TO INCREASE THE FORCE.

Postmaster Thomas Files Requisition For Additional Letter Carriers.

Postmaster Thomas has filed a regulation with the postoffice department for authority to appoint additional letter carriers. This has been made necessary because of the rapid growth of Sait Lake City, as is instanced by the sale of stamps, etc. during January last, which was 28 per cent increase over that of the January of the previous year. The increase in the carriers' force heretofore has not been adequate to the needs of the ser-

Appetite Gone, Nerves Unstrung, Sleepless, Thin, Pale, Tired all the Time,

Hood's Sarsaparilla Cave Nerve, Mental and Digestive Strength.

"Last spring my health was completely broken down through prolonged watching at a sick bed. My appetite was gone and I was in the unstrung nervous condition where I was unable to find sleep, but would toss and turn through the long weary nights. I be-came thin, pale and looked 10 years older. Was languid and tired all the time, and seemed unable to recover, though the doctor tried different remedies. I could not keep food on my stomach, and through the physical weakness my mental condition became affected so that I lost my memory and was unable to collect and hold my

thoughts as formerly. "Hood's Sarsaparilla restored me to perfect health. It aided the worn out nerves of my digestive organs to do their duty, and I was once more able to eat and properly digest my food. I slept peacefully the entire night, and now I feel new life and vitality course through my veins. With the physical self and have for the pust year enjo
