OGDEN OBSERVES ARBOR DAY

Officials and Citizens Generally Plant Trees and Shrubs and Clean Up City.

DR. H. J. POWERS POISONED

Swallows Carbolic Acid by Mistake—Boy Injured by Toy Gun—Sam Lewis Denies Sensational Story.

Ogden, April 15.—Arbor day was generally observed throughout the city yesterday in tree and shrub planting by city officials and citizens of all classes. It was also a day for general cleaning up of yards, lawns, parks and streets throughout the city. In the city's parks city officials planted trees and shrubbery.

At the City Hall, Mayor Brewer, President Heywood of the Weber club, M. S. Browning, president of the board of education and a number of other city officials each officiated with the grade and planted trees of all varieties which will add much to the beauty of the grounds.

In the public schools exercises were held, after which trees were planted about the school grounds. At the Weber academy the students, joined by the faculty, planted several trees and shrubs and gave the grounds a general cleaning up. Before the tree planting the students were addressed by A. C. Craft of the forest service upon the history and purpose of the service.

In a number of the parks several trees were planted by well known women of the city which were christened various names. Other prominent citizens officiated at other points throughout the city. Everybody took especial interest in tree planting so as to beautify the city.

DR. H. J. POWERS POISONED.

Dr. H. J. Powers was accidentally poisoned yesterday morning through swallowing a quantity of carbolic acid in mistake for a tonic, and but for prompt action might have been seriously if not fatally injured. As soon as he discovered his mistake he hurried to a nearby drug store, where powerful antidotes of alcohol and whites of eggs were administered, thereby saving his life. He was then taken to the office of another physician, where a stomach pump was used to rid his system of the acid.

INJURED BY TOY GUN.

Cyril Knight, the 11-year-old son of Mrs. Annie Knight, while hunting with a companion near West Weber yesterday

Constipation

Should not be neglected. It leads to more serious troubles. It shows that the important functions of the liver are imperfectly performed. The best medicine to take for it is the mild, gentle and purely vegetable cathartic, Hood's Pills, which act on the liver and bowels, cure biliousness, constipation, morning and sick headaches, break up colds, relieve uncomfortable fullness after dinner.

Hood's Pills

Are prepared by C. I. HOOD CO., Lowell, Mass. Sold by all druggists and sent by mail. Price, 25c.

POLES REMOVED.

The Bell and Independent Telephone companies have engaged men at work removing their poles and lines in the business section of the city from the streets to comply with the order of the city council issued some time ago. In some of the districts the wires have been placed in conduits in the paved districts, while in other districts the poles and lines have been removed to the centers of the blocks.

DENIES SENSATIONAL STORY.

Sam Lewis, accompanied by his wife, has returned to Ogden, where he has accepted a position with the Pacific hotel company as porter. He very emphatically denies the stories that were printed in the papers several months ago about the death of his child and the doing away with the body in a Kewanee hotel.

When asked concerning the story he said: "I never heard a word of that remarkable story until we reached Laramie, coming west this trip, and then one of the railroad employees sprung it on me and asked what it meant. Our baby died in Kansas and was buried. The 17th of June last. We returned to Ogden at that time and remained here until last fall, leaving for Chicago, where we have since lived with my father at 461 south Jefferson street. My wife was never arrested in Chicago, never in jail for a moment, never made any confession of any description and there has never been a change on account of the unpopularity of the colored waiters."

WATERSIDE AT THE POTTER.—Manager Cliff Potter of the Potter cafe was changed waiters in his establishment and in the future instead of the colored waiters there will be waitresses. Manager Potter said he made the change on account of the unpopularity of the colored waiters.

MARRIAGE PERMIT.—A marriage license has been issued to Fred C. Watkins and Ruby Nelson, both of Ogden.

LOGAN.

The "News" is Delivered by Carrier Logan, Every Night (Sunday excepted) at 75 Cents Per Month. All payments and complaints regarding delivery, should be made to F. A. Mitchell, Agent for Daily, Saturday and Semi-Weekly News, 406 E. Center Street. Phone 27-4 Independent.

SCHOOL MONEYS RECEIVED.

Will Enable City Schools to Run Full Term.—Arbor Day Observed, Special Correspondence.

Logan, Utah Co., April 13.—Principal George Harding of the Woodruff school and his basketball team went to Weilsville today to play the public schools at that place this afternoon.

Tree planting was in vogue at the U. A. C. today. The various classes planted trees on the campus. The same was true at the B. Y. C., a special program was also rendered. Dr. Parkinson was called to Providence a few days ago to sew up an artery in the arm of a daughter of Ferdinand Zollinger, which was accidentally cut with a knife.

Mrs. Ferdinand Jacobson of the Logan Sixth ward is very low with pneumonia. Treasurer O. W. Adams of the city

schooled received from the state superintendent this morning \$2,888 of state school money. This is \$1,800 more than was expected by the school authorities and with it the city schools will be able to run the full nine months.

PARK CITY.

TRIPLE FUNERAL.

Burial of J. L. Wyckoff, Daughter and Grandchild.—Another Victim.

Special Correspondence. Park City, April 12.—One of the saddest funerals ever held in this camp occurred yesterday in the Social hall under the auspices of the Women of Woodcraft, when three generations were laid away. Mr. J. L. Wyckoff, his daughter, Mrs. Myra Gibson, and her infant child, were buried at the same time. The child died shortly after birth Saturday morning; the mother died three hours later, 25 years old, and married four years. This was the first baby. Her father died Sunday morning, being nearly 80 years old, and had lived in this camp for many years.

The Golden Rule Mercantile Co., which owns several stores through Utah, Colorado and Wyoming, has put up a store here in this camp and has taken a lease on the Wilcox building on Main street.

Mr. and Mrs. Louis Coleman and family left today for Provo where they will make their future home.

Funeral was held today in the Catholic church over the remains of F. E. Collins, who lost his life in the Alliance mine Sunday morning by being caved on. Services were conducted under the auspices of the order of the Knights of Columbus, to which order deceased belonged, leaving a father and mother in Ireland, and a sister in New York state.

PAYSON.

HALF HOLIDAY FOR CLERKS.

Large Acreage of Peach Planting—Sunday School Convention, Special Correspondence.

Payson, Utah Co., April 13.—The merchants and tradespeople of Payson have agreed to have a half-day holiday Thursday afternoon each week to give their employees a chance for recreation.

A large acreage of peach trees is being planted this year, mostly at the bench lands, which have been demonstrated as very favorable for peach growing. Peach trees are being planted in large numbers and will be larger this year than ever before.

W. H. Sherman, the agent at the D. & R. G. Ry., who has been here so many years, is going to Mr. Pleasant to take up similar work for the D. & R. G. The Sunday school quarterly state convention will be held here Sunday next in the stake tabernacle.

Stumps are reported five feet deep on the level in the mountains. Spring floods are expected to be higher than ordinary as a consequence.

Sanford Wilson is going to erect a business block on the west side of Main street (this year). Newell R. White is going to plant 300,000 more fish in his fish ponds south of town this spring. He has 40,000 trout ready to market.

The mining property south of town is showing up good and the owners feel encouraged over their present outlook. A tunnel in the mountain about 200 feet. A BABY SHOW IN SALT LAKE. Would have many contestants, but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers can't afford to raise children without White's Cream Vermifuge. Price, 25 cents. Sold by Z. C. M. J. Drug Dept., 112 and 114 South Main Street.

Up to date picture framing—C. R. Savage Co., 12 and 14 Main.

Expert Kodak Finishing. Harry Shipley, Commercial Photographer, 161 South Main, second floor.

Pure Drugs and Prescriptions our specialty. Halliday Drug Company.

Kodaks and Kodak Finishing. C. R. Savage Co., 12 and 14 Main.

BOARD OF WORKS MEET.

The board of public works will meet tonight, when routine matters will be discussed. The contract of Shea & Anderson on the conduits over Parley's canyon and Mill creek have been completed. It is possible that the board will accept the work tonight. Although the contractors were to finish the work by April 1, under a forfeiture clause of \$25 a day thereafter, the board expressed no disposition to enforce it. If it does so the city is entitled to about \$400 on the two contracts. It is stated that Shea & Anderson's bid was extremely low and that they probably lost money on it. They have also been allowed extra work amounting to about \$200.

Dean's Regulate cure constipation, tone the stomach, stimulate the liver, promote digestion and appetite and ease passages of the bowels. Ask your druggist for them. 25 cents a box.

THE KIDNEYS AND THE SKIN.

In the spring, the kidneys have much to do. If they are weak or torpid, they will not do it well, and the skin will be pimply or blotchy. That is telling the story in a few words. Hood's kidneys strengthen and stimulate the kidneys, cures and prevents pimples, blotches and all cutaneous eruptions. Don't fail to take it. Buy a bottle today.

L. J. ARCHER. M. J. MITCHELL have the best equipped optical parlors in this city at 212 So. Main.

SOCIAL AND PERSONAL

The following will have box parties at the concert to be given by the Symphony orchestra on April 18: Gen. Straits, Mrs. C. H. Johnson, Mrs. J. J. McClellan, and others. A party from Evanston will occupy one of the boxes, and among others who are coming from outside to attend the concert are Mr. and Mrs. Harold Peery of Ogden.

This morning in the Temple, Miss Marion Lyman, and Coulton Smith were married. The latter has a son of President Joseph F. Smith, and the former a grand-daughter of Apostle Lyman. A reception will be held this evening at the home of the bride's parents, Mr. and Mrs. F. M. Lyman, Jr., and tomorrow the young people will leave for the Sandwich Islands.

Mrs. Frank Anderson entertained this afternoon for Mrs. R. S. Stringfellow of Rock Springs, Wyo.

Mrs. H. C. Edwards is one of today's hostesses, entertaining informally at bridge for Mrs. Nelson Story of Bonanza, Mont.

Yesterday Miss Adella Edwards and M. M. Baxton were married, the ceremony being performed at 2 o'clock by Bishop Clawson at the home of the bride's parents, Mr. and Mrs. J. C. Edwards. The rooms were beautifully decorated in Easter lilies, roses and ferns, and violets, the bride's hair standing in the bay window which was transformed into a bower with the flowers and greens. The bride wore a handsome simple gown of white embroidered meshwork silk and carried bride's roses. She had no attendants. Assisting in receiving and serving

were Mrs. Storkdale, Mrs. Field, Miss Ponder, Miss Edna Edwards and Miss Ella Nielsen. Punch was served in the library by Miss Alice Edwards. Mr. and Mrs. Saxton will be at home to their friends after May 15 at No. 5 Kenwood apartments.

SUMMARY OF MARCH WEATHER

The Month Was Warmer Than the Average.

The local weather bureau publishes today the following summary of the March weather for this region: The month's weather was comparatively cloudy with a general deficiency of both temperature and precipitation. The storms, while as numerous as usual, were less severe, producing few high winds of note, and precipitating less rain and snow. Night out of eight-

detail helped to make the affair a great success.

Two thousand five hundred people formed the Governor's club excursion to Saltair last evening and the Saltair management announced the affair was one of the finest ever held at the resort.

A special musical program was furnished by Held's band and every

detail helped to make the affair a great success.

A Prize For Your Spring Poem

We have been singing the praises of the "Hot Point" Electric Iron for the past two years and as a result we have sold 2,350 of these irons. Now we are going to give the public an opportunity to sing about it. We have accordingly instituted our

Spring Jingle Contest and offer as prizes three "Hot Point" Electric Flatirons for the three best jingles or lineicals having reference to the superiority of the "Hot Point" Electric Iron.

and the advantages of its use for all classes of ironing. Jingles must be limited to six lines. No limit to the number of jingles or lineicals submitted by any contestant. We reserve the right to use any or all matter submitted in this contest in our advertising of the "Hot Point" Electric Iron. Contest closes May 15th.

If you haven't seen the advertisement of the "Hot Point" Electric Iron in Collier's or the Saturday Evening Post, get one of these magazines, and read about this wonderful iron, or phone us and we will send you a circular describing it, or better still—let us send you a "Hot Point" Electric Iron on 30 days' free trial. After using one a short time you should be able to write a volume of poems about its merits.
