LOCAL BRIEFS.

The funeral of Mrs. Ulrika Jonasson will be held from the Seventh ward meeting house tomorrow at 4 p. m.
Clerk Morison of the board of education yesterday drew a warrant on the treasury for \$17,650 in payment of the semi-annual interest on the school bond debt of \$706,000.

At last evening's Council meeting the finance committee was instructed to make the necessary arrangements for advertising and selling the \$250,000 bonds and report next week.

Miss Belle Richards, by request, will tomorrow evening at 8:30, deliver an address in the Twelfth ward meeting house. The young lady's theme will be "Thou Shalt Love the Lord Thy God."

So many of the heirs of victims of the Scofield explosion have signed the agreement to take the \$500 offered by the Pleasant Valley Coal company that Superintendent Sharp is confident that possible claims will be settled in that way.
Relief funds for the Scofield sufferers continue to come in. Secretary Hammond has received \$347.25 from the St. Paul's guild of this city, \$134.75 from Camp 43 of the Woodman of the World of this city, and \$8.50 from the citizens of Fayette, Sanpete county.

One of Auerbach's delivery horses took fright on the east side last evening and made a very exciting run for several blocks. He finally collided with a small delivery cart, was thrown to the ground, the wagon was broken up, and a shaft was run into the leg of the unoffending horse.

A traveling agent of the "News" in Idaho writes as follows: "The 'News' seems to be holding its own fairly well in this section. The record of Salt Lake papers here is as follows: At Centinel, Idaho, Herald, 2, Tribunes, 6, 'News' 18; at Cove, Herald, 5, Tribunes 5, 'News' 7; at Perry, Tribunes 5, Herald, 6, 'News' 13; at Cleveland, Herald, 6, Tribunes 9, 'News' 26."

Governor Wells some time ago sent word to Fort Duchesne that he had forwarded to Washington the offer of J. Gordon McPherson to head a company of colored troops for China, to avenge the death of Col. Liscum, and he has received the following reply from the fort: "Accept the thanks of Utah's black citizens who will help avenge the murder of our Liscum and defend the nation's honor."

Cardston Record: H. C. Jacobs, the father of our genial Zeb, came up from West Weber, Utah, this week to look over the country. Mr. Jacobs is a large fruit grower and one of the most successful men in West Weber and he is delighted with this part of southern Alberta. Last year he acted as immigration agent for the Church and was instrumental in bringing many settlers here, but owing to the lack of homesteads in this district he intends directing his attention to other countries in the future.

John Harty, George Gibbs and Clarence Harty returned last night from an outing through southern Idaho, where they indulged in hunting and fishing, etc. They passed through Soda Springs where they met a number of Salt Lake people who are spending the summer there. They say that there will be scarcely any wheat crop in that country this year, the ground squirrels having cut it almost all down, as well as ruining the land. The ground squirrel problem is one of the gravest that now confronts the Idaho farmer.

RETURNS FROM THE KLONDIKE.

A. B. Witcher Comes Back After an Absence of Three Years.

SAID TO HAVE A SNUG SUM.

James Hensley Tells a Doctored Tale About the Cape Nome Country—Many Disappointed People.

A. B. Witcher returned to the city last evening after an absence of three years in the Klondike. He was in the second expedition that left San Francisco, so that he was there when there was breath rooming, and according to the reports of the Seattle papers he got a good "breath" as he left enough gold dust at the mint there to receive \$29,000 in return. He has a number of very rich nuggets, which he exhibits as specimens. Speaking of his experiences, Mr. Witcher said that he did not encounter much hardship, everything coming comparatively easy for him. He said, however, that the day is past when a poor man can make a stake there, as every inch of land that is worth anything is taken up, and it costs lots of money to buy it. Poor men also now and prices have come down to a reasonable basis.

In relation to the Cape Nome country, Mr. Witcher said that he did not think much of it. He was there on his return and the coast was lined with disappointed people.

Mr. Witcher will return in the spring to look after his property, having three good claims on Dominion and Sulphur creeks. He thinks that the gold fields in that country are substantial and will last many years yet. The country is now easy of access.

Mr. Witcher is at present staying with his father, Gen. John Witcher on Twelfth South and Fifth East streets. James Hensley, who is a well known Salt Lake miner, arrived home last evening from Cape Nome, having gone to that country last May with John H. Benbrook, and he returns a thoroughly disgusted man, so far as Nome is concerned. He says he has been associated with mining for nearly forty years, and that he has taken out more gold in one clean-up out of ground than he has in twenty years than he saw in Nome during all the time he was there. He says that all the Dawson gold passed through Nome and is represented to be Nome gold.

He says there are about twenty-five thousand people at Nome, about 10,000 of which will never get away from that country unless the government or their friends give them the means. There are about three or four hundred thousand dollars of mining machinery lying on the beach waiting to be washed into the sea. The people also fear a fire, which, if it should break out, it would be impossible for any of the people to get away. There were thirty cases of smallpox reported when he left and the physicians say that if the weather turns cold or if it rains, the people will die rapidly that it would be impossible to bury them.

Mr. Benbrook says Joe Lipman just before he left and he says Joe will return in about two weeks, if he doesn't find something better than what he has seen. He reports that John Smithy and Pike Benbrook are in Nome. John Smithy is in a club room there for \$20 a day.

Mr. Benbrook says he will stay in Salt Lake.

INCOME OF AN HEIRESS.

Report of Miss Emery's Guardian Filed With County Clerk.

Susanna Bransford Emery-Holmes, guardian of the person and estate of Louise Grace Emery, a minor, has filed with County Clerk Dunbar her account covering the period from Sept. 11, 1899, to 1st Jan. 1900. The report, which is sworn to by J. S. Bransford, the ward's uncle, shows that during the period named Miss Emery received \$5,373.92 from dividends on 11,000 shares of Silver King stock, which now pays her \$5.30 a month, and from interest on Salt Lake Street railway bonds and other investment securities.

On Sept. 11, 1899, the balance of cash in the estate was \$63,245.51 and the disbursements made during the following ten months amounted to \$10,474.54 for expenses and \$105,685.75 for investments, leaving a balance of cash on hand July 11, 1900, of \$12,355.16. For the period named in the report the ward's guardian received \$2,480 for Miss Emery's support, her uncle was paid \$1,000 for services as clerk and Judge Dickson, her attorney, received, also by order of court, \$750. Estimating Miss Emery's income at \$60,000 a year her property is worth what \$1,600,000 would yield at 5 per cent annual interest, and at present market values her investments are worth upwards of \$800,000.

August 1st was set for hearing of the report.

RETURNS ARE CANVASSED.

Monday's Election Shows Majority Favoring Bonds to be \$68.

The City Council met in special session last evening as a canvassing board to officially canvass the returns of the bond election held on Monday last. A few errors were found in the returns as published. The result of the canvass was 1,307 votes in favor of the bonds; 568 against; majority for the bonds 568; total vote cast, 2,045; spoiled ballots, 6.

MUNICIPAL TAX LEVY.

Comptroller Thomas Introduces an Ordinance Reducing Last Year's Rate.

At last evening's Council meeting Comptroller J. J. Thomas introduced an ordinance fixing tax levy for municipal purposes for the current year at 7 mills, which is one-half mill less than last year. A 7-mill tax on the assessed valuation of \$31,876,516 would yield a total revenue of \$223,155, as compared with the past year's levy of 7 1/2 mills on an assessed valuation of \$29,587,738, yielding \$230,112, which would be on the proposed 7-mill rate for this year, a decrease in taxation of \$6,957 this year.

The proposed levy is divided as follows:
First—To defray the contingent ex-

penses of said city, 4 mills on the dollar.

Second—To defray the expenses of controlling the water of said city, 1-1/2 mills on the dollar.

Third—To defray the expenses of opening, improving and keeping in repair the streets and sidewalks of said city, 1 mill on the dollar.

Fourth—To defray the expenses of constructing and keeping in repair sewers and drains in said city, one-third mill on the dollar.

Fifth—To defray the expenses of maintaining a public library and reading room, one-fourth mill on the dollar.

The ordinance was laid over until the next meeting of the Council, which will be on Wednesday of next week, on account of Tuesday being Pioneer day.

EDUCATIONAL VISIT.

Acting President Brimhall Goes to Arizona on a Lecture Tour.

Acting President G. H. Brimhall of the Brigham Young Academy left last night via the coast for Thatcher, Arizona, where he is engaged to deliver a course of thirty lectures before the Graham County Teachers' Institute.

This educational gathering promises to be a unique and interesting affair. It begins August 1, and is to be held on the summit of Mount Graham, a short day's journey from Thatcher, along a new mill road, which carries the visitors through magnificent scenery. The course of instruction is free and everybody is invited. As Prof. Brimhall's fame as an actor has preceded him, and the subjects he will treat are of popular interest, it is expected that the people will turn out from Graham and adjoining counties in great numbers, to enjoy at once an intellectual feast and the physical rest and recreation which such an outing affords.

Among the attractions announced are lawn tennis, moon light concerts, base ball, and wild strawberries galore.

Incidentally President Brimhall will make the trip there and return interesting and profitable to himself by frequent lay-offs on the way. He will return via Santa Fe and Durango about August 15.

WAR AND ROMANCE.

Will Wed on Monday and Leave the Same Day for China.

War and romance naturally go together, how naturally can best be told by Lieutenant Charles E. McCullough, of the Ninth cavalry, who with Miss Jessie Forbes on Monday at 4 p. m., and four hours afterwards boards the train for the Presidio and China, leaving his bride behind him.

Lieutenant McCullough has been acquainted with Miss Forbes for thirteen months, and from the very first a warm attachment grew up between them. The wedding took place in a union next Monday. Miss Forbes is a daughter of Mr. and Mrs. Gouverneur M. Forbes, and is popular in society circles.

When the orders came to the troop to leave at once, it was then the young people decided to marry, and the license was procured yesterday.

The wedding will take place at the home of the bride's parents. It will be a quiet affair, only intimate friends and immediate relatives will be present.

Mrs. McCullough is in a union next Monday. Miss Forbes is a daughter of Mr. and Mrs. Gouverneur M. Forbes, and is popular in society circles.

Lieutenant McCullough rose from the ranks. He enlisted at his home, Phillips, Wisconsin, in troop A, Seventh cavalry, on August 12, 1894. He received his promotion to second lieutenant on October 1, 1899.

The many friends whom the lieutenant has made here regret to see him leave, and sincerely wish him good luck and a safe return home, when his services shall no longer be needed.

STAKE RELIEF SOCIETY.

The meeting of the officers of the Salt Lake Stake Relief Society, will be held Saturday the 21st, at 2 p. m., in the Fourteenth ward meeting house. A full attendance is requested.
