LOCAL AND OTHER MATTERS.

MEETINGS IN THE TABERNACLE to-morrow at eleven a.m. and two p.m.

THEATRE.—Last night a pretty well filled house assembled at the benefit of Mr. Harris. To-night the comedy of Born to Good Luck, and the drama of the Village Phantom will constitute the programme, which will no doubt secure another liberal attendance.

DULL AND WINDY and moist and remarkably mild has been the weather last night and to-day, with excellent prospects of a general storm of rain or snow or both.

THIRD DISTRICT COURT.—Yesterday the case of Patrick vs. Cordella, was non-suited.

This morning, Mr. Snow reported that he had filed the returns called for of Jeter Clinton, whereupon Mr. Clinton was discharged, by order of the Court.

Court adjourned until Monday morning at 10 o'clock.

SALT LAKE CITY, Utah,
November 22, 1871.

Editor Deseret News.—Please to publish in your paper to-morrow and Saturday, the following—

Dedication and opening of the new Catholic Church in Salt Lake City, for Divine service, will take place on Sunday next, Nov. 26th, 1871, at 10½ o'clock, a. m. Most Rev. J. S. Alemany, Archbishop of San Francisco, will officiate on the occasion. REV. P. WALSH.

Look at the advertisement of illustrated lectures in the Schools of the 9th and 11th Wards.

POLICE COURT.—For being drunk and disorderly, Joseph Whitting was to-day fined $15.

Another gentleman transgressor awaits attention on Monday.

OPERA.—From the *Junction* of Nov 25 we condense the following—

On the 23rd Mr. Sidney Stonehouse, wife, two children and two boarders, at Mound Fort, in eating supper partook of some highly colored, pungent cheese, purchased at a store at Ogden, and all but the two boarders, who after supper drank pretty freely of liquor, were afflicted with symptoms of arsenical poisoning. Lobelia, castor oil and sweet milk were taken, but the children grew worse, and Dr. P. L. Anderson was sent for, who administered appropriate remedies, to the relief of the patients.

Swen Anderson, of Slaterville, has lost a son, 12 years old, for about two weeks, and would be glad to hear of him.

Several acts of petty larceny are reported in and around Ogden, Mr. S. Obray, of Cache Valley, losing a bridle and stirrups.

The ordinances of Ogden City have been printed.

Prof. O. Pratt gave an astronomical lecture in the Ogden Tabernacle, on the evening of the 22nd.

BY REFERENCE to advertisement it will be seen that an evening school will be opened on Monday evening in the Social Hall by Miss M. E. Cooke, who is an efficient teacher. This will be an excellent opportunity for those who lack the time to attend day schools.

STOLEN.—The other night two small boxes of merchandise were stolen from a wagon in the Eleventh Ward. If they were not taken by three men from the bench, seen around there about that time, then somebody else committed the theft.

A BLANKET.—Prof. Jos. L. Barfoot, of the Museum, shows us a blanket, unique in construction and appearance to civilized eyes. It was manufactured by hand by, a Navajoe woman, occupying her three months. Bro. Jacob Hamblin brought it from the Navajoe country, and Bro. James F. Woodruff brought it from St. George. It has been presented to the Museum, where, with other curiosities of the mountain region, it can be seen by those who desire to do so. It is heavy, strong, rather hard, close woven, without nap, almost as stiff as a Brussels carpet, but has more of a Kidderminster carpet appearance of weaving. The colors, yellow, green, white, red, black and blue, are good and durable, and are woven in geometric design.

BAD WORK.—The Davenport *Democrat* thus describes the Greavenor homicide—"A government rifle, with a fool at one end and a dead citizen at the other."

LETTERS.—A letter for Miss B. H. Chandler, mailed at Birmingham, England, also a letter for Miss Mary Ann Phillips, post mark not distinct, have been received by Hon. D. H. Wells, they having been directed to his care. The persons to whom they are addressed can get them by calling upon him.

A warrant was issued yesterday by Judge McKean, on the complaint of Col. G. B. Overton, Receiver of the Land Office in this City, for the arrest of Jas. F. Woodman, John W. Morehouse and wife, and Mrs. H. A. Lewis, for the abduction and secretion of his daughter, Alice Overton. As near as we can learn the particulars, we give them. Miss Alice Overton, a sprightly, beautiful girl of nearly seventeen years of age, impatient of the restraints of home and the strictness with which she was treated there, being of a romantic turn of mind, left her father's house some time early in October, and remained concealed in this City for several weeks. Her place of residence during this period was unknown to her parents, who were anxious for her safety and instituted inquiries in vain to ascertain her whereabouts.

The first definite word they received from her was a letter dated and mailed at Omaha, in which she told them not to search for her any more &c., and asking a remittance of money. This letter Col. Overton has since ascertained was written here, and also that arrangements were made by one of the parties against whom he has complained for it to be transmitted to his daughter in this city. It now appears that after being secreted in this city for several weeks, Miss Overton was carried to Echo in a buggy and put aboard the cars in the care of Col. Wall, and was by him taken to New York. The justification which is urged by the parties engaged in thus spiriting her away is that her home was an unhappy one, she was ill-treated by her parents and she was dissatisfied and desirous to go elsewhere, and thus repeatedly for her prompted them to aid in the deliverance. Col. Overton denies this. He thinks it bad enough for himself and wife to have their daughters stolen, without having, in addition, their characters maligned. They were strict and exercised proper parental restraint upon their daughter, the Colonel says; but nothing more; and he adds, that had there not been improper means used with the young lady, and influences brought to bear upon her by a person whom he did not suspect at the time, but who was in the pay of the principal in the abduction, she would not have become dissatisfied and left her home.

There are, as usual in such cases, two sides to the question. Those who have helped the girl away have good reasons, they assert, for doing so. Colonel Overton denies these reasons. He has brought us the affidavits of two persons who have been in his employ to rebut the charge of ill-treatment. Instinctively we feel inclined to respect parental authority. Our training has strengthened this feeling. In this community the abduction of a daughter is viewed as a very grave offense and the reasons must be very strong indeed to justify such a proceeding. Those reason, if they exist, will doubtless be made plain at the trial and until then the public can reserve its decision.

Mrs. Mary Ann Hall, being first duly sworn according to law, upon her oath says, that she is acquainted with G. B. Overton and that she lived in his family as child's nurse, for over twelve months, commencing from August 1870 and continuing as such child's nurse up to September 1871; and during that time she was not a witness to or does she know of any ill-treatment on the part of Mr. or Mrs. Overton towards their daughter; that Alice Overton; Alice seemed to be dissatisfied, and she was made discontented at home by Mrs. H. A. Lewis; and that she does not know that Mr. Overton ever abused his daughter Alice while I remained in his family or at any other time.

Mrs. Margaret A. Moyle, being first duly sworn, upon her oath says, that she is acquainted with G. B. Overton and family, and that she lived in Mr. Overton's family from June, 1869, to January, 1870. I do not know of any ill-treatment on the part of Mr. or Mrs. Overton towards their daughter Alice Overton, but on the contrary, while I lived there, their treatment towards her was as kind and affectionate as a daughter could desire. Alice confided in me and used to tell me her secrets, and I never heard her complain of any ill-treatment from her parents.

ACKNOWLEDGMENT.—Through the courtesy of John Tindall, Esq., of London, we have been favored with the perusal of several English newspapers.

Bear Lake—Plenty of Rain.

PARIS, Nov. 25.—The storm which commenced last Tuesday night continues, changing daily from rain to snow, with very heavy wind most of the time. The country is well soaked up, it is raining now with good prospects for continuing. If it don't stop soon, we shall have to build an ark.

THE BEST HOMER.—Thus irreverently discourseth the Chicago *Times* concerning two old federal importations to Utah—

"Judge Waite used to live in Utah, and it seems as though he ought to move back there, where, under Mormon discipline, his wife might vote and himself live in peace. "Mrs. Waite, as between her and her husband, certainly ought to be allowed the exercise of the elective franchise which she demands through the courts; for, if the testimony of intimate friends may be credited, 'the gray mare is the best horse of the two.'"

SINGER SEWING MACHINES
WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.
The Singer Manufacturing Company,
AT THE WORLD'S FAIR
—Constituted by the homes of the people—
Received the Great Award of the Highest Sales and have left all rivals far behind them, for they
Sold in 1870 127,833 Machines!
SEWING MACHINE SALES FOR 1870.
"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	17,660
Wheeler & Wilson	83,218	Gold Medal	8,912
Howe	75,166	Ætna	3,806
Grover & Baker	54,562	Empire	3,500
Wood	35,032	Finkle & Lyon	2,400
Wilcox & Gibbs	28,890	Parnam	1,765
American Buttonhole & Overseaming	14,573	Wilson	700

And several other companies who sold a few machines.

It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for 1871 were 81,781 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun.*

Our Machines are the Best in the World!
The New Family Singer Sewing Machine,
With Attachments for All Kinds of Work,
Is fast winning favor in the household, as shown by the rapidly increasing sales, over all other machines.
This New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, speedy, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of the work, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, the most delicate cambric or leather may be sewn with great strength and uniformity of stitch, and, in a moment, the most heavy and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tartalan, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.
Send for Descriptive and Price Circulars.
We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!
MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF
J. WALKER'S VINEGAR BITTERS
Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.
FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.
They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
