The English papers say that two Frenchmen are constructing a balloon to carry ten passengers, four thousand pounds of ballast, and provisions for a month; they will attempt to make a voyage to the North Pole.

The Department of State has received dispatches from General McMahon to the 21st of April, at which time he was well. His relations with Lopez were so cordial and friendly that after the great defeat of the Paraguayans, he was intrusted with the care of Lopez' family. There had been no attempt on the part of Lopez to interfere with his free communication with this Government, and whatever impediments existed are attributed to the course of the allies in declining to send or receive a flag of truce, and in firing upon that sent by the Paraguayans with McMahon's dispatches.

London.—In the House of Lords, tonight, Viscount Gifford gave notice of an amendment to the Irish Church bill, relieving the Glebe houses of debt, increasing and extending the Glebe lands, and granting twenty-five acres of land to each of the Catholic and Presbyterian Churches.

The Viceroy of Egypt has gone to Windsor on a visit to the Queen.

A public breakfast was given here this morning to fourteen English artists about to sail to the United States to enter Cornell University. Lord Houghton occupied the chair. He made a speech full of encouragement and good advice for the enterprise of the young men.

The Duke of Newcastle is up before the Court of bankruptcy.

It is reported that France is endeavoring to carry out the September Convention with Italy for the evacuation of Rome by the French troops requiring only the security of the Papal Territory, before concluding the treaty.

Berlin.—The Prussian Government has laid before the Federal Council of the Zollverein a proposal for a treaty of commerce with Mexico, on the basis of the treaty concluded between Mexico and the Hanse towns in September, 1855.

London.—The bond holders of the Old Atlantic Telegraph Company have appointed a committee to procure settlement of their claims.

The expedition with the great floating dock for Bermuda sailed to-day.

Madrid.—Gen. Dulce has arrived from Havana.

The revolt of Keirges tribes in Central Asia is extending, and has entirely stopped commerce with Russia; the troops from Siberia on the Volga and are hurrying to the seat of war.

Paris.—Prince Henrie of Bourbon has married Miss Payne, an American heiress; he has not renounced his position as a candidate for the Spanish throne.

New York.—Intelligence has been received by a commercial house in this city that a rebellion has broken out at Arroyo and Porto Rico, which was deemed formidable.

New York.—Dispatches of recent date from Cuba state that a considerable number of regular Spanish soldiers have deserted to the patriots, there is also a great deal of sickness among them. The Republicans have received as much or more aid from Mexico, and other points in the way of munitions and arms &c., than has yet been obtained from the United States.

Letters from Nova Scotia and New Brunswick say the feeling for annexation to the United States is steadily increasing.

New York, 25.—A Havana letter, dated the 19th, says that on the 16th several anxious dispatches were sent to Spain from Generals in the field, saying they wanted men; they represented that their forces were in danger. The Spaniards at Puerto Principe and on the road to Neuviatas had suffered heavily from rebel attacks. The correspondent sends the following statement: The government has 13,000 veterans and 2,700 volunteers in the field, added to 1,685 volunteers garrisoning the principal cities, of which 900 are at Havana. The forces of the patriots number 36,000 whites and 1,900 negroes, of which about 26,000 are well armed. This force will probably increase by some 8,000 whites and negroes in a short time, should they continue to receive arms and ammunition from the States. Letana assaulted a camp consisting of families who had abandoned Puerto; the assault was in the night. Two thousand persons, old and young, men, women, and children, were butchered.
