SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

U. S. Four per cent. Refunding Certificates.

WASHINGTON, March 8.—The Secretary of the Treasury has issued a circular calling attention to four per cent. refunding certificates of the United States, to be issued under the provisions of an act of Congress, approved February 26th, 1879. Each certificate will be of the denomination of $10. It will be made nearly of the form and size of a U. S. note, and will bear on its back the conditions of its issue. Such certificates will be sold for lawful money at par and accruing interests to the date of purchase by the Treasurer of the United States at Washington, and by the assistant treasurer at the principal eastern cities and at San Francisco. And the Treasurer of the United States at Washington and assistant treasurer at New York will also receive in payment drafts in favor of themselves respectively, drawn on New York, which will be collected and the excess, if any, returned by check to the depositors. The Secretary of the Treasury will also accept in payment certificates of deposits of the National Banks specially designated to receive deposits on this account; but refunding certificates will not be delivered until a certificate of deposit issued by the bank has been paid for by a treasury draft or by the deposit of a like amount with the Treasurer or Assistant Treasurer of the United States, or until United States bonds of equal amount were deposited in their stead. All National Banks upon complying with section 5153 of the Revised Statutes of the United States are invited to become financial agents of the government and depositories of public moneys accruing from the sale of these certificates. The money received by depository banks for such certificates will remain on deposit with said banks, subject to the order of the Treasurer of the United States, and calls for the redemption of the bonds will issue from time to time as the Secretary may direct. All banks, bankers, postmasters and other public officers, and all other persons, are invited to aid in placing these certificates. They can make their arrangements through the national banks for the deposit of the purchase money. Commissions will be allowed in the purchase of these certificates as follows: On an aggregate of $1,000 and not exceeding $100,000 on any one calendar month, one-eight of one per cent., and any amount exceeding $100,000 in a like period, a commission of one-fourth of one per cent. on excess; and parties purchasing at one time $1,000 or more of certificates will be entitled to receive them free of charge for transportation. Certificates will be ready for delivery on April 1st, 1879, at which time they will begin to bear interest, which will be payable on conversion of the certificates into 4 per cent. bonds. The Secretary also announces that as soon as practicable, $10 certificates will be issued under this, similar in form and upon similar conditions to those above described, to be registered on the books of the Treasury in the name of the owner, which name will also be entered on the face of each certificate.

The Four per cent Loan.

Subscription to the 4 per cent. loan since yesterday's report is $1,138,450.

English and American Trade.

NEW YORK, 8.—Statistics seem to suggest the advisability of developing American trade in some quarters by moderate steamship subsidies. The London *Economist* shows that in 1877, England purchased from Brasil to the value of 4,862,000 pounds, and sold to Brazil 4,238,500. In 1878, when Roach's American steamers turned the commercial tide this way, England purchased of Brazil only 3,330,000, and sold to her only £3,778,000 sterling.

The Zulu British Massacre.

The *Memorial Diplomatique* published recently, a London letter relative to the Zulu British massacre, expressing alarm at the certainty that the Zulus are commanded by American officers of great experience, tacticians who knew how to use the warlike races to the best advantage, and post them in such a way as to draw a thousand English troops into an ambush of 20,000 men. The United States minister at London will soon receive instructions to assure the British government that such self-styled American officers had no right to assume that title.

The Speakership.

ST. LOUIS, 8.—Wm. R. Morrison, member of Congress from Illinois, arrived here to-day, and has expressed himself very free'y about the contest for the Speakership of the House. He declares most positively that under no circumstance will he be a candidate himself; that he is opposed to Randall and in favor of a Southern man for that position in order to test the question whether Southern men can be put into prominent places with safety to the interests of the nation. He regards Mr. Blackburn, of Kentucky, as a brilliant and able man, who would make an excellent Speaker.

Lawless Aggression Upon Indian Reservations.

CHICAGO, 8.—*Times* Washington: President Hayes has received an open letter from Father Besson, an old resident of the plains and an ardent sympathizer with the Indians, in which he urges the necessity for taking prompt measures to suppress the present lawless aggression upon Indian reservations. He alludes to the starvation and massacres of Bannacks and Cheyennes; the forced removal of Nez Perces and Sioux in violation of treaty obligations, and the recent raid upon the reserve of the Utes in Colorado, prompted by the discovery of gold, and says that unless the sentiment of justice, enforced by the strong arm of government, puts a stop to these outrages, another Indian war is certain. He recommends the appointment of a peace commission composed of persons whose characters will commend the respect of whites and the confidence of Indians, with a view to bringing about a better understanding between the races and a change in the present aspect of Indian affairs.

Thief Forged Wheat Dispatch.

Rufus Hatch & Co. sent, this morning, to Smith & Lightner, the following dispatch: "Keene will pay $10,000 reward for the detection of the party who sent the order, signed Keene, to sell wheat. He thinks it is a regular conspiracy, and that several people are engaged to break the grain and provision markets." It is stated that Keene sent to the same firm an order to buy 100,000 bushels of wheat. The generally accepted opinion on 'change is that Keene has neither suffered by the whole transaction nor been victimized, and that if the bogus dispatch was actually sent he will more than recover the loss by the natural reaction against the heavy fall of yesterday.

Shot Dead.

NEW ORLEANS, 8.—John Sharples, ex-policeman, was shot dead, on Sixth Street, last night. The rumor is that Sharples was drunk, insulted a lady, and was shot by her escort.

Suicided.

John R. Clay, broker, killed himself owing to financial embarrassment.

WESTERN

Disastrous Failure.

SAN FRANCISCO, 8.—The failure of Godchaux Brothers & Co., is now known to be more disastrous than the most panic-stricken of its creditors would have dared to suppose. Careful examination of their affairs shows the assets of the firm to amount to only $475,000 of which $75,000 is in stock and the balance in book accounts, notes, etc. The liabilities are over $1,000,000. The creditors are garnisheeing debts wherever due. Much of the $400,000 due the firm had been assigned to the creditors previous to the announcement of the failure, and much of it being due from retail houses in this city, which have also become embarrassed. It is stated that there will be a shrinkage of probably 50 per cent. in the amount of assets stated.

Damage by Flood.

Mail advices from Eureka report much damage from the storm in the vicinity of Humbolt bay. Rivers have overflowed the banks, bridges carried away, stage and telegraph connection suspended, farming lands flooded and fences, outbuildings and dwellings swept away. Two lives are known to have been lost, several persons injured, and the loss of stock is very heavy.

EGYPT.

The Khedive.

CAIRO, 8.—The Khedive has informed the government of England and France that he will appoint Nuba Pasha foreign minister if they insist, but he must decline all responsibility for the consequences.

GERMANY.

The Parliamentary Discipline Bill.

BERLIN, 8.—The principal speech in the debate on the parliamentary discipline bill in the Reichstag, yesterday, was made by Herr Windhorst, leader of the Prussian Catholic party, who declared that the clericals were ready to support the Chancellor in the struggle against the socialists, but disapproved of the means he suggested. Herr Windhorst suggested a co-operation of church and state in attempting to crush the socialists with one hand and the persecution of the church with the other. The main force he had was powerless against the socialists; He hoped he would not live to see the explosion which would follow repressive measures.

BRITISH AMERICA.

American Coal and Marble.

OTTAWA, 8.—Deputations visited the minister of finance, to-day, and urged a duty of 75 cents per ton on coal and $6.25 per ton on American marble.

Correspondence.

Tidings from Ogden Valley.

EDEN, Weber Co., U. T.,
March 8th, 1870.

Editors Deseret News:

For the last ten days our farmers have been busy turning up the soil and sowing grain, and making calculations to reap a bountiful harvest the coming season; notwithstanding there are fair prospects of plenty of grasshoppers, who will undoubtedly want their share. It is something unusual for farmers to plow so early in this little valley, as we have often had snow three or four feet deep even a month later than this.

But among the many changes that are now taking place in the different parts of the earth, the climate seems to be undergoing a change here. The past winter we had not over 12 inches of snow, which made very nice sleighing, many people coming up from Ogden to get out of the mud and have a ride over "the beautiful," and spend a pleasant evening in some of our social parties. We are not blessed here, as the people are in many places, with two or three grades of society; here we are all brethren and sisters, and have but one class of society, and that is first class.

Our Sunday meetings have been unusually interesting and well attended the past winter. Our Y.M. M. I. Association meetings have been very interesting, our schoolhouse being filled every evening we hold meetings. There has been an inter-missionary labor kept up between this place and Huntsville by our young men of the two societies, and a marked improvement is manifest. Our Sunday school is universally well attended; a great majority of our young people between the ages of six and twenty-five are enrolled in the school.

We have had a first-class day school the past winter and is yet in session, being taught by Bro. E. H. Anderson, of Huntsville.

The Relief Society meetings of Eden are well attended and a good spirit prevails.

This morning we found about four or five inches of snow on the ground, which caused a coldness to come over the feelings of the farmers, and plowing will be suspended for a few days. But, taking everything into consideration, the future looks bright. Not wishing to trespass too much on your valuable space, I will close by wishing the NEWS every desired success.

Yours &c.,
O. H. EGGLESTON.

MARSHALL'S HUMBUG OIL, when used freely internally and externally, will positively cure Diphtheria, even in its worst form; thousands can vouch for the truth of this assertion. The raw Oil may be used freely on the tenderest infant, leaving the parts exposed to the air to avoid blistering. For internal use, the Oil may be diluted with water. Four tablespoonfuls of water to one teaspoonful of the Oil—sweeten to taste; bathing the throat and chest freely and often. Dose, one teaspoonful, repeating frequently. The Humbug Oil may be found prepared for internal use, under the name of Marshall's Canker Cure.

A CONQUEROR OF CONSUMPTION!

HALL'S BALSAM

FOR THE LUNGS.

ERADICATES

Coughs, Colds, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all Diseases of the Breathing Organs.

HALL'S BALSAM

Is the LEADING SPECIFIC for CONSUMPTION.

It soothes and heals the membrane of the lungs, inflamed and poisoned by the disease, and remedies the night sweats and tightness across the chest which accompany it.

CONSUMPTION

is not an incurable malady. It is only necessary to have the right remedy, and HALL'S BALSAM is that remedy.

DON'T DESPAIR OF RELIEF, for this benign specific may cure you, even though professional aid fails.

READ THE FOLLOWING:

Dr. D. D. Wright, of Cincinnati, sends us the subjoined professional indorsement. "I have prescribed Hall's Balsam in a large number of cases and always with success." He adds that "in one case a patient with every appearance of confirmed consumption was restored to his usual health soon after commencing to take the Balsam."

John Kuhn, of Lafayette, Ind., writes: "One year ago I was to all appearance in the last stage of consumption and got so low our doctor said I could not live *twenty-four hours.*" Mr. Kuhn further states that "after taking nine bottles of HALL'S BALSAM he is now in perfect health, having used no other medicine."

The above brief extracts are taken from a

MASS OF EVIDENCE

which has been accumulating during a period of TWENTY-NINE YEARS, proving the efficacy of HALL'S BALSAM in all cases where the breathing organs are affected, and obviating the estimation in which the remedy is held by the public and medical profession. Sold by all Druggists.

Price $1.00 per bottle.
