

BENEFIT FOR DENVER ED SMITH

Interesting Program of Boxing and Wrestling Bouts Last Evening.

KLANK THROWS STRONG BOY

"Young" Christy and Jack Burns, the Rowans, Smith and Francis. Try it for Four Rounds.

The benefit boxing contest for Denver Ed Smith drew about 200 persons to Clark and Lange's clubrooms last evening. Those present were well pleased with the program and felt that the show was worth the money.

The feature of the evening was a wrestling match between Emil Klank of Chicago and John Nelson, who glories in the sobriquet of "The Salt Lake Strong Boy." The Salt Lake man was much heavier and stronger than the Chicagoan, but Klank, in the essential qualification—science, the result was that the lad from the Windy City threw Nelson twice. The first fall was made in three minutes and the second in 11:45.

The boxing exhibitions consisted of four round bouts between Sorenson and Sells, Harry Clark and Billy Duff, "Kid" Kelly and Harry Laus, Black Douglas and Kid Raymond. The latter furnished considerable amusement for the crowd by their non-ability to fight. The black man accidentally hit Raymond a stiff punch on the jaw and scored a clean knock down.

"Dummy" and "Silent" Rowan went on for three rounds. The former is matched to meet Francis next Monday night for a four-round affair. "Young" Christy and Jack Burns also made it interesting for four rounds. The impression made by Jack Burns was most favorable. He will meet Jack Lynott in a 20-round go on the 15th.

The last number was between Denver Ed and Jim Francis and later Sammy Clark relieved Francis for a round.

LAWSON IS CHALLENGED.

Will Skate Bert Margretts and Jerry Meldrum.

Bert Margretts has accepted John Lawson's challenge to skate a mile with a handicap of 100 yards, given him. Jerry Meldrum of Winnipeg, Canada, has issued a challenge to the "Terrible Swede," and the dates for the races will be arranged as soon as possible.

BASKET BALL OUTLOOK.

Ladies' and Gentlemen's League's Likely to be Organized.

The organization of a basket ball league, which has been in contemplation for such a long time, has a most favorable outlook at present. At the meeting held in the Y. M. C. A. parlors last evening, J. P. Fanning of the All-Iowa League was elected temporary chairman, and the plans for organization were thoroughly discussed. F. P. Bassett stated that the old social hall on State street could be secured for the games. A meeting was called for next Saturday, when a schedule of games will be arranged, and the league will take a more definite form.

There is also a movement on foot to organize a ladies' basket ball league. Those who are behind the scheme are E. B. Phippen and Hugh Ripplio.

OUTSIDE EVENTS.

TROUBLE AMONG BOWLERS.

Bowling Congress Refuses to Recognize Woman's Tournament.

Chicago, Jan. 10.—The Times-Herald this morning says:

The American Bowling Congress has refused to recognize the women's tournament as national, and the promoters of the latter feel aggrieved. Those in power in the A. B. C. say that the women are holding a local tournament, and that their gathering has no right to its claim of national.

"We admit that we have no state leagues, which Mr. Langhorne says are necessary," said Mrs. L. C. Wachsmuth, "but I fail to see just why these things are necessary to a national congress. There were women bowlers in Cleveland, Brooklyn, New York, and Toledo with whom we corresponded, and who wished to attend the congress. But they have not bowed in public, and felt a certain diffidence about appearing before the large numbers of spectators, who would attend such an event, and they did not come."

"But we are very successful nevertheless. We have already \$200 in the treasury and our receipts at the door average \$50 every day."

Mr. Langhorne, president of the American Bowling Congress, said:

"The women have no right to call themselves a national congress for they are not. They are a local organization, sprung up within the last few weeks."

BASEBALL WAR ON.

The American League Declares Against the National Organization.

Chicago, Jan. 10.—The Times-Herald this morning says:

War, technically, if not actually, has been declared by the American Baseball League against the National, according to Charles H. Ebbetts, the Brooklyn manager.

He says that the occupation by Dan Johnson's forces of Philadelphia, Washington and Baltimore is in violation of treaty, and he persisted in will lead to a fight. Ebbetts, who is prominent in baseball as well as baseball, is here attending the National Bowling tourney.

As Ebbetts sees it, there will really not be a fight, because he thinks the American League is not vested with the proper strength for a bout, but he declares that a strong and dangerous game of bluff is being played and that the sooner it is "called" the better it will be for the sport.

MUST WORK EIGHT HOURS.

Rule Laid Down to Employees by New County Commissioners.

The county commissioners have been investigating the workings of the different county offices, and find, they claim, that the employees have not been giving the county value received for the salaries received. There is no movement on foot to cut the amount received by any employee as a regular stipend, but it is claimed by the commissioners that a saving of at least twenty-five per cent will result to the county in the matter of salaries by the action they have now decided on. A decision has been reached and all employees were yesterday notified that, commencing this morning they must commence work at 8:20 a. m. and continue till 5:30 p. m., with one hour for lunch, thus working eight hours each day. Heretofore,

the board claims, the employees have been coming to work at 9 o'clock, taking from one to two hours and sometimes more for lunch, and quitting at 5 p. m., thus working only six and a half and seven hours each day, but drawing pay for eight hours; after proceeding as above set forth large claims have been put in from most all of the offices for overtime, such claims aggregating about twenty per cent of the regular pay rolls. Claims for \$119 have been put in by some of the employees for overtime.

The board thinks by requiring the clerks to work the full time for which they are hired that the worst of nearly all the offices can be kept up by the regular force employed, and a considerable amount will be saved to the county. The law requires all county offices to be open from 9 a. m. to 5 p. m. each working day. All of the clerks at the various offices readily submitted to the new rule made by the commissioners except a few, but it is not anticipated that any will resign because of the change. On Saturdays 5 o'clock will be the closing time.

COUNTY SCHOOL MONEY.

Superintendent Ashton of Salt Lake Makes Apportionment.

Superintendent Ashton of Salt Lake county today made apportionment of the State school funds for 1900 and 1901, for the districts of this county. The apportionment being made upon a per capita basis of \$3.23 as follows:

No.	District.	Appor-tionment.	Popu-lation.
21	West Jordan	\$10.73	331
22	Draper	12.17	371
23	Utah	71.35	245
24	Murray	75.13	231
25	Murray	1,944.46	602
26	Murray	526.49	163
27	East Jordan	927.01	287
28	Big Cottonwood	349.49	107
29	Sugar	1,340.71	471
30	Mill Creek	646.00	200
31	Mill Creek	490.96	152
32	Brighton	109.82	34
33	Mill Creek	439.28	136
34	Herriman	332.50	102
35	East Jordan	591.09	183
36	Mill Creek	858.87	239
37	Big Cottonwood	394.99	113
38	Taylorville	771.97	239
39	Mill Creek	452.20	140
40	Farmers	2,154.10	670
41	Granite	1,750.19	550
42	Granite	264.86	82

53	Bluff Dale	323.65	100
54	South Taylorville	430.23	136
55	Bingham	297.16	92
56	Crescent	549.10	170
Total		\$24,308.98	7526

PROF. BRIMHALL'S ADDRESS.

Interesting Remarks Before the Officers of the M. I. A.

Prof. Geo. H. Brimhall, acting president of the Brigham Young academy, and one of the general board of the M. I. A., delivered a very interesting lecture before the officers and members of the association at the Fourteenth ward assembly rooms last evening. His subject was "How to Increase the Interest in the Association." The most potent force in his estimation was the influence of the old upon the young. Prof. Brimhall is a man of ideas, and he elucidated a number of them last night in his own fluent and impressive style. He thought that it was evident from conditions that existed here, that the Mutual Improvement associations were productive of great good.

It was announced at the conclusion of the lecture that Prof. Brimhall would deliver another address before the officers of the association next month. He also said that Prof. Mills would deliver a lecture in the new Latter-day Saints' college building on Monday evening next. His subject being "The Divinity of the Book of Mormon."

GOING TO ST. GEORGE.

Judge Stewart Will Exchange Places With Judge Marioneaux.

Judge Stewart leaves tomorrow morning for St. George, in the Fifth judicial district, where he will hold court for the next two weeks. This district embraces Washington, Iron, Millard, Beaver and Juab counties, and for which Thomas Marioneaux is judge. But because of Mr. Marioneaux having been the prosecuting attorney for the Fifth district he is disqualified from sitting as judge in the criminal cases to come up there at this term of court, hence the exchange. Judge Marioneaux will take Judge Stewart's place in the criminal branch of the Third district court in this city. F. E. Barker, Judge Stewart's stenographer, will also accompany him.

A COMMON SENSE VIEW.

Protest of a Parent and Taxpayer—Cui Bono?

Editor Deseret News:

I desire through your columns to lift my voice against what I believe to be an unwise, unjust and unequal measure.

It may be that the old saying, "Where ignorance is bliss it is folly to be wise," may be applied to me, inasmuch as my views come in contact with those of eminent men, who have in charge the public welfare, if so, ignorance does not bring bliss in this case, as I have four children who have been sent home from school. These children are all healthy, none of them having hardly ever been sick a day in their lives.

Now, why do we not have them vaccinated? Because we can see no benefit in it, and we are afraid of it, because of unpleasant and in some instances, serious cases of public vaccination, which have come under our notice.

If the smallpox we have here now were the old kind of smallpox we would risk vaccination, but vaccination is not a preventive, and I believe that the most that is claimed by its advocates is that it palliates the disease.

Now, forty-nine out of fifty, who have had this disease, have had it in the mildest form, and at no time have they been vaccinated, and the unvaccinated mangle together, the more I think of it the more nonsensical the whole proceedings seems to me.

But, says one, in case of epidemic the

MUNYON'S KIDNEY CURE

When Prof. Munyon says his KIDNEY CURE is a specific for nearly every form of Kidney disease he does not overstate the case in the least. It has won for itself a place among the almost infallible remedies. It will not cure Bright's Disease in the advanced stages. It will not do the impossible, but it will cure every phase of Kidney complaint, even the incipient stages of Bright's Disease.

Fifty-six other cures. All druggists, 25c. vial. Guide to Health is free. Medical advice free—write to Broadway and 26th St. New York.

board has the right to exclude unvaccinated children. The day on which my children were excluded from school, there was not a single case of smallpox in our district, if I am correctly informed.

Mr. Editor, in my humble opinion, a strict enforcement of the quarantine and sanitary regulations, common sense, wholesome food, cleanliness, and pure air, is what is wanted and not vaccine.

TAXPAYER.

OUR NEIGHBORS.

BOWLER, MONTANA.

WITH THE BIG HORN COLONIES.

Canal and Railroad Work—Severe Weather Causes Suffering.

Special Correspondence.

Railroad Camp, Near Bowler, Mont., Jan. 3.—It may be interesting to friends and relatives to learn of the progress of the lands in the Big Horn colonies. Could any one at the present time see the colony, which left Utah last spring to settle in the Big Horn Basin, he would note a great change from conditions that existed last summer. At that time all were collected together in two large camps busily engaged in taking out the canal. Now some are living in the two new-

ly located towns of Byron and Cowley, while others are scattered in small camps for a distance of fifteen miles along the line of the Burlington railroad, a branch of which is being constructed in the Big Horn Basin. J. W. Crosby, Jr., is managing the railroad work.

The contract for the tunnel for the canal has been let and work is being pushed that this part of the work may be ready for use by the time the canal is completed.

We are not putting all our force on the twenty-mile railroad contract, as we have a force of men on the canal putting the levees in good shape for use next year.

The people are so scattered that we have no schools this winter. It is very awkward for holding Sunday schools, and meetings, as there is no meeting house. It is simply camping out for the present.

The Lord has truly blessed us by opening up the way for us to get this railroad work. Were it not for this it would be difficult for some to get going through the winter. There would certainly have been suffering.

The "News" is a welcome visitor at our camp.

The weather has been very cold during the past week or ten days. Many of the people have not been prepared for such weather, as they have been living in tents while on the railroad work.

The various camps are preparing for winter by putting up stables and arranging their tents that the inmates may be protected from the bad weather.

There has been considerable sickness in the various camps of late, but no deaths have occurred on the railroad work. There have been three deaths in the colony since last spring. Brother Daniel Davis, Miss Nora Marchant and a child of Brother J. A. Robinson.

LAGO, IDAHO.

Theatricals and Other Holiday Attractions—Little Snow Yet.

Special Correspondence.

Lago, Hancock Co., Idaho, Jan. 5.—The holidays are passing off quietly in the Trout Creek ward, with the usual recreations with the exception of the jingle of sleigh bells, for we have not had any snow here yet. Last Friday evening the Oxford Dramatic company presented "Passion's Slave," to a crowded house. Mr. Frank Shriver is the manager of the troupe.

The ward choir was reorganized about the first of December with Prof. Willson chorister, and Mrs. Mary Bassett as organist. The choir gave a benefit concert a few evenings ago which was well attended.

THE GREAT SALT LAKE PRESENT AND PAST.

By James E. Talmage, Ph. D., U. S. S. E. F. G. S., professor of geology, University of Utah, a book of 116 pages, beautifully illustrated. The first complete and authentic work on the geology of the Salt Lake region. Price 25 cents, postage prepaid. For sale by the Deseret News and all news dealers.

RUSH ORDERS.

MUSIC LOVERS.

All who desire information of the address, etc., of Salt Lake's music teachers, should consult the "Musicians' Directory," published on the Dramatic and Musical page of the Saturday "News."

for the last five days because of some difficulty between the company and the miners. It is the custom for the miners to appoint a check weighman; a few days ago they appointed one that was distasteful to the management which is the cause of the present trouble.

The output of coal for the Union Pacific mines for the year ending December 31st, 1900 (country mines not reported):

No. 1 mine, 520,121 tons; No. 9 mine, 212,917 tons; No. 8 mine, 264,734 tons; No. 7 mine, 197,344 tons; No. 10 mine, 9,828 tons; total, 1,365,024 tons; Sweetwater mines, No. 1 and 2, 384,369; grand total, 1,689,354 tons.

WALKER'S STORE.

The \$6.50 Dress Patterns and Skirt Lengths at \$3.75.

FRIDAY AND SATURDAY.

As well as for right now, there's many a spring frock being made from these. Many women have learned not alone the advantages of after inventory sales, but the wisdom of having sewing done during the dull time. Each day you wait, the variety certainly grows
