The branch office of the Deseret News in Ogden is at No. 44 Twenty-fourth street, and all communications and subscriptions will be received there. The News is delivered by carriers in Ogden, and at the same time as in Salt Lake City.

OGDEN NEWS.

OGDEN, JULY 12, 1900.

IN THE DISTRICT COURT.

Hearings Before Judge Rolapp and Judge Hiles.—Foreclosure Judgment for \$200,000.

Death of Brakeman Ohlenkamp—Remains Shipped to Evanston for Burial in the Police Court.

Before Judge Rolapp in the Second district court: The case of Anna Parr vs. Frank Parr came on regularly for hearing; the testimony of the plaintiff was taken and a decree of divorce granted as prayed for.

BEFORE JUDGE HILES. The arguments in the case of Murphy vs. Ganes to quiet title were heard and taken under advisement.

In the case of A. Adams and North American Trust company vs. Ogden Electric Railway company, hearing was had on the foreclosure of a trust deed for \$200,000. A decree was granted as prayed for and judgment against the defendant. W. C. Weaver was appointed master to sell the property, which will be purchased by the Ogden Rapid Transit company. The case was represented by Richard & Allison.

In the case of La Rue vs. Larkin, continuance was granted upon payment by plaintiff of fees and costs. In the matter of the estate of Joseph Harrop, deceased, a petition was filed by James Harrop praying for the admission to probate of the will. The estate consists of about \$3,000 personal property and \$2,000 real estate.

DEATH OF BRAKEMAN OHLENKAMP.

Yesterday afternoon at 1:30 Henry F. Ohlenkamp, the Union Pacific brakeman, who was injured at Utah a few days ago, died at the hospital at Ogden from the effects of his injuries, which turned to blood poisoning. He was a resident of Evanston, Wyo., where he was popular among his fellow workmen, being a very pleasant and unassuming man and always attentive to his duties. The deceased was 36 years of age, had served five years in the regular army, and two years in the Spanish-American war, and had recently been appointed a captain in the regular army, although his commission had not yet arrived. His remains were prepared and shipped to Evanston for burial today.

IN THE POLICE COURT.

Two drunks were lectured to before Judge Hall this morning and sentence suspended; two more, for the same charge, were given \$5 each.

OGDEN NEWS BRIEFS.

Deputy U. S. Revenue Collector John D. Guthrie is in the city today. E. L. Wolcott, formerly chief dispatcher of the O. S. L. at Pocatello, but now of Omaha, is in the city on business.

F. M. Stewart, of Silver City, Idaho, has returned home after spending a few days in Ogden.

J. W. Hoken, of Mant, is in the city on business.

Henry Ryan, of Salt Lake, was in Ogden today in the interest of his mining business.

J. Wash Young, representing Armour & Co., is hustling trade in Ogden.

C. S. Williams, freight agent for the Chicago, Milwaukee & St. Paul, was in Ogden today.

Supt. Park of the Wyoming division of the Union Pacific, made a flying trip to Ogden yesterday.

A. D. Fryer, of Salt Lake, was in Ogden on business yesterday.

Tonight there is a grand ball at the Hermitage.

Miss M. Stevens went to Salt Lake today to spend a week at the home of John W. Gwink of Lincoln, Nebraska, is visiting in Ogden.

GOES TO GERMANY TO STUDY MUSIC.—Will Beautify the Park.

Special Correspondence. Lehi City, Utah, July 11.—Mr. O. A. Kirkham, who will leave Utah on the 15th of this month for Berlin, Germany, where he is going to take a course in voice culture. It is his intention now to first take a course under a private teacher and then to enter some conservatory and will be absent from home about three years.

Mr. Kirkham has a beautiful baritone voice and his many friends wish every success in his efforts to make the high aim he is so zealously working for. During the past season Bro. Kirkham studied under Prof. A. C. Lund, of the Brigham Young academy, of Provo, and has already become widely known in Utah county and elsewhere as a baritone singer of no small talent.

TO BEAUTIFY THE PARK. The Lehi city council held a special meeting last evening and decided to erect a grand stand that will seat over 100 people, putting up a high board fence on the East side where the B. O. W. track runs near the grove, and building a pavilion 30x50 feet.

Sunday next the mayor will ask the citizens to turn out one day next week in mass and donate one day's labor on the grounds, and the young ladies also

PANGUITCH.

Judge Booth Holds Court—Sunday School Conference.

Special Correspondence. Panguitch, Garfield County, July 9.—The Sunday school conference held at the conference here on the 7th and 8th inst., Elders George Reynolds and Thomas C. Griggs of the general board were in attendance. Superintendent Anna Barney presided. The exercises were of a very pleasing nature, and the instructions of the local and visiting brethren, including remarks by Judge Booth of Provo, were excellent.

President Jesse W. Crosby Jr. returned home from his Big Horn trip last Saturday. He is making a flying trip to Tropic and will return to Salt Lake on business Monday.

The program for the celebration of the glorious 4th was nicely carried out. Only a few fights, and very little blood shed.

DISTRICT COURT.

Sixth judicial district court convened here today with Judge Booth presiding.

State of Utah vs. Thomas Inlay. Defendant sentenced to 18 months, on a charge of assault with intent to commit rape. This case was tried some time ago and appeared to Superintendent where judgment of the lower court was confirmed.

Will of John Myers, deceased, admitted to probate and John E. Myers appointed administrator with will annexed. A. Hansen vs. O. A. Dalton; case continued for the term. Court adjourned.

Madame Booth lectures here tonight. Matrons, I believe, is to be the subject.

Crops look well, but water is getting scarce. We are busy getting up hay. It is not here as the proverbial Hades, and we wish it would rain.

HUNTSMITH.

Wangsgard-Schade Wedding—Unseemly Conduct of School Board.

Special Correspondence. Huntsmith, July 10.—Last week a wedding supper was given by Mr. and Mrs. C. C. Wangsgard in honor of the marriage of their daughter, Mary, to Fred Schade, son of Counselor C. F. Schade. A feast fit for kings was spread under a bower erected for the occasion, at which over 150 people were present.

The evening after which all adjourned to the Wangsgard home and again partook of the finest of delicacies. The number of guests was about 150, and the young couple were costly and rare.

THE FOURTH. The glorious Fourth was celebrated as usual in this little village. Singing, brass band music, procession, singing, oration, speeches, toasts, regatta, races, ball games, dancing, etc., all took place to the enjoyment of the people. In all it was a most enjoyable day.

Born, to the wives of William Felt, Hyrum Felt and Joseph Felt, each a girl. All doing well.

FUNERAL OF DAVID W. GARNER. Sunday the funeral services over the remains of David W. Garner were held from 10 to 11 a. m. at the home of the great boy, July 6, 1900, presided at by his wife Eliza, only about five months. The speakers were Hon. Angus McKay and President C. F. Middleton.

GOING ON MISSIONS. Willard Schade, Emil Anderson, Harry Grow, Oscar Petersen, Christian Mortensen, Angus Benson, and Thomas McKay expect to leave in the near future for foreign missions.

UNSEEMLY CONDUCT. At a meeting of the school board yesterday, the most disgraceful kind of scenes were enacted between the members of the board. Bad blood and bad feelings have existed for many months, even to such an extent that the citizens called a meeting long ago and adopted resolutions demanding the resignation of all the members of the board, which resolutions they utterly ignored. The pent up feelings broke loose yesterday, and pandemonium reigned supreme. It became necessary for the citizens to take action at the meeting, and out of chaos came order, something like order. After the financial report had been approved, an election was held for the purpose of electing a trustee for the term of three years, as well as electing a superintendent of county schools, which resulted as follows: Barlow Wilson, superintendent of schools 297 votes; Angus McKay, trustee, 167 votes; J. C. Wangsgard, trustee, 167 votes.

The present board now consists of Angus McKay, A. P. Peterson, W. H. Burrows, C. C. Wangsgard's term having expired. It is the general opinion that Angus McKay will be able to bring the school board back to order, and that the children may not suffer again, through the stubbornness or failure of the board to agree.

David Langlois has been elected as principal of our school for the ensuing year.

There is a very great shortage of water now, and the prospects for a second crop of alfalfa are very poor.

SALARIES OF COUNTY OFFICERS. Annual salaries of county officers, for the years 1901-2 were fixed at follows: County commissioners, \$40 each per annum; clerk, \$225; recorder, \$75; assessor, \$200; treasurer, \$250; attorney, \$200; sheriff, \$150; surveyor, \$40.

Court adjourned to meet on the first Monday in September.

The Appetite of a Goat. Is envied by all whose Stomach and Liver are out of order. But such should know that Dr. King's New Life Pills, give a splendid appetite, sound digestion, and regulate bodily habits. It insures perfect health and great energy. Only 25c at Z. C. M. I. Drug Dept.

WILL CELEBRATE THE 24th—Quiet School Election. Special Correspondence. Elsinore, Sevier County, July 10.—Elsinore will celebrate the 24th. A mass meeting was held last night, called by Bishop J. J. Jensen, to find out if the people will celebrate the 24th at home or accept an invitation from Richfield to celebrate with them. It was decided that Elsinore celebrate at home in grand style, and the general committee but in last night warrants a good time.

SCHOOL ELECTION. The school election yesterday was a very quiet affair, only 20 per cent of the registered voters attended the polls. In a mail caucus held Saturday night, Mr. C. B. Jensen was named as candidate for school trustee, but when the votes were counted it showed that J. Ostlund was elected with six majority.

White Man Turned Yellow. Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors here, but without success. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matches for all Stomach, Liver and Kidney troubles. Only 25c. Sold by Z. C. M. I. Drug Dept.

Good Crops of Hay and Grain Assured—The Fourth. Special Correspondence. Parker, Idaho, July 9.—The click of the elevator and the hum of the saw are the prevailing music here, at present. The hay crop is good and extremely early giving plenty of time for curing. Much of the wheat is in bloom, having come into head during the late days of June. It promises now to yield abundantly and to be fully ripe before our usual period of frost. The health of the people here is unusually good, and financial matters generally prosperous.

Many farms have changed hands during the summer, thus far, though some

home-seekers are disappointed at the high price at which sub-irrigated land is held. In the opinion of your correspondent one acre of such land is worth five of land which does not sub-irrigate. There is no wading about in gum boots in the blazing weather of June, July and August, trying to flood the surface as in the case of the old. You merely turn the water into the furrows, and a little here and there in the low places to facilitate the filling up process, and then go to work at something else. While you are sure of having twice or three times the amount of grain which can be realized on ground which has to be flooded.

The Fourth was a very successful one. The weather during the last two weeks of June was extremely hot; 85 to 105 in the shade. This was succeeded the first three days of July by a spell of decidedly cool weather, which was a slight relief on the night of the 2nd. On the Fourth, the weather was delightful, and is growing warmer again now.

Judge Rich was here and gave a sufficient number of signers have been secured to the petition for the removal of the county seat from St. Anthony to Lexington. The inquiry was made as to the vote at the approaching election.

IDAHO.

Weekly Weather and Crop Bulletin. Boise, Idaho, July 10.—An agreeable temperature change occurred about the first of the week, and the weather remained comparatively cool for six days, reducing the average for the State to 60.6 degrees, which is 5.5 degrees below the normal. Light and important showers occurred in some sections on the 3rd and 4th, but the precipitation was insufficient to relieve the drought in any section. Light frost occurred on the 2nd and 3rd at some high elevations.

CROPS. Grain and Grass.—Harvest of fall-sown grain made fair progress and the second crop of alfalfa is being harvested. The grain crop is in the stack in all parts of the State. Early-sown spring grain is approaching maturity and gives promise of an average crop. The oat crop is above the average and the same is true of rye grown for hay.

Continued drought extending over a period of six weeks in the eastern and west-central portions of the State has damaged all crops that have been planted without sufficient water. Crops under irrigation have suffered very little from drought, but the streams in sections of Blaine, Bear Lake, Owyhee and Cassia counties having fallen low, all crops in those counties have suffered, and in many instances, have failed. Unirrigated crops in the southern counties have apparently failed by drought recovery; rain would be of little avail. Dry land crops in the south-droughted areas of the State are much from the squirrels as from drought.

Though some stock ranges have been scorched by continued dry weather, they are still good, and stock continuing to keep in good condition.

Fruit.—Fruit has made good growth; early peaches are ripening; apricots are being shipped; raspberry shipments are being made; and the cherry crop is promising. Growth of melons was delayed owing to cool nights, but the caneloupes are maturing and the outlook is for a good yield.

Fruit pests, especially the codling moth, seem to be more in evidence as the result of warm weather.

LAND ENTRIES. ORIGINAL HOMESTEAD. July 10.—David F. Bowen, Spanish Fork, 160 acres, section 28, township 8 south, range 2 west.

Hovell Morgan, Stockton, 176.75 acres, section 4 and 4 township 4 south, range 5 west.

Joe Levi, Kanosh, 160 acres, section 11, township 23 south range 5 west.

Subodant, (Indian) Kanosh, 80 acres, section 10, township 23 south, range 5 west.

Peach, (Indian) Kanosh, 160 acres, sections 3 and 10, township 23 south, range 5 west.

Andrew Hungaraph, (Indian) Kanosh, 160 acres, section 19, township 23 south, range 5 west.

Jake, (Indian) Kanosh, 80 acres, section 10, township 23 south, range 5 west.

FINAL HOMESTEAD. July 8.—The heirs of Jacob P. Peterson, Junction, 80 acres, sections 27 and 34, township 29 south range 3 west.

Arvin, (Indian) Kanosh, 160 acres, sections 19 and 20, township 23 south, range 2 east.

AN OBJECT LESSON IN CO-OPERATION. According to the Burlington Hawkeye some Iowa farmers have been getting a wholesome example of what may be accomplished by co-operating together.

Eleven years ago, at Rockwell, Cerro Gordo county, the Feltshouse brothers were coining money buying grain and stock and selling the surplus to the farmer. They became rich so fast and the farmers became so dissatisfied that they formed a co-operative association for the purpose of building an elevator, marketing their own grain and disposing of their own hogs. Four men were the brains and energy of the movement, N. Desnoyers, who was the president, and who related that the office for the first half dozen years, Thomas McManus, the Patrick Henry of the association; William Barragay and C. S. Hance. By agitation they interested nine other farmers in four townships about Rockwell to take stock in shares of \$100 each and no man could own more than three shares. With this capital an elevator was built and the business began.

There was one provision in the constitution that has been the mainstay of the financial management and the bulwark against destruction of ruinous competition. The members were always paid one-fourth cent more than the seller outside the society, and the association protected itself from the allurements of higher prices paid by competing elevators by compelling its members to pay one-fourth cent commission because the grain was sold to a competitor. The manager was instructed to give the highest price possible based on Chicago quotations, and if the competitor offered a higher price, he advised the members to sell to them and bring their one-fourth cent commission to the treasury. The founders had figured to a nicety that this quarter of a cent would pay all of the expenses of the manager if not a bushel of grain came into the elevator, and thus they would have always a buyer who would either give the best prices the market would warrant or compel their competitor to pay the farmer more than the market price, to the detriment of the competitor, the profit of the association and the welfare of the farmer.

The result has been that the Rockwell elevators have paid always one-half to one and one-half cents higher than any other elevators in the county, and have been a source of positive chills and fever to the other elevator companies.

The association has been fortunate in the selection of its officers. They have been both shrewd and honest, and have insistently refused to listen to overtures from other elevators. Just recently the Kansas City Grain Company, which is now endeavoring to meet the association prices, offered to form a co-association to save the farmers from the price of grain paid at Rockwell and they would make the same price at their various elevators. The officers thought they detected an attempt to secure the forfeiture of their charter by

"MY OWN SELF AGAIN."

Mrs. Clara Gates Writes to Mrs. Pinkham, Follows Her Advice and is Made Well.

"DEAR MRS. PINKHAM:—For nearly two and one-half years I have been in feeble health. After my little child came it seemed I could not get my strength again. I have chills and the severest pains in my limbs and top of head and am almost insensible at times. I also have a pain just to the right of breast bone. It is so severe at times that I cannot lie on my right side. Please write me what you think of my case."

Mrs. CLARA GATES, Johns P. O., Miss. April 25, 1898.

"DEAR MRS. PINKHAM:—I have taken Lydia E. Pinkham's Vegetable Compound as advised and now send you a letter for publication. For several years I was in such wretched health that life was almost a burden. I could hardly walk across the floor, was so feeble. Several of my best physicians attended me, but failed to help. I concluded to write to you for advice. In a few days I received your kind, motherly letter. I followed your instructions and am my 'old self' again. Was greatly benefited before I had used one bottle. May God bless you for what you are doing for suffering women."—Mrs. CLARA GATES, Johns P. O., Miss., Oct. 6, 1899.

combining with other concerns, and positively refused the overtures. The one of the things which most easily would have wrecked the concern—dishonest management—has been happily averted. There have been only two seasons of drought, and while they could in various ways have "feathered their nests" and retired comparatively rich, they have considered their office as a sacred trust, and were content with a salary of \$1,000 a year and a clear conscience, in preference to ill-gotten gains and the contempt of their neighbors. From a beginning of ninety-five members and less than two hundred shares of stock, the association has grown to nearly five hundred members, representing 601 shares of stock. From a first year's business of probably less than \$50,000, the year just closed has shown a business of \$100,000, and an increase in the past year of \$185,000. This year, too, they have added another elevator at Cameron, four miles south of Mason City, another challenge to the Kansas City Grain Company, have added 125 new members, declared a dividend of \$4,123 and have a surplus of over \$7,000 in the treasury.

The history of this organization is unique. There is no other like it anywhere. It aims at no dividends, the theory being to give the dividends in prices for the commodities at a saving to the members at a slight per cent above cost, but the business is handled at so small an expense that people at Rockwell, for some reason or other, can get a better price for their grain at the way from 10 to 25 per cent, in comparison with the prices in surrounding towns. The Rockwell society is never without a large business, it was no misstatement of profits, and the members at a slight per cent above cost, but the business is handled at so small an expense that people at Rockwell, for some reason or other, can get a better price for their grain at the way from 10 to 25 per cent, in comparison with the prices in surrounding towns.
