

# WESTERN PACIFIC STARTS UP MONDAY

Work on Tearing Down Houses  
In Salt Lake for Track  
To Commence.

## GETTING READY FOR RUSH.

Track Will Then be Laid to Beuna  
Vista and Out on to the  
Desert.

### HOME FIRM GETS ORDER.

Utah Construction Company  
Makes \$75,000 Purchase  
In Salt Lake.

The Utah Construction company has placed an order with the Utah Mining Machinery & Supply company for possibly the biggest order of compressed air machinery, drills etc., ever given to a western firm.

When seen this morning J. E. Gallagher, manager of the firm, declined to discuss the contract in any shape or form, but it is understood that the deal involves \$75,000. Every pound of this is now being shipped over all gold lines as far as Ogden where it will be shipped to Reno for use on the tunnels being bored on Backwash Pass by the Western Pacific.

The first gun in connection with the Western Pacific spring construction, as far as Salt Lake is concerned, will be fired on Monday when laborers will start pulling down houses prior to the laying of tracks within the city limits.

### YARDS AT BUENA VISTA.

It is the intention to lay track just as quickly as possible over the right-of-way recently granted by the city council on the west side and to put in a temporary bridge across Jordan river. West of the river the track will be pushed on to Buena Vista, where material yards will be established near those which were one of the features of the building of the Salt Lake Route.

From these yards the grade will be pushed on to Garfield, where connection will be made with the grade already constructed around the south end of the lake.

### TRACKLAYING TO FOLLOW.

Just as soon as the gaps have been closed-up the tracklaying machine will be brought into requisition and track be laid for 15 miles out of Salt Lake to the borders of The Great American Desert. It is the intention to have this track down by early in May, which will mean that the machine will have to put down about one mile of rails a day.

Then will men be poured into the country and construction rushed with a vim. As conditions are at the present, aside from some rock work, grading from this end is proceeding but slowly. Owing to the distance the camps are situated from the base of supplies and the expense attached to the long haul by team nothing can be done in the way of active construction until rails are laid right up to the end of the existing grade.

### WORK BEGINS MONDAY.

Orders have been issued to commence this work and Monday will see the beginning when the gangs of "housebreakers" commence operations tearing down residences and fences prior to laying tracks from the Rio Grande main line to Jordan river.

### TRAINLOADS OF EQUIPMENT.

In the meantime the Utah Construction company is not letting the grass grow under its feet at the west end of the Western Pacific over the California line. This week a consignment of Davenport engines and dump cars passed through this city en route to Reno. One of the shipments consisted of a solid train of flat cars loaded with Davenport engines.

There will be plenty of work for everybody and especially for the man with a team or two and a couple of scrapers. Pay checks will be cashed in this city and general good times will prevail as a result of the building of the new road to Pacific tide-water.

### THAT \$25 RATE.

### Some Misunderstanding Regarding the Salt Lake Route Excursion.

A number of people profess to be indignant over the action of the Salt Lake Route in advertising a big excursion to Los Angeles for the Elks at \$25 the round trip and then following it up with another excursion at what they take to be a lower rate.

The facts of the matter are that the \$25 rate now being advertised is in connection with the colonist rates which go into effect today from Chicago and Missouri river points. Under this rate one is not entitled to first class accommodations on a Pullman sleeper and furthermore the \$25 applies to one way only. Under this the Salt Lake Route has made arrangements with the Santa Fe to carry passengers into San Francisco via Los Angeles without stopover privileges en route.

### NORTHWESTERN SHAKEUP.

Official Roster of the Changes Back at Chicago Headquarters.

The recent shakeup at Chicago & Northwestern headquarters has now summered down, and according to information received at the local general agency the line-up on the changes are now officially announced as follows: William A. Gardner has been elected

You Wouldn't Eat Stale Eggs:  
Why Drink Stale Coffee? Insist  
that your Grocer serves you with

## HEWLETT'S 3 CROWN

The Fresh Utah Roasted Coffee.

Sold in SEALED CANS ONLY.

vice president operating department, with office at Chicago, Ill. Richard H. Alshon has been appointed general manager, vice William A. Gardner; William D. Cantillon, assistant general manager, vice Richard H. Alshon; William E. Moze, general superintendent, vice William D. Cantillon; all with offices at Chicago, Ill. H. W. Beyers has been appointed assistant general freight agent at Chicago, Ill., vice T. S. Rattle; David H. Hoops, general agent freight department at that point, vice H. W. Beyers, and T. S. Rattle, general agent at Denver, Colo., vice David H. Hoops. S. F. Miller has been appointed assistant general freight and passenger agent Nebraska and Wyoming division, with office at Omaha, Neb., vice J. A. Kuhn; J. S. Talbot, assistant general agent at Chicago, vice S. F. Miller. Chicago, St. Paul, Minneapolis & Omaha Railway—John A. O'Brien has been appointed general agent passenger department at Minneapolis, Minn.

### HARRIMAN TERMINAL.

Expenditure of Approximately \$25,000,000 on Jamaica Bay Property. New York, Feb. 15.—E. H. Harriman, according to today's Tribune, is establishing great terminal stations at Jamaica bay, where steamers may load and unload, thus obviating the tortuous trip to the piers of Manhattan. To develop this plan will require an expenditure of approximately \$25,000,000.

Mr. Harriman now owns at the entrance to Jamaica bay a tract of some 400 acres. He is seeking to acquire 700 acres additional.

### WRECK ON TINTIC BRANCH.

No. 7 local Tintic passenger train on the Rio Grande was delayed two hours this morning, owing to the derailment of a freight engine and some cars. To be more correct, however, No. 7 never arrived because the passengers walked around the wreck and came on to Salt Lake on regular No. 5. Nobody was hurt.

### O. S. L. OFFICES MOVE.

The headquarters of the motive power department and the office of the purchasing agent of the Oregon Short Line are today moving from their quarters on the fifth floor of the Deseret News building into the second and third floors respectively of the Deater News annex. This change has become necessary to make more room for the auditing and legal departments of the system.

### SPIKE AND RAIL.

General Supt. A. E. Welby of the Rio Grande Western is down the line on an inspection trip.

The evening train from Park City yesterday was delayed three hours owing to a slight wreck.

Ties are arriving at intervals for the Western Pacific and are being stacked at the Rio Grande yards at Fifth South.

The latest thing in railroad advertising is that issued by the passenger department of the Colorado Midland in the form of a bridge whistle score book.

J. A. MacKay, formerly operator in the city office of the Salt Lake Route, is now living a hermit's life at Carp, Nev., a telegraph "station" on the desert.

W. S. Jones of the Los Angeles Packing company is here endeavoring to secure another trainload of live stock for shipment to southern California.

The Short Line transported the "Beauty and the Beast" company to Ogden this morning. At 2 a. m. they will leave after the performance and go southwest over the Salt Lake Route on a special to San Bernardino, Cal.

J. U. Haley, general freight and passenger agent, and Duane L. Biles, Jr., manager of the Lake Tahoe Railway and Transportation company, are here on their way through to Denver in the interests of the lake resorts, which open May 15.

The Chicago & Northwestern, Union Pacific and Salt Lake Route have combined on one of the most striking double-page advertisements yet put out by the railroads in a daily newspaper, respectively in the Chicago Journal and the Chicago Journal is devoted to the Los Angeles limited.

The demand for laborers continues unabated—laborers skilled and unskilled, for railroad and irrigation ditch construction, both in this and neighboring states, pick and shovel men are getting \$2.25 per day, drillers and engine men \$30 to \$35 per month, and yet men are refusing to respond because the work is out in the country, and away from towns where a man can spend his money.

## AMUSEMENTS.

The Modjeska company appears at the Theater tonight, the play chosen being "Mary Stuart."

At the Grand the new bill commencing this evening will be "Ten Nights in a Barroom."

The next attraction at the Lyric at the Lyric commencing Saturday afternoon will be "Miners' Americans."

The Orpheum management announces the following bill for next week: Mlle. Chester and Statue Dug; Wynne Winslow, the pleasing singer, Murphy and Ward, presenting "The Phenologist"; Trask and Rogers, the funny fellows; Lambert and Pierce, the two men in black; Mr. and Mrs. Alfred Keely, presenting a new sketch, "Uncle Phineas"; and the kindred.

## Peptiron Pills

Ironize the blood, feed nerves and brain, tone the stomach, aid digestion, give restful sleep. Especially beneficial in nervousness and anemia. Chocolate-coated, pleasant to take. 50c. and \$1. Druggists or mail.

**Hood's Act** on the Pills liver and bowels, cure biliousness, constipation, morning and sick headache, break up colds, relieve uncomfortable fullness after dinner. Pleasant cathartic. 25c. C. I. HOOD CO., Lowell, Mass.

# STORY OF CRUELTY RECITED BY WIFE.

Mrs. Gibbett Declares Her Husband Frequently Abused Her.

## THREATENED TO DO MURDER.

Such is the Tale Unfolded in the District Court in Action Brought For Divorce.

A story of cruelty and failure to provide is recited by Mrs. Pearl Weyland Gibbett in a complaint filed by her in the district court today against George C. Gibbett, from whom she asks a divorce. According to the allegations of the complaint, Gibbett exhibited his affection for his wife by throwing chairs at her, by calling her vile and abusive names, and threatening to kill her.

She alleges that he has frequently threatened and abused her, and has destroyed her peace of mind. At one time she alleges that he threw a jug at her and on several other occasions threw chairs at her with intent to do her bodily harm. She claims that he threw the jug at her when she was sick in bed and at the same time he called her vile and abusive names.

He has threatened to kill her several times, according to the allegations, and, on Feb. 1, 1906, she alleges that he ordered her to leave their home and said that he would kill her if she did not leave, and told her that he would not keep her any longer. She also alleges that he has failed to support her for more than a year past. They were married at Herda, Tooele county, on Nov. 21, 1903.

### COMMITTEE TO MEET.

That to Determine Candidates for Naval Academy Appointments.

The committee which had charge of the recent examination of candidates for the appointment to the naval academy at Annapolis to be made by Senator Smoot met this afternoon at 2:30 o'clock in the office of State Supt. of Schools Nelson to make a recommendation. The name of the successful candidate will be announced until the recommendation reaches Senator Smoot and is approved by him.

### SLANDER SUIT OF \$5,000.

That of Margaret Gorrie Against Max Daniels on Trial.

The \$5,000 slander suit of Margaret Gorrie against Max Daniels is on trial before Judge Lewis today. The case is being argued by Attorney W. R. Hutchinson, called her a liar and a thief and accused her of cheating him out of his business. By reason of the alleged slanderous statements Mrs. Gorrie claims that she has been damaged in the sum stated above.

### IN THE SUPREME COURT.

The supreme court today heard arguments in the following cases and took them under advisement: The John Ainsfield company vs. O. D. Rasmussen, appellant; John V. Rich vs. the Utah Commercial & Savings bank, appellant. The case of Edwin F. Woolley vs. the Ogden Woolen Mills company, appellant, has been settled, and the appeal today dismissed by the court.

### CASE DISMISSED.

Judge Armstrong today dismissed the information against Thomas Madden and Thomas McCann upon the ground of insufficiency of the evidence. The men were charged, with several others, with burglarizing the Rio Grande Western box car at Bingham Junction on Dec. 2, 1905. The information against two more of the men was dismissed yesterday. The dismissal was ordered upon request of Dist. Atty. Looftrow.

### DECREE OF FORECLOSURE.

A decree of foreclosure of mortgage was rendered by Judge Morse today in favor of plaintiffs in the case of Kenneth R. Smoot et al. against William J. Phillips and wife. The amount of the judgment is \$604.35, with interest from Jan. 2, 1906, together with \$27.90 paid for taxes on the property and \$75 as attorney's fees. The property involved is lots 20 and 21, block 2, Chicago addition, being a subdivision of block 15, five-acre plat A, big field survey.

### A REMARKABLE BUSINESS.

We understand that in spite of the open winter, grocers are selling large quantities of NONE SUCH Mince Meat, which goes to show that this well-known article is appreciated by the housewife and that its use is not confined to "snow weather" as in the past. As a matter of fact a NONE SUCH Mince Pie is good to eat and good for the eater—any month in the year.

### WARD ENTERTAINMENTS.

Sugar Ward—The reunion and sociable of the Sugar House ward will be held in the ward assembly rooms 21st day, Feb. 16, 1906, at 8 p. m. sharp. All persons residing in the ward, whether members of the Church or not, are cordially invited to be present, and enjoy the spirit of the occasion.

Twenty-Fifth Ward—At the Twenty-fifth ward meetinghouse tonight, under the auspices of the Sunday school, and at the Tenth ward meetinghouse tomorrow night, under the auspices of the Deacons' quorums and Sunday school, J. Frank Pickering will give his illustrated lecture, "Light and Shadow of a Great City—The Slums of Chicago and New York." One hundred views, many of them from flash-light negatives, are used to illustrate the talk. The entertainment has been given in many of the towns of this state and Idaho, and in some of the wards of this city, and is of an instructive as well as entertaining character and particularly beneficial to the young folks.

## WEATHER REPORT

Record at the local office of the weather bureau for the 24 hours ending at 5 a. m. today:

FORECAST TILL 6 P. M. FRIDAY.  
Local forecast for Salt Lake City and vicinity:  
Local rain or snow and colder tonight and Friday.  
R. J. HYATT,  
Local Forecaster.

# GOOD GOODS OR NO ENDORSEMENT

Labels of Manufacturers' Association Not Yet Being Distributed.

## ALL ARTICLES TO BE TESTED.

And Only Those of Standard Quality Will be Entitled to Use of M. & M. A. Labels.

Every Utah manufacturer is going to produce good goods or go without the label of the Manufacturers' and Merchants' association. In the case of food stuffs, State Chemist Harms has been engaged at a special fee, to analyze samples of all goods offered, and in addition to this test, the state food inspector and the city food inspector must certify that they fulfill the requirements of the pure food laws before being endorsed.

A conclusion to put the goods to a test has been reached by the executive committee after considerable discussion, on the grounds that unless this is done, a few unscrupulous dealers will bring discredit upon the label, and upon the association by offering goods that are below the standard.

### HONEST GOODS OR NONE.

"One thing we are going to have," declared President Hewlett in this connection, "and that is honest goods or none at all Utah. We cannot ask the people to support us and then give them inferior goods. We are going to make our label respected, and to have the people understand that it is a genuine guarantee of quality. After the label is given out to a manufacturer, he must specify on what goods he is going to use it, and we shall see that it is not used on goods other than those for which it was granted. Things have gone long enough in Utah with a general suspicion over home produced qualities, which compelled manufacturers to put foreign labels on their goods in order to sell them to a home trade."

The ladies' auxiliary is to pass upon household goods, while the general organization will pass upon other goods. Labels are now on hand and will be issued as fast as applied for, when manufacturers satisfy the board of directors that their goods are genuine.

### DIRECTORS MET TONIGHT.

Tonight the directors met with the boss printers, and will discuss ways and means of keeping printing business at home, instead of sending such a large percentage of it away. In this connection the statement is made that printing is done at Denver cheaper and more quickly than at Salt Lake.

### TO CURE A COLD IN ONE DAY.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 2c.

### Dunlap Hats For Spring.

We place this celebrated maker's products and designs on sale Saturday, February 17. They exhibit the same air of exclusiveness of shapes that have always been shown in Dunlap creations.

BROWN, TERRY & WOODRUFF CO. Tel. 193. 166 Main street.

### METCALF THANKS JORDAN.

For Accepting Position on Committee Of See America League.

James A. Metcalf, chief of publicity of the See America league, today wrote President David Starr Jordan of Stanford university, thanking him for his acceptance of a position on the executive committee of the league, and sending him a general statement of what was accomplished at the recent Salt Lake conference. He also endorsed the suggestion of President Jordan in regard to the need for hotels, and announced that he had secured a building, which would be undertaken by people intending to charge reasonable prices for comfortable accommodations.

John T. Burns of Denver has written stating that the Denver club was arranging a banquet in honor of Fisher Harris and Mr. Howbert, the member of the executive committee from Colorado Springs, on the occasion of the visit of Mr. Harris to Denver. He also pledged financial support to the league.

Fisher Harris and Mayor Morris today are in Portland. This evening the big banquet is scheduled under the direction of Tom Richardson, and tomorrow the Salt Lakers will probably go on up the coast. Mr. Harris wired today: "Reception fine. Delightful people, weather damnable."

## THE MONEY MARKET.

New York, Feb. 15.—Close:  
Money on call steady; highest 5 1/2%, lowest 3, ruling rate 4 1/4%; last loan and closing bid 3 1/2%, offered 4. Time loans firm, 60 and 90 days 5 1/4% to 5 1/2% per cent; six months 5 1/2% to 5 3/4% per cent.

to your toilet necessities if you want the best results. It removes discolorations and tartar. An antiseptic—a purifier—a cleanser. Ask your dentist. Ask him why. In handy metal cans or bottles, 25c. Dr. Graves' Tooth Powder Co.

# SUDDEN DEATH OF OGDEN YOUNG MAN

Riley Harrop, Well Known in the Junction City, Died Last Night.

## EXACT CAUSE IS NOT KNOWN.

Supposed to be Due to the Bursting of A Blood Vessel on the Brain—Suffered Great Pain.

(Special to the "News.")

Ogden, Feb. 15.—Riley Harrop, a young and greatly respected young man of this city, died suddenly and in a tragic manner at his home, 438 Washington avenue, at 9:55 o'clock last night. The exact cause of his death is not definitely known, but it is presumed to have been caused by the bursting of a blood vessel on the brain.

The young man suffered intense pain just before the end came, and death was a great relief to him. Although he had complained for the past two weeks of severe pains in his head, his family and friends did not anticipate the terrible result. Physicians who had been consulted, stated that they found nothing to occasion alarm. His death caused a profound shock to the community in which he was known.

On Tuesday young Harrop visited a physician, but seemed to get no relief, and yesterday remained at home. He suffered severe pains which increased in intensity. About 9 o'clock he became frantic and required several men to hold him down. Dr. Joyce was summoned but was unable to relieve the pain. The young man was the son of James and Caroline Harrop. He was born in Ogden on March 10, 1885. He was a member of the Church and was an active worker in ward affairs. He had always been in excellent health and was of robust physique, weighing in the neighborhood of 200 pounds.

### ARGUMENTS IN CHAMBERS CASE.

In the case of J. D. Sken vs. Fred W. Chambers before Judge Howell this morning, the prosecution raised an objection to an effort on the part of the defense to show that Mr. Chambers had acted in good faith in collecting money from the city, and that it was for services rendered. The objection was the cause of an extended argument, and the submitting of numerous authorities on the matter, and the end is not yet.

### A PECULIAR DECISION.

In the case of the city vs. John Smith and five others, arrested by the police on the charge of gambling, Judge Murphy rendered a decision which is regarded as strange.

Chief of Police Browning, Capt. Brown and Sergeant Tott, testified that when the men were arrested they (the officers) saw the defendants putting money in their pockets. The defense contended that they had played cards for drinks and cigars, and that the money seen by the officers was simply change they received after paying for the drinks.

Judge Murphy, in passing on the case, said that the men could not be found guilty of gambling, but he found them guilty of playing cards, and fined them \$5 each.

### NOT MUCH TALLOW.

A man named Chris Peterson is under arrest on the charge of obtaining money under false pretenses. It is alleged that Peterson sold to G. H. Leach seven barrels supposed to contain tallow. Upon examination it was found that the barrels contained only three inches of tallow and considerable refuse.

### LATE LOCALS.

Bank Clearings—Today's local bank clearings amounted to \$347,849.69 as against \$512,254.42 for the same day last year.

Robinson Recovering—George H. Robinson is convalescing from an operation for tumor at Holy Cross hospital.

Going to Nephri—State Supt. of Schools Nelson will go to Nephri on Saturday to address the joint institute of the Provo City teachers and the teachers of the Utah and Juab counties.

Funeral Services—The funeral of Gust Korakas, the Greek baker who was killed at the railroad crossing on State street, was held this afternoon, from the Greek church in this city, with interment at Mt. Olivet.

File Application—H. H. Cook of Woodruff has filed application with the state engineer for 50 second feet of water from Twelve Mile creek in Rich county, with which to irrigate 7,440 acres. The diverting canal will be 97,630 feet long.

Culmer Block Sold—The transfer was recorded yesterday afternoon, of the Culmer block on east First South street from H. L. A. Culmer to Louis A. Marks, 54 feet front by 95 feet deep, for \$65,000. Mr. Marks will improve the property.

Ordinance Approved—Mayor Thompson today approved the ordinance providing for the paving of Second South street from Third to Tenth east streets. He also approved the amended building ordinance passed by the city council last Monday night.

Has Appendicitis—J. A. Debouzel, the well known engraver is at his home with what for two or three days was regarded as an attack of acid poisoning but which is now diagnosed as appendicitis. The intention of the physicians is to remove him to the hospital within the next day or two, as soon as his condition is favorable, and remove the appendix.

Mrs. Robbins Dead—Mrs. Martha J. Robbins, aged 87, mother of Don C. Robbins, the well known mining man, died last evening at her residence, 328 east South Temple street. The deceased was a native of England, and came to Salt Lake City in 1852. Her husband, who died some years ago, was Louis Robbins. The cause of death was general debility attendant upon old age.

For Fish Culture—James A. Faust, H. J. Faust, E. H. Callister, A. J. Stookey, and William Spry filed application with the state engineer for 25 second feet of water from Salt Springs in Tooele county, to be used for irrigation of 640 acres, for fish culture, propagation of wild game and raising the nest stock. The length of the diverting canal will be 10,000 feet. The applicants propose conducting a duck farm, and wild

game preserve, much after the fashion of the Bear River Duck club.

Times Manager Here—Mr. Harry V. Chandler, general manager of the Los Angeles Times, yesterday passed through Salt Lake on his way to attend the annual meeting of the American Publishers' association in New York. In spite of his long acquaintance throughout the west and his wide journalistic experience, Mr. Chandler was paying the first visit of his life to Salt Lake. He made the most of his time while here and regretted that he could not stay longer, a regret which was shared by his newspaper friends.

Excavation Begun—J. M. Willey has started to excavate on Pierpont street, for a 62x122 feet, two story building of pressed stone, which will cost \$20,000. The upper floor will be fitted up for a garage hall to be occupied by Pete Christensen as a dancing academy, and the lower floor will be occupied by the Pressed Stone company, and otherwise used for business purposes. The General Engineering company will build just beyond the Willey property, a 22x100 feet, one story structure to be used as an ore testing plant, the process to be the concentration, instead of the cyanide process.
