## DAMAGE SUITS AGAINST S. P. RY.

Mr. and Mrs. William A. Taylor want \$151,000 for injuries in Cut-Off Explosion.

## THE CANNING COMBINE OFFICES.

Second Hand Store of Israel Richmond Bargained—Junction City News Briefs.

William A. Taylor and his wife Edna E. Taylor are plaintiffs in two actions against the Southern Pacific company to recover damages in the sum of \$151,000 alleged to be due for personal injuries sustained by the plaintiffs, Mr. and Mrs. Taylor, on August 29, 1903, at Junction City, Mo., when the Cut-Off explosion took place.

The complaint alleges that Mr. and Mrs. Taylor were employed at Junction City, Mo., as telegraph operators on the Cut-Off line, and that on August 29, 1903, while they were at work, a dynamite explosion took place, which caused the death of many people, and the injury to the plaintiffs.

Mr. Taylor was standing on the platform when the explosion took place. He was thrown through the window and injured internally and his eyesight and hearing were greatly injured. Mrs. Taylor was very badly injured and received injuries which will be permanent. They also allege that the explosion occurred on the Cut-Off line, and that the explosion was caused by the negligence of the Southern Pacific company.

The complaint further alleges that the explosion was caused by the negligence of the Southern Pacific company, and that the explosion was caused by the negligence of the Southern Pacific company.

The complaint further alleges that the explosion was caused by the negligence of the Southern Pacific company, and that the explosion was caused by the negligence of the Southern Pacific company.

The complaint further alleges that the explosion was caused by the negligence of the Southern Pacific company, and that the explosion was caused by the negligence of the Southern Pacific company.

The annual meeting of the claim owners of North Tintio district will be held on May 3 for the purpose of electing a recorder for the ensuing year. Ray Barney of Payson and Joe Wardinsky of Montana will give a 20-round boxing contest at I. O. O. F. hall on April 16. Both men are training hard and propose to give the miners a good exhibition of the manly art.

The city officials have procured this week the services of a colored dog catcher from Salt Lake and he is rapidly decreasing the members of the canine family of the camp.

**FUNERAL OF JUSTICE LYONS.**

Water Tank Burst—Death of a Child—"Clean Up" Orders.

Special Correspondence.

Eureka, Utah, April 11.—The funeral of the late Justice Lyons, justice of the peace, was held from the Methodist church Saturday afternoon, being conducted by the Rev. Dr. Bain. At the conclusion of the ceremony at the church members of the Grand Army, under Capt. Hugo Depress, took charge of the body and followed by a large concourse of city officials, business men and friends of the deceased, wended their way to the city cemetery, where the veteran soldier was laid to his silent rest and taps sounded.

**WATER TANK BURST.**

At 8:30 Saturday morning the water tank of the Rio Grande Western railway, located at the head of Main street, burst with a loud report, sending 4000 gallons of liquid roaring down the street. Fortunately no damage resulted, except the loss of the tank.

Marion Fern, the 24-year-old daughter of County Commissioner Hans J. Hassell, died at Mammoth Saturday morning, after a short illness. Funeral services were held from the Methodist church at Mammoth this afternoon, being conducted by Bishop Lundberg, after which the body was taken to the Eureka cemetery. Mr. and Mrs. Hassell have three other little ones seriously ill, and have the sympathy of the people of the district in their affliction.

Orders have been posted by the city board of health to the effect that owners and members of the street cleaning company must clean their own streets within 10 days or take the consequences. This is a move in the right direction and will prevent much sickness this summer.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains, Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

**MONTICELLO.**

**BRUTAL MURDER OF INDIAN.**

Bright and Industrious Young Man Killed by Renegades.

Special Correspondence.

Monticello, San Juan Co., April 11.—The farmers and stockmen in this section of country since the late storms, there is, however, little faith displayed in the farming, as we have had fences and some unscrupulous stockmen, and many feel that there is little use trying to farm.

Shearing is about over and the sheepsman report a good crop.

On the 20th of March a sad affair occurred here amongst the Indians. A small renegade band known as Piutes, who hold themselves amenable to law and order, were seen to make a killing do so and then merely say the victim was a "bad medicine man," because he failed to be a cure all. If the medicine man pretends to be a doctor at all he is expected to almost raise the dead. No quack has any show with Indians, who laid in wait for him, and waylaid him when he was without arms, and unaware of danger. This murdered man worked for years for young Joseph Tanner of Tuba, Arizona, and was a good teamster and a hard working man. One of the murderers has fled to a city of refuge and he assumes all the blame and in a year or two will return to his own country. It is hardly likely that anything will be done in the matter, as many here feel that it is wasting county funds to prosecute such a case, but such brutal murders should not go unavenged. The victim's wife since gave birth to a baby and both will live.

**ESCALANTE.**

Rain Brings Encouragement—Weddings—Sheep Shearing—Mail Service.

Special Correspondence.

Escalante, April 4.—Since the liberal supply of moisture that has been deposited since the middle of March to April 1, encouragement to the farmers here is now growing grain. The ground is now wet enough to start the grass on our ranges.

On March 23 there were two weddings in town: George Spencer to Miss Josie Bailey, and Alfonso Campbell to Rosina Schow, being the happy quartet.

Our sheep owners are preparing to shear, beginning this week.

The mail service changed on April 1, and now comes through from Panquitch in one day if the railroad could now be compelled to make Marysville on schedule time it would suit our "News" readers very much.

**CEDAR CITY.**

Death of a Bright Little Girl—Snow in the Hills.

Special Correspondence.

Cedar City, April 5.—Mr. and Mrs. Richard H. Palmer are called upon to mourn the loss of their eldest child, a daughter, who died on March 15, 1904. She was nearly 11 years of age. She was a beautiful child and very popular with her school mates and social companions. This was pathetically shown in the beautiful floral offerings which were made at the funeral services which were very impressive. Remarks of consolation were made by local speakers and every effort was made by sympathizing neighbors and friends to lessen the sorrow of the bereaved parents.

There is said to be fully four feet of snow in the hills this morning, considerable water for the farms, etc.

**NEWTON.**

Demise of A. Ledingham, a Prominent Worker—Lived in Salt Lake City.

Special Correspondence.

Newton, April 5.—The people of our ward were astonished to learn that during the early morning hours of March 25, A. Ledingham departed this life. The deceased had been suffering for about 10 days with the grippe and general debility though none had thought him seriously ill.

Impressive services were held in the meetinghouse Sunday, March 27, at which prominent speakers took part. Alexander Morris Ledingham was born Feb. 7, 1830, in Aberdeen, Scotland, joined the Church in 1852, immigrated to Utah in 1860; located in Salt Lake City where he resided until 1881, when he removed to Logan, where he remained but a short time. Locating again in Salt Lake City, where he engaged in the tin and hardware business. In 1890, he removed to Newton where he has since resided. From 1895 to 1897 performed a mission to Great Britain.

He leaves a wife and five children,

## OLD FOLKS TESTIFY.

VINOL WORTH \$1000 TO A. J. BAKER.

The Aged, and All Sons and Daughters of Aged People in Salt Lake City Should Be Interested.

Mr. A. J. Baker of 713 Locust street, Evansville, Ind., writes: "I believe there is no other medicine equal to Vinol for elderly people. I would not take \$1,000 for the good it has done me. It makes strength for the aged as no other medicine seems to do, and invigorates the whole system. Vinol was first recommended to me for a bad cough, which I could not seem to get rid of. Vinol not only cured my cough, but it made me strong and well, and I enthusiastically endorse Vinol."

Mr. Druelch, of Druelch & Franken, our well known druggists, when interviewed in regard to this matter said: "We have never sold in Vinol for elderly people. I would not take \$1,000 for the good it has done me. It makes strength for the aged as no other medicine seems to do, and invigorates the whole system. Vinol was first recommended to me for a bad cough, which I could not seem to get rid of. Vinol not only cured my cough, but it made me strong and well, and I enthusiastically endorse Vinol."

tests made of sugar beets we have the best sugar beet land in the west; they will do well here without water, though we have a fair supply of water in the country now.

We have a good district school, commonwealth meetinghouse, and it is a good place for live citizens to locate in. We need a blacksmith, a shoe maker, a butcher and a host of beet raisers.

There is plenty of land for sale ranging from \$20 to \$35 per acre, and farmers are finding out they can not handle 140 acres of land and are now dividing up. We expect the railroad officials will connect us with the St. Anthony branch in the near future.

**LORENZO, IDAHO.**

A NORTHERN PARADISE.

A Correspondent Tells of Snake River Valley—Home Seekers, Take Notice.

Special Correspondence.

Lorenzo, Ida., April 4.—Our ward is known as Independence; it is the south and southwest part of the original Burton ward; we are bounded on the south by the south fork of the great Snake river and on the west by the north fork of the same stream; on the north by the Burton ward and on the east by Lyman ward. Mail matter for this ward comes through three different postoffices.

Our townsite is almost covered with a growth of brush and timber of cottonwood, white and black willow, haw, brush and ash, so that it has some times been termed the "Fremont county brush ward."

We are four miles north of Rigby and six miles south of Rexburg, where the real cream of the valley is plenty of wood and water, good soil and a moderate climate where we raise the best apples, cherries, plums, grain and all kinds of roots, the beet industry is just in its infancy here and last year being our first experience in Idaho production. We are looking forward with anticipation to 1904 being the best year we have seen in the great Snake River valley.

Although it requires labor to clear the land we are paid for our trouble by getting firewood enough from the land to pay for the clearing. Then we have a fine soil that is adapted to vegetable and grain raising that is second to none in the state. There are acres of the native haws that are used by some of the settlers in firewood to the shore and side of a week or ten days shoring will be on in full blast throughout central Wyoming.

Wool buyers and solicitors are coming in, there being no less than a dozen buyers already on the ground. Stockmen came through in the winter, which was ideal, in good shape, and the growers are looking for good prices for their product this season. The wool is heavier and cleaner than a year ago and prices should be very satisfactory.

At Rawlins a moveable sheep shearer, sickle and helpers have arrived for the annual shearing of the fleeces of Carbon county fleeces, which will be commenced early in the week. The sheep are in fine condition, the wool is better than a year ago, and the owners are looking for good prices. The wool is heavier and cleaner than a year ago and prices should be very satisfactory.

Bishop A. P. Anderson with his counselors and the people have had their hands full. We have during the year of 1903 put forth a special effort to erect a new meetinghouse near the center of the ward on the main road where we can now hold meetings and Sunday school.

Our Sunday school is organized with Elder Fred Kling as superintendent, and is in a flourishing condition. We have a female Relief society organized with Mrs. Roda A. Spaulding as president, and it is prosperous.

The Y. M. M. L. A. has been organized with Elder Stephen A. Browning as president, with an encouraging outlook.

We also have a good live Deacon's quorum, with Chas. Henry Browning as president.

Our future appears to be very promising for this Independence ward in Zion. There are hundreds of acres of the best land yet to be cleared, and our ward should contain 10 times as many people as there are at present. We realize there are too many farmers with 160 acres instead of 20 or 40 acres.

**MANASSA, COL.**

Death of Mrs. F. Jensen—Driving a Well-Respected Election.

Special Correspondence.

Manassa, Colo., April 6.—Mrs. Mary F. Jensen died at this place on Monday March 29, last. The deceased was a faithful Latter-day Saint, at the time of her demise was a counselor to the stake president of the Primary associations of this stake. She embraced the Gospel with her parents in Denmark. Emigrated to America and raised a large family, most of whom survive her. Sister Jensen was of a sunny, cheerful disposition and was beloved by all who knew her.

The Conjoe County Oil company commenced boring on the state artesian well at this place this morning. It is hoped that they will be successful in getting a good flow of water.

There is reported a good supply of snow in
