LOCAL AND OTHER MATTERS.

THE THEATRE TO-NIGHT.—Everybody should remember the performance at the Theatre to-night and to-morrow night, when the great humorist, Alf Burnett, will appear, and give such an exhibition of fun-creating power as has never been seen before in Utah. Mr. Burnett, as an artist, stands high, and the claims he puts forth will, we are assured, be abundantly sustained. He is supported by Miss Nash and Mr. Sharpley, the latter said to be one of the best comedians in the world, who will enliven and diversify the performance with solos and choice monologues on his instrument.

The style of entertainment which Mr. Burnett gives is entirely new here, and extremely laughable, and in witnessing "Mr. Caudle" and "Miss Frances Train" we anticipate a very fruitful time. Attend on us and give him a bumper. Remember for two nights only.

IN WASHINGTON.—The Washington Evening Star of the 13th inst., says:

"Mr. John T. Caine, one of the managers of the Salt Lake City Theatre, and a very genial and estimable gentleman, is in town, staying at Willard's. If this is his first visit to Washington, he must have been greatly surprised to see that the capital of the country has no place of amusement equal to that over which he presides, in the center of the great American desert. Yet such is the case, to our shame be it said."

OBITUARY.—The funeral of Sister Roberts, whose demise was recorded in yesterday's paper, took place this morning. Comforting addresses were made by President D. H. Wells and Elder Joseph F. Smith to the bereaved and mourning family. There was a large attendance of sympathizing friends.

FOUND DEAD.—About six weeks ago Mr. Alvarus Hanks, brother of E. K. Hanks, left this city to hunt stock, since which time he has not been heard of. Yesterday his dead body was found, on the prairie, about two and a half miles from Silver Creek, Summit county. It is supposed that he was overtaken in the severe snow storm which occurred about that time, and perished in it. His body will be brought to the city for interment to-morrow. In the Spring of 1850 Bro. Hanks went on a mission to the Society Islands, from which he did not return until twelve or fourteen years afterwards.

THANKS.—We are under many obligations to our Delegate to Congress, Hon. W. H. Hooper, for Congressional documents which he has forwarded to us. Among the rest he has forwarded the Remonstrance and Resolutions adopted by the General Mass Meeting, held in this city on the 31st ult., which were referred to the Senate committee on Territories, and ordered printed. The circulation of this document will be attended with good effects; for if it should not influence the action of Congress in relation to Utah, it will at least give the people at large a better understanding about matters here and the views of the people of Utah on religious liberty. An understanding of the position they assume on this subject, by the people of the nation would convince, they are assured, the great majority of the justice of their cause.

FOUND DROWNED.—This morning at an early hour Mrs. Elizabeth Smith, of Pine Canyon, Tooele county, who has been residing for some time past at the house of Bro. McMurrin, of the Eighth Ward, strayed off, and having been partially insane for a long time, fears were entertained that she might overtake her. As soon as it was discovered that she was nowhere on or around the premises, Bro. McMurrin commenced a search for her, but up to midday he had not been able to discover any trace of her. Soon after that time she was found dead in a large slough at the foot of South Temple Street, near the Jordan river, having no doubt drowned herself.

PROVO UNIVERSITY.—We have had a call from our esteemed friend Elder Warren N. Dusenbury, Principal of the Provo Branch of the University of Deseret, who informs us that that institution has 172 students. Elder Dusenbury has procured the Lewis Hall, the most commodious schoolroom in the Territory. We are also pleased to learn that Chancellor Wells has approved of Messrs. Myron Tanner, E. F. Sheets, K. R. Hopkins, Samuel Jones and Peter Stubbs, who were nominated as an executive committee to attend to the interests of the institution. We are glad to note the spirit of improvement and any steps that are taken to advance the educational interests of the Territory. The institution has our best wishes, and we shall be happy to note its prosperity of the same, should the Principal favor us with a line or two occasionally.

THE MUSEUM has been greatly enriched recently by the addition of many rare specimens of the antiquities and productions of Southern Utah, collected by its proprietor on his recent tour through that portion of the Territory. Among other things we may mention blankets manufactured by the Navajo Indians, and splendid samples of crockery from the Moquis kilns, the manufacture of which is a secret known to them alone; also excellent specimens of very ancient Indian earthenware discovered in mounds recently explored. There may also be seen the mammoth lizard of Southern Utah, an ugly looking reptile about eighteen inches long—an alligator in miniature—and numerous other articles of great interest to those interested in the productions, ancient and modern, natural or artificial, of the aboriginal inhabitants of this Territory. The aviary has also been increased by the addition of a pelican, and some California quails, the latter a very beautiful little bird. An inspection of the museum alone is well worth the price of admission.

ARRIVALS at the TOWNSEND HOUSE, April 21st, 1870.

E. Kimball, San Francisco
Mr. Rogers, Jr., Sacramento
John H. Mason, Buffalo, New York

ELGIN WATCHES!

MANUFACTURED BY

The National Watch Company

All the grades of the Elgin Watches

INCLUDING THE

"LADY ELGIN"

READY FOR

SPRING TRADE.

The company also call the attention of Watch

buyers to the fact that the Elgin Watches now

offered have an added improvement over all

others, in a new

PATENT DUST EXCLUDER.

So constructed as to enclose the works, and

form a protection against dust, enabling the

movement to remain in order without clean-

ing double the time that a watch will ordi-

narily run without this protection.

The company feel confident, after having

had their Watches three years in the market

and selling many thousands of them in all parts

of the country, that the Elgin Watches are the

best time keepers now offered to the

American public.

OVER FIVE HUNDRED DEALERS

In various parts of the land have unsold

hundreds of the Elgin Watches. The market

lines of the Union Pacific and the Pennsylvania Central,

and others of these roads, with other prominent

R. R. officials, endorse them as the best watches

for the use of R. R. employees and travelers

yet introduced.

The following are presented as specimens of

these testimonials:

TESTIMONIAL.

UNION PACIFIC R. R., OFFICE OF GEN'L

SUP'T. OMAHA, Dec. 16, 1869.

Hon. T. M. AVERY, President National Watch

Co., Chicago.

Dear Sir:—During the month that I have

carried one of your "Elgin" Watches

it has not only kept the time with so much

accuracy as to leave nothing to desire in

this regard. For accuracy in time keeping,

beauty of movement and finish, your Watches

Challenge my admiration, and I am confident

that in all respects they will compete success-
fully in the market of the world, with similar

manufactures of other nations. They need only

to be known to our standard clock.

Yours most respectfully,

C. G. HAMMOND, Gen'l Sup't.
