

FAVORS INCREASE FOR THE TEACHER

Board of Education Thinks Present Pay Should Be Raised.

SURPLUS IS NOW ON HAND

Spencer Case Brings Matter to a Focus—Schedule to be Prepared by Superintendent.

The board of education met last evening in committee of the whole and considered several important items of business. The principal subject discussed was whether or not the pay of principals and teachers should be increased. In the appropriations for this year there is a surplus of about \$2,000 in the treasury. It has been suggested that the salary of each principal and teacher be increased \$2.50 per month, the school year be extended one week, and still there would remain a surplus.

Nearly every member of the board is in favor of higher pay for the teachers, the main difference of opinion being as to just how the increase shall be equitably made. The subject was brought before the board by a proposition to advance the pay of C. C. Spooner, a high school instructor, from \$1.25 to \$1.45 a month. Mr. Spooner has received a splendid offer from the University of Michigan, which he was unable to accept owing to his contract with the board. It was found impracticable to release him, owing to a clause in that his place could not readily be filled.

Mr. Moyle thought the board should not set a precedent in such matters. He thought the board should extend all down the line as the living expenses of the teachers receiving the least pay were no less heavy than those of better paid teachers.

FAVORS ADVANCE.

Mr. Thomas spoke strongly in favor of the general advance of salary. He said he believed the board would be able to pay the increase without the public if any complaint on the part of the public if taxes were raised for such purpose. Individually he was in favor of the best schools obtainable, and he thought it no more than right that teachers should be well paid for their services. As soon as practicable, said Mr. Thomas, the minimum should be \$1.00 a month, instead of \$45, as now. Mr. Newman was inclined to oppose the suggested increase, lest the board get into "a hole." While he favored teachers getting as much as they could, he thought they were doing fairly well in this city, considering the small number of pupils in the care of each teacher. A less serious charge, he said, than existed elsewhere.

The question went over until another meeting, and in the meantime Superintendent Christensen, who favors the salary increase, will prepare a schedule to be submitted to the board. It was decided to purchase one cot for each school in the city, to be used in case of the sudden illness of teachers or pupils. A contract was let to the Trussed Concrete Steel company for concrete work on the Jefferson school to be erected on the Walker site.

Nasal Catarrh, an inflammation of the delicate membrane lining the air-passages, is not cured by any mixture taken into the stomach. Don't waste time on them. Take Ely's Cream Balm through the nostrils, so that the feverish, swollen tissues are reached at once. Never mind how long you have suffered nor how often you have been disappointed, we know Ely's Cream Balm is the remedy you should use. All druggists, 50c. Mailed by Ely Bros., 55 Warren Street, New York.

NEW INCORPORATION.

Articles of incorporation of the Art Metal Chandelier company were filed Monday afternoon in the office of the secretary of state. It is a Salt Lake concern and is capitalized for \$10,000, the par value of the shares being \$1 each. The company proposes to manufacture metal electric fixtures of unique design, with a place of business at 427 South Main street. Following are the officers: Lester M. Wells, president; D. D. Moffatt, vice president; W. Mont. Ferry, secretary; H. L. Thomas, treasurer; J. J. Snider, Paul R. Ruder and A. O. Tibbitts, directors.

Headaches and Neuralgia from Colds. LAXATIVE BROMO Quinine, the world-wide Cold and Grip remedy, removes cause, cures, cures. Look for signature E. W. GROVES, Inc.

TAXES NOW DELINQUENT.

Those Who Pay Now Will Have to Settle for Advertising

People who paid their taxes yesterday did so exempt from the extra 15 cents assessed as a penalty for delinquency. Such condition does not obtain now, and all who are found in arrears will be required to deposit the cost of advertising, even though they make payment before the advertising is done. The which will be on the first Monday in December.

Sunday, Nov. 15, was the date upon which taxes became delinquent. Any payments were received on that day in the way of checks mailed to the treasurer, a small force of clerks being on hand to receive the same. When the time came to close the office, the total receipts footed the sum of \$1,300,000 in round numbers. This was an amount considerably in advance of the collections made up to the closing day last year. Then again, there is a larger amount of taxes to be collected.

We Hear of More Cures

Of troubles originating in impure blood, scrofula, loss of appetite, catarrh, rheumatism, by Hood's Sarsaparilla than by all other so-called remedies combined. Somehow those cured by Hood's seem to stay cured, and they gladly tell the good news to others.

Scrofula Sore—"My wife had a scrofula sore on her leg for years. Many different medicines gave but little benefit. She turned to Hood's Sarsaparilla and the sore quickly healed. This is a good blood medicine." J. N. Darr, Crosby, Texas.

Afflicted 16 Years—"Hood's Sarsaparilla has cured me of scrofula, with which I have been troubled 16 years, and caused by vaccination. My little daughter had a scrofula swelling on her neck and Hood's Sarsaparilla also cured her." Mrs. Nora Hickey, Hughey, Tennessee.

Hood's Sarsaparilla is sold everywhere. In the usual liquid, or in tablet form called **Sarsatabs**. 100 Doses One Dollar. Prepared only by C. I. Hood Co., Lowell, Mass.

This year in Salt Lake county than last year. The rate remained the same, no change being made in state, county, or city, but the assessment was considerably larger this year owing to the increased wealth of the community.

Mrs. Mary Judge is believed to be the largest individual taxpayer in Salt Lake county. That is, there is probably more property assessed in her name than that of any other. Other persons may pay more taxes, but it is claimed that such sums are assessed in the names of corporations, in which the individuals have stock.

To ascertain the largest taxpayer in the state would require investigation of the wealthiest man in the commonwealth probably makes his residence in this city, he doubtless pays taxes in more counties than one. The highest tax paid by a corporation in the state is that of the Rio Grande Western Railroad company.

Inquiry at local banks and trust companies develops that the wage earning classes are not drawing their savings in order to pay taxes, for the good reason that there are so many public improvements in progress, and so much building and general work being done that the wage earning classes are well able to pay all their municipal obligations from their weekly or monthly pay. If any class is drawing from the banks to pay taxes, it is the property owning classes; and there is a good deal of money being drawn out of the banks for purposes of investment in countless directions, but largely for building, an enormous amount of which is going on. Some of the banks from the nature of their business loan money on mortgages or real estate, so patrons of such banks are either borrowing from other banks or from private individuals.

Of course the annual payment of taxes, particularly where there is a rush to get them in and escape delinquency, occasion sudden calls on the banks through tax liens, and for large amounts of money which are deposited by the city, county and state treasurers in one or two banks. This results for the time being in a stringency with the banks not thus favored, while the favored institutions have what the vernacular calls a "soft thing of it." In the course of business, the situation even the straightens itself out through the gradual restoration of the money in question to the general circulation. Business conditions are such that no one or two banks can hold the bulk of currency in the community for any length of time; and no special act is made to maintain any such condition.

NEW THEATER TESTS ALARM. Excitement Caused When Manager Grant Satisfies Himself.

A record run was made by the fire department this morning, when an alarm was turned in about 8 o'clock from the alarm box at the new Colonial theater on Third South. Three steamers, the hook and ladder wagon and several hose carts were out of the fire quarters and at the scene of the alarm in the shortest possible time. When the department arrived at the theater it was ascertained that the management had merely wished to test the fire alarm box installed on the stage of the new theater.

Tonight is the opening night of the Colonial, and even at the expense of the surprise of the fire department, Manager Grant wished to be assured that his fire alarm box was in good working order. A large crowd gathered in front of the building when the department drove up but soon turned away on learning that there was no fire.

"FIGHTING BOB" WRITES.

Rear Admiral Robert D. Evans has written to Gov. John C. Cutler expressing his appreciation for an engraved copy of the executive's address during a visit of "Fighting Bob" to this state. The letter, which was received yesterday afternoon, reads as follows:

"His Excellency, John C. Cutler, Governor of Utah.
My Dear Governor—Will you please accept my sincere thanks for the beautiful and artistic copy of your address to me on my second visit to the state which I have the honor to represent in the navy for the past 48 years?
I assure you that I fully appreciate the kind and courteous words you have sent me, and that I shall guard the book as one of my most valued possessions.
With great respects I am, sir, sincerely yours,
R. D. EVANS.
"Rear Admiral U. S. N., Retired."

FORT DOUGLAS PLANS HERE.

The military authorities at Fort Douglas have accepted the new bakery building at the post from the Campbell Building company of this city. The structure is 60x130 feet, one-story, brick and brown stone, costing altogether \$10,000. The ovens are now being built in the basement of the new building, and plans have arrived from Washington for four new buildings, including two new double barracks, and two store buildings for the quartermaster. Altogether there are to be some 20 new buildings erected at Fort Douglas, which will put the post in the best condition since its founding. The sites for the new barracks have not yet been selected, and it is believed now that the old stone barracks will be demolished, as they can be made good use of for a variety of purposes. Congress has appropriated \$250,000 for the enlargement of Fort Douglas.

Y. M. C. A. HOST FOR CAMP.

Physical Director Brown of the Salt Lake Y. M. C. A. has written a cordial letter to Walter Camp, the great Yale football coach, who is soon to visit this city, inviting him to accept the hospitality of the association, and make the house his home while here, as it is the special and most welcome guest. While informal hospitalities will be extended to Mr. Camp by the members of the University club, in their handsome home, special efforts will be made by the Y. M. C. A. people to make the stay of the noted coach in this city memorable. A special date will be

EAT ANY FOOD WITHOUT FEAR

Stop Starving Yourself Because A Dieted Stomach Gets the Blues and Grumbles For a Good Eat.

NO MORE INDIGESTION.

Diapiesin Will Cure Your Stomach Trouble Forever and Before You Can Realize It—Relieves Indigestion, Heartburn and Sour Stomach Five Minutes Later.

Miserable indeed is the man or woman whose digestive system is deranged—who goes to the table and can not eat or what little is eaten seems to fill the stomach, refusing to digest.

If you, dear reader, suffer this way and will put on your wraps now and get from your pharmacist a 50-cent bottle of Diapiesin and eat one 22-grain Triangule after your next meal, you will appreciate, five minutes later, how long you suffered unnecessarily.

There will be no more indigestion—no misery in the stomach—no sour risings or belching of gas, no heartburn, flatulency or eruptions of undigested food and acid or feeling of nausea, fullness, headache or other symptoms of a weakened stomach.

Stomach trouble and indigestion vanish like snow before the blazing sun.

When Diapiesin works your stomach rests—gets itself in order. Diapiesin purifies and sweetens a sour stomach and freshens the intestines without the use of laxatives, and what is more, it increases the gastric juices. This is what your stomach is begging for—more and better digestive juices. This is what makes you hungry and want to eat, and you can rest assured what you then eat will be taken care of properly and not left in the stomach to ferment and turn to gas and acid, and poison the breath with nauseous odors.

Get a 50-cent case from your druggist now—you ought to have Diapiesin now—the house always. Should one of your family get something which does not agree with him or her, or for a sour stomach or excessive gas, one Triangule will always give immediate relief.

Set to bring there all the representative athletes of the part of the country to welcome Mr. Camp, and make him feel as though he really belonged to this "neck of the woods." There will be an informal reception and smoker, with a lot of lavatory and what is more, a distinguished visitor. Arrangements are made to take him to the lake, and on the Sight Seeing car, and everything is to be done to make Mr. Camp's stay here enjoyable. He has a host of admirers in this city and state. The little handful of Yale men in Salt Lake will do what they can to help entertain.

Soother itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan Ointment. Your druggist sells it.

Dress Suits for rent. Daniels, the Tailor, 57 W. 2nd St.

BANQUET DATE SET.

At a meeting of the board of governors of the Commercial club held yesterday afternoon the following committees were appointed to arrange for the annual banquet, to be held Dec. 15. The committee will report Tuesday:

Program—J. A. Reeves, Gideon Snyder and F. S. Murphy.
Decorations—Joseph E. Cain, F. C. Schramm, Simon Bamberger and Dr. Ned. Hewitt.
Music—W. M. McCrea, F. J. Westcott and C. P. Overfield.
Mont-D-R. Grant, J. Charles Ross, J. H. Paterson, Solon Spiro and W. J. Craig. Fisher Harris will act as secretary of all committees.

NAUVOO LEGION.

The next monthly meeting of the association will be held Friday evening, Nov. 20 at 8 o'clock, in the bishop's office, 417ing yard. All members who can possibly do so are requested to be present as the nomination of officers for the year 1909 will take place.

WARD ENTERTAINMENTS.

Twenty-Eighth Ward—Elder George Gordon Campbell, late of Darvel, Ayrshire, Scotland, will be tendered a farewell party in the Twenty-fifth ward meetinghouse on Thursday night, prior to his departure on a mission to his native land. Elder Campbell has many friends among the missionaries and it is expected they will turn out in goodly numbers to give him a rousing send-off and bid him Godspeed on his journey. The program will begin promptly at 8 o'clock.

Thirty-Third Ward—A dancing party will be given in the Thirty-third ward amusement hall Friday evening, Nov. 20, under the auspices of the Relief society. The program of the evening is co-operating with the society and promise is made of an enjoyable affair with good music.

A FAT BABY

Usually Evidence of Proper Feeding. Babies grow very rapidly and if they do not get the right kind of food they grow backwards instead of forwards; that is, when their food is not nourishing they grow thin and cross and some of them die from lack of the right kind of food.

"My aunt's baby was very delicate and was always ill. She was not able to nurse it and took it to one doctor after another, but none of them did the child any good."

"One day mother told my aunt to try Grape-Nuts for the baby, but she laughed and said if the doctors couldn't do the baby any good, Grape-Nuts? But mother said 'try it anyway.'"

"So my aunt put one tablespoonful of Grape-Nuts in a quart of hot water and when the food was soft she added as much milk as water and gave that to the baby."

"In a month and a half you would hardly have known that baby, it was so fat and thrived so fast. A neighbor asked my aunt what made the baby so healthy and fat when only six weeks before it was so thin. She said 'Grape-Nuts.' The neighbor got Grape-Nuts for her baby and it was soon as fat as my aunt's child."

"There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

COMMISSION IDEA BEING DISCUSSED

South Idaho Commercial Clubs Hold Session at Nampa.

GOVERNOR THE SPEAKER

Subject of Passes Comes in for Considerable Debate During Course of Proceedings.

(Special to the "News.")

Boise, Idaho, Nov. 17.—At a meeting of the League of South Idaho Commercial clubs held at Nampa, today, the league went on record by a vote of 42 against 12, as being in favor of the enactment of a law by the coming legislature for the creation of a railroad and public utilities commission.

The principal talk of the session was made by Gov. F. A. Gooding, who gave his reasons for favoring a railroad commission. He said that the Oregon Short Line had done a great deal for the state of Idaho, and made comparison with what the state of Idaho had done for the Oregon Short Line.

"The people have a right to protest," he said, "against the methods employed by this railroad. We should not crawl on our bellies before Harriman any longer. I want to say a few things, and I want the Harriman to hear. I want the vote on these resolutions to go straight to Harriman. He has a reporter here, and I want that reporter to take a report of this meeting. If I am not right in this position, I will stand up and ask the pardon of officials of the road."

RESOLUTION NOT CHANGED.

At the conclusion of the address of the governor, a vote was called on the motion to strike the word "railroad" out of the resolution. The result was as follows:

Ayes—Nampa, 5; Pocatello, 3; Payette, 4, Total—12.

Noes—American Falls, 2; Boise, 14; Cambridge, 2; Filer, 3; Gooding, 3; Glens Ferry, 2; Middleton, 2; Rosburg, 2; Meadows, 2; Rupert, 2; Twin Falls, 5; Silver City, 3. Total—42.

F. H. Plaisted, representing the Oregon Short Line, became engaged in a tilt with Gov. Gooding before the session was concluded. In his address Mr. Gooding had directed his remarks against Mr. Plaisted, saying he had been objectionable in his actions as lobbyist for the Short Line in the legislature. He intimated that he should have Mr. Plaisted arrested should he attempt to work his former tactics in the coming session.

Mr. Plaisted, replying, said: "When the people wanted anything, it was impossible to stand in the way. We could get along without this buffer (the commission) between us and the people. The road issued passes to members of the legislature to assist in getting good men into the legislature. Passes permit legislators to return to their homes often while sitting in the legislature, and thus good men are induced to become members of the lawmaking bodies. The railroad does not, as Mr. Gooding remarked, issue 60 day passes, but annuals. It is, however," said Mr. Plaisted, "up to the state to prohibit the issuance of passes. The roads have always issued passes to members of the legislature, but should the state prohibit this, the law would protect us from insulations."

PLAISTED CONTINUES.

Continuing, Mr. Plaisted said: "I regret now to speak of a matter that I must refer to. It is ugly to talk of a legislature having been purchased, if transportation being issued to legislators could be considered purchasing them. I did not think that Gov. Gooding and his family were being purchased when they were riding on passes for a number of years. I am not doing anything like a gentleman. It is true I rode on passes. But when I became a servant of the people I found that I could have but one master, and that the people of the state of Idaho. Every public servant should be free to serve the people, and they cannot do this and use passes."

Gov. Gooding retorted that he had nothing to take back as to what he had said about its being the custom of the railroad to issue 60 day passes to legislators. He intimated that Mr. Plaisted again denied the charge, and the governor replied: "You did. You came to me at the time of the legislature and you did not treat me anything like a gentleman. It is true I rode on passes. But when I became a servant of the people I found that I could have but one master, and that the people of the state of Idaho. Every public servant should be free to serve the people, and they cannot do this and use passes."

In regard to the above dispatch, Mr. J. A. Reeves, general freight agent of the Oregon Short Line, was seen this morning. "I know really very little about it," said Mr. Reeves, "other than that a gentleman, who is true I rode on passes. But when I became a servant of the people I found that I could have but one master, and that the people of the state of Idaho. Every public servant should be free to serve the people, and they cannot do this and use passes."

ASKS COUNTIES TO REPORT.

The state board of equalization mailed today, to the various county auditors, blanks containing lists for the final reports for the year. These reports should be mailed to the board not later than the first Monday in December, in order that the state board may promptly make out its report for submission to the governor and legislature. Dilatory action on the part of the county officials in regard to the reports, may therefore cause that county auditors make no delay, but forward their reports on the date mentioned, or in advance. The board has been greatly inconvenienced in the past because some county officers failed to do their duty and comply with the law in this respect.

AMUSEMENTS.

The Colonial Opening—Madam Nordica and her concert company arrived over the Union Pacific from Denver this morning, and are resting at the depot in their private car "Pilgrim." They sang in Denver Monday night to an enormous audience.

The Colonial is now all ready for the opening night. Prior to the concert brief remarks will be made by Governor Cutler and Mayor Bransford, and at the conclusion, the audience will be invited to visit the stage and inspect the house from top to bottom.

The sale was going forward at a lively rate today, and at the boxoffice it is stated that nearly all the high

priced seats have been disposed of.

Theater—Tonight ends the season of "checkers," to be followed tomorrow by the first production in the west of Louis James' big presentation of "Peer Gynt," one of the last works which engaged the attention of Richard Mansfield.

Symphony Orchestra—Director McClellan, Business Manager Spencer and Messrs. Pryor and Whitney of the board of directors of the Salt Lake Symphony orchestra, visited the new Colonial the other day for the purpose of fixing the prices of admission for the opening concert, to be given on the afternoon of the 29th. The large number of seats makes it possible to put in a popular scale of prices, and the schedule will reach from 25c to \$1.00, the only \$1.50 seats being in the stalls. A big bunch of students tickets has already been bespoken, and special rates will be made on these as usual.

Orpheum—There was a big turnout last night, due, no doubt, to the expectation of seeing Mrs. Anna Adams' sketch of "Deilah," which had been advertised for "trial" yesterday afternoon and evening. The audience, however, was disappointed, as it was announced from the stage that the afternoon rendition had shown that the piece was too long for a successful Orpheum production; hence it would not be presented that evening. The afternoon presentation was rendered by Mrs. Adams, Miss Baird, and the tenor, Bowman Johnson. Those who saw it were well pleased with the rendition, although the general opinion was that it would have to be considerably condensed to bring it within the necessary limits of an Orpheum sketch.

Last night's feature which drew greatest applause, was the "Lucky Jim" playlet. The orchestra's rendition of "Rigoletto," and the kinodromes "card" act were also popular.

Grand—Tonight sees the last presentation of "The Cowboy's Girl," to be followed tomorrow night by "Why Girls Leave Home." There will doubtless be quite a number on hand to see why.
