The latter had engaged at a certain price to work for Body as "mason's clerk," but on Monday morning failed to appear as expected. The employer went down after him, slapped him, drew a knife and threw it at him, and even is said to have produced a pistol to aid him in persuading the Dane to go to work. He was complained of, and was only captured after a stirring chase by the officers. He plead guilty, and was fixed as stated above.

A Tough Drayman.-Geo. Blake, brought back into the police room he at first mildly and then emphatically refused to give up the shekels, Three policemen assisted him without further without any controversy.
