

## BRINGS THANKS OF GRATEFUL PEOPLE

Tang Shao Yi Carries to Washington Those of China for Remittance of Indemnity.

### SOME GIFTS FOR OFFICIALS.

Their Character Will Not Be Made Public Until Presentations Have Been Made.

Washington, Nov. 30.—Bringing the thanks of a grateful people for the remittance of the Boxer indemnity, Tang Shao Yi, president of the Chinese board, and created a special ambassador for this occasion, arrived in Washington today. Accompanied by Prince Tsai Fu, a member of the Chinese royal family, and a distinguished group of attaches, the party was met by Huntington Wilson, third assistant secretary of the state department and several aides of President Roosevelt. There were no formalities at the Union station other than the exchange of greetings. After that the party was escorted to two residences in an excellent section of the city. The party will be domiciled during their stay of three or four months.

The party arrived on a special train of six private cars and coaches, including a dining car. The first people to leave the train were Dr. Wei Chung W. Yen, second secretary, and Mr. T. K. Liang, commercial attaché of the Chinese legation, who went to Chicago to meet the party. Before the ambassador and the prince left the private car all arrangements had been made for the march through the station to the line of carriages. Minister Wu Ting-fang then entered the car and escorted the ambassador and the prince to the waiting American reception room, which in the meantime had been joined by former Secy. of State John W. Foster. Minister Wu presented Col. Bromwell, superintendent of public buildings and grounds, and he in turn introduced Commander Sims and Capt. Butt, aides to the president, to the ambassador and prince. Formal presentation of Asst. Secy. Wilson, who welcomed the visitors, and of W. D. Straight and A. W. Pontius, officials of the state department, who were in China in the consular service for a number of years, was then made.

The party was conducted to carriages and the drive to the special residences was made.

The reception committee left the ambassador and prince at their quarters, no ceremonies of any character being desired by the visitors until they were settled and rested from their long journey. The recent deaths of the dowager empress and the emperor was another reason for the simplicity of the greeting.

Considerable interest was displayed by the order in which the visitors walked and entered the carriages. Banding was observed throughout. First came Tang Shao Yi, the special ambassador, and Prince Tsai Fu, escorted by Asst. Secy. Wilson and Col. Bromwell. Then followed Minister Wu, who is on duty while the special ambassador is here, and Mr. Chung Mun Yew, who is said to be slated to take a high position in the Chinese diplomatic service. They were escorted by Commander Sims and Mr. Straight. Other carriages followed in strict order of rank, the last carrying several gift-bearers. The packages were loaded into the rear carriages.

Ask your Grocer for

guarded with ostentatious watchfulness and were the objects of a great deal of speculation. It is known that these boxes and portmanteaus of oriental design contain presents and letters of rare value for President Roosevelt, Mrs. Roosevelt, President-elect Taft, Secy. of State Root and other American officials. The character of the gifts, however, will not be made public until the presentations have been made.

When the procession started from the station a dozen mounted police took stations about the carriage of the ambassador and acted as outriders until the residence on Scott circle, where the most distinguished visitors are to have their abode, was reached.

#### INDEMNITY REMITTED.

That portion of the Boxer indemnity which has been remitted by the American government amounts to nearly \$14,000,000.

The special ambassador looks forward with great pleasure to several months' stay in this country. He spent the days of his youth in New England and has not been in this country since 1881. During the session of Congress he expects to pass a great deal of time in the capital studying the financial system of this government and the procedure attending preparations for the revision of the tariff. Later he may go to Europe to carry on his studies, but that is not definitely decided.

Tomorrow, it is expected, Tang Shao Yi will call at the state department to arrange for a visit to the president. This probably will take place on the following day, when it is expected the distinguished visitor will deliver the message from the Chinese government.

#### NEW GERMAN AMBASSADOR.

Berlin, Dec. 1.—Count Bernstorff, the newly appointed ambassador to the United States in succession to the late Baron Speck von Sternburg, has not yet been received in audience by Emperor William, and it is not a fact that he has been entrusted by his majesty with an invitation to President Roosevelt to visit Germany. The count probably will have his farewell audience at the end of this week.

## PORT AU PRINCE PANIC STRICKEN

Every Hour Brings the Revolutionary Army Nearer to Its Gates.

### INSURGENTS SEEM SUPREME.

Have Swept All Before Them—Situation Very Grave—Chambers Convoked in Extraordinary Session.

Port au Prince, Nov. 30.—Every hour brings the revolutionary army nearer to Port au Prince and a feeling of impending disaster has taken possession of the people. The advance guard of Gen. Antoine Simon's forces is now not more than 25 or 30 miles from this city, and up to the present time the insurgents have swept all before them. The government losses at Assas-yeau on Friday and the rout of the loyal troops have caused consternation among the officials of the government, with possibly the exception of President Nord Alexis. Every effort to have him take himself out of the country has proved a failure, and the president, who has faced revolutions before, announces his determination to fight to the last.

#### ALEXIS NOT ALARMED.

It may be that President Nord Alexis feels the confidence he expresses in his ability to check the advancing army, but the residents of Port au Prince certainly are not of the same mind. Many of them are panic-stricken, and the great majority of the natives have closed their stores and business houses and have not dared to open their doors and windows of their residences. There is an uneasy feeling among foreigners, notwithstanding the presence in the harbor of the warships of the United States and France, from which forces unquestionably will be landed if the insurgents succeed in passing the gates of the city, or at the first sign of disorder and pillage. Flares of different nations are being fired from the houses of many foreign residents, the markets are deserted and the country people upon whom the city depends for its sustenance, have fled precipitately and refuse to return.

The situation has become so grave that an official proclamation has been issued convoking the chambers in extraordinary session so that measures may be taken to avert the disaster, or at least to effect a compromise with the revolutionary leaders.

There was great fear tonight that the disaffected body of Haytiens in this city might take arms for the overthrow of the government, which, however, being forewarned, had taken precautions against this happening. President Alexis, suspecting the loyalty of Gen. Camille, the chief of police, has sent him out on a special mission, while Gen. Nau, who also is one of the chief police officials, has been replaced by Gen. Hyacinthe for the same reason.

#### TROOPS PATROL STREETS.

Throughout the day and tonight the streets were patrolled by bodies of troops who maintained order. So far they can be seen all of the officers and soldiers here remain loyal and are facing the coming revolutionists calmly. Three divisions of troops are entrenched at the three corners of the city, several miles outside the city, and it is not expected that Gen. Simon's force will reach the cross roads until possibly Wednesday.

The vanguard of the revolutionists occupied Grand Coteau, a town of 16,000 inhabitants, about 30 miles west of Port au Prince, without firing a shot and it is expected that this force will be sent ahead to clear the way if any obstruction is offered.

Gen. Simon has been engaged in previous movements of the same kind. In 1902 he declared himself in favor of Gen. Antenor Firmin for the presidency, and the latter pursued similar tactics to those now being followed by Simon. In a statement issued today Gen. Simon stated he desired to rescue the country from the anarchy of the rural North Alexis so that the people would be free to elect a new president, but it is not known whether he favors Gen. Firmin for that office or is working for his own return to power.

H. Paulien Sannon, the former minister of foreign affairs, who was one of those who took refuge in the French legation at the time of the uprising last March after having been removed from office by the president, is one of the leaders in the movement, while Gen. Firmin has been believed to have his way from Kingston to Jeremie, where the insurgents are waiting his arrival to march on Port au Prince.

#### SHIP TO PROTECT SHIP.

The French training ship Duguay Trouin has gone to Petit Coteau at the earnest request of the French colony there, who fear disorder. She will make a general survey of the situation and act as a guard vessel. The Haytien gunboat Nord Alexis left here tonight to bombard one of the ports held by the revolutionists, but is expected to return shortly.

The resignation of Gen. Tancred Auguste from the office of minister of public works was brought about by his denunciation by Gen. Le Conte, minister of the interior, to President Nord Alexis. Gen. Auguste succeeded Gen. Le Conte as minister of the interior when he believed the latter had been killed, but Gen. Le Conte was given back his post on his return here. He charged that Gen. Auguste had an agreement with the diplomatic representatives for the retirement of the president.

#### NEW SUNDAY AFTERNOON PAPER.

Washington, Dec. 1.—The Washington Times, a one-cent evening paper, announced today that it would hereafter appear in the afternoon instead of the morning, at the week day price. This is believed to be the second instance of a Sunday afternoon paper in the United States.

#### SHALL CHRISTIAN RUDOWICZ BE EXTRADITED TO RUSSIA?

Chicago, Nov. 30.—That in the years 1906 and 1907, 50,000 revolutionists were killed by soldiers of the czar and 250,000 were sent to Siberia, was asserted by Lenger Gurus, a member of the second duma, when he took the witness stand today to testify in behalf of Christian Rudowicz, whom the Russian government is seeking to extradite on a charge of murder. He declared that 7,000 of the government's forces were killed during the same period, 5,000 of whom were "executed" by the revolutionists, and that in all it cost the czar some 15,000 lives in seeking to suppress the uprising.

Atty. Rigby, for the Russian government, notified United States Commissioner Foote that he would appear to the district court to have Martin Juraw, another witness for Rudowicz, declared in contempt for refusing to divulge the names of his associates in

revolutionary plots in Russia. It was the refusal of Rudowicz, Juraw and other witnesses in the case to give this information, which brought about the mass meeting held here yesterday to protest against the United States in any way failing to safeguard the liberties of Russian political fugitives.

### MURPHY SATISFIED WITH HIS QUARREL WITH CHANCE

Chicago, Dec. 1.—President Murphy of the World's Chess championship, who was satisfied his quarrel with Manager Chance is patched up and that the peerless leader of the world's champions will be back in Chicago to pilot the men on their training tour to the south in the spring.

Mr. Murphy said yesterday he had heard from the manager through a mutual friend and that Chance wrote of his plans for 1909 just as if nothing had happened.

President Johnson, of the American league, announced yesterday that the price for tickets to world's series games next year would certainly be cut in two. He said the national commission had come to the conclusion that it was unjust to the fans, who had paid their good money to see the clubs battle through the regular campaign, to "soak" them big prices for the series at the season's close.

### TABLET TO MEMORY OF ANDRE MARIE AMPERE

New York, Dec. 1.—A tablet commemorating the services to mankind of Andre Marie Ampere, the great French physicist, will be unveiled at Ampere, N. J., on Thursday by Mr. Jusserand, the French ambassador to the United States. It has been set up in the Lackawanna railroad station at Ampere, which takes its name from the fact that a large manufactory of electrical supplies is located there. Dr. Schuyler S. Wheeler gave the tablet. Ampere bears the distinction of being the only place of that name in the United States.

### OBITUARY.

#### CHARLES GUILD.

Aged pioneer of Piedmont, Wyoming, goes to his reward. Died in his home in Piedmont, Wyo., on Saturday, Nov. 7. Charles Guild, aged 87 years.

Charles Guild was born at Dundee, Scotland, April 20, 1820, and emigrated to Utah on his last trip, arriving in Salt Lake early in November of the same year. He was married to Mary M. Fulton, daughter of a host of friends, where they remained until 1858, when they removed to Piedmont, Wyo. This union has been blessed with six sons and five daughters, three having passed away, leaving the following surviving children: Joseph E. Guild, Fred W. Guild, James H. Guild, George Guild and Mrs. John Cross, all of Piedmont, Wyo.; John A. Guild, Wm. Guild, Luman and Erie respectively. Mrs. Daniel Gamble, Peterson, Utah, and Mrs. D. C. Swartzfager, Ogden, Utah, are of whom are honorable and respected citizens. His beloved wife also mourns his demise, and the sympathy of a host of friends is extended to her and her family.

The deceased was feeble for several years, but he died peacefully. He left to the world, as his heritage, a noble, substantial family, and his memory will be fondly cherished. He was a genius and noble thinker, and a man of generous impulses, who never forgot the hospitality of the pioneer, and many are they who can testify to his love for his fellow men.

Funeral services were conducted at the Piedmont schoolhouse on last Wednesday morning by Bishop James Brown of Evanston, Wyo., assisted by Paul Cardon of Logan, Utah, brother-in-law of the deceased.

Interment was in the family cemetery at the Guild ranch, five miles south of Piedmont. Here the deceased several years ago selected a spot for the final resting place.

### DIABETES

It was not easy for us to believe that Diabetes is curable, but the first case we came in personal touch with was astonishingly convincing.

We were considering the purchase of Fulton's Compound and were looking for cases to try them out on. One of our number knew Charles A. Newton, the Yarmaster of the S. P. R. R. Co. at Sacramento—a very worthy man. He also knew that Newton had Diabetes and was in a hospital in the Capitol City, and that his recovery seemed impossible when he last heard from him.

A letter was written to Newton that Fulton claimed cured Diabetes, and that we wanted to know from OUR friends if this was so, and that if he (Newton) would take it that we would send him a supply of it. Newton replied to the effect that some five or six months before we wrote him he had heard about the compound, had taken it, that the sugar was nearly out and he was almost well. His complete recovery followed, and he told us S. P. Engineer who had Diabetes and he recovered.

We also saw Gen. Theo. Reichert of San Francisco go on this treatment and get a complete recovery after physicians had declared that the case was hopeless. Gen. Reichert is a 33rd degree Mason and is one of San Francisco's most widely and favorably known citizens.

We have seen hundreds recover since and there is no longer any question about Diabetes in people of middle age and over being curable.

For free literature, address John J. Fulton Co., 5910 San Pablo Avenue, Oakland, Cal.

## AMAZING PART OF MODERN LIFE IS RUSH AND HURRY

No Time For Sufficient Exercise In Fresh Air To Maintain Digestive Organs In Good Condition.

L. T. Cooper, the man who claims that stomach trouble is responsible for most ill-health, is continuing to attract crowds of people.

Cooper is explaining his theory and medicine to the public, and at present he is the sensation of the day in New York.

While giving his opinion of the cause of so much sickness among the present generation, in a recent interview Cooper said: "The amazing part of modern life in this city, and every other in America, is the rush and hurry. No one seems to have enough time. This very fact is responsible for much ill-health. As I have said before, poor digestion is at the bottom of all this tired, worn-out condition which afflicts modern people; but nothing is more necessary to keep the digestive organs working properly than exercise in the fresh air, and New Yorkers have no time for this."

"The daily life of the average New Yorker is about as follows: After sleeping all night in a room with a low ceiling and poor ventilation, he dresses in a rush, bolts his breakfast and runs for a car. He rides down town in this car with the air foul from over-breathing, and works until noon shut up tight in some factory or office building. At noon a hasty lunch and then back for the rest of the day in the same close quarters. When time to quit comes he piles into a car again, jammed in with others like him, and spends 30 minutes in the stifling atmosphere getting home. He stuffs himself full of food, then goes to some theater with more street cars to get him there, or he stays at home and sits in an easy chair."

Cooper's New Discovery, the medicine that is the talk of New York, is now on sale at leading drug stores throughout the United States. Ask your druggist for it.

## "BLUES"? Something's Wrong Inside

Indigestion, Biliousness, Constipation

The "blues" come more often from the stomach than from the mind.

We feel "blue," "down in the mouth," and discouraged when the stomach is upset, because the stomach nerves affect the head, and it is hard to be cheerful when the stomach is sick.

When you have the "blues" take
