

ITEMS.

FROM FRIDAY'S DAILY.

GOOD.—A useful and necessary branch of education has lately been introduced into the University of Deseret. We allude to drawing. By the ingenuity and natural constructive ability displayed by many of our young people who are untutored in drawing, we think that the introduction of this branch of education will serve to develop talent of this kind in those who possess it naturally. Among the other articles of "home-made" that are desirable are first-class home-made architects, artists, draftsmen, etc., etc. Many men who have arisen to eminence in these directions have credited the commencement of their development to the taste aroused in them by the teaching they received in drawing at school.

DECLINED.—It will be seen in our telegraph columns to-day, that Mr. Carey, who has been appointed and confirmed Assessor of Internal Revenue for this Territory, declines the appointment.

SIXTH WARD.—We are informed by Bishop Hickenlooper that the Co-operative store in that Ward has been quite a success during the few weeks it has been opened, doing a much larger business than was anticipated.

THE UTAH MANUFACTURING COMPANY.—This morning we paid a visit to the workshops and ware-rooms of the Utah Manufacturing Company, situated at and near the residence of Col. J. C. Little, the indefatigable superintendent of the company. Though not yet in thorough working order, there not having been time to arrange every department since the arrival of the goods, we were greatly pleased with the air of business and go-ahead-itiveness manifested throughout.

During his late visit to the Eastern States, Col. Little had unusual advantages presented to purchase the best descriptions of timber either in a rough or manufactured state, suitable for constructing wagons, carriages, buggies, agricultural implements, etc., of which he was not slow in taking advantage. His stock now consists of every article necessary to manufacture wagons, carriages, etc., from the first board to the last piece of trimming, added to which he has imported many of the most improved descriptions of plows, cultivators, deep grubbing plows, shovels, spades, rakes, hoes, forks and many other agricultural implements, which the company will shortly be prepared to bring into market on very advantageous terms. In a few days they will have a number of wagons completed, which, from what we saw during our short visit, we judge will be a credit to Utah manufacture.

SUSPICIOUS.—We have received the following letter for publication, and as the names of responsible parties are appended, we have no doubt of its truth. Its insertion in the News may prevent some from being swindled by this Jeremy Diddler "C."

"S. L. CITY, May 6th, 1869.

Editor Deseret News:—It is desirable that our citizens be cautioned against a bogus trader by the name of C. Said trader has bought a piece of property on North Temple St., for \$2500 and ordered the writings to be made out; that is the last of it; bought a bill of furniture at a certain house for \$500, but that I am afraid is not the last of it, for it is reported that the estimate of sundry furniture obtained at that establishment is being used to decoy other tradesmen. No furniture has been bought by said C. at that establishment.

PREVENTION."

SPANISH FORK.—We learn from W. W. Rockhill, Esq., of Spanish Fork, that the people of that settlement, under the direction of their energetic Bishop, A. K. Thurber, last week succeeded in bringing a large addition of water to the settlement for milling and irrigation by enlarging the original mill race, giving great facilities to the enterprising citizens of that place to develop the natural resources of the locality. The grain is doing well and prospects for fruit never looked better. A meeting to perfect the organization of the co-operative society, will be held tomorrow, and it is the intention to open the store at an early day.

FROM SATURDAY'S DAILY.

THE RETURN TRIP.—We are indebted to the Deseret Telegraph Line for the following particulars of President Young's return trip:

Cove Creek, May 7.

President Young left Cedar City at daylight on the morning of the 5th, and drove to Parowan before breakfast. Meeting was then held, at which President B. Young and Elder George Q. Cannon spoke. From there the party drove to Beaver; upon their arrival at the latter place they received an invitation from the Female Relief Society, to partake of a repast prepared at Sheppard's Hall. The Hall was spread with evidences of their skill in the shape of quilts and home made cloths of various kinds, and was ornamented with appro-

priate mottoes. The Society is in a flourishing condition and has bought a lot for the purpose of erecting a building for its use. In the evening a public meeting was held and addresses were delivered by Presidents D. H. Wells and Brigham Young, and Elder George Q. Cannon, touching the labors before Female Relief Societies; the objects of their organization and the great good they can accomplish if their efforts be properly directed. The company left Beaver at 9.20 a.m. and reached here at 1.35 p.m. When the company left here to go south the roads were so heavy that it was with the greatest difficulty they could travel; the wheels of some of the carriages became so heavily clogged that they would drag without revolving; none of the company ever saw any roads, in Illinois, Missouri or Indiana, where the wheels of vehicles clogged with dirt as they did in passing over this road; but yesterday the roads were in fine condition. It rained considerably through last night and looks like rain to-day. The company started from here at 10 a.m. for Kanosh, there to hold meeting at 1 p.m. The members of the company are all well.

Fillmore, 8th.

The President's party left here at 8.50 this morning for Scipio.

MARRIED by Elder Joseph F. Smith, on Tuesday, the 4th inst., Mr. Wm. Pead to Miss Susannah Johnson, late of Bedfordshire, England.

Millennial Star please copy.

THE LATE ACCIDENT.—On the 6th inst., Marx Goldsmith started for White Pine, in a buggy with Mr. H. H. Showers. When about six miles from the city, the horses became a little frightened; Goldsmith, fearing they would become uncontrollable, attempted to throw a Henry rifle from the buggy to avoid an accident; in doing so, however, the gun struck against the front wheel and went off, the ball taking effect in Goldsmith's leg, producing a dangerous wound. The ball entered about four inches above the ankle joint, and traversed the leg about 20 inches, coming out in the thigh about six inches below the hip joint. Mr. Showers soon succeeded in controlling the horses, and taking one from the buggy, returned to the city for medical aid. Dr. Fowler went out and had the wounded man brought to the city. His wound is quite serious, and Drs. Anderson and Fowler, who are attending him, anticipate he will suffer a long confinement before he can recover.

MORE ABOUT THE JEREMY DIDLER "C."—We had a call this morning from a gentleman who confirms the statement of our correspondent "Prevention," with regard to the practices of the bogus trader "C." He states that "C" is making use of the papers mentioned in "Prevention's" letter to gull the unsuspecting, and to carry the idea that he is furnishing a large establishment in this city. It will be well for the merchants to be on the watch.

EARLY CLOSING.—Our readers will notice a card signed by the merchants of this city, stating that on and after Monday next the 10th inst., they will close their stores at seven o'clock every evening. We heartily approve of this movement and hope the public will help the merchants to make it a success by doing their "shopping" at an early hour.

BRILLIANT ILLUMINATIONS of the City Hall, Court House, and other public buildings, and private residences, suspended illuminations, bonfires, etc., are to characterize the evening of the day of celebration, now expected to take place on Monday next.

THREE MEN KILLED AT RAWLINGS' SPRINGS.—On the 1st inst. a terrible shooting affray took place at Rawlings' Springs, Dakota Ter., terminating in three men being killed and about a dozen wounded. The difficulty arose out of a dispute between Messrs Wills & Smith, contractors, and a certain Henry Smith and his father, whom they engaged last fall to cut and haul 800 cords of wood. These latter cut and hauled 600 cords, but refused to complete the contract, whereupon Wills and Smith refused to pay them in full for the 600 they had delivered. The two Smiths then threatened to seize some of the stock of the firm for payment, when "Bill" Smith, of the firm of W. & S. collected a number of men to defend the stock. It was thought the matter would be amicably settled for, at about two o'clock, "Bill" Smith went to his office to settle for the wood, but just then "Henry Smith seized him by the throat and knocked him on the head. After much struggling they were parted by men attracted to the spot by the quarrel. But shortly afterwards, without any further words, a shot was fired through the door by one of the Henry Smith party. A general shooting then took place, and though it was done in a small room, no one was hurt. After the first volley, there was quiet for a time. Suddenly Henry Smith drew his revolver and pointed it at Healy, one of Bill Smith's men, who told him to put up his, as he had come to kick up the row and had first started it. Upon this, Henry Smith fired at Healy, but missed him. A general firing then commenced in the room, during which Henry Smith was hit. There were at least a dozen men in the passage way, at this time, where Healy was standing, when Smith again fired, though warned by Healy. A number of shots were now fired from the pass-

age, one of which took Smith in the eye, passing through the brain. A general firing again commenced, when old man Smith was shot in three places. Another of the Henry Smith party was shot in the bowels, received three shots in the heart, and one finger shot off. Those three had died when Mr. Massi left on Sunday. Another of the same party had a ball in the mouth which came out near the nose, and also one in the back of his head. About twelve others on both sides were wounded more or less seriously."

The above particulars are taken from the Cheyenne Argus.

MISSIONARY PARTY.—On Monday evening the Female Relief Society of the 20th Ward gave a party to Elder John Tuddenham to assist him on his mission to England. As it takes place on the evening of the celebration of the great event of the age its occurrence is most opportune, and we hope it will be largely attended.

THIRD DISTRICT COURT.—The court met to-day pursuant to adjournment for the special purpose of the naturalization of aliens. A number of foreign-born residents availed themselves of the opportunity. The Court adjourned to Thursday next, when the criminal docket will be presented.

FROM MONDAY'S DAILY.

FINISHED.—Tidings that the last rail, connecting the Central and Union Pacific lines was laid, were received in this City at thirty-two minutes past twelve, Salt Lake City time. The celebrations immediately commenced by the firing of salutes from the City Hall, Court House and Arsenal Hill; the bands commenced playing, the steam whistle blew, and every indication was visible that the celebration had commenced in earnest.

THE LAST RAIL.—We are indebted to T. B. H. Stenhouse, Esq., Editor and proprietor of the Salt Lake Daily Telegraph, for the following telegram, sent on Saturday afternoon, but which reached us too late for publication.

"Ogden, May 8 1869.

Ed. Deseret News:—Gov. Stanford and numerous gentlemen from California are here, and on Monday at noon the representatives of both the C. P. and U. P. Companies will lay the last rail and drive the last spike of the two lines."

DEPARTED THIS LIFE.—Elder John Neff, Sen., departed this life at eight o'clock yesterday morning, at his residence, on Mill Creek. Deceased was in his seventy-fifth year, being born on the 19th September, 1794. His funeral will take place at ten o'clock to-morrow morning, at the 13th Ward Assembly Rooms. We anticipate publishing an obituary notice of our late brother after the funeral.

FRANKLIN.—Elder William Woodward writing from Franklin, Cache Co., on the 5th inst., says: "The grasshoppers are again in our midst, and although small, are destructive. Logan and Smithfield have vast numbers of them. The mail in Cache Valley has been carried with security, celerity and certainty and is a credit to the contractor and a benefit to the people. The mail from Franklin to Bennington has been carried on snow shoes all the winter over the mountains, and is a great advantage to the people of Bear Lake Valley. Hon. C. C. Rich the contractor, secured the service of an intrepid young man, who has carried the mail faithfully once a week."

"A Co-operative store is in operation in this place. It commenced in March with a capital of about \$2400 in goods and cash. Bishop L. H. Hatch is President, Jno. Doney vice President, Wm. Woodward, C. W. Fox, W. T. Right and Alexander Stalker, Directors.

"The weather is fine. Some of our farmers hesitate about sowing oats till the middle of May, or first of June, as late oats in grasshopper years have done the best."

"The people of this place are generally healthy, and certainly live on simple diet. "Peace prevails. Improvement in general, both physical and mental, are the absorbing topics talked of among the people."

SMITHFIELD.—Elder Sharp writing from Smithfield on the 15th instant, sends an interesting account of the school celebration in that settlement, already noticed in the News. In closing, Elder Sharp says: "Smithfield school numbers nearly two hundred scholars, divided into thirteen classes. Hyde Park school numbers about one hundred and twenty-five scholars, divided into ten classes. Each school is progressing very satisfactorily. The Deseret Alphabet is being taught in the Smithfield Sunday School."

RICH COUNTY.—Elder John A. Hunt furnishes us the following items from "St. Charles, Rich County. General good health prevails in Bear Lake Valley; a great amount of small grain is being sowed in St. Charles, probably double the number of acres that have been sowed any previous season, as spring is about three weeks earlier than usual, giving the citizens more time to break the land. All kinds of grain are plentiful, and no doubt will continue so if Pokatella and his band do not stop in the valley too long—they are there at present. President Rich has done much for the Indians, and has their general confidence and respect, as the 'Pe-up' Captain. The weather is fine and trout very abundant."

Died:

At Hyrum, Cache Co., John Barnum Wilson, son of John G. Wilson and Lucy Benson, aged 16 years 1 month and 1 day. He was kind and truthful, and beloved both by young and old. His sickness lasted two months and nine days. [Com.]

At Logan, Cache Co., May 3rd, 1869, of inflammation of the lungs, Arthur Lamoreaux, aged 11 months and 6 days, son of David B. and Nancy M. Lamoreaux.

In the 9th Ward, May 10, at 10 a.m., of inflammation of the bowels, Sarah Jane Sharrett, wife of William Wilson.

She was born Nov. 14, 1847, in Liverpool, England; was baptized July 5, 1866.

NOTICE.

In the Supreme Court for the District of Utah.

In the matter of WILLIAM B. WRIGHT, } In Bankruptcy.
Bankrupt.

TO the Creditors of Wm. B. Wright, Bankrupt Notice is hereby given, that, pursuant to an Order made by said Court, in the matter of William B. Wright, a Bankrupt, on the 4th day of May, A. D. 1869, a hearing will be had upon the Petition of said Bankrupt, heretofore filed in said Court, praying for his discharge from all his debts and liabilities, provable under the Act of Congress entitled "An Act to establish a uniform system of Bankruptcy throughout the United States," approved March 2nd, 1867, and for a certificate thereof, before said Court, on the 7th day of June, A. D. 1869, at 10 o'clock A. M., at the United States Court Rooms in Salt Lake City, in said District, at which time and place any creditor of said Bankrupt, or any other person in interest, may appear and show cause, if any they have, why the prayer of the said petition should not be granted. Notice is further given, that the 2nd and 3rd meeting of creditors of said Bankrupt will be held before R. H. Robertson, Esq., Register in Bankruptcy for said District, at his office in Salt Lake City, on the said 7th day of June, A. D. 1869, at 9 o'clock A. M.

W. I. APPLEBY,
Clerk of said Supreme Court

P. L. WILLIAMS,
Petitioner's Atty.
Salt Lake City, May 4th, 1869. wll-4

A FEW WORDS

ABOUT

SEWING MACHINES.

SOME time ago D. O. CALDER was offered the Agency for the sale of the Wheeler & Wilson, Grover & Baker, and other first-class Sewing Machines; but owing to the conflicting testimony of persons who were acquainted with the character of the different Machines, was unable to decide which was the best for family use in this country, and therefore did not accept.

When in New York last season, he (in company with H. B. Clawson), visited a firm doing a very large business in SELLING, EXCHANGING, RENTING and REPAIRING all kinds of Sewing Machines, and who had no special interest whatever in the sale of any particular Machine. They informed him that the

HOWE MACHINE

Was in every respect the best Sewing Machine in the market—that, during the many years of their business career they never had a HOWE Machine returned to them—that their customers had exchanged nearly all other Machines for the HOWE—that, if they were compelled to confine their sales to the Machines of but one maker, that one would be HOWE. The evidence from disinterested parties of the

SUPERIORITY

OF THE

Howe Machine

Was so satisfactory to himself, H. B. Clawson, Wm. C. Staines, and others who wished to purchase Sewing Machines, that he made a purchase and accepted the AGENCY FOR THIS TERRITORY.

We are now prepared to receive orders for those Machines for Family or Manufacturers' use at

MANUFACTURER'S PRICES AND FREIGHT.

Orders can be left at the Store of Calder Brothers, Salt Lake City, where descriptive Price Lists can be obtained, or at our office in Ogden.

All letters addressed to us will have prompt attention.

D. O. CALDER & CO.,
