#### MISCELLANEOUS OF JUSTICE.

The case of the State vs. George Cluff and Jack Smith, charged with cruelty to animals—driving a team of horses six miles on the 24th without water, one of the horses dying shortly after it was returned to Suberland's stables. The defendants were acquitted by a jury in Justice Brown's court in Pleasant View yesterday. The judge ruled out material evidence submitted by the state, as admission that the horses had not been watered, etc., and made it impossible for the state to make a case, and under the evidence the jury could do nothing else but acquit. Mr. Suberland, who is somewhat of a humorist, thinks that if men who mistreat his team cannot be punished under the law the only thing left for him to do is to take a club to them and then go into the justice's court and pay a fine.

#### GARDEN CITY NOTES.

Otto and Glenn Wester of Provo have been charged in Justice Neen's court with a disturbance of the peace by John Richards, a neighbor, and will be brought before Justice Neen today.

Dr. and Mrs. W. R. Pike will leave for a trip to Europe tomorrow. Don Park, who was working in a rock quarry in Provo canyon, was struck on the forehead by a rock he was assisting to handle with a derrick. Tuesday. Fortunately the skull was not broken, but it required several stitches to sew up the wound, and it is possible that the injury may affect Mr. Park's hearing or sight although it is hoped this will not be the result.

Frank De Graw of Santaquin was sentenced to six months in the county jail yesterday by Justice Neen for stealing a piece of meat from a slaughter house near Santaquin, to which he entered a plea of guilty.

#### DIDN'T EMBEZZLE 'EM.

Accordingly Robert West Scott Free—"Bad Eye" Also Gets Out and Off.

In Judge Diehl's court this morning Robert Amos, charged with "embezzling 40 worth of cows" from H. H. Rudy, was given his liberty. The case was dismissed on motion of Assistant County Attorney William Hanson. During the hearing of the case it developed that there was no embezzlement, but that the matter was simply a private feud between Amos and Rudy, who is known as "Bad Eye," charged with attempted robbery. This was done on motion of the prosecution, and the attorney stating that the prosecuting witness was not on hand to testify, Jackson made record time in escaping from the courtroom.

#### LONGFELLOW'S BIRTHPLACE.

The Maine commissioners to the Lewis and Clark exposition have erected, at their state's building at the fair, a replica of the birthplace of Henry Wadsworth Longfellow, the poet. There are two houses in Portland, Maine, associated with the poet's life—the house in which he was born and another where he lived for many years. The production of the birthplace at the western Portland attracts much interest. It is located just back

Over 5,000 Mutual Improvement workers and their families spent yesterday at Salt Lake. The weather was ideal and those who took to the lake pronounced the water "just right." The boating, fishing, merry-go-rounds, and other pleasure-making devices were liberally patronized, while the evening was spent in picknicking and dancing. ## MANY DEATHS FROM EXCESSIVE HEAT

New York, July 19.—While the record of deaths and prostrations greatly exceeded that of yesterday, there was a distinct diminution today in the temperature prevailing throughout the eastern section of the country. Although the midday heat was everywhere terrific, it was broken by scattered thunderstorms, many of a very violent character, and toward evening the temperature fell rapidly. With this welcome relief came the announcement from the weather bureau tonight that the abatement in the heated and broken heat was everywhere moderate. Temperatures would probably prevail for several days in the middle Atlantic and New England states.

The value of the estate, Payne Whitney and James Volcott Wadsworth, Jr., sons-in-law of the deceased, are named as executors of the estate.

### LATE LOCALS.

Today's local bank clearings amounted to \$357,288.08 as against \$319,295.02 the same day last year.

J. C. Leary is a very busy man. He is getting up a concatenation of floats for the parade of the 27th inst., likely to "astonish the natives."

Mrs. Odessa L. Benedict, wife of P. M. Benedict, died yesterday at her home, 1315 east South Temple street, at 4 p. m. tomorrow, with interment at Mt. Olivet.

The directors of the local musical union met today to fix the prices for work and arrange hand supplies for the coming week, which will furnish all the musicians of the city all they can attend to.

There was a thunderstorm at Salt Lake yesterday afternoon, when one-quarter of an inch of rain fell. It was what the season needed, and the official prediction today is fair weather; but the malignancy of the atmosphere suggests a possibility of local thunderstorms.

The fire department was called out to a blaze in the rear of the P. W. Whitley, 173 N. street, and a quick run was made and the fire put out in short order with practically no damage as the result. Small boys and matches are assigned as the cause.

Arrangements were made this afternoon for the sale of tickets for the Indian war dance at the Salt Palace Saturday night, at the Smith drug store, corner of Main and Second South. This is done to facilitate matters and for the convenience of those who may desire to witness this unique exhibition.

The schedule containing the expense budget for army posts of the United States during the fiscal year 1906 has been published in the Army and Navy Journal, and not a word is said about Fort Douglas, which is thus left entirely out in the cold. The budget included about \$10,000. Consequently Fort Douglas will remain in a state of innocuous desuetude, as far as enlargement is concerned for the ensuing year.

Miss Corinne M. Bailey of New Orleans who appears for the first time in Salt Lake at Barrett hall on Tuesday night of next week, is recognized as a leading singer in the south. In California, where she spent the past season, Miss Bailey won the highest honors. At her concert here, Mr. Arthur Pederson, violinist, will play several obbligato for her, and Mr. Francis Wood, manager of Chicago, will be at the piano for all numbers.

Local lumbermen say that the stiff market is likely to continue, the continuance being due to prospective scarcity in cars. There is an enormous wheat crop in the northwest, which the railroads feel it is their bounden duty to take care of before any other general class of freight is attended to. This is done to facilitate matters and for the convenience of those who may desire to witness this unique exhibition.

### WESTERN MARKET LETTER.

Special Correspondence.  
Kansas City, Mo., July 17.—Receipts of cattle on the local market show a material increase the past week over those of the former week. The increase in supply came a wide range in quality, from the lowest classes of steers and also stuff to topky kinds. The increase was mostly on the quarantine side and range offerings in the active division. Prices have declined 15 to 25 cents, showing the entire advance of the former week wiped out. Fancy heavy beefs were scarce and values were not fairly tested. The top was 5.65, while offerings were plentiful at 5.50 to 5.60. Plain half fat hinds were not wanted. Mixed steers and heifers sold about steady with the range during the preceding week. Stockers and feeders were dull at 10 to 15 cents lower prices. Veal calves strong, western grades are beginning to come, but the quality is poor. Following the liberal supply of last week close to 15,000 cattle were in the pens today. A few over 5,000 were in the quarantine division. The quality was only fair to good, including a large percent of plain western cows that brought 2.00 to 2.50. Fat steers were scarce, only a few bringing above 5.00. Native heifers brought 4.00 to 5.00. The market averaged 5.00 to 5.50, choice light weight steers were in demand but other kinds were not wanted. A large number were plain western grades.

Prior to the high point of the year today, being 26 to 28 cents, the top was 5.75, and the bulk of sales 5.75 to 5.75. The quality is generally good, though in spots some thin grasses and rough mixed grades were offered. Light weights butcher hogs were in best demand.

After a gain of 15 to 25 cents in the sheep division, prices are now 15 to 18 cents lower today. Spring lambs bring 7.00 to 7.50, western sheep 5.00 to 5.50, yearlings 5.50 to 5.75 and ewes 4.50. The demand on nearly all classes is expected to remain strong with moderate receipts.
