

A FOOLISH WOMAN AND COWARDLY MAN

Had Agreed to Commit Suicide.
She Fulfilling Her Part of
The Contract.

BUT HIS COURAGE FAILED HIM.

In a Cold, Heartless Manner He Told
The Story of Her Agonizing
Death.

Milwaukee, Wis., Jan. 24.—Arthur Henry Milligan, alias E. S. Terry, alias Arthur Henry Smith, alias Arthur Henry Brown, with whom Florence O. Groves agreed to commit suicide at the Hotel Blatz and who backed out after she had fulfilled her agreement Monday morning, was arrested in Racine tonight and brought back to Milwaukee.

Milligan calmly detailed the story of his life and the incidents of the woman's death. He said that Florence Groves took carbolic acid the morning after she had fulfilled her agreement to commit suicide at the Hotel Blatz and who backed out after she had fulfilled her agreement Monday morning, was arrested in Racine tonight and brought back to Milwaukee.

Milligan calmly detailed the story of his life and the incidents of the woman's death. YOU CAN INTEREST HIM.

Any Man Over Fifty.

You can interest any man over fifty years of age in anything that will make him feel better, because while he may not as yet have any positive organic disease he no longer feels the buoyancy and vigor of twenty-five nor the freedom from aches and pains he enjoyed in earlier years, and he very naturally examines with interest any proposition looking to the improvement and preservation of his health among other things that the stomach of fifty is a very different one from the stomach he possessed at twenty-five. That greatest care must be exercised as to what is eaten and how much of it, and even with the best of care, there will be increasing digestive weakness with advancing years.

A disposition to perfect or improve the digestion and assimilation of food is one which interests not only every man of fifty, but every man, woman and child of any age, because the secret of good health, good blood, strong nerves, is to have a stomach which will promptly and thoroughly digest wholesome food because blood, nerves, brain tissue and every other part of the body are entirely the product of digestion, and no medicine or "health" food can possibly create pure blood or restore shaky nerves, when a weak stomach is replenishing the daily with and tear of the body from a mass of fermenting half-digested food.

No, the stomach itself wants help and in no roundabout way, either; it wants direct, unmistakable assistance, such as is given by one or two Stuart's Dyspepsia Tablets after each meal.

These tablets cure stomach trouble because they give the stomach a chance to rest and recuperate; one of Stuart's Dyspepsia Tablets contains digestive elements sufficient to digest 3,000 grains of ordinary food such as bread, meat, etc.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast cereals is not universally used by everybody who is troubled in any way with poor digestion is because many people seem to think that because a medicine is advertised or is sold in drug stores or is protected by a trade mark must be a humbug, whereas as a matter of fact any druggist who is observant knows that Stuart's Dyspepsia Tablets have cured more people of indigestion, heart burn, heart trouble, nervous prostration and run-down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.

TESTIMONY IN THE SMOOT HEARINGS

[The following testimony in the case against Senator Smoot came too late for our last issue so is continued today that our readers may have it entire.]

At the afternoon session Mr. Stephens, as notable instances of the Church's interference in politics, gave the case of Moses Thatcher's candidacy, when he said Church influence against Thatcher resulted in the election of Senator Rawlins; later, when President Snow in 1900 favored the Republican electors and still later when Church influence resulted in the election of Senator Kearns. The witness gave it as his opinion that a majority of "Mormons" voted intelligently.

Mr. Stephens said that polygamy can be stopped, so far as concerns the constitutionality of those married before the manifesto, by resuming rigid prosecutions. He thought the sentiment was against such prosecutions.

Dr. Z. L. Sewers of this city testified that he had committed John Nicks, recorder of the Temple at Salt Lake, who was a witness early in the investigation, and found him in a condition unfitting him to be a witness.

Mr. Worthington said that he had a list of the officers of the Church. The names of those who were admitted to be polygamists were marked with asterisks. A list was prepared by church officials and approved by the First Presidency.

William Langton of Salt Lake, who several days ago testified that James H. Hunt, a witness who testified before the Senate, was a polygamist, could not be believed under oath, was permitted to state his reasons for declaring that Hunt could not be believed.

Langton testified that Hunt had charged him, for the purpose of extortion, with setting fire to his store, and afterward confessed that he made the charge because he had been in communication with the devil.

David Eccles of Ogden testified that he had not married Margaret Geddes, who was on the stand several weeks ago. Charles Mostyn Owen had testified that Mr. Eccles had been reported to be the husband of Mrs. Geddes.

At 5 p. m. the announcement was made by the defense that one more witness would be put on the stand tomorrow. The argument was then taken until tomorrow.

MURDERED HIS BROTHER.
Then Geo. Wagar Shot a Policeman, and is Still at Large.

Cleveland, Jan. 24.—In the suburban village of Lakewood at midnight George Wagar shot and killed his brother, John. Policeman John Klavner heard the shooting, went to the house and was shot through the stomach by the murderer. George Wagar is still armed and threatens death to any one that approaches the house. The half dozen policemen of the Lakewood force and a number of citizens still surround the house. It is supposed the brothers quarreled over their father's estate, of which John was administrator.

Chaves' Assassination Confesses.
Santa Fe, N. M., Jan. 24.—Domingo Valles today confessed to killing Col. L. Francis Chaves, the well known politician, who was assassinated at Pinar del Rio, while dining at the house of a friend recently. Valles is in jail and says he killed Chaves out of revenge because the latter had him convicted for horse stealing.

Lobbyists Daily Report.
Jefferson City, Mo., Jan. 24.—Gov. Folk tonight said that his recent order requiring lobbyists to file with him upon their arrival in Jefferson City on legislative business, state their business and not remain in the city more than 30 hours in the city, is being strictly obeyed.

MRS. EDEY'S JEWELS.
Found by the Police and Returned to Her.

Pasadena, Cal., Jan. 24.—The \$20,000 worth of jewels stolen from the room of Mrs. W. S. Edey last Saturday have been returned to their owner. Chief of Police Freeman of Pasadena and Capt. Austin of the detective force found the box of jewels where they had

been buried in the grounds of the Raymond hotel and returned them to Mrs. Edey tonight.

When the jewels had been taken from Mrs. Edey's room, presumably by Bell-boy Wilson, and turned over to Gaston, whom the police believe engineered the affair, they were sent by mail to "Harry Kellam Black at Monrovia." The package was claimed at Monrovia by Bell-boy Morgan, and by him were buried about a quarter of a mile from the hotel. Morgan, Gaston and Wilson are in custody.

Coroner Indicted for Bribery.
New York, Jan. 24.—An indictment charging attempted bribery was returned by the grand jury today against Coroner Moses Jackson of the city board of coroners. Jackson was arrested several days ago upon complaint of Dist. Atty. Chadwick, who alleged that Jackson offered him \$200 to quash a certain license.

**GOV. FRAZIER SAYS
WHITES MUST RULE IN SOUTH**

Nashville, Tenn., Jan. 24.—Gov. James B. Frazier was today inaugurated as chief executive of Tennessee to serve his second term. In his inaugural address Gov. Frazier said in part: "The exigencies of the hour freed the slave, but the black men remained, and with him a problem unparalleled in its difficulties."

"The problems of industrial regeneration and of racial adjustment were laid upon the men of the south and they were commanded to solve them in peace and honor."

"But people in less than 40 years, with little help and sympathy from any source, have almost solved the one and, if let undisturbed, are hopeful of the other."

"The hour of the supreme question which touches our racial integrity and supremacy let us give all mankind to understand that there will be neither compromise nor the shadow of turning, and that the white people of the south must and will preserve that civilization which has made them as a race and a people strong and great. Let us with patience bide our time until the social and racial questions come, and I pray God it may not come, then let us calmly and with dignity and firmness stand upon our constitutional rights and demand that whatever is needed to solve these questions shall be given in like tenor and effect to all other sections of our country."

Murdered by Yaquis.
Houston, Tex., Jan. 24.—A special from El Paso, Tex., says:

Antonio Astizarian, a member of a prominent Mexican family, with two servants, has been murdered by Yaqui Indians, in the same vicinity where five Americans were slain last Thursday. The family of M. Doane, a rancher, was robbed, but they were allowed to go with their lives.

Peabody Educational Fund.
Washington, Jan. 24.—The trustees of the Peabody education fund today voted to dissolve their trust. A vote was taken on the proposition to appropriate \$1,000,000 for the George Peabody school for teachers at Nashville, Tenn., and it was carried, an appropriation for that purpose being made by a vote that was unanimous.

The vote on the question of dissolving the Peabody trust followed considerable discussion. Several members expressed very positive opposition to the move to dissolve and when the vote was taken it stood 11 to 2. President Roosevelt participated in the proceedings.

Fireman Killed in Collision.
Alton, Ill., Jan. 24.—A. G. Chaplin, fireman, was killed and several passengers were injured none fatally, today in the wreck of an Illinois terminal railroad train near here. A car containing 30 passengers turned over.

To Dam the Rio Grande.
Washington, Jan. 24.—The house committee on foreign affairs gave consideration today to the bill introduced by Representative Smith of Texas, providing for an international dam on the Rio Grande at Engle, N. M., and for the distribution of the waters of that stream for the benefit of Texas and New Mexico and for the settlement of claims made by Mexico for some of her citizens on account of waters claimed to be diverted from the stream by Americans.

The committee was informed by Delegate Roday of New Mexico and Representative Smith of Texas, that the interests they represented were favorable to the bill.

Mr. Roday, however, did not want any restrictions placed on the use of the waters above the damsite at Engle. The committee also was informed that Mexico is agreeable to the proposed arrangement, and that it will quiet the Mexican claims. It is estimated it will cost \$7,000,000 to construct the dam and irrigation works for the 18,000 acres affected, of which 2,000 lie in Mexico.

RUSSIAN SYMPATHIZERS.
They Secure a Powerful Ally in New York.

New York, Jan. 25.—Three organizations in this city which in the past are said to have done much in aid of the revolutionary party in Russia, are reported to have secured a powerful ally. Prior to a conference held by a secret committee of the three organizations on the East Side the members received word that the Polish Socialists in this country would like to offer their cooperation in the work.

A cordial welcome was at once extended to the organization. The three old organizations are the "Bund,"

which largely represents the Jewish revolutionists, the Russian revolutionary party and the Russian Social Democrats.

The Polish organization has about 20 branches in the United States with a large membership. At a meeting held in East Broadway hall the police were called to drive off a number of so-called anarchists who attempted to convert the meeting into a scene of disorder. After some difficulty the officers entered the hall, cleared out the objectionable element and the meeting continued.

Garrison Exercised at Night.
Breslau, Prussia, Jan. 24.—A curious story comes from Meuthen, Prussia, near the Polish frontier, that the garrison there is exercised sometimes during the day and sometimes at night in sudden alarms for the defense of the Prussian frontier, with the object of being prepared to prevent a violation of the frontier should the disorders in Russian Poland make headway.

Stole Embassy Doorplate.
London, Jan. 24.—A big brass plate at the entrance of the Russian embassy here was wrenched off at 2 o'clock this morning. A special constable on duty at the embassy witnessed the act, but was unable to arrest the thief in time to arrest the man, who eluded pursuit. The incident is regarded as simply the act of a common thief.

Union Iron Works Incorporated.
Sacramento, Cal., Jan. 24.—New articles of incorporation of the Union Iron Works company of San Francisco were filed today with the secretary of state. The principal place of business of the works is given as Newark, N. J. The capital stock is \$2,000,000. The directors are G. R. Sheldon, J. E. Flisk, J. E. Horne and Chas. W. Wetmore, all of New York.

Demonstration in Helsingfors.
Helsingfors, Finland, Jan. 24.—Thousands of workmen joined in a demonstration here tonight. Assembling on the huge steps of the Nicolai cathedral, they paraded the streets until midnight, waving red flags. The windows of public houses, hotels, and a number of newspaper offices were broken. The police interfered rather late, arresting 50 of the workmen.

Grand Jurymen's Discharge.
Portland, Ore., Jan. 24.—Considerable controversy surrounded the sudden discharge from duty today of Carl Phelps, secretary of the federal grand jury. Friday Phelps requested to be excused from duty for the day.

He then disappeared and nothing was known of his whereabouts until Monday.

**How an Engineer
Saved a Child's Life**

Special Correspondence.
From Wichita, Kansas.

Mr. Joseph Tack, living at 423 W. 2nd Street, this city, one of the oldest and best known engineers in the State of Kansas, tells an interesting story in which he saved the life of Mary, the beautiful child of section foreman Wade Roy.

Mary was sweet company for her mother, and she always ran with smiling and joyful glee to meet her father as he came from work, and her happy disposition banished any cares or worries that he may have had.

For two months little Mary lay at the point of death. The family physician had called in consultation three of the most skilled of his professional brothers. These good doctors did all in their power, with not a spark of improvement in Mary's condition. They lost all hope, and told the mother that her little darling could not live.

**The Rescue as Told
by the Engineer**

A year ago I was troubled so with my stomach I thought I had cancer. One Sunday afternoon I had such pain I could hardly stand it. I was at Wichita, where we had three hours' lay over before going to Salina. I went to Arch McVicar's drug store, and asked for a dose of Bromo Soda. He said that would only help for a few minutes and recommended Kodol Dyspepsia Cure for a permanent cure. I bought a bottle and had immediate relief. I took four bottles and am cured entirely.

I have run a locomotive engine for twenty-eight years, twenty-five of that time on passenger, where we only have twenty minutes for meals. That is what ruins railroad men's stomachs; that is why I thought it my duty to tell you about this medicine, so that my brothers could be relieved in case of trouble of this kind.

I have been a B. L. E. for twenty-seven years; run on Mo. P. R. R. twenty years; am known nearly all over Kansas. About a year ago, now, our section foreman, Wade Roy, from Ruelia, told me his little girl had cholera infantum, and was given up by three doctors. While I lay at Kiova I bought a new bottle of Kodol Dyspepsia Cure, and while sitting in the coach I read a testimonial where children had been cured by taking twenty drops when doctors had given them up, so I poured a half of my new bottle of my new bottle in the old one, and when I got back to Ruelia, I stopped the engine in front of the section house and gave him the bottle and told him to read the circular and use his own judgment, that the medicine had cured me. Next morning he was at Anthony smiling and said the child was better from the first dose. In two weeks she was up and running around, and a more grateful family was never seen. With best wishes I remain, JOS. TACK, Engineer Mo. P. R. R., 423 W. 2nd St., Wichita, Kansas.

**Kodol
DYSPEPSIA CURE**

Digests What You Eat
Relieves instantly and cures permanently Indigestion, Dyspepsia, Sour Stomach, Weak Stomach, Gas on Stomach, Belching, Puffed Stomach, Catarrh of the Stomach and all Stomach Troubles that are curable.

Dollar bottle holds 2 1/2 times as much as the trial, or 50 cent size.

Prepared at the Laboratory of E. C. Dewitt & Co., Chicago, U. S. A.
