

HILTON REMOVAL PUT OFF A WEEK.

City Council Last Night Gets
Through a Pile of Work.

EIGHTEENTH WARD SQUARE

Communication Received From Gov.
Weils and Citizens Asking Purchase
of Public Park for Northeast.

The matter of the removal of Chief
Hilton and the appointment of his suc-
cessor did not come up at last eve-
ning's session of the city council as
some had expected it would. A great
deal of important business was trans-
acted. The new health ordinance, as
prepared by City Attorney Nye, Dr.
King and H. H. Smith, clerk of the
board of health, was introduced by
Robertson and was referred to the com-
mittees for consideration.

NEW HEALTH ORDINANCE.

The ordinance, besides embodying all
the provisions of the old ordinance in
a more explicit form, contains several
new provisions for the better enforce-
ment of the health regulations. It pro-
vides for the enforcement of disinfect-
ing at places where contagious dis-
eases have been, and for the reporting
of all such diseases within five hours
from the discovery thereof, unless such
cases arise on Sundays or hours dur-
ing which the health office is not open
for business, then they are to be re-
ported at the earliest possible time. A
severe penalty is imposed upon parties
who neglect any quarantine signal
and upon any physician or other person
who advises others to disobey quaran-
tine regulations. A penalty is provided
for those who knowingly fail to report
any infringement of the health ordi-
nance.

ASK FOR A PARK.

A communication was received from
Gov. Wells and a large number of peo-
ple asking that the block 15, plat
D, commonly known as the Eighteenth
ward square, situated immediately west
of a street between First and Second
streets, be purchased by the city and
converted into a public park. The
council's attention was called to the
needs of residents of the northeastern
part of the city for a park, and as
that plot is very suitable for such pur-
poses, and will soon be placed on the
market, it was urged to take some ac-
tion in the matter. The petition was
referred to the committees on finance
and public grounds with the land and
water commissioner associated.

WANT STREET OPENED.

A communication was received from
the board of education asking the city
to open up and improve the street
along City creek from State street to
Canyon road, as it is the board's in-
tention to erect a school building on
State street near City creek and the re-
sidents living in the Eighteenth ward
are desirous that the street shall be
opened so as to use the same in passing
to and from the school. The petition
was referred to the committee on
streets.

MISS EVA SMITH,
Secretary of the Philomathion Society of Kansas City.

ation, so vital to a young woman's health
and happiness. After womanhood has
come the danger is not over. A cold may
make no end of trouble for the woman at
the monthly period. Wine of Cardui is a
medicine to use with benefit at any time
of life.

Miss Eva Smith is a very young young
lady of Kansas City, Kansas. Her address
is No. 603 1/2 North Seventh street. Miss
Smith is the secretary of the Philomathion
society, a name which means "lovers of
learning". Coming from Miss Smith the
letter which follows should have great
weight with suffering women who are long-
ing for the relief which Wine of Cardui
gives.

"Last winter I caught a severe cold to
which I paid but little attention until I found
that it was going from bad to worse and had
settled all over my entire system, causing
serious inflammation and bearing down
pains. I suffered at the same time with
fever and headache and although I used the
physician's prescription faithfully I found no
relief. I was advised to try four bottles of
Wine of Cardui. I did so and my health
was restored, and since then I have perfect
confidence in the merit of your medicine."

Perhaps you are irregular because you
are not doing anything for yourself? If
this is so, you could not get better advice
than that Miss Smith gives you in her let-
ter. She waited so long and got so bad
that inflammation appeared and bearing
down pains made her life miserable. That
was because she did not know what to
take. It is a natural and healthy starting of men-
struation.

YOUNG women generally enter so
heartily into every pleasure and
duty, it is a great pity their lives
are so beset by the pitfalls of sickness and
danger. Just as they are entering the
stage of conscious womanhood they begin
to realize the dangers ahead of them. Dis-
ordered menstruation threatens the bloom
of health in their cheeks, just as they are
learning to cherish their beauty as a bless-
ing. Strong healthy girls, who have
ramped at play with their brothers become
helpless women if their menstrual
habits are not correctly established at the
start. Mothers should watch their daugh-
ters as they are entering womanhood and
see that they are well equipped for the new
life. Girls who enter womanhood with
impaired health are doomed to life-long
suffering. But every mother can secure
good health for her girls by giving them
Wine of Cardui. The result is invariably
a natural and healthy starting of men-
struation.

WINE OF CARDUI

Women who have suffered and are
now cured know how great
a remedy this is.

SOLDIERS OUT HUNTING TROUBLE

Drunken Blackguards Insult Pass-
ing Ladies on Street.

PLUCKY COLORED MAN ACTS.

Knocks Out Two Men—Organize to
Clean Out Negroes—Saloons—
Brings Two Guns Into Play.

That the police force in its present de-
moralized state can not successfully
cope with the disturbing element in the
city was clearly demonstrated last
night when bands of soldiers from the
Fort roamed the streets in a drunken
condition, and swaggered into saloons
looking for fights. Several brawls oc-
curred on the streets, and on Commercial
street Officer Bush simply had more
than he could do to prevent trouble.

MORE WATER RIGHTS.

Pernot introduced a resolution
providing for the purchase by the city
of the Utah Mattress Manufacturing
company's water right in the Jordan
river. The company reported that it
had the sum of \$15,000.44 now on
hand as accrued interest and asked
warrant disposition to make of the same.
He was instructed to place the fund to
the credit of the contingent fund.

LICENSE BILL-BOARDS.

An ordinance was introduced by Hew-
lett regulating and licensing billboards.
It provides that no sign or billboard
to be erected or maintained within the city
limits any sign or billboard to be used
for advertising purposes without first
obtaining a permit from the building
inspector. The boards shall not be
more than 10 feet high and shall be lo-
cated not nearer than 10 feet from the
sideline of any walk. No such board
shall be erected on West Temple, Main
and State streets between South Tem-
ple and Fourth South streets, and on
South Temple, First, Second, Third and
Fourth South streets between West Tem-
ple and State streets, without first se-
curing the written consent of two-thirds
of the householders on both sides of
said streets. A license shall be charged
of five cents per linear or running foot
for all billboards. The ordinance pro-
vides that offenders shall be fined not
less than \$5 nor more than \$100 for each
offense. The ordinance was referred to
the committee on license and municipal
laws.

NO WASTE PAPER BOXES.

The sanitary committee reported fa-
vorably upon the petition of Dr. J. T.
White to place waste paper boxes on
the streets, but after considerable dis-
cussion the council voted not to adopt
the report.

CLAIM OF MARY ELLEN HYDE FOR \$7,000.

The waterworks committee offered a
resolution providing for the supplemen-
tation of waterworks to remove the water
to the upper end of the line and make
monthly readings of the same. The
resolution was adopted.

CONSIDERATION OF THE FEEDANCE.

The department pay roll for the first
half of March amounting to \$4,385.35,
was referred for approval.

INTENSE SUFFERING FROM DYSPEPSIA AND STOMACH TROUBLE

Instantly Relieved and Permanently
Cured by Stuart's Dyspepsia Tablets.
A New Discovery, but Not a Patent Medicine.

Dr. Redwell relates an interesting ac-
count of what he considers a remark-
able case of acute stomach trouble and
dyspepsia by the use of the new
discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man
who had suffered, to my knowledge,
for years with dyspepsia. Everything

he ate seemed to sour and create gases
the food, and he was very much in pain
in the back, shoulder
blades and limbs, fumes and distress
after eating, poor appetite and distress,
faint, the habit became affected, causing
palpitation and sleeplessness at night.

"I gave him powerful nerve tonics
and blood remedies, but to no purpose.
At last, in experiment I finally brought a 50
cent package of Stuart's Dyspepsia
Tablets at a drug store and gave them to
him. Almost immediate relief was
given, and after he had used four boxes
he was to all appearances fully cured.

"There was no more acidity or sour
water, no bloating after meals,
the appetite was vigorous and he had
gained between 10 and 12 pounds in
weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets
are advertised and sold in drug stores,
yet I consider them a most valuable
addition to any physician's line of reme-
dies, as they are perfectly harmless
and can be given to children or in-
valids in any condition of the stomach
with perfect safety, being harmless and
containing nothing but fruit and vegeta-
ble essences, pure pepsin and Golden
Syrup."

WHAT WITHDRAWAL MEANS.

World Close About 5,000 Acres of
State's Grazing Lands.

The members of the state land board,
as well as all who are interested in
Utah were particularly pleased on
learning that the order of withdrawal
from entry and occupancy of 5,000 acres
of mountain land in this state,
had been suspended, due to the efforts
of the Utah delegation at Washington,
incited by many people at home. This
order of withdrawal was issued pending
an investigation of the lands by
a special agent of the department.
If the order goes into effect it will be
a paralyzing blow to the livestock in-
terests of the state, for it means the
shutting out of the stock from about
5,000 square miles of the best grazing
land in the state, that means a strip of
land 20 miles wide and 250 miles long.
The members of the land board say it is
folly to suppose that all this vast land
is required as a watershed to protect
the drinking water of the city and
towns of the state from impurities, and
as the land is chiefly useful for graz-
ing purposes, its withdrawal would nat-
urally cut into the revenues of the
state that have been derived from the
land that is under lease. They are confident
however that after the special inspec-
tor makes his report it will result in
materially altering the order.

SOCIALISTS DISAGREE.

Breach in Ranks of Social Party—
Won't have Populism.

The local branch of the Socialist party
seems to be disintegrated with not only
everything else, but with themselves as
well. A breach has arisen in the ranks,
which will be hard to bridge over be-
cause feelings have been hurt. The
schematic condition of the party be-
came manifest at the meeting on Mon-
day night, which was called for the
purpose of reorganizing the branch.

The ranking began about a month
ago, when it was by accident that
Socialists, Charles Crane used the name
of their party in promoting interest in
the lecture by Prof. Mills. Also that
he distributed Populist literature in the
name of the party.

National Committeeman George E.
Boomer of the state of Washington in-
sisted that Mr. Crane had to say and
be looked upon as the winner of the
tournament. The scores made yester-
day follow:

LOS ANGELES MAY GET THE FIGHT.

NO REPLY FROM RED ROBERT

Champion Telegraphs the Lanky One
To Accept the Offer Without De-
lay—Jim Getting Anxious.

Los Angeles Cal., March 19.—There is
still a chance that Los Angeles may get
the Jeffries-Fitzsimmons fight. The
time limit set by the Century club for
the acceptance of its bid of \$25,000 for
the fight expired yesterday without a
reply from Fitzsimmons. Jeffries ex-
pressed much regret that Fitzsimmons
had not seen fit to accept the offer
which he considered the best that had
been made. He requested that the club
extend the time limit until to-
night and voluntarily telegraphed to
Fitzsimmons that in his opinion they
would make a big mistake in allowing
such a liberal offer to be withdrawn.
The club agreed to Jeffries' request and
has extended until tonight the time in
which it will hold its bid open.

just three days, and they lived together
just six days more when they separated
for good. Daniel was then 21 and had
been sent to Kansas City by his father,
superintendent of the Pacific Express
company at St. Louis, and who formerly
