OLD,

TRIED,

AND

TRUE.

People are getting acquainted—and those who are not ought to be—with the wonderful merits of that great American Remedy, the

MEXICAN

Mustang Liniment,

FOR MAN AND BEAST

This Liniment very naturally originated in America, where Nature provides in her laboratory such surprising antidotes for the maladies of her children. Its fame has been spreading for 20 years, until now it encircles the habitable globe.

The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast.

To stock owners and farmers it is invaluable.

A single bottle often saves a human life or restores the usefulness of an excellent horse, ox, cow, or sheep.

It cures foot-rot, hoof-ail, hollow horn, grub, screw-worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and bush life.

It cures every external trouble of horses, such as lameness, scratches, swinny, sprains, founder, wind-gall, ring-bone, etc., etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. Particularly valuable to Miners.

It is the cheapest remedy in the world, for it penetrates the muscle to the bone, and a single application is generally sufficient to cure.

Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately much the cheapest. Sold everywhere.

The Potter Investigating Committee.

NEW YORK, 14.—In the continuation of the examination of Mr. Roberts he said: We were well prepared for trouble. We had determined that, come what might, we would have no collision with United States troops. It was determined not to recognize the Packard government at all. There is in the minds of the people of Louisiana the idea that neither Kellogg nor Packard were elected governor, although Kellogg served four years. We had determined to take the State government by armed force from those who held it by forms of law. The people of the State and the courts recognized the Nicholls government. The Packard government only held the State house and some six acres in the vicinity thereof. The militia amounted to 3,000, all of whom were true to Nicholls.

By General Butler—Then with Packard with only 75 men and Nicholls 3,000 to oppose him, it took a solemn commission of four prominent republicans and one prominent democrat 15 days to trend him down?

A.—Yes, sir; I understand Kellogg's credentials for the Senate were laid on the table by Hoar, Dawes and Burnside voting with the democrats. The only assurances we received that Packard's government would be let down easy were from Matthews, Foster, Garfield, Dennison and Evarts.

Mr. Leete was recalled. In the census of 1875 it was deemed advisable to swell the census of the colored people as high as possible, so that the basis of registration could be as high, as every colored man was understood to be a republican. The democrats ignored that census as a fraud. Witness was told to find a large republican census, meaning a large colored contingent. They told me, said the witness, to find them this, no matter how I did it. I refused. Only the lowest count was taken in my parish, which showed an increase of whites and decrease of colored people.

J. E. Anderson was recalled by Potter, who handed him the following letter which he identified as having received from P. B. Darrell. The letters S., M. and H. in the letter he said meant Sherman, Matthews and Harlan.

MORGAN CITY, LA.,
May, 12th, 1878.

"Private."

My Dear Sir—I have your favor of a late date and am pleased to hear from you. Marks has my passes to use coming home, but will send them to you as soon as they get there. I hope he will be appointed, but don't expect it, nor anything else that is decent from Hayes for Louisiana. His policy appears to be to send Packard away and turn over everything else to our enemies in the party, who will ensure a democratic success next Fall. For myself, in my district, I prefer to have such people against me. If I conclude to run, I can be elected without patronage, and prefer it. I suppose M. did what he could, but they evidently don't think you will do anything. Your letter, taken with your sworn evidence, implicating M. and H., is valuable, use it discretly, but don't spare them, as, except M——, they are the most unmitigated scoundrels I ever met——a miserable, hypocritical, psalm-singing, cold-blooded set, whom it would be doing the country a kindness to expose. Write me fully but be discreet. Send the papers to Mrs. D. if you can without trouble. Am glad Laura is better. We both send love to her. Write often.

Truly, etc.,
P. B. DARRELL.

To James E. Anderson, Philadelphia, Penn.

The Indian Agent Swindle.

WASHINGTON, 14.—Fifteen hundred pounds of tobacco have been found secreted under the floor of the issue-house at Crow Creek agency. Livingston reported that there were but 3,000 pounds at the agency and 8,000 pounds have been already discovered—more than one-eighth of the whole amount issued annually to all the Indians. It is not known whether Livingston applied for additional supplies of tobacco this year, but he did apply for the usual amount of drugs, when he had enough on hand to last 15 years.

The Tornado Sufferers.

MERIDEN, Conn., 14.—Twenty thousand people have visited Wallingford, to-day, by the New York, New Haven and Hartford Railway, availing themselves of the half rates. The entire proceeds are for the sufferers by the recent tornado.

Marauding Nez Perces.

CHICAGO, 14.—Official information is received that Lieut. Wallace of Fort Missoula, has overtaken the marauding band of Nez Perces, numbering about 20, who have been plundering their way from Canada to Idaho, and has punished them severely, killing six and wounding three, and killing or capturing most of their ponies. He had only a handful of men in his command, but used them to excellent advantage.

Killed by a Locomotive.

Mrs. B. J. Sweet, widow of the late General Sweet, and mother of Miss Ada Sweet, the pension agent here, was struck by the locomotive of a train at Lombard, on the Northwestern Railroad, this morning, thrown several feet and instantly killed. She leaves a family of four children. A coroner's inquest exonerated the railroad company.

Associated Press Convention.

DETROIT, 14.—The Western Associated Press met in annual convention to-day, here. There was a large attendance, and a great deal of important business transacted. The board of directors and old officers were re-elected. There was an excursion on the river under the direction of the Detroit papers, after which about half the members went to the bay and the rest returned to their homes.

Yellow Fever Increasing.

NEW ORLEANS, 14.—The extraordinary increase of new cases of yellow fever reported by the board of health up to noon to-day has been the all-absorbing topic of conversation this afternoon. Reports are sought in vain for explanation. The true report includes two days from the Charity Hospital, but that only adds seven or eight cases which should have been reported, and leaves 158 or 157 cases that have occurred during the past 24 hours. So far but few cases have occurred in the third or fifth districts. Of the deaths reported nine are under 20 years, and of these six were natives of New Orleans.

Memphis, 14.—The following has been received by the Associate Press here: At Grenada, Miss., owing to the sickness of the mayor and councilmen, the undersigned have been appointed by the citizens of Grenada, at a general meeting, to receive and distribute whatever pecuniary aid can be obtained for those suffering from yellow fever in Grenada. The disease is here in its most malignant form, and the sick are so numerous and destitute as to make it utterly impossible for Grenada, unassisted, to relieve or move them. Assistance from the charitable is respectfully solicited, and the press are asked to copy this dispatch generally. It is signed by Robert Miller and R. S. Kingsold, M. D., and Health Officer Thomas Walton.

Wool Market.

BOSTON, 14.—Wool is active; the demand continues for combing and delaine fleeces, but all other kinds move slowly and manufacturers are not disposed to operate to any extent as their recent purchases have supplied most of their wants for the present. It is now generally believed that too high prices have been paid in the interior for new clip, and it requires close management on the part of holders to come out whole. Sales of Ohio and Pennsylvania fleeces, 36 @ 38, including medium, XXXX, and above. Michigan and Wisconsin fleeces, 34 @ 36, and quiet; combing and delaine fleeces, 39 @ 45, the latter being taken as fast as offered. California wools remain quiet and steady, with sales at 20 @ 33 for spring, there being a fair demand for this description. Pulled wools at 28 @ 42 for super and X, mostly 33 @ 40.

WESTERN.

Australasian Items.

SAN FRANCISCO, 14.—The following is the news per the *City of Sydney*, just arrived:

In New South Wales the agricultural products are promising.

The Victoria government has introduced a constitutional reform bill in Parliament.

A great rush of gold seekers to New Guinea is expected at an early date.

In New Zealand a meeting of the native leaders hostile to the British occupation took place at Waitra, in the province of Taranki. A satisfactory solution of all the questions between the native government is anticipated and large and fertile districts will be opened to settlement.

At Honolulu the assembly has passed a bill appropriating $80,000 as a subsidy to the Pacific Mail for carrying the mails.

FOREIGN.

AUSTRIA.

The Occupation of Turkish Provinces.

VIENNA, 14.—The Emperor Francis Joseph is much affected by the resistance offered to Austrian occupation of the Turkish provinces. The resistance does not come from Mussulmans alone. Revolutionary Pan-Sclavism is behind them.

The Servian government earnestly declares that it is loyally adhering to its conventions with Austria, but this declaration is not implicitly believed at Vienna.

It is stated that differences have arisen among the insurgents at Lisno, Herzegovina and other points on the frontier north of the river Naren, causing the breaking up of several bands, the chiefs of which, accompanied by Hadji Loja, are said to have fled into Albania.

GERMANY.

The Social stic Trouble.

BERLIN, 14.—The bill for preventing the spread of socialism has been submitted to the German federal council. It prohibits association meetings and the publication or furtherance of socialistic or communistic objects. The appeal from decisions of the central authorities will be to the imperial bureau, to be created for the purpose of considering questions concerning public meetings and the press. Penalties range from a fine to a year's imprisonment. Socialistic agents may be expelled from towns and forbidden to pursue their trades as printers, booksellers or innkeepers. The central authorities may, with the sanction of the federal council in a district where the public safety is endangered, prohibit public meetings for a year, unless the meetings are sanctioned by the police authorities; prohibit the sale of interdicted printed matter in the streets, and restrict the sale or possession of arms and expel unemployed persons.

The Elections.

The elections in Alsace and Lorraine show an increase of the moderate party and a decline of the irreconcilables.

Insulting the Emperor.

Since the attempted assassination of Emperor William by Dr. Nobling, there have been 553 arrests for insulting the emperor. Of this number, 521 have been convicted, including 31 women. The aggregate of the sentence of imprisonment is 811 years. Five of the accused committed suicide before their trials came off.
