

NO MERCY WILL BE SHOWN RUEF

Alleged Prosecution Will Revenge
Itself Upon Him for Reversal
Of Conviction of Schmitz.

TO BE TERRIBLE EXAMPLE

His Friends Charge That District At-
torney Broke Faith With Ex-
Political Boss.

San Francisco, Jan. 10.—That the
prosecution in the bribery-graft cases
will endeavor to revenge itself upon
Abraham Ruef for the reversal by the
appellate court of the conviction of
former Mayor Schmitz on the charge of
extortion and nullifying all the
extortion indictments against Schmitz
and Ruef, by refusing all immunity to
the former political boss and by prose-
cuting him on enough of the 100-odd
indictments returned against him to
insure in case of conviction what
would be practically a life sentence,
even though it were found necessary
to drop all the other cases, was the
statement made to the Associated
Press tonight by a person closely iden-
tified with Ruef.

BAD FAITH CHARGED.
The prosecution was charged with
breaking faith with Ruef, and it was
asserted that the district attorney's
office was endeavoring to visit its defeat
upon the former political dictator and
companion of Schmitz by making him
a scapegoat for his failure after it had
promised him at least partial immunity
for the information he had im-
parted in his confession.

Coming as it did, at the end of a day
of mystery and silence which enshrouded
the movements and activity of both
the prosecution and Schmitz, and a
two-hours' conference between Dist.
Atty. William Langdon, Special Agent
W. J. Burns and Ruef, at the former's
house, following the continuance until
Tuesday of the cases against Patrick
Culhoun, T. L. Ford, Thorneil
Mullaley, William M. Abbott, Schmitz
and Ruef, charged with bribery in con-
nection with the United railroads trolley
franchises, which came up before Su-
perior Judge Lawlor this morning, Ruef
went to the office of the district attor-
ney, at the latter's suggestion. When he
emerged two hours later, neither he nor
Langdon would give the slightest in-
timation what the purport of the confer-
ence was, but it was later learned that
Ruef was severely questioned and that
the results were satisfactory to neither
side.

RUEF AND THE RABBIT.
Ruef proceeded to Temple Israel,
where he was closeted for an hour with
Rabbi Jacob Nieto and Bernard Kap-
lan. In order that it might not be-
tray his presence, he had his auto-
mobile to proceed around the block
and wait for him. It was learned that
a break had occurred between Ruef
and the prosecution and that the dis-
trict attorney was in no mood to
temporize with Ruef any longer. The
latter stated that the district attorney
desired another conference with him
next Monday. A member of the prose-
cution, remarking significantly, "Ruef
will be tractable enough when we get
through with him."

While the reversal by the appellate
court was on the appeal of former
Mayor Schmitz, it has had the effect
of again making Ruef the central fig-
ure, one acquittal and one trial of
T. L. Ford having caused the prose-
cution to practically concede that Ruef's

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is In
Preserving Health and Beauty.

Cost Nothing To Try.

Nearly everybody knows that char-
coal is the safest and most efficient dis-
infectant and purifier in nature, but few
realize its value when taken into the
human system for the same cleansing
purpose.

Charcoal is a remedy that the more
you take of it the better; it is not a
drug at all, but simply absorbs the
gases and impurities always present in
the stomach and intestines and carries
them out of the system.

Charcoal sweetens the breath after
smoking, drinking or after eating onions
and other odorous vegetables.

Charcoal effectively cleans and im-
proves the complexion, it whitens the
teeth and further acts as a natural and
eminently safe cathartic.

It absorbs the injurious gases which
collect in the stomach and bowels; it
disinfects the mouth and throat from
the poison of catarrh.

All drugs that charcoal in one
form or another, but probably the best
charcoal and the most for the money is
in Stuart's Charcoal Lozenges; they
are composed of the finest powdered
Willow charcoal, and other harmless
antiseptics in tablet form or rather in
the form of large pleasant tasting
lozenges, the charcoal being mixed with
honey.

The daily use of these lozenges will
soon tell in a much improved condi-
tion of the general health, better com-
plexion, sweeter breath and purer blood,
and the beauty of it is, that no possi-
ble harm can result from their con-
tinued use, but, on the contrary, great
benefit.

A Buffalo physician, in speaking of
the benefits of Stuart's Charcoal Lozenges to
patients suffering from gas in stomach
and bowels, and to clear the complex-
ion and purify the breath, mouth and
throat: "I also believe the liver is great-
ly benefited by the daily use of them;
they cost but twenty-five cents a box
at drug stores, and although in some
sense a patent preparation, yet I be-
lieve I get more and better charcoal
in Stuart's Charcoal Lozenges than in
any of the ordinary charcoal tablets."

testimony is essential to conviction in
the bribery-graft cases, Schmitz also
declined to make a statement today, but
it was announced tonight by one of
his attorneys that application for the
release of the former mayor on bail
would be made tomorrow morning.

COUNSEL DISAGREE.

It developed during the day that
counsel for Schmitz and Ruef and the
district attorney's office disagreed on
whether or not the judgment of the
appellate court can be effective at once
or not until 30 days after the decision
was handed down. The defense main-
tains that under a statute passed in
1905 a remittitur must be sent down by
the higher court "forthwith," which, as
pointed out by the prosecution, is in
direct conflict with the constitutional
provision that judgment cannot go into
effect or a remittitur be sent down
until after 30 days, except with the con-
sent of the people.

Another question over which there is
a difference of opinion between the law-
yers for the two sides is whether or not
Schmitz's bond of \$50,000 was con-
sidered when he was convicted. If held
by the court that it was not, the for-
mer mayor will only have to put up an
additional bond for the bail upon the
nine price-eight trust indictments re-
turned by the Oliver grand jury just
before it was discharged last month.

Some of the members of the prose-
cution declared tonight that Schmitz's
application for bail tomorrow morning
will be refused on the ground that no
remittitur has been returned by the
appellate court, and that officially the
trial court is not aware of the reversal.
Should a remittitur be sent down, it is
said that its legality would be attacked.
It was also asserted that the prose-
cution will ask the appellate court
for a rehearing of the appeal to take an
appeal from its decision to the supreme
court.

THAW'S JURY IS CLOSELY GUARDED

May be Taken for Drives and
May be Allowed to Walk
Around a Little.

JURORS BEYOND MIDDLE AGE.

Ten of Them Are Married, Two Wid-
owers—Actual Trial of Case
Begins Monday.

New York, Jan. 1.—The attorneys in
the Thaw trial are taking a day off to-
day and going over their testimony for
the last time before the actual trial of
the case begins. On Monday morning
the trial proper will be opened with a
brief address by Asst. Dist. Atty. Gar-
van and then the people's case will be
put in. The case will be brief. The
killing will be proved and evidence will
be introduced to show that the shot
which killed Stanford White was fired
by Harry K. Thaw. It is now likely
that more than two or three hours will
be required. Then the prosecution's
direct case will be closed and the de-
fense will begin.

The jury which was completed yester-
day will, however, spend the day and
tomorrow and all the other days until
the case is finally completed under close
guard.

The jurors may be taken for drives,
they may be allowed to walk around a
little, but all the time they will be in
the custody of a battalion of court offi-
cers and will not be allowed to even
receive visitors, although they are mem-
bers of their own families, except in the
presence of bailiffs. Their mail will
be read before they are allowed to see it
and they can only read newspapers
after the lead bailiff has carefully cut
them from every reference to the trial.

They will be even more closely guarded
than Thaw himself, the man whose fate
even now rests in their hands.

JURORS ALL MARRIED.

The 12 men who will decide the young
Pittsburgher's fate are all beyond middle
age, there being five gray heads in the
jury box. Ten of them are married,
the other two being widowers and prac-
tically all of them are fathers of fam-
ilies. The fact that the jury was finally
accepted without the attorneys using up
all the peremptory challenges allowed
them, shows that both the prosecution
and the defense are satisfied. Of the 500
jurors summoned 272 were examined,
the defense using 23 peremptory chal-
lenges and the prosecution 20.

At the first trial 336 veniremen were
examined before the jury was finally
completed and each side used all its
peremptory challenges. The fact that
eight days was required to complete
the first jury, while the work this time
was accomplished in five, is due to
some measure to the night sessions
of the court, which Justice Douglas in-
sisted on holding.

THAW'S SATISFIED.

When the panel had finally been com-
pleted, after many vexatious delays,
and after the exercise of 20 peremptory
challenges by the defense and 20 by
the people, Thaw said that he was
entirely satisfied and, in fact, well
pleased with the 12 men chosen. Young
Mrs. Thaw, who has watched the se-
lection of the jurors with the keenest
interest, also declared that she was
well satisfied.

"They are much nicer than the men
selected last year," she said, as court
adjourned and Thaw exclaimed that
he echoed his wife's sentiments.

The prisoner and his wife had an
earnest five minutes' talk after the last
juror had been sworn, and while the
attorneys were conferring as to the
appointment of a commission which
will be sent to Pittsburgh to take the
testimony of Mrs. William Thaw, the

COLUMBIAN FISHERIES.

Vessels Wanted to Protect Them from
American Fishermen.

Victoria, B. C., Jan. 11.—In a report
to the Ottawa government, Capt. New-
comb, of the fishery protection cruiser
Kestrel, asks that a modern cruiser,
like the Canada, on the Atlantic coast,
with a speed of 20 to 22 knots and
two smaller boats of 18 knot speed be
commissioned as soon as possible to
protect the British Columbia fisheries.
He gives as reasons that the halibut
ground in British Columbia are being
depleted by American fishermen,
and fishing vessels, which he says took
nearly 40,000,000 pounds of halibut last
year from the province. He says that
the American fishermen clean their
catches in British Columbia harbors
and asks that fast motor launches be
supplied the officers to prevent this
practise.

OLD FOLKS ENTERTAINMENT.

Several Wards in Salt Lake Stake
Lead Out With Parties.

Salt Lake stake seems this year to
take the lead in Old Folks entertain-
ments. Aside from the general stake
summer "outs" each ward in the stake
aims every winter to treat their aged
people to a local entertainment, which
this season was inaugurated by the
Nineteenth ward, where a few days
ago a sample Old Folks party was
given under the auspices of the young
people of the ward. After a sumptu-
ous dinner had been served an inter-
esting program consisting of songs,
declamations, speeches, etc., was pre-
sented. Bishop Barron acting as toast-
master. Charles R. Savage and An-
drew Jensen, of the general commit-
tee, were also present and took an ac-
tive part in the doings.

A similar feast was arranged in the
Twenty-second ward on the 3rd inst.,
at which a number of local artists,
mostly young people, made it very
pleasant for the aged veterans. An-
drew Jensen, of the central commit-
tee, was a special visitor.

Day before yesterday the Sixteenth
and Seventeenth wards held their an-
nual entertainment for the old folks.
A delicious repast and moving pictures
were the special features in the Six-
teenth ward, and Charles R. Savage,
William Eddington, Andrew Jensen,
George B. Margette, William Barron
and B. F. Grant, of the central com-
mittee, contributed, as usual their
quota to make the entertainment a
success.

In the Seventeenth ward the same
visitors were in attendance, and in ad-
dition Apostle Heber J. Grant, who
sang two of his characteristic songs,
and also the veteran actor, Phil Mar-
getts, who surprised his audience with
reciting several selections from the old
masters, with the freshness and vigor
of youth, reminding several of the
other veterans present of the good old
Utah days, when Mr. Margette was the
star of the Salt Lake stage. The old
veteran, in paying special tribute to
the Seventeenth ward, where he has
resided for 57 years, said: "The first
house erected in the Great Salt Lake
valley for public worship was built in
the Seventeenth ward. The first taber-
nacle was built in the Seventeenth
ward. The first casting in Utah was
made in the Seventeenth ward. The
Nauvoo brass band was reorganized in
the Seventeenth ward. The founda-
tion of the Mormon Temple was laid
in the Seventeenth ward, in 1853.
The large tabernacle and the largest
organ in America, at the time of its
construction, was built in the Seven-
teenth ward. The first dramatic com-
pany in Utah was organized in the
Seventeenth ward. The first organized
dramatic performance ever presented
in Utah was given in the Seventeenth
ward. One of the most beautiful com-
positions found in L. D. S. hymn
book, "The Resurrection Day," was
composed in the Seventeenth ward by
the late William Clayton, and last but
not least, some of the best people in
the ward have resided and still reside
in the Seventeenth ward."

ENJOYABLE REUNION.

Sunday School Workers of Twenty-
First Ward Hold Social Session.

A most enjoyable occasion was that
given in the Twenty-first ward amuse-
ment hall last evening by the ward
Sunday school superintendency, as an
annual reunion of teachers and officers,
and also for the purpose of honoring
the retiring music director of the school,
Thomas McIntyre. The affair was un-

der the direction of Asst. Supts. Lyon
and Castleton, Supt. Williams being ab-
sent in southern Utah. Most of the
teachers who had taken part in the
school during 1897 were present, as well
as several of the stake and general of-
ficers. Refreshments were served and
social games indulged in, as well as a
musical program, including a piano
duet by Misses Estelle Langford and
Florence Tuddenham; song by Myron
Crandal; duet by William D. and W.
S. Owen; solo by Miss Lillian Hudson,
recited by Mary Pickering, remarks
by counselor Herbert J. Foulger, Stake
Supt. George H. Wallace and Asst.
Supt. Arthur W. Brown. Josiah
S. Burroughs of the stake Sunday
school board, made a speech commend-
ing the labors of Mr. McIntyre, who
has directed the music of the ward
Sunday school for nearly 20 years, and
presenting him with a handsome house-
coat in behalf of the teachers and of-
ficers of the school. A fitting response
was made by Mr. McIntyre, who brief-
ly reviewed the musical progress of
the children in the 20 years he has
been at the head of that department.
