RACES AT OAKLAND.

Very Close Finishes Marked the Events Of Yesterday-Exciting in Fifth.

Of Yesterday-Exciting in Fifth. San Francisco, Nov. 27.-Close finishess marked some of the races at Oakland today, The most exciting was the fifth, where The Mighty, Eugenie B and Ana-mias were noaes apart at the wire. It was the superior riding of Jack Martin that won for The Mighty. The five and a half furiong race, in which Shoigun and Kenilworth met, was marred by a bad start, Sad Sam getling away flying, while Kenilworth was off very poorly, his chances being rulned. While Shoigun, the favorite, was in the worst going, he gradually overnauled Sad Sam and beat him a head Miss Betty, played from 15 to 1 to 8 to 1, heat Caroburn in the second race, She is owned by T. TEAMS TO DISBAND.

Salt Lake High School Will Then Claim Championship Honors.

Championship Honors. From the present outlook there will be no more games between the Sait Lake and Ogden High School football teams, It is understood that the Junction City pigskin chasers have deelded to quit the game for the present season, and in that event, the home eleven will cialm the school championship. It was agreed sev-eral weeks ago between the two teams to play a series of three games for the championship. Sait Lake won the first and the second resulted in a tie. Now if Ogden deeldes to quit, Sait Lake will claim the fille. The home team however is very anxious to meet Ogden in a thinl game, built seems that the later are not particularly anxious to clash with the Sait Lakers again.

It was thought that the jewel might change hands for something like \$10,000.

the bidding began with an offer of \$2,500 but soon the competition was left to the well known art dealers who struggled against each other until the sum of \$32,500 was reached, at which price is was sold.

THE KAISER'S CASE.

Wound from Operation Does Not Heal Readily.

New York, Nov. 28 .- The Wiener Allegemele Zeitung has a dispatch from Berlin, according to a Vienna cable-gram to the Times, which says: "Though there can be no doubt that the recent operation on Emperor Wil-liam concerned a benignant formation, the process of healing has not taken the favorable course hoped for. "There is absolutely no question of any damage but from the probe course any danger, but from the whole cours of the process of heating hitherto it seems as though unexpected complica-tions had arisen which rarely follow a simple operation for so-called singer's polypus. In court circles there is a certain uneasines, which in the last few days found expression in talk of the possibility or even probability of a new operation. It is impossible to veri-fy the latter rumor.
