WASHINGTON.

An Appropriation Which if Slightly Extended Might Dredge Our Own Creeks.

WASHINGTON, May 28.—The completed river and harbor bill has been reported to the Senate. The bill as it came from the House carried an aggregate appropriation of $19,005,783. As reported to the Senate this morning it appropriates $21,388,783, an increase of $1,783,600. The principal changes as compared with the bill previously reported by the committee and recommitted are the following: Laws creating the Missouri river commission, repealing the Arkansas river appropriation increased to $175,000. The Ohio river appropriation is not changed; the appropriation for the Mississippi river stands at $2,500,000; the total appropriation for the Missouri is increased to $1,000,000.

THE AGRICULTURAL APPROPRIATION.

The House committee on agriculture, today finished the consideration of the agricultural appropriation bill. As completed it appropriates for the fiscal year 1889, $1,501,840 an increase in the appropriation for the current year of $392,230.

THE ARMY APPROPRIATION.

The House committee on military affairs reported the army appropriation bill to the House today. The bill makes the total appropriation $24,289,700, while the estimates were $25,724,324. The appropriation for the current fiscal year was $23,724,718. The increase is chiefly in the item of $400,000 for dynamite.

THE DEMOCRATIC CAUCUS

reassembled at 8 o'clock this evening with rather a slim attendance. Mr. Randall was present but Speaker Carlisle was not nor was Cox. The first few minutes of the caucus were spent in discussing the cotton schedule. Bliss of New York advocated the amendment which was rejected, that the duty on cotton bagging be fixed at two cents a yard instead of 15 per ad valorem as proposed in the bill.

Upon motion of Holman of Indiana works of art were stricken from the free list and the present duty retained. The debate ran on for two hours, when the members of the ways and means committee made a determined effort to save the bill from the tinkering and opposition which was slowly encroaching on the best features of the bill. As a concession to Thompson and Biggs, of Alabama, the duty on prunes and plums was restored to the existing figures, 1 cent per pound, but the duty on raisins was not changed, remaining at 1½ cents per pound.

Heard of Missouri, secured the adoption of an amendment reducing the duty on new type from 24 to 17 per cent.

To meet the criticisms of the republicans on coal and iron ore sections, to the effect that the bill would admit of the free entry of these articles, the language of the paragraphs was changed so as to forbid any such construction.

The wool and woolen schedules of the bill have been left as they came from the committee.

Kaolin and pottery clays were taken from the free list and restored to their old duties.

Salt and salt machinery were likewise left open.

Adjourned till Wednesday.

FULLER IN CONSIDERATION.

The Senate committee on judiciary this morning again considered the nomination of Fuller, but did not reach any conclusion. It was decided to hold a special meeting on the case next Tuesday, at which it is expected the matter will be disposed of.

THE APPROPRIATION BILLS.

The state of the appropriation bills does not compare favorably with their condition during the last long session, although the business was then much below the average. Up to the present date but two of the fourteen appropriation bills have passed both houses—the military academy and pension bills. Five more have passed the House, namely: the postoffice, diplomatic, District of Columbia, Indian and river and harbor bills. Only one (legislative) is pending. Six bills have not yet been reported from the committees. They are, the sundry civil, the army, navy, fortification, agricultural and general deficiency appropriation bills. At the corresponding period in the Forty-ninth Congress, nine of the appropriation bills had passed the House, and three had passed the Senate, which was just one-third more than has been similarly disposed of this session.

Attacked from the Bushes.

ABIGDON, Va., May 28.—Engineers of the Tennessee Steel and Iron Company, while surveying in Wise County, on the 25th, were attacked by a body of men in the bushes and two of the party were killed. The company of guards employed to protect the engineers were driven off and routed. Great trouble is expected and the settlers of the neighborhood warn the engineers to leave immediately. The cause of the trouble is the dispute over the possession of land which both the settlers and the company claim.

To Delay the Execution.

COLUMBUS, O., May 28.—The State board of pardons heard the application of Blinky Morgan today for a commutation of sentence to imprisonment for life, and recommended to the governor that he extend the time of the execution sixty days from June 1 to give them time to examine the case.

Embezzlement.

ST. PARIS, Ohio, May 28.—E. V. Rhodes, cashier of the First National Bank, has been arrested for embezzlement of the funds of the bank and held for appearance before the United States commissioner on May 31st.

Killed With an Ax.

WATERTOWN, N. Y., May 28.—In a farm house in the village of Pierrepont Manor, Jefferson County, there was a tragedy last night, the victim, Julia E. Dewey, expiring from five large gashes on the head and face, inflicted with an ax. The widow resided with two young children. Several persons are suspected.

Raiding the Chinese.

NEW YORK, May 28.—Captain McCallough and a platoon of police raided two Chinese brothels last night at 11 o'clock on Fell Street. Twelve Chinamen, two boys and seven young girls were arrested. At 26 Mott Street three Chinamen and two girls were arrested. Some of the girls wore short dresses and begged piteously to be released when the officers broke into the dens of the celestial fiends. Pretty victims were "hitting the pipe." One of the girls Mary Lung, *nee* Farrell, was married to Prince Mok Lung of the Chinese Six Companies, by Budge Pitsche three months since.

Contempt of Court.

LOUISVILLE, Ky. May 28.—An attachment for contempt of court was issued by Judge Tony here today against C. P. Huntington, the railroad magnate. In the dispute over the Short Route Railway, Huntington was some time since ordered to produce in court here to-day the books of the company. Upon his failure to do so, he is cited to appear on May 31 and show cause why he should not be fined and imprisoned for contempt. The original dispute was settled after argument to-day by Huntington's representative practically complying with the demands of the stockholders.

POLITICAL NEWS.

The Gresham Boom appears to be Growing in Popularity.

PROHIBITIONIST PREPARATIONS.

INDIANAPOLIS, May 28.—Although the prohibition national convention does not meet until Wednesday morning, the preparations of the local committee are practically completed. The place of meeting (Tomlinson Hall) has been neatly decorated with flags, banners and flowers, appropriate mottoes being interspersed among the gaily colored ornamentations. Delegates are arriving on every train, but the main body will not be here till tomorrow, some even delaying their arrival till Wednesday morning. The convention, under the call, should include 1004 members, 818 being regular and 276 provisional. Chairman Samuel Dickie of Albion, Michigan, and Treasurer D. Hastings of Madison, Wisconsin, of the national committee, are already here. The temporary organization of the convention will not be determined upon till the national committee meets tomorrow, but it is probable Governor St. John will be the presiding officer, if he consents to accept the position. Among the delegates who have already arrived, there is but one name mentioned for Presidential nominee, that of Clinton B. Fisk, of New Jersey, although a large number would be glad to vote for St. John, who has declared himself out of the field in positive terms. For vice-president, a large number of names are proposed, among them Green Clay Smith of Kentucky, John K. Brooks of Kansas City, Levi Tanner of Alabama, E. L. Dalhovey of Texas, Geo. W. Bunn of Kentucky and Joshua Levering of Baltimore.

THE DEMOCRATS REINFORCED.

CHICAGO, May 28.—The executive committee of the United Labor party of Chicago, decided tonight that owing to the multiplicity of labor tickets in the field, separate action by the labor people would not be effective in the present campaign. It was thereupon voted to throw the strength of the organization to the democratic state ticket, particularly to the nominee for Governor, Gen. John M. Palmer.

DEMOCRAT HEADQUARTERS.

ST. LOUIS, May 28.—The official announcement of the headquarters of the members of the democratic national committee and the delegations from the various states is as follows: Alabama, Lindell; Arkansas, Southern; California, Laclede; Colo., Southern; Connecticut, Planters; Delaware, Lindell; Florida, Southern; Georgia, Southern; Illinois, Lindell; Indiana, Lindell; Iowa, Lindell; Kansas, Planters; Kentucky, Lindell; Louisiana, Planters; Maine, Planters; Maryland, Southern; Massachusetts, Planters; Michigan, Southern; Minnesota, Planters; Mississippi, Southern; Missouri, Laclede; Nebraska, Planters; Nevada, Southern; New Hampshire, Lindell; New Jersey, Hurst; New York, Southern; North Carolina, Lindell; Ohio, Lindell; Oregon, Laclede; Pennsylvania, Southern; Rhode Island, Southern; Texas, Planters; Vermont, Lindell; Virginia, Planters; West Virginia, St. James; Wisconsin, Planters; Arizona, Hurst; Dakota, Hurst; District of Columbia, Laclede; Montana, Hurst; New Mexico, Hurst; Utah, Laclede; Washington Territory, Hurst; Wyoming, Hurst; Idaho, Hurst.

Total number delegates, 820; necessary to a choice, 547.

BLAINE'S REFUSAL.

NEW YORK, May 28.—The *World*, in a double leaded italicized editorial, will add this to its former announcement in regard to Blaine's formal withdrawal: We repeat with absolute confidence in our previous statement, and add to it this further information, that Blaine has already written to one of the most intimate friends a letter positively refusing the use of his name as a presidential candidate, and declaring he could not, under any circumstances, accept the nomination. Our republican friends may accept this information as absolutely true. Mr. Blaine is out of the race.

CHARLES A. DANA SPEAKS.

PITTSBURG, May 28.—Charles A. Dana was interviewed here yesterday, and said Cleveland could not be elected on a free trade platform, nor carry New York on that issue. Depew, he said, was the best man the republicans could nominate.

CINCINNATI, May 28.—The *Commercial Gazette* will print in the morning, interviews with C. A. Dana of the New York *Sun* and Whitelaw Reid of the *Tribune*. Dana says of Cleveland, there is nothing now to show any opposition to his renomination, and he believes it likely Cleveland will have a say as to the nominee for the vice-presidency, otherwise if elected he might be handicapped. He said if Blaine should be nominated, the Mugwumps would be quite as strong and fully as bitter as before, and the Stalwarts, especially those of the one idea county breed, will likewise be very strong and very bitter. He said: "Eastern republicans haven't any great sympathy with Senator Sherman, though while he was but little known among the people, he was strong among business men. Some of them oppose him because of the opinion that he used his public position for his personal benefit. If he should be nominated, that view of the case would be exploited in a great way against him." He said Governor Hill was opposed by Cleveland, but was solid among the New York masses.

Of the republican presidential candidates, he said Chauncy M. Depew would undoubtedly "beat out of sight in New York any man the democracy could put up, with the exception of Governor Hill." He would command the confidence of the business men and the laboring men who are his friends.

In an interview Whitelaw Reid said, in reference to Blaine: "No one can say what he would do if unanimously nominated at Chicago. His Florence letter was sincere, and he really wanted to be counted out, and he would be greatly pleased if only he could be taken at his word."

JAY GOULD AND GRESHAM.

WASHINGTON, May 28.—It is understood here among politicians that Jay Gould's journey to the Western States is largely for the purpose of arresting the progress of the Gresham boom. Gould regards Gresham as an obstacle to his schemes. It is supposed he proposes to nip his Presidential chances in the bud if possible in self-defense and in revenge for the Judge's decisions adverse to the Gould interest.

JUDGE THURMAN.

COLUMBUS, Ohio, May 28.—Judge Thurman denies the report that he has consented to the use of his name for Vice President. He has not been consulted and is a candidate for no office.

BELIEVES BLAINE SINCERE.

AUGUSTA, Maine, May 28.—J. Manchester Haynes, of Augusta, a member of the national committee, said today: "I still think Blaine is sincere in his letter. I believe he intended to take himself entirely out of the field." He thought Blaine would accept, if nominated, as he would probably not embarrass the party by declining. He would not be bound to bear the burden of the campaign, however, as the party nominating him would owe him an election. Depew, is Hayne's second choice.

THE GRESHAM BOOM.

WASHINGTON, May 28.—The Gresham boom is rapidly gathering headway. It meets favor with those lukewarm in their support of Blaine in the past and those now regarding him as out of the race. The Anti-Blaine republicans in the House have turned largely to Gresham. Congressman Anderson of Iowa, said yesterday: "Gresham as a Presidential possibility is growing in popularity daily. He is a clean man. He is on the right side of all the issues of the day, and while he is far removed from demagoguery, he enjoys the full confidence of the great mass of our people who are quick to turn with suspicion from anything which savors, however remotely, with monopoly. I consider Gresham an ideal candidate. From conversations with republican representatives of every section of the country I am satisfied the boom has a substantial basis. It has a healthy growth in every State in the North."

BLAINE'S HOUSE SEARCHED.

NEW YORK, May 28.—An Augusta special says: One of Blaine's prominent friends state that Blaine's house was broken into some time ago, during the family's absence and all his political and business correspondence and private papers which were in his library were overhauled, carefully examined and a portion of them abstracted. The matter has been kept a secret in the hope that the thief might be discovered, but he has never been. The supposition is that the robbery was perpetrated in the expectation of obtaining something among Blaine's private papers which might be used to his political injury. The character of the papers stolen is unknown.

AUGUSTA, Me., May 28.—The *Journal* reporters have investigated the published story of the robbery of Blaine's house, and confirm the statement that in April 1885, when Blaine was away, his house was entered and the papers in the library overhauled. Before leaving his home Blaine had carefully reviewed all his papers, and had taken all the papers relating to politics and business and locked them up in his vaults. The burglars got only receipted bills and letters of congratulation.

A POLITICAL OPINION.

HARRISBURG, Pa., May 28.—Ex-Governor Hoyt, being asked what he thought of the presidential situation, said: "The nomination of Blaine seems inevitable in view of the multiplicity of republican candidates struggling for the prize. The party will take him as the standard-bearer because they are afraid to risk running any other man. The prospects of success, however, are far from encouraging."

Poisoning a Whole Family.

COUNCIL GROVE, Kansas, May 28.—The family of J. A. Allen, of this place, consisting of mother, wife and two little girls, were poisoned last night with arsenic placed in the coffee pot. The youngest child died today. Allen was not not affected as he did not drink of the coffee, and circumstantial evidence points strongly to him as the perpetrator of the fiendish deed.

To Insure Submission.

LONDON, May 28.—The Rome correspondent of the *Times* says: A final audience with the Pope has convinced Archbishop Walsh that the rescript must be obeyed, but the Vatican would not make the compliance needlessly difficult. The archbishop expressed his intention to endeavor to stop the meetings and to insure submission.

Denouncing the Pope.

DUBLIN, May 28.—John Dillon, speaking at Kildare Sunday, denounced the bishops who support the Papal rescript regarding Ireland. He said the nationalist party was not afraid of any bishop's threats nor of any mandate from the Vatican and it was not going to abandon "the plan of campaign" or "boycotting" with which weapons it had fought the battle so far.

Healy in a speech at Waterford twitted the Pope with working his own "plan of campaign" when the Sardinians grasped his territory and with boycotting Victor Emanuel.

Wm. O'Brien addressed a large meeting at Limerick. He uttered bitter invectives against Bishop O'Dyer, saying the threats contained in the bishop's manifesto with reference to the rescript were rash and the most unjust ever made.

O'Brien said the bishop left Limerick Saturday after supplying copies of his manifesto to every Orange newspaper, but he did not send a copy to the mayor, to whom the manifesto was nominally addressed and who discovered it in the journals. O'Brien declared there never was anything falser than Bishop O'Dyer's assertion that the nationalists were agitating the people.

The audience were greatly excited uttered groans for Bishop O'Dyer. A dozen Parnellites spoke at various places. About 20,000 persons attended the Limerick meeting. The better class of citizens and most of the local clergymen were absent.

CHICAGO, May 28.—At a meeting today nearly 200 delegates of the Irish Catholic societies of Chicago, gathered to make arrangements for the annual reunion of the societies, the only motion of importance that was offered related to a mass meeting of Irish Catholics to be held on Tuesday. The object of the mass meeting is the consideration of the papal rescript. The motion, which was carried without a dissenting voice, was to the effect that it be the sense of all Irish Catholics that they could manage their own political affairs and that all Irishmen in the society should attend the mass meeting and lend their voices to this belief.

The Emperor of Brazil.

MILAN, May 28.—The Emperor of Brazil had a good night, but does not gain strength. The hypodermic injection of caffeine and the administration of istrychnine is continued. Massage is about to be tried for the purpose of promoting the Emperor's circulation. Physicians fear the worst on account of the patient's weakness.

The Emperor passed a good night, and is stronger this morning. The Emperor will go to Aix les Baines on Thursday.

Cloud Burst.

TITUSVILLE, Pa., May 28.—The cyclone which struck this city at 2:30 p. m., was accompanied by a cloud burst, which deluged the city. Whole avenues of trees were blown down, smokestacks and chimneys demolished, and outhouses and barns lifted into the air and thrown down and smashed to atoms. Several people were injured. The plate glass fronts in the stores were smashed in by flying missiles. The Baptist church steeple was partially wrecked, and there was general destruction of all property exposed to the fury of the storm. All communications with the surrounding country is cut off.

Heavy Storms.

WHEELING, W. Va., May 28.—A terrible thunder storm, with a gale of wind, hail and an almost unprecedented rain fall prevailed here and for 150 miles down the river this afternoon. At Bridgeport, over the river, the six-year-old son of Joseph Taylor was caught by the swelling stream and drowned. The tent of a circus on Wheeling Island was demolished. At Ravenswood, Jackson County, hailstones weighing four ounces fell. Many windows were broken and fruit trees badly damaged. Near Charleston, Robert Shannon was struck by a tree which was blown down and his neck broken. At Evanston, opposite Ravenswood, Mrs. Wm. Powell was killed by a stroke of lightning while sitting in her house.

The Ohio river train from here to Parkersburg, had every pane of glass broken by hail.

PITTSBURG, May 28.—A terrific thunder storm accompanied by high winds and hail, passed over Western Pennsylvania this evening doing great damage. Churches, public buildings and dwellings were unroofed, trees uprooted and fences and barns blown down. A number of persons were injured.

Terrific Wind.

CLEVELAND, Ohio, May 28.—A terrific wind storm passed over Ohio and Western Pennsylvania this afternoon, doing great damage at Canton. Besides the destruction of the Dueber factory, previously mentioned, several other large buildings were wrecked and residences unroofed. There was great damage to property, and many slight injuries to persons are reported from Niles and Nillersburg, Ohio, Sharpsville and Newcastle, Pennsylvania but so far no loss of life.

Expulsion of Jews.

ST. PETERSBURG, May 28.—All Jews, except merchants of the first guild, have been ordered to quit Moscow with a fortnight. Over 200 expelled Jews have passed through Moscow *en route* to America.

FIFTIETH CONGRESS.

SENATE.

WASHINGTON, May 28.—In the Senate today, Frye, from the committee on commerce, reported back the river and harbor appropriation bill. The report of the committee, he said, could not possibly be ready for a week.

Jones (Arkansas) called attention to some remarks made by Senator Stewart last week on the veto question, particularly those making charges against the Attorney-general in connection with land titles in California, and with the "raid on the Bell Telephone Company," and earnestly defended the Attorney-general.

Stewart defended his position in reference to private land claim suits in California, and sent to the clerk's desk and had read a letter to the President from Governor Waterman of California, bearing on that subject and representing that litigation to settle land titles in that State had been going on for nearly forty years. He declared that there was no outrage in the whole history of California equal to that of re-opening such litigation.

The Senate then went into executive session and remained with closed doors till 5 o'clock. Then the doors were reopened and the Senate proceeded (still in executive session) to vote on the following resolution, which was agreed to without division:

Resolved, That the injunction of secrecy be removed from all proceedings of the Senate in reference to the treaty with Great Britain now under consideration.

In closed executive session Senator Morgan resumed the floor and continued his speech of last Friday. Other democratic senators contributed to the proceedings, but the republicans said nothing.

Motions from the democratic side to postpone until December and to lay on the table, the motion to sit with open doors were ruled out of order. At half past four the motion made last week by Senator Sherman to proceed to the consideration of the fisheries treaty was brought to a yea and nay vote and carried, by 21 to 19.

Senator Morgan then offered a resolution about removing the injunction of secrecy as given above, and it was adopted. The purpose of this was to permit the publication of Senator Morgan's remarks, which had already been delivered. The doors were then opened.

The Senate then adjourned.

HOUSE.

WASHINGTON, May 28.—Under the call of states the following bill was introduced and referred:

Cheadle (Indiana) by request, to retire ex-soldiers and sailors who had been wounded in battle after twenty-one years of service in the civil service.

The House then went into committee of the whole on the legislative, executive and judicial appropriation bill.

In connection with the action on the salary of the first auditor of the treasury, Kerr (Iowa) commented on the civil service reform as practiced by the democratic party and sent to the clerk's desk and had read a circular letter to the federal office-holders in Iowa, written by the secretary of the democratic state committee of Iowa, asking for voluntary contributions.

A sharp interchange on the merits of the civil service law and the attitude of the two parties towards it then took place between Weaver (Iowa), Steele (Indiana), Cannon (Illinois) and others.

After completing the consideration of 60 of the 110 pages of the bill the committee rose.

Townsend (Illinois), from the committee on military affairs, reported the army appropriation bill, and it was referred to committee of the whole.

Adjourned.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an Incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. C. Smith & Co's Drug Store. (5)

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed.
