Tierney of Montana continued his testimony in the Clark case before the Sen. ate committee on privileges and elections today. He said he had never been asked to support Mr. Clark for the Senate and therefore was never offerd any consideration for his vote for that gentleman. The details of the organization of the Townsend bank, in which he had money, was explained

and how he had money in it. Mr. Tierney said the \$5,800 which he put into the organization of the new bank at Townsend had been kept in the safe of Darsey & Co., where it had been put in preference to putting it in the bank of Hyatt & Delanty, the only bank then existing at Townsend. Of the \$5,800 drawn out in this transaction

not to exceed \$2,000 had been entered upon the books of the firm. He had taken it out because it was his. Very often, however, these deposits were put into the general cash fund of the firm.

In response to a question from Sena-tor Chandler, the witness said that notwithstanding he knew, there were aspersions cast upon his character because of his vote for Mr. Clark, he had brought no paper of any kind to Washbrought no paper of any kind to wash ington with him to show where the \$5,800 used in arganizing the Townsend bank had come from. The questioning brought out the fact that both Eversoil and Representative Sheveley who, together with Mr. Tierney, constituted the whole legislative delegation from the whole legislative delegation from Broadwater county, were stockholders in the new Townsend bank. Of the entire \$25,000 capital Mr. Tierney testi-fied that himself and relatives and business associates had contributed about \$18,000, Messrs. Eversoll and Sheveley each having \$1,000. The organization had been canvassed two years previous to the time of its actual organization, but the idea had not been put into execution because of the diffi-culty of getting the money together. Some of the money put in by his rela-tives had been brought from the East. All the members of the legislature who were in the bank in the end voted for Mr. Clark for the Senate.

Mr. Clark for the Senate. William Berne, a ranchman of Col-umbia Falls, who said he had formerly worked in one of Mr. Daly's mines at Butte, testified to being sent by men connected with Mr. Daly to Flathead county during the legislative election of 1898, to assist Mr. Whiteside in his race for the State senate. On the train out from Columbia Falls he said he had a talk with Whiteside and the lathad a talk with Whiteside, and the lat-ter told him that Senator Clark had

**B. H. ROBERTS FOR DUNBAR.** Interview given at Salt Lake City, February

9th, 1900.

The Dunbar managers are sending out

the following clipping: "Mr. Roberts, a telegram from Wash-ington announced that you favored the candidacy of Major R. W. Young as your successor to Congress. Has the absolute refusal of Major Young to run left you without a personal preference?

Have you any objection to stating that preference?

Not at all. Of course the Democrat-State Convention will choose its candidate, and he will be my candidate, whoever he is. However, that I have a personal choice among the gentlemen spoken of in connection with that office true

Do you object to revealing his name? No. As you are aware my first choice was Major Young, because I believed the Democratic Party could more easily carry the State with him than with any other man. Major Young, however, has positively declined to let

his name be used and he is therefore out of the question. Of the other gentlemen named, I believe D. C. Dunbar possesses not only the qualifications, but stands in such a position in relation to the Democratic party and the people of this State as o make him the most desirable candidate for our party. Feeling this way, I shall naturally do all I can, in rea-son, to aid in securing Mr. Dunbar's nomination."-Advt.
