# DO NOT JUDGE IN ADVANCE.

THERE is a full in the anti-"Mormon" raid. Proceedings against quite a large also with the horrors of that time number of them are pending, however, when it does come, as he reads of the and will re-open toward the latter part of next month, when trials for "unlawful cohabitation" will begin:

in relation to the stand that will be in this latter direction, until now the tiken, while under legal fire, by vari- methods resorted to in ancient warfare ous individuals who have been placed in popardy, and upon some there has heen a disposition, with some people, to pronounce Judgment in advance. mankind. To the advancement made in Conclusions of this kind are not only the science of chemistry more than to premature, but when they assume the that in the line of mechanics is due position that the persons to whom perhaps the changes that have been they refer will "ny the track" by a wrought. The new explosives that

individual cases can only be matters of devised, tend to show more every opinion Decisions ahead in reference day the impotency of ordinary detocertain cases are too much of the fensive measures when they have to nature of the proceedings against cope with them. The heaviest battle-"Mormons" in the courts, it having ments and the stoutest armor are that accused persons are convicted in effects, and the subtle manner in which alvance. There is some ground for they can be used renders them all the the prevalence of the latter sentiment, more appailing to contemplate. War because future cases may be measured | now, with the use of these terrible exhe those of the past, everything being supared and operated for the purpose of insuring victory to the prosecution. But in regard to what will be done by adividuals pursued it is enferent. They are placed in positions they have not previously occupied; therefore is declared to be quite teaslole, of there is no base on which to found a spreading death among an enemy just conclusion Speculations and interemosion the character referred to anast therefore necessarily, be useless, while to some extent injurious to those to whom they relate. Let time and circulastances prove men and things.

The reason why there should be a withhobling of expressed views on this subject is that no person should be placed in an unenviable light until he mus demonstrated that he is deserving of the treatment. It is regretable enough to have to dont then. But it should never be fone ahead of conduct toat warrants it.

Scarcely a graver insinuation could be cast on a man than to intimate that he will desert his duty under high or the value of the potomac. The first shot shattered the potomac. The first shot shattered low pressure from any source. Especially is this the case with Latterday Satats who are being pursued by the terrors of a harsh and unjust special law, a tiministered with vindictive cruelty the terrors of a harsh and unjust special law. a tiministered with vindictive
