have decided upon the itinerary of the annual holiday tour. The club will leave the university about Dec. 16 and their tour will include the leading cities of California, Oregon, Washington and British Columbia. The first appearance will be made in either Stockton or Sacramento.

MITCHELL MEETS ODELL.

About 5 o'clock John Mitchell, accompanied by E. N. Hammerling of Wilkesbarre, called and had a long conference. While this was going on a dispatch announcing that the operators refused to consider the terms offered by the governor was received.

When the conference was over Gov. Odell refused to say what had occurred, and Mr. Mitchell was equally reticent. It is believed that Gov. Odell presented his proposition for agreement to the leader of the miners' union and that Mr. Mitchell said he would present it to the district presidents, in the hope that it would be accepted.

PRAISES MITCHELL.

Gov. Odell said: "Mr. Mitchell was eminently fair, and showed every disposition to adjust the serious situation. With the announcement that all the conferences except Gov. Odell had left town, some of the interest in the matter dropped. Gov. Odell, at a late hour, was asked: 'Has it been suggested that you call an extra session of the legislature?'"

"I have not thought of it yet. As I said I am waiting for an answer from the operators."

The governor said tonight that he would go to Newburg tomorrow to register and return on Monday morning. Then he said he would again take up the matter actively if no decision was arrived at by the miners and operators. He positively declined to talk further for publication.

According to the statements made by the operators, the prospects of a settlement are no more promising than they were yesterday. There is nothing to justify the assertion that negotiations will be resumed next Tuesday. As one of the coal presidents put it, "The incident is closed."

"The publicists," said this gentleman, "made a number of suggestions, all of which we turned down. These included a 10 per cent increase in pay, a decrease of working hours and recog-

"I DO NOT KNOW I HAVE NERVES,"

Says Mrs. Bertsel of Brooklyn.

Pe-ru-na Refreshes, Invigorates, Recuperates.

Like a Charm, So the Fair Sex Speak of the Action of Pe-ru-na.

Catarrhal Diseases the Bane of American Women.

"Health and Beauty," Dr. Hartman's Latest Free Book.

very difficult or even impossible for the patient to carry it out.

Pe-ru-na Invigorates. In all such cases Pe-ru-na is a godsend. Pe-ru-na comes to those who are unable to afford the expensive luxuries of change of scene and climate. Pe-ru-na comes to such people with refreshment, recuperation and a renewal of vigor and spirits.

Nervous Women. No nervous woman ought to neglect to give Pe-ru-na a fair trial. It is almost absolutely certain to help her, and in some cases the relief is magical.

Mrs. Margaret Little, 47 Hoyt street, Brooklyn, N. Y., writes:

"I have been troubled with constipation and indigestion for over a year, my complexion was ruined and I was nervous and losing flesh every day. The doctors advised that I go to a sanitarium but a number of people advised me to try Pe-ru-na before going to that expense, and I did so. I found that the first bottle regulated my bowels, cleared my complexion, and by the time I had taken six bottles my stomach and digestion was in perfect working order and has remained so ever since."

"As this was very much cheaper than going to a sanitarium, I have every reason to be grateful."—Margaret Little, Mrs. Mary A. Engelhard, 285 Madison street, St. Louis, Mo., writes:

"I have been a hard worker all my life, and very often I need a tonic. Nothing does me so much good as Pe-ru-na. It acts like a charm, and I feel like a new woman. I do all my own work and a lot of other work besides. I will give Pe-ru-na all the credit."—Mrs. Mary A. Engelhard.

Miss Mamie Powell, Lake Charles, Louisiana, writes: "I sincerely believe that Pe-ru-na is woman's best friend, for it has certainly been that to me. I had had headaches, backaches and other aches every month for a long time, but shortly after I began taking Pe-ru-na this was a thing of the past and I have good reason to be grateful. I take a bottle every spring and fall now, and that keeps my health perfect and I certainly am more robust now than I have been before and am weighing more. I do not think anyone will be disappointed in the results obtained from the use of Pe-ru-na."—Miss Mamie Powell.

Pe-ru-na Cannot Be Imitated. There is no use trying to imitate Pe-ru-na. It has been tried many times by men skilled in pharmacy and chemistry but they have always failed. The imitators of Pe-ru-na do not fool anyone who has ever taken Pe-ru-na or who has ever witnessed the good results of Pe-ru-na.

Pe-ru-na acts so promptly, its benefits are so lasting, and it is so sure to reach catarrh wherever located in the body, that no imitations of Pe-ru-na can succeed.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Dr. Hartman receives many letters from suffering women who have been cured of some catarrhal derangement by the use of Pe-ru-na. The following letter speaks for itself:

The Pe-ru-na Medicine Co., Columbus, O. "Gentlemen—My health was excellent until about six months ago when I seemed to have a collapse from over-doing socially and the doctor ordered an entire change of scene and climate. As this was an absolute impossibility at this time, I had to try and regain my health in another way and was induced by a friend who gave Pe-ru-na such a good recommendation to try Pe-ru-na. I cannot tell you the condition of my nerves when I began to use it. The least noise irritated me and I felt life was not worth living but Pe-ru-na soon changed me into a well woman and now I do not know I have nerves."—Louise Bertsel, 19-1-2 Second street, Brooklyn, N. Y.

It is very easy indeed for the doctor to order patients a change of scene and climate. Such an order is very easily given and is often a very appropriate remedy.

Indeed, it would be a good thing if all people suffering from nervousness could travel and recuperate their nerves by change of climate and scene, but not one case in five hundred can do this. Most people are tied at home by duties or possibly cannot afford to make the desired change.

It is very easy, therefore, for the doctor to order this change, but sometimes

mitted in the iron mountain country, the purpose of which, it is claimed, was to intimidate and drive out the sleepmen and small ranchers who were occupying lands which the corporation desired to hold for themselves. So far as yet developed, the principal testimony against Horn will be his alleged confession to Detective Joseph McFors. It is the general belief that if the trial should result in the conviction of Horn other arrests will follow.

The selection of a jury is well under way, but is likely to take two or three days more.

Perhaps the most damaging statements made by the prosecution against the accused in the pending trial outside of a confession which was made by Horn and which was brought out at the preliminary hearing, was that Horn left a package containing a blood-stained sweater in a store at Laramie the day after the murder. The attorney also said that Horn visited Denver two months after the tragedy, and there told a party of friends that he was the "main guy" in the Nickel killing; that "the Nickel business was the best shot he ever made, but that it was the dirtiest job he ever done."

The defense made no statement. The taking of testimony will be commenced in the morning.

Tin-Workers' Convention Called. Pittsburgh, Oct. 10.—President Shaffer of the Amalgamated Association of Iron, Steel and Tin-Plate Workers, has called a special convention of the tin workers, to be held in Pittsburgh, Oct. 24, to consider the rebate proposition submitted by the American Tin-Plate company and once rejected by the tin workers. The proposition is for a cut in wages of 15 per cent for all tin plate workers. President Shaffer says the question, which is not understood, has caused endless complications, which should be explained and the matter settled.

N. Y. Hall of Records to Be Removed. New York, Oct. 11.—It has been decided that the old hall of records in this city, which was used as a prison in the days of the revolution, shall be removed to make way for the rapid transit tunnel. If possible, the historical society will get possession of parts of the building, in the hope that they may be put together again on another site. Much sentiment surrounds the old building and it was only after representations that the building might collapse, owing to the tunnel work, that Supreme Court Justice Leventritt decreed its removal.

Coffee Commission Meeting. New York, Oct. 11.—At the fourth regular meeting of the International American coffee commission the report and recommendations of the committee on consumption which was submitted at the last meeting was discussed at length and laid over until the next meeting.

It was decided to hold no further meetings until Thursday, Oct. 13, in order to give all the delegates and committee an opportunity to present full reports, so framed that they may be ready for immediate discussion and action. There is the general belief that the belief that within a few sessions something definite can be arrived at and the final recommendations adopted by the commission for transmission to the governments represented.
