

## CANAL PLEAS THE PRESIDENT

His Trip to the Isthmus Source of  
A Great Deal of Sat-  
isfaction.

SAILS FOR PONCE, PORTO RICO

Asked About Poultry Biglow, Said  
Employees should Pay no Attention  
To Such Criticisms.

Colon, Nov. 18.—President Roosevelt  
and his party sailed Saturday night at  
10 o'clock for Ponce, Porto Rico, on  
board the United States battleship  
Louisiana.

After riding on horseback through  
the muddy streets of Colon, Saturday  
afternoon, the president went to the  
residence of Mr. Biers, general manager  
of the Panama railroad, for dinner.  
Those present included Chairman  
Roosevelt and Chief Engineer Stevens and  
his wife, Secy. Latta and Surgeon  
General Rixey. The secret service men  
were with the presidential party dined at an  
adjunct house.

At half past three President Roose-  
velt reached Ponce, where there  
was an enthusiastic gathering of at  
least 500 persons, principally canal  
employees at Cristobal and other points  
along the line. Here the president ap-  
peared in the band stand and made a 30-  
minute speech. In giving his impres-  
sions of the work on the canal, he said  
he was pleased with what had already  
been done, and paid his respects to  
those who had adversely criticized the  
work.

"How about Poultry Biglow?"  
—One from among the audience.  
With much deliberation the president  
remarked that in every large work  
there was always someone to find fault  
with that was not done as it should  
have been, but the employees should ac-  
count pay attention to such criti-  
cisms, as the critics would sink out of  
sight while the work the men were  
doing and had done would remain long  
after the exotics had been forgotten.

The president said he also was so im-  
pressed with the magnitude and great-  
ness of the work that he would like to  
see one of his sons engaged thereon.  
He congratulated all the heads of de-  
partments on the work being done, and  
expressed his special warmth he congratulated  
Capt. George R. Shandon on his suc-  
cess in maintaining order in the canal  
zone and in perfecting the splendid po-  
lice force under his control.

In conclusion the president said he  
would like to remain longer on the isth-  
mus, but it was necessary for him to  
get back to his work in the United  
states.  
The president went off to the Louisi-  
ana at 9 p. m. He was accompanied  
by Surgeon Gen. Rixey, Secy. Latta,  
and the secret service. The Louisiana  
sailed at 10 p. m. The Washington and  
the Tennessee were delayed in coaling  
at Chiriqui and did not get back here  
in time to sail with the Louisiana.  
The doubtless will join the warship  
on the way to Porto Rico.

New York, Nov. 9.—A Panama spe-  
cial to the Herald says that before  
President Roosevelt sailed last night  
he signed an executive order organi-  
zing the Panama canal work on a basis  
similar to most great railroads. Under  
the new order the building of the canal  
will be under the management of a  
civilian, general engineer, general  
counsel, chief sanitary officer, purchas-  
ing officer, auditor, disbursing officer and  
quarters of labor quarters. The gov-  
ernment of the canal zone will be vested  
in the general counsel through the  
medium of a local administrator. Such  
reorganization of the Isthmian canal  
commission as Roosevelt may decide  
is advisable will be deferred until his  
return to Washington. The order signed  
last night affects only the work on the  
canal.

FOR OBLIGATORY EDUCATION.  
Brussels, Nov. 18.—There was a great  
demonstration today in favor  
of obligatory education, which hith-  
erto has never been insisted on in Bel-  
gium. Not less than 60,000 persons  
marched in procession to the city hall  
and presented a petition to the mayor,  
voicing their demand. This petition has  
25,000 signatures. The mayor prom-  
ised to bring the matter to the atten-  
tion of parliament.

IN HONOR OF CARL SCHURZ.  
New York, Nov. 18.—A meeting in  
honor of Carl Schurz will be held in  
Carnegie hall, New York, on Wednes-  
day.

CATTARRH OF THE STOMACH

A Pleasant, Simple, But Safe and Ef-  
fectual Cure for It.

COSTS NOTHING TO TRY.

Catarrh of the stomach has long  
been considered the next thing to in-  
curable. The usual symptoms are a  
full or bloated sensation after eating,  
accompanied some times with sour or  
windy risings, a formation of gases,  
pressure in the heart and  
stomach, and difficult breathing, head-  
ache, sickle appetite, nervousness and  
general played out, languid feeling.  
There is often a foul taste in the  
mouth, coated tongue and the in-  
terior of the stomach could be seen  
would show a slimy, inflamed con-  
dition.

The cure for this common and ob-  
stinate trouble is found in a treat-  
ment which causes the food to be  
rapidly, thoroughly digested before it  
has time to ferment and irritate the  
delicate mucous surfaces of the  
stomach. To secure a prompt and  
healthy digestion is the one necessary  
thing to do and when normal diges-  
tion is secured the catarrhal condition  
will have disappeared.

According to Dr. Harlanston, the  
best and best treatment is to use  
after each meal a tablet, composed of  
Diatase, Aspic, Pepsin, a little Nux  
Golden Seal and fruit acids. These  
tablets can now be found at all drug  
stores under the name of Stuart's Dys-  
pepsia Tablets and not being a patent  
medicine can be used with perfect  
safety and assurance that healthy ap-  
petite and thorough digestion will fol-  
low the regular use after meals.

Mr. R. S. Workman, Chicago, Ill.,  
writes: "Catarrh is local condi-  
tion, resulting from a neglected cold  
in the head, whereby the lining mem-  
brane of the nose becomes inflamed  
and the poisonous discharge there-  
from passing backward into the throat,  
irritates the stomach, thus producing  
catarrh of the stomach. Medical au-  
thorities prescribe for me for three  
years for catarrh of stomach without  
cure, but today I am the happiest of  
men after using only one box of Stu-  
art's Dyspepsia Tablets. I cannot find  
feeling. I have found fresh appetite  
and sound rest from their use."

Stuart's Dyspepsia Tablets is the  
best preparation as well as the sim-  
plest and most convenient remedy for  
stomach, biliousness, sour stomach,  
heartburn and bloating after meals.

## The Cheapest Form of Health Insurance

YOU can buy Health Insurance now.  
Several good "Accident"  
Companies sell it.  
Sixty dollars per year will  
bring you \$25.00 per week, for every week  
you are sick.  
But, your time alone may be worth far  
more than that.  
And \$200 per week might not pay for  
your suffering.  
That's why "Cascaret" Insurance, which  
prevents Sickness, is worth ten times as  
much money as other "Health" Insurance.  
Yet "Cascaret" Insurance will cost you  
less than Ten Cents a week.  
That gives you a "Vest Pocket" Box to  
carry constantly.

One tablet taken whenever you suspect  
you need it will insure you against 90 per  
cent of all other ills likely to attack you.  
Because 90 per cent of these ills begin  
in the Bowels, or exist through poor  
Nutrition.

Cascarets don't purge, don't weaken,  
don't irritate, nor upset your stomach.  
No, — they act like Exercise on the  
Bowels, instead.

They stimulate the Bowel-Muscles to  
contract and propel the Food naturally past  
the little valves that mix Digestive Juices  
with Food.

The time to take a Cascaret is the very  
minute you suspect you need one.

—When you have a touch of Heart-burn,  
Gas-belching, Acid-rising-in-throat, or a  
Coming-on-Cold.

Carry the "Vest Pocket" Box ready for  
business where it belongs, just as you  
would your Watch, Pocket-knife or Lead-  
pencil.

It costs only 10 cents. At any drugist.  
Be sure you get the genuine, made only  
by the Sterling Remedy Company, and  
never sold in bulk. Every tablet stamped  
"CCC."

day evening, Joseph H. Choate, form-  
erly ambassador to Great Britain, will  
preside. Among the speakers will be:  
Ex-President Grover Cleveland,  
Charles J. Bonaparte, secretary of the  
navy; Charles W. Eliot, president of  
Harvard university; Dr. Booker T.  
Washington of Tuskegee; Prof. Eugene  
Kuhnmann of Breslau, Germany, now  
lecturing at Harvard, who will speak  
in German; and Prof. Hermann Schu-  
macher of Bonn, now lecturing at Col-  
umbia. Richard Watson Gilder will  
read an original poem on Schurz.

## THE PRODUCTS OF CHILD LABOR

Senator Beveridge Wants Con-  
gress to Prohibit Interstate  
Commerce in Them.

HE H'S A BILL FOR PURPOSE.

Heavy Penalties, Both Civil and Crimi-  
nal, Provided for Violation  
Of the Law.

Richmond, Ind., Nov. 18.—At a meet-  
ing here today of representatives of the  
Young Men's Christian association of  
Indiana and Ohio, Senator Albert J.  
Beveridge stated that on the opening  
day of the coming session of Congress  
he intended to introduce a bill prohib-  
iting the labor of children throughout the  
country, and a bill to make more rigid  
the present meat inspection law.

He said the child labor bill will pro-  
vide that no railroad, steamboat or  
other carrier of interstate commerce  
should transport or accept for transpor-  
tation the product of any factory or  
mine that employed children under 14  
years of age. The bill, he said, would  
provide that every carrier of interstate  
commerce should require an affidavit  
from every factory or mine owner ship-  
ping its products that it did not employ  
children under 14 years of age, the form  
of the affidavit to be prescribed by the  
department of commerce and labor or  
the interstate commerce commission,  
with heavy penalties, both civil and  
criminal, for violation of the law.

The bill, if it becomes a law, he be-  
lieves, will stop the practice of ruining  
future citizenship by working children  
of tender age in factories and mines.  
There is no other way, he said, to reach  
this growing evil. A federal statute  
cannot be passed directly controlling  
the factories and mines in the states.  
But Congress has absolute power over  
the railroads, boats, ships and other  
agencies of interstate commerce, and  
unlimited power under the Constitution  
to provide that they shall not carry  
the products of factories and mines  
that employ children.

The bill to amend the meat inspection  
law will require the putting of the date  
of inspection on every can of meat  
product, and the packers to pay the  
cost of inspection. These two provi-  
sions, he said, are demanded by the  
people, and action for them will not  
cease until these provisions become a  
part of the law.

A. W. MCCOY GUILTY

Of Murder in Second Degree for Kill-  
ing Hubert Foster.

Boise, Idaho, Nov. 18.—In the district  
court at Hailey this morning a verdict  
of murder in the second degree was re-  
turned against Arthur W. McCoy for  
the killing of Hubert Foster, on July  
4, at that place. Foster was manager  
of a theatrical company known as the  
Ideals.

KILLED BY A LOG.

Boise, Ida, Nov. 18.—John Mac-  
Knight, 19 years old, lost his life today  
at Page at Mott's logging camp on  
Dagget Creek, 18 miles from Boise. A  
log rolled on him. His body was  
brought to town tonight to be shipped  
to his home in Virginia just across the  
line from Elkins, North Carolina.

A FORCED MARRIAGE

Results in the Killing of One Man and  
The Shooting of Two Others.

## EPIDEMIC OF CRIME IN PITTSBURG OVER.

Pittsburg, Nov. 18.—The epidemic of  
crime that has swept over this city and  
vicinity since Nov. 2 has apparently run  
its course, and today only a few small  
burglaries were reported. During the 18  
days three murders were committed, car-  
dinal acid was thrown in one woman's  
face disfiguring her for life, half a hun-  
dred men were badly beaten, a hundred  
or more men and women were held up on  
the streets at the point of revolvers and  
robbed, houses in all sections of the  
city were entered and thousands of dol-  
lars worth of plunder stolen scores of  
suspect persons have been arrested and  
sent to the workhouse, 200 additional po-  
licemen were added to the force, and la-  
ge rewards were offered for the arrest of 20  
murderers of James A. McMillen and  
Henry P. Smith.

Detectives came here from other cities  
and endeavored to capture the marauders,  
but, notwithstanding the combined ef-  
forts of the authorities, they failed to ar-  
rest any person directly implicated in the  
outrages. A few days following the Mc-  
Millen murder holdings were so frequent  
that persons compelled to be out late at  
night, the police agreed the belief  
that the outrages were committed  
by a roving band of expert criminals  
who have departed for other haunts.

OUTRAGED AND MURDERED.

El Paso, Tex., Nov. 18.—Her lifeless  
body still warm, Felipa Guerrero, a young  
Mexican woman, was found in a room  
on South El Paso street today. She had  
been criminally assaulted and the victim  
to death with a piece of iron pipe. After  
a short investigation and a hot chase,  
Sancho Blanco was arrested and is in  
jail charged with the crime.

VILLAREAL'S CASE.

His Sisters Petition Pres. Roosevelt  
For an Investigation.

St. Louis, Nov. 18.—Senators Andrea  
Villareal Gonzalez and Antonio Vil-  
lares, former editor of Regeneracion, a  
Mexican revolutionary organ, which was  
published in St. Louis, is now in pri-  
son in El Paso, Tex., pending extra-  
dition for a murder charge, today pe-

tioned President Roosevelt by letter to  
order an investigation and to show their  
brother justice, if not mercy, before al-  
lowing him to be taken to Mexico, where,  
they say, he will be shot.

The letter to President Roosevelt states  
that the murder charge is a subterfuge  
to get him into Mexico to punish him for  
political crimes, which are not extra-  
ditable.

SEN. BAILEY'S MOTHER DEAD.

Crystal Springs, Miss., Nov. 18.—Mrs.  
W. J. Bailey, mother of United States  
Senator Joseph W. Bailey, died today  
after an extended illness.

CONGO FREE STATE.

Great Advancement Being Made in Its  
Development.

Brussels, Nov. 18.—It is announced  
that great strides have been made in  
the development of the Congo indepen-  
dent state. Concessions have been  
granted to three companies, one of  
which is to construct a railroad, a sec-  
ond to conduct mining operations and  
the third to exploit India rubber re-  
sources. One of the principal promot-  
ers of the mining and India rubber  
companies is declared to be Thomas F.  
Ryan, while the name of John D.  
Rockefeller is mentioned in connection  
with them. There probably will be an  
important debate in parliament in the  
Congo state this week.

BASKETBALL GAME.

A match game of basketball will be  
played Saturday evening at Provo be-  
tween the Y. M. C. A. and the E. Y. U.  
teams. Much interest centers in the game,  
as the Y. M. C. A. hopes to demonstrate  
in these match games, its superiority to  
the regular league, to which it has not  
been admitted.

GOV. MAGOON AFTER ARMS.

Havana, Nov. 18.—Gov. Magoon is  
making strenuous efforts to recover the  
arms which the volunteer forces of the  
late government failed to surrender. It  
is known that thousands of volunteers  
succeeded in secreting their arms and it  
is for these that diligent search is be-

ing made. The American officers doing  
this work are being assisted by the se-  
cret police. One officer succeeded dur-  
ing the last few days in recovering 1,300  
government rifles.

STATIONERY PRICES UP.

New York, Nov. 18.—Stationers say  
there have been advances recently in  
nearly every important line which  
they sell, the rise coming from the  
manufacturers. The latest advance of  
about 10 per cent affects most grades of  
blank books. The leather used in bind-  
ing them costs more than formerly and  
wages have gone up. The cloth used  
for book covers is also getting more ex-  
pensive.

AUTOMOBILE STRIKE OVER.

New York, Nov. 18.—The automobile  
strike ended early today when a settle-  
ment was reached by an agreement be-  
tween the men and the officials of the  
New York Transportation company. The  
men will return as individuals, ex-  
cept those who had engaged in violence.  
Such men are not to be re-employed.  
The strike just ended has been pro-  
ductive of more scenes of disorder than  
any strike in many years except the  
street car strike. Since the strike be-  
gan on Oct. 15 there have been 65 ar-  
rests.

INCREASE IN WAGES.

Chicago, Nov. 17.—The Chicago &  
Northwestern railroad has voluntarily  
granted the station agents and tele-  
graph operators of the entire system  
an increase in wages. Eleven hundred  
agents and approximately 500 telegraph-  
ers will come in for a share in the ad-  
vance. The average increase in wages  
as announced by General Manager W.  
A. Gardner tonight, will be about 2  
a month.

You can get photos at half price this  
month at a first-class studio. Chase,  
219 Main.

Consolidated Mining Co. of Goldfield, Nevada, which  
Has Purchased the Knickerbocker-Griswold Group of  
five claims adjoining the ground of the Gold-  
field Great Bend Mining Company on the North.

This property has been favorably reported on by our engineers as em-  
bracing within its large territory one of the very best undeveloped pros-  
pects in the Goldfield Mining District. It is believed to have a parallel  
vein system to that of the the Great Bend and Daisy Mines, which have  
recently attracted such favorable and sensational notice by the opening  
up of great ore bodies. Hoisting machinery is on the way and deep  
mining will be commenced immediately.

The GREAT BEND CONSOLIDATED MINING CO.  
Is Incorporated for 1,250,000 Shares of the par value of \$1.00 each.

Fully Paid and Non-Assessable.  
Four hundred thousand shares have been placed in the treasury from the sale of which development work will be done.  
The officers of the company are as follows: President, Hon. John Sparks, Governor of Nevada; First Vice President, John D.  
Campbell, mine operator and consulting engineer; Second Vice President, George D. Pyne, attorney-at-law, Goldfield; Treasurer,

sender. Remittances must not be made until confirmation of allotment has been made by wire by the L. M. Sullivan Trust Company.  
Over subscription is certain, and in view of the large number of disappointed applicants for allotments of Lou Dillon and Silver  
Pick Extension, promoted by us within the past month, it will be the part of wisdom not to delay telegraphic request for stock. Al-  
lotments will be made in the order of receipt of applications.
