GENERAL.

LOS ANGELES, 6.—The following is General Crook's congratulatory order, published in the *Miner*, Sept. 28—

"Headquarters Department Arizona, Prescott, 27.

"General orders, No 32.

"It is with great pleasure that the announcement is made of the complete success of the expedition under the command of Captain Mason, 5th Cavalry, against the Apaches and Mohaves who had concentrated along the Santa Maria River. The command consisted of companies C, Captain Emil Adam, B, Captain R. H. Montgomery, and K, Captain J. W. Mason, 5th Cavalry, and a detachment of Hualpai Indians. They surprised the camp at daylight on the morning of the 24th, captured four rancherias, with a large number of women and children, and killed 40 warriors, without loss on our part. This brilliant success was owing in a great measure to the energy displayed by the command in climbing on foot over almost impassable cañons and the efficient aid of our Hualpai allies. Captain Mason and the officers and men of his command are hereby complimented and thanked for their brilliant success, and our Indian allies are assured that their efforts to aid us in bringing about a permanent peace to a much suffering people will not be forgotten.

"By command of Brevet Major Gen. Crook."

CHICAGO, 7.—Washington specials state that the interest in the elections to-morrow is so great that business is nearly at a stand still. Advances from the headquarters of both political parties in Philadelphia show that both are equally confident of victory in Pennsylvania. The Republican congressional committee here claim a majority of 12,000 for Hartranft, in Philadelphia, and from 8,000 to 9,000 in the State outside of that city. Senator Cameron claims 10,000 majority for Hartranft in the entire State.

New York specials say pools sold on Saturday night on the October elections, the Republicans giving odds on Pennsylvania, and on 10,000 majority in Ohio. Betting on the result in Indiana is very quiet. The interest in this city in these elections is great among politicians, but there is little betting and a marked absence of excitement among the people generally, who are too busy to devote time to politics.

CINCINNATI.—A riot at 10 o'clock tonight at the corner of 5th and Broadway between the 4th Ward Greeley torchlight procession and the colored people; 50 to 75 shots were fired and several persons wounded, but not so far as heard, killed. Accounts by eyewitnesses are very conflicting and it is almost impossible to ascertain reliable particulars. The Greeley procession was from a ward in which the population was largely Irish. The location is one thickly settled by colored people. During the day the colored people say word was sent them that they would be attacked this eve. This news came also to the police officers of the district, who feared riot. The colored men had laid in a stock of ammunition. The colored women of Allen chapel, corner of 6th and Broadway, were holding a sort of fair for the benefit of the church, and had a colored brass band playing for them on the street in front of the church. This drew a large crowd of people. A speech was called for, and a colored man made them a political speech on the street. While he was speaking the procession of Greeley men, marching west on 5th Street towards Broadway, came into the latter street and turned to go down towards the 4th, one square distant from where the speaking was at the colored church on Sixth and Broadway. The procession turned into Broadway, and were marching away from the crowd at the church. Here at this time the firing commenced. How it commenced no stories quite agree. One account is that a lot of colored children rushed down to the car to see it go by and hurried for Grant, and that the torch bearers in procession beat them and drove them away, and then attempted to drive a gigantic colored man away by beating him, and that he drew a pistol and fired at them. Others, who were not near, but who saw the beginning, say four shots were fired first by the procession, and that the colored men fired back. The preponderance of testimony is that the firing was commenced by one very large colored man, who was standing at the corner of 5th street and Broadway on the sidewalk. The confusion then became fearful. Members of the procession first started to run and then rallied. The colored men, such as had pistols, seemed to be using them and retiring north on Broadway. Unarmed colored men ran to their armory on New street, next north of 6th street, east of Broadway, got about thirty muskets and rushed out to reinforce their friends. They succeeded in driving back and dispersing the members of the procession. They then rushed to the armory, where about two hundred of them are under arms. They have all approaches to the armory guarded. One of their leaders inside made a speech, in which he said:

"This attack to-night was organized to intimidate you from voting to-morrow. Now I want to say to you, let every man go to the polls and vote if at the cost of your lives."

This speech was received with a deafening shout. When the riot was in progress, the riot alarm was turned on, fire bells rang, and the whole police force was called out.

SAN FRANCISCO, 7.—Geo. D. Roberts and a party of nine, including ex-surveyor general Bost, returned last night from a sixty days' tramp to the Roberts and Harpending diamond mines. They surveyed and took steps to secure a government title to three thousand acres of diamond land. All the party express great faith in the richness of the mines. They brought with them three hundred glittering pebbles, said to be diamonds. Mining operations were not commenced, because there was no water, the season was getting late, and the weather was too cold. The company want a large force on the ground before commencing work in earnest. Roberts states that operations will be commenced in the spring. No stock will be offered to the public.
