TWO DIVORCES GRANTED. Two divorce suits were heard by Judge Howell yesterday, in each case the plaintiff was the wife. The first to be heard was Sina Jensen against Andrew E. Jensen. The testi-wony went to show that for a consid-erable time the defondant has failed to provide for his wife and three children, although able to do so. It was brought out in the evidence that the defendant was willing to take care of the chil-dren, but would not longer provide for his wife, and as the wife fell she was not able to provide for the children, the court granted the plaintiff a decree of divorce, but awarded the custody of the three children to the father, but they must not be taken from Weber court and the mother may visit them at ourt and the mother may visit them at
