EVENING NEWS.

Thursday, - - Oct. 28, 1880.

LOCAL AND OTHER MATTERS.

High Council.—The members of the High Council are requested to meet in the Council House to-morrow Friday) evening, at 7 o'clock.

WILLIAM W. TAYLOR,
Clerk.

Bishop's Meeting.—The bishops will hold their regular semi-monthly meeting in the Council House, this evening at 7 o'clock.

Autumn Leaves.—They fill the air and cover the streets and sidewalks. Young ladies of a sentimental turn can fill their scrapbooks without going into the canyons.

None to Lend.— The present month is one in which taxes are being paid, and in which people are laying in winter supplies of fuel and provisions. Moral: Don't try to borrow money in October.

Well Patronized.—The dramatic entertainment in the Tenth Ward, last night, for the benefit of the benefit of the building fund, was well patronized. The pieces went off well, to the satisfaction of all present.

Greatly Improved. — Apostle John C. Rich continues to improve. The following dispatch was received at 1.17 p.m.

PARIS, Idaho, Oct. 28, 1880.

President John Taylor:

Father's condition very greatly improved. His speech has so far restored that he can make known his wishes. Indications of activity in paralyzed side.

J. C. RICH.

Obsequies.—The funeral services over the late Mr. B. T. Young were held this afternoon, at 2 o'clock, in the Eighth Ward meeting-house. The friends and relatives of the deceased were present in goodly numbers and were addressed by Apostle George Q. Cannon, in an instructive and fatherly discourse, calculated to comfort and soothe the feelings of the mourners. The services were still in progress as we went to press.

Sunday School Jubilee.—A very pleasing and successful rehearsal of the Sunday Schools was held last evening in the Assembly Hall, it being the final grand practice of the children previous to the grand jubilee next Sunday morning at 10 o'clock in the Tabernacle. A splendid programme, which we will print to-morrow, has been prepared, and all is ready for the occasion, which promises to excel anything of the kind ever held here. Parents, guardians and the public generally are cordially invited to attend. Admission free.

"A String of Pearls."—This is the attractive title of an interesting little work, just issued at the *Juvenile Instructor* office, and designed as the second book of the Faith Promoting Series, the initial of which was "My First Mission") we have already noticed. They are for the encouragement of the youth in acquiring a knowledge of the truths of religion. The present volume is a collection of interesting incidents in the lives of our missionaries. Many of them are thrilling, and all of them edifying and instructive. We cheerfully recommend the book to the public.

Milton Nobles.—On Wednesday evening next, Mr. Milton Nobles, the popular comedian, assisted by a complete company of players, will present for the first time in this city his thrilling play of the "Pheonix," a comedy drama of his own creation. The *Memphis Appeal* has this to say of the drama and its actor author:

A very large audience greeted the first appearance of that gifted author and comedian at the opera house last night, and for happily blended mirth and humor, "The Phoenix" has never been surpassed. It is a drama that not only takes the masses, but is full of interest to those who are habituated to every phase of the drama. There is nothing more thrilling and exciting than the fire scene and the wonderful gambling scene in this masterpiece of American dramas. The role of the hero who is both Bohemian and detective, is admirably adapted to Mr. Nobles, and in his own play, "The Phoenix," he possesses a faculty that but few actors have and many yearn for.

Mutual Improvement.—The Mutual Improvement Association of the Seventh Ward, was organized on Wednesday evening with David McKenzie, President; Isaac M. Waddell and Joseph H. Stay, Counselors; Moroni Hall, Secretary; Miss Cooper, Assistant Secretary; D. McKenzie, Jr., Treasurer, and Chas. H Hyde, Librarian. Meetings at 7 p.m. every Tuesday.

Last evening the first meeting of the 17th Ward Y. M. M. I. A. for the current season was held in the school-house, Bishop A. McRae and counselors being present. The Association was re-organized last Tuesday evening, the lady members retiring, in accordance with the counsel of the General Superintendency of these Associations. The very best order prevailed last evening, and great interest was manifested by all present. A number of remarks were made by the newly installed officers, who all expressed a determination to do their utmost to make the new organization a success, and by the Bishop and counselors, who promised all the assistance in their power. The names of the officers are as follows: Robert Morris, president; Henry Coulam and George Wilcox, first and second counselors; W. O. Young, secretary, J. B. Bean, assistant secretary; Henry Hulbert, treasurer; C. Denney, librarian; H. A. Tuckett, choir leader.

The Y M. M. I. Association of the 17th Ward, reorganized on Wednesday evening, October 20th, 1880, with the following board of officers: D. F. Davis, president; M. N. Williams, first counselor; M W. Pratt, second counselor; Geo. E. Howe, secretary; Geo. W. Willis, assistant secretary; L. S. Tingey, treasurer. Meetings will be held every Wednesday at 7.30. p. m.

The Electric Light.—A select party of ladies and gentlemen, among them a number of prominent citizens, last evening, paid a visit to the new smelting works of the Horn Silver Mining Company abour 6 or 7 miles south of this city, for the purpose of witnessing an exhibition of the Brush Electric Light, which is now being used there. The train started shortly after 7 o'clock and had on aboard beside Mayor Little, at whose invitation the party was formed, Hon. Wm. Jennings, Aldermen H. Dinwoodey and E. F. Sheets, Hon. John T. Caine, Messrs W. S. McCornick, S. P. Teasdel, Boyd Park, T. W. Jennings, G. S. Erb, T. E. Taylor and several other gentlemen with their ladies. The train reached the smelter in about 15 minutes, and the party alighted and proceeded to the works close to the the track. Two lights had been placed on poles about 30 feet high, and set within 250 feet of each other. The lamps were each of 2,000 candle power, one burning openly and the other inside of a white globe, which mellowed the original glare considerably. From this light, which is the style designed for the interior of buildings, the hour could be ascertained from a watch at the distance of over 1,000 feet, or about one of our city blocks. The open burner, which had a reflector, had its light intensified thereby to about a third more than the other. They were both run by a five-horse power engine. The light was quite steady generally, only a slight flickering being observable, and gave general satisfaction. A strong advocate of the electric light, however, one who has contracted with Mr. Ruthrauff for several lamps for his establishment, stated to our reporter on the way home, that although he was still in favor of the light, he thought now that perhaps it might be as well to wait until it was perfected more. Our reporter says that when the train from the south arrived opposite the smelter, he noticed the difference between the light thrown from the headlight of the locomotive and the electric open burner, and thought that the glare from the headlight, where it met that of the other, was the stronger. There was, of course, considerable difference in the respective elevations, for which all due allowance must be made. The party remained at the smelting works about half an hour, and returned to the city about half-past eight o'clock.

Grand Vocal and Instrumental Concerts.—There will be a grand vocal and instrumental concert given in the New Assembly Hall, by Zion's Musical Society, on Monday evening, November 8th, and the same entertainment will be repeated on the following Saturday afternoon, November 13th. Zion's Musical Society was established by council of the Presidency and leading Elders of the Church, for the purpose of providing means to assist in improving the musical talents of Latter-day Saints, and so far gratifying progress has been made in this direction.

It is the desire of President Taylor, and the other officers of the Society, to organize a brass band, in addition to the vocal and orchestral departments now established, and to form classes for instruction in the science of music. For these purposes money is required, and a splendid programme has been prepared for the entertainment announced above, with the hope that the brethren and sisters will throng our beautiful Assembly Hall on the occasions above given, and thus aid in accomplishing the good designed.

The prices of admission to the evening Concert will be for adults 25 cents, children 15 cents, reserved seats 50 cents; to the afternoon concert, children 10 cents, adults 15 cents, reserved seats 25 cents. A rare treat is in store for all who attend, and we trust everybody will patronize the entertainments.

Enquirer Notes.—We regret to learn that diphtheria has got a fresh start in Heber City. Four or five deaths, it is reported, have occurred there inside of the last week.

The new offices and store houses of the Utah Southern Railroad, at American Fork, are now completed. Agent Peters feels as gay as a big sunflower over his new office.

A couple of weeks ago we reported a terrible accident that happened to Mr. Solomon D. Chase, of Springville, by which that gentleman had his right leg completely broken, just above the ankle. It was feared that amputation would have to be performed, and we now learn that, on Sunday morning last. Drs. Pike and Benedict went over to perform the operation. The foot was taken off above the ankle. Mr. Chase is however, in good spirits and hopes a speedy restoration of physical vigor.

A little four year old girl of Mr. John Jones, of the First Ward in this city, met with a very painful accident on Sunday last, while at play. The child was running over a heap of cobble rock, tripped and fell; and as she fell a stick of wood entered the flesh under the right arm, running under the shoulder cap bone and almost protruded at the back of the shoulder. Dr. Pike, who was at once sent for, placed the child under the influence of chloroform and in about an hour's time wholly extracted the piece of wood from the wound. The child is now, we are pleased to learn, doing very well, though the wound is still a very painful one.

Shipping Beef.—The beef shipping enterprise from this Territory to eastern markets is still being agitated. In a day or two quite a herd of fat steers will be driven to Evanston from Utah County, and shipped alive to Omaha. Four and five cents per pound, gross, will be realized by our home stock raisers for their cattle which are generally in a very good condition.

Remember, Remember! —"Guy Fawkes," the thrilling gunpowder drama, is to be presented on November 5th, for the first time in the history of the drama in Salt Lake. All should see this play.

Dead.—Col. John A. Nelson, a well known citizen of Park City and a prominent mining man of that region, died yesterday morning. His disease was pneumonia.

Lost Pen.—Apostle F. D. Richards lost on the streets, yesterday, a McKimmon pen. The finder will please leave it at this office.

SPECIAL BUSINESS NOTICES.

BARRATT BROS.

IT IS TRULY WONDERFUL

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. and N.-W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North-Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this road; all Agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Route, ☞ AND WILL TAKE NO OTHER. dswly

By Universal Accord,

AYERS' CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effective purgative Pill that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required. 4dsw
