A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST AND THE WEST!

Its main line runs from Chicago to Council Bluffs and Omaha, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, and Des Moines, (the capitol of Iowa); also branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centerville, Princeton, Trenton, Gallatin, Cameron, Leavenworth and Atchison; Washington to Sigourney, Oskaloosa and Knoxville; Keokuk to Farmington, Bonaparte, Bentonsport, Independent, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Des Moines, Indianola and Winterset, Atlantic to Audubon and Avoca to Harlan. This is positively the only railroad which owns, controls and operates a through line between Chicago and Kansas.

This Company own and control their Sleeping Cars, which are inferior to none, and give you a double berth between Chicago and Council Bluffs, Leavenworth, or Atchison for Two Dollars and Fifty Cents; for a section for Five Dollars, while all other lines require between the same points, Three Dollars for a double berth, and Six Dollars for a section.

What will please you most will be the pleasure of viewing the enormous passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining and Restaurant Cars, according to which Express Trains. You get an entire meal, served as in a first-class hotel, for Seventy-five cents; or you can order what you like, and pay for what you get.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes, and the enormous passenger business of this line warranting it, we are pleased to announce that this Company runs its PALACE SLEEPING CARS for evening purposes, and its PALACE DINING CARS for eating purposes. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Leavenworth and Atchison, connections being made in Union depots.

THE PRINCIPAL R. R. CONNECTIONS OF THIS GREAT THROUGH LINE ARE AS FOLLOWS:

At CHICAGO, with all diverging lines for the East and South.

At ENGLEWOOD, with the Lake Shore & Michigan Southern and Pittsburg, Ft. Wayne & Chicago R. Rds.

At WASHINGTON HEIGHTS, with Pittsburg, Cincinnati & St. Louis R. R.

Purchases of Silver.

WASHINGTON, 16.—The prices of silver bullion received by the Treasury department to-day from San Francisco were slightly above the market rates, and consequently declined by the Director of the Mint. As the government is in immediate need of silver in that city, the offer was telegraphed to the bidders at the market rate as construed by the department. There were also rejected a number of New York bids which were above the market rate. A number of purchases were made for delivery in Philadelphia.

Washington Temperature.

The heat yesterday, last night and to-day has been and is intense. Last night at midnight the mercury marked 95, and at 3 o'clock it had only fallen to 88, and this a.m. at 8 o'clock it again showed 90. The question has been referred to the Attorney General, whether it is within the power, under law, of the executive officers to release the clerks from duty at 3 o'clock, on account of the intense heat. The secretaries are all in favor of this, but the law of Congress affixes 4 as the hour.

On account of the extremely bad condition of the low lands of flats on the eastern shore of the Potomac River, lying directly south of the Executive Mansion, President Hayes has arranged to absent himself from the city during the month of September in order to escape the malarial atmosphere which will necessarily arise from the quarter mentioned. The President intends spending the greater portion of the month at his home in Fremont, Ohio.

Geological and Topographical Surveys.

The western geological and topographical survey under the direction of Clarence King, has been fully organized, and will leave at an early day for the field of its proposed operation. It is the intention of Mr. King to devote the summer mainly to practical economic works, making as thorough an examination as possible of our western mineral lands, and determining as far as practicable the nature, origine, geology, location, and distribution of the various classes of ores. King's personal attention will be given mainly to the celebrated Comstock lode in Nevada, and the central gold fields of California. He will be assisted by Arnold Hague, late imperial mining expert for China, G. K. Gilbert of the Powell survey, and F. W. Hayden, specialist of the expedition. In mining geology are Prof. Raphel Pumpelly, late of Harvard College, Prof. Geo. F. Becker, professor of mining geology in the University of California, and Mr. Arthur Foot. The fields to be respectively worked are the first metallic region of Colorado, centering at Leadville, which will be in charge of S. F. Emmons, geologist, with D. Wilson as topographer. Second—the lead silver region, centering at Eureka, in charge of Prof. Becher, with F. A. Clark as topographer; and the third, the Comstock Lode and central gold fields of California, in charge of King, with the assistants previously mentioned. Only little topographical work is to be done, mainly comprised in two small sections of Colorado cañon, which were not fully surveyed by the expedition under Major Powell. This work will be under the superintendence of Sumner Bodfish.

New Survey.

The commissioner of the General Land Office, to-day, decided in favor of an amendment of the survey of Rancho San Christoval, in New Mexico. The amendment will increase the area of the rancho considerably.

"A MASSACHUSETTS ZEPHYR.

Destruction of Life and Property.

BOSTON, 16.—One of the severest tempests ever experienced here swept over this city this afternoon. The duration of the storm's greatest violence was about twenty-five minutes, and in that period great damage was done to life and property. Reports from various points down the harbor contain accounts of serious damage and distressing accidents, mostly all the yachts and other boats were capsized. The most serious disaster yet reported is that of the small schooner *Myrtle*, of Charleston, having on board six persons, consisting of four women, a man and a boy. The schooner was capsized off Bird Island, and all excepting the man, Thomas Dunham, who clung to the top-mast, were drowned. The women were Margaret Dunham, the wife of Thomas, Mary Ann Dunham, Susan Dunham, sisters. Lizzie Dunham, his niece, and a boy named Walter Hottenhame, was also drowned by the capsizing of a boat off Hull. The damage throughout the city can hardly be ascertained at present, but will probably amount to many thousand dollars. In the southwestern part of the town it was particularly severe. Hail fell in large quantities. A large number of windows broken, houses unroofed. Chimneys toppled over and the flood in some streets formed a river.

Fitchburg, 16.—The worst tornado ever visited this vicinity passed over the city to-day. Those watching from the hills say the approach resembled a funnel. It came down River Street and first struck the buildings near the Fitchburg Hotel. The tornado lasted but three minutes, and all the damage was done instantly. The spire of the Universalist Church was hurled into Main Street opposite the Rollstone House. The tin roof of the City Hall was launched into the street. The easterly wall of the extension to the City Hall, in progress of construction, was blown down, and several workmen had very narrow escapes.

Pittsfield, 16.—This afternoon a tornado from the west struck the southern suburbs. Two persons were killed and three or four wounded.

POLITICAL.

Pennsylvania Democrats.

HARRISBURG, 16.—The convention adjourned until 4 o'clock.

When it re-assembled, Hon. A. H. Coffroth was made permanent chairman.

The committee on resolutions presented the following, which was adopted:

Fidelity to fundamental principles of the democratic party, just powers of Federal Union, the right of States and the liberties of the people are vital parts of one harmonious whole constitutional vigor, to save the life of the nation; maintenance of military are and ought to be subordinate to the civil authorities; deny the right of the Federal administration to keep on foot at general expense a standing army to invade the States for political purposes; without regard to constitutional restrictions to control the people at the polls; to protect and encourage fraudulent counts of voters or to inaugurate candidates rejected by a majority. The right to free ballot is the right preservative of all rights. Rutherford B. Hayes having been placed in power against the well known and legally expressed will of the people, is the representative of a conspiracy only, and his claim of right to surround ballot boxes with troops and deputy marshals to intimidate electors, and his unprecedented use of the veto to maintain his unconstitutional and despotic power, are an insult and menace to the country; the democratic party as of old favors the constitutional currency of gold and silver and of paper convertible into coin.

The rest of the resolutions are local. D. O. Barr, of Alleghany, was nominated State treasurer by acclamation. Adjourned *sine die*.

Iowa Prohibitionists.

CEDAR RAPIDS, 16.—The Prohibition Convention met to day, Rev. Isaac Lusk, presiding. Committees were selected and J. P. Pinkham was made permanent president of the convention by a vote of 23 to 21. The motion to nominate full State ticket, pledged to prohibition, caused considerable debate. A desire was manifested to exclude all who took part in the Republican Convention.

Finally the resolution binding the members to concur in the action of the convention was defeated.

The platform sets forth the evils of intemperance, declares prohibition the only sound legislative theory upon which to solve this vexed question and save the nation; demands the enforcement of State prohibition law and its amendment to include wine and beer; demands that women be allowed to vote on temperance issues; favors the election of pronounced prohibitionists only to State offices.

The platform was adopted except the last paragraph, in place of which a substitute by Judge Maxwell was adopted. It sets forth that in view of the great questions of the perpetuity of the government which are now prominent, it is deemed inexpedient to nominate a third State ticket. After much confusion and intemperate debate on this resolution, it was adopted, 41 to 32.

A resolution favoring a constitutional amendment prohibiting the manufacture and importation or sale of alcoholic liquors, except for medicinal or mechanical purposes, was adopted.

The dissenters from the action of the Prohibition Convention to-day nominated the following ticket: For Governor, Prof. G. T. Carpenter, of Oskaloosa; Lieutenant-Governor, Frank S. Campbell, of Newton; Supreme Judge, J. M. Beck; Superintendent of Public Instruction, Prof. J. A. Nash, of Des Moines.

Chinese in New York.

NEW YORK, 16. — The *Tribune*, describing the visits of the tenement house inspectors to the worst places in Baxter and other streets, says: The Chinese have taken possession in South Mott street and it is a curious fact that while the most debased among the Irish women of this quarter live with the brutal Italians, the younger, best looking and neater of them, live from choice, with the Chinese in Mott street, who, it is said, treat them kindly, do most of the house work themselves, and make provident masters. Even the basement rooms inhabited by them smell sweeter than the upper stories where the Italians congregate. In a Chinese restaurant across the street, four Chinamen were found at dinner; the neatness of the table and the appearance of the viands would have done credit to a second class American restaurant, at least the ware was apparently of choice patterns of porcelain, and the food "quails and rice."

The Cox Trial.

Capt. Williams, John Stenberg, the Boston pawnbroker, Wm. E. Balch, the Reporter of the Boston *Herald*, and Mrs. Charlotte A. Coleman testified. Counsel for the prisoner made streneous efforts to prevent the confession being admitted in the evidence, but the judge overruled the objections. The counsel said a due portion of his defense was that Mrs Hull was not dead until after the postmortem examination, and that there was no proof of death at the prisoners hands.

The Kentucky Insane(?) Murderer.

OWENTON, Ky., 16.—Among the witnesses called this morning for the defense, was Mrs. Annie Wallace, the lady to whom Buford addressed a letter just before the murder. The lady strongly sustained the theory of the prisoner's insanity. After a few witnesses had given in their evidence, the defense closed with the privilege of introducing a few other witnesses who are expected to arrive to-morrow.

Don't Want to Obstruct.

CHICAGO, 16.—Fire Marshal Benner, whom the council recently restored, sent in his resignation to the mayor, and it was accepted. His reason was unwillingness to obstruct the mayor's administration. Assistant Marshal Sweeney is now acting chief marshal.

Wool Market.

BOSTON, 16.—The wool market continues quiet and trade continues light, but holders are about as indifferent as buyers. California is in fair demand at 25 @ 32 for spring. Pulled wool is quiet, sales limited at 35 @ 45 for superfine XX. Nothing is done in foreign wool.

Another Railroad Case.

DENVER, COL., 16.—The suit of Carlos S. Greeley against the Denver Pacific Railroad and Telegraph Company, and a cross bill by Governor Evans and others, against Greeley and the railroad company, came up for a decision in the United States court to-day. The court discharged the receiver and ordered the road turned over to the trustees of the bondholders, Governor Evans and Anthony G. Dulman.

WESTERN.

Work in the Exchange.

SAN FRANCISCO, 16.—The executive committee of the Big Board have decided to take charge of the movement to oust the present management of the Bullion and Exchequer Mining Companies, in the interest of the stockholders. Most of the leading mining companies on the Comstock lode have filed articles of incorporation in Virginia City. This is understood to be preparatory to removal there in the event of the carrying into effect of some of the provisions of the new constitution.

NOTICE

In the Probate Court in and for Salt Lake County, Territory of Utah.

In the matter of the estate of John Ricketts, deceased.

PURSUANT to an order of said court in said matter, notice is hereby given that Friday, the 18th day of July, 1879, at 10 o'clock a.m. of said day at the County Court House, in Salt Lake City has been appointed by said court, the time and place for the hearing of a petition filed in said Court by William Grimm and Joseph Ward praying that a certain document on file therewith, purporting to be the last will and testament of the said deceased, be admitted to probate, and that letters testamentary be issued to them, as within named and place all persons interested may appear and contest the said will.

Catarrhal POISON

Wel De Meyers' Treatise on Catarrh, explains the following important facts:

1. That Catarrhal Colds become a **poisonous infection,** at first local, and finally constitutional.

2. That, being Constitutional, the infection is beyond the reach of mere local remedies.

3. That whatever impurities exist in the nostrils, are necessarily **swallowed** into the **stomach and inhaled** into the lungs, thus poisoning the digestive, the respiratory and the genito-urinary organs.

4. That Catarrhal virus follows the mucous membrane and causes Weak Eyes, Deafness, Dyspepsia, Chronic Diarrhœa, Bronchitis, Leucorrhœa and Consumption.

5. That Smokes, Douches, Inhalations and Insoluble Snuffs, taken into the nostrils and throat, cannot possibly remove infectious inflammation from the organs named.

6. That an antidote for Catarrh must possess an inoculative affinity for, and the capacity of being **absorbed by** the purulent mucous **wherever located.**

Acting upon these theories, **Dr. Wel De Meyer** has found a remedy for Ca'arrhal diseases, which proves to be infallible. His **Treatise,** with overwhelming proofs and full explanations of the most important medicinal discovery since vaccination, is sent free to Post-paid to anybody. **Wel De Meyer's Catarrh Cure** is not yet in the hands of all Druggists. Where not thus procurable, it will be **delivered** to any address at $1.50 a package. To Clubs, six packages for $7.50. To the trade, liberal terms.

By its union with the blood and its effect upon the muscles, reestablishing the one and toning the other, it is capable of effecting the following results:

It will displace or wash out tuberculous matter, and thus cure Consumption.

By increasing Nervous and Muscular Vigor, it will cure Dyspepsia, feeble or interrupted action of the Heart and Palpitation, Weakness of Intellect caused by grief, worry, overtax or irregular habits, Bronchitis—Acute or Chronic, Congestion of the Lungs, even in the most alarming stages.

It cures Asthma, Loss of Voice, Neuralgia, St. Vitus Dance, Epileptic Fits, Whooping Cough, Nervousness, and is a most wonderful adjunct to other remedies in sustaining life during the process of Diphtheria.

Do not be deceived by remedies bearing a similar name, no other preparation is a substitute for this under any circumstances.

Look out for the name and address J. J. FELLOWS', St. John, N. B. on the yellow wrapper in water-mark, which is seen by holding the paper before the light.

Price, $1.50 per Bottle, six for $7.50.
