

relief of the poor, etc., etc., although he may not refuse to pay his mite to a private collector for some worthy object, he generally feels that he has done about all that is consistent in a regular way, and that this irregular addition is "spreading it on a little too thick."

We do not wish to throw cold water on that warm charity which is so rare in the world, but merely to suggest the propriety of doing all things in order, and not running the subscription business into the ground.

LOCAL AND OTHER MATTERS.

FROM FRIDAY'S DAILY, AUGUST 27.

A Dual Mission.—Elder M. B. Shipp, of this city, leaves to-morrow for Philadelphia, where he goes on the double errand of studying surgery and preaching the gospel. We wish him all possible success.

Painful Injury.—A young man named Thomas McClellan, of the 7th Ward, had his foot painfully crushed, last evening, by his horse's falling down upon him, while riding along First South Street.

Married.—Yesterday, Mr. Chas. W. Hill, son of Elder George W. and Cynthia Hill, and Miss Jennette Hill, daughter of the late John Hill and his wife Agnes Hill, all of this city, were united in marriage by Counselor D. H. Wells. We bid the young couple godspeed on the journey of wedded life. Health, wealth and general prosperity.

The Milford Shooting.—The Junction has received a telegram from Milford concerning the shooting, mentioned in the News last evening. The Junction's special is to the same effect as ours, but states the additional facts that Joseph Glassford, the man killed, was the constable of Frisco, and that Fisher, who did the shooting, is a mill watchman at Milford. He is under arrest.

A Nuisance.—There is a half demented individual on the streets of this city, nearly always under the influence of liquor, who makes a practice of insulting ladies and gentlemen, whom he happens to meet in his delirious rambles. It is surprising that he has been let alone so long. Can he not be taken into custody, and kept where he will not be continually insulting and abusing peaceable citizens?

Stake Conference.—The Quarterly Conference of Utah and Davis Stakes, will commence at 10 o'clock to-morrow morning, the former at at Provo the latter at Farmington. President John Taylor and Elder Franklin D. Richards will attend. The Davis Stake meetings, and Elders George Q. Cannon, Joseph F. Smith and Patriarch John Smith, those at Provo. They will take the morning trains.

Dialogues and Recitations.—A book of dialogues and recitations, suitable for use in our Sunday Schools, primaries and improvement associations, is being compiled at the Juvenile Instructor office. It is the design to have it made up, for most part, of home productions, the compositions of our own authors. Contributions of this character are solicited by the publishers. The idea is an excellent one and should be encouraged. Utah has numbers of talented writers already, and many more who give promise of future excellence in literature. Here is a chance for all to exercise their gifts in a good cause.

A Case for the Police.—There is a man living on the State Road, who is a fit subject for an interview with the police. He is a plumber by profession, we are informed, and it appears, a wife-beater. Last night he was seen going home with his wife, both thought to be drunk, and he beating her every few steps and knocking her down. The same couple were mentioned a short time ago in this paper, when the woman was described as screaming and swearing along the way. Last night she was screaming, also, but it was on account of her brute of a husband's mistreatment. Both are bad enough, no doubt.

FROM SATURDAY'S DAILY, AUGUST 28.

Risen Again.—The first number of the Milford Sentinel, has reached us. It is a semi-weekly, published by Joseph Feild, and in fact, the phoenix of the Beaver Chronicle, recently defunct.

Museum.—Very handsome specimens of silver ores, from Southern Utah, have been presented to the Deseret Museum, for which the curator returns thanks to our distinguished photographer, Brother C. R. Savage. An antique copper coin of the age of the Ptolomies, has also been presented by a visitor to this city, Thomas I. Lipton, Esq., a merchant of the City of Glasgow, Scotland.

A New Car.—A fine new baggage car for use on the Utah Southern R. R., has just been finished at the U. C. R. R. shops, and went down the road on its first regular trip to-day. It is an excellent piece of work, and at the first trial trip yesterday, ran along the track beautifully. In length it is 50 feet, and 9 feet 6 inches in width, not measuring the platforms, and excepting the wheels and axles, is entirely home made. There are three compartments, for the conductor, the baggage and the mail, respectively, and it is as convenient, handsome and substantial a specimen of work as one would wish to see. The builders are S. S. Tucker, boss carpenter, and Wm. B. Armstrong, master mechanic. It was begun about three months ago and completed yesterday, and will be called "Number 1" of the Utah Southern baggage cars. This makes seven cars of various kinds turned out at the railroad shops within the last 18 months, and it has been found by the officers of the road that the most durable cars they have are those of their own manufacture.

Alarming Mishap.—Last evening, between 5 and 6 o'clock, an alarming accident occurred on Main Street, in front of the Clift House. Mr. H. Mackay, of Taylorville, was driving his team across the car track, his wife with an infant being seated on the spring seat at his side, when the wheels of the wagon caught on the rail and were thrown aside so suddenly that the child was sent out of the mother's arms to the ground just forward of the wheel. Another moment and the wheel struck against it, but instead of passing over the body, pressed against it. The horses were brought to a stand almost immediately and the child rescued from it peril. No bones were broken, but it was pretty badly bruised. A doctor was immediately summoned and it is hoped that he found the little patient was not seriously hurt.

The Choir to Professor Careless.—At a meeting of the Tabernacle Choir, last evening, the following letter was drafted and a resolution passed for its publication. It is self-explanatory:

SALT LAKE, Aug. 26, 1880.

Mr. George Careless:

Dear Brother.—It is with feelings of the deepest regret that we own the receipt of your card resigning the leadership of the Tabernacle Choir. While we appreciate the causes which have led you to take this step, yet we feel that we cannot allow you to leave us without expressing to you in some degree the sorrow we feel at the separation. Our association together has now extended over a long term of years, and has been of such a nature, that it cannot be broken up without awakening many feelings of pain and regret. It is needless to assure you that you bear with you in your retirement the continued confidence and affection of the members of the Choir. Your course during the time of our long acquaintance has only been such as to command our unbounded respect and esteem, and it is but truth to say that in all our experiences you have filled the place of our friend equally with that of our leader. It is to your training that the Tabernacle Choir owes the reputation for excellence which it has so long enjoyed, and while we may not have reached that standard to which you aimed to bring us, still, we have the pride of feeling that under your instruction we have satisfied the people and the authorities; to use the language of President Taylor, "you have done a good work."

With sentiments of earnest regard and with the hope that we are far from having labored together for the last time, in the cause of music.

We remain yours most sincerely,
THOS. MCINTYRE, E. BEEZLEY,
GEO. C. FERGUSON, WM. H. FOSTER,
GEO. E. BOURNE, H. G. WHITNEY.

For the Tabernacle Choir.

Ice-House Burned.—Yesterday an ice house on the bench, southeast of this city, belonging to Mr. E. M. Cast, took fire from some unknown

cause, and was burned to the ground, with over 150 tons of ice stored within. Word reached the owner about nine o'clock last night, that his ice-house was in flames, and on reaching the place about an hour later, he found a heap of smoking ruins. He thinks the fire was purely an accident resulting from the carelessness of his employees, one of whom told him afterward that yesterday morning, about four o'clock, he was at the house and lost a box of matches near by, while the other, after the property was burnt, said that he was there about 11 o'clock yesterday forenoon, and found a pile of straw on fire near the corner of the house, and tramped it out, but did not entirely extinguish it. Mr. Cast censures the latter for not putting ice upon the straw, there being no water near, and also for not telling him of the burning straw until after the house was consumed. The loss will foot up to nearly \$1,000.

The Milford Shooting.—Brother C. Halvorsen, writing from Milford on the 25th, gives the ensuing particulars of the fatal shooting at that place on the above date:

This morning about 10 o'clock Joe Glassford, aged about 35 years, was shot and instantly killed by Fisher, a resident of this place. The particulars are as follows:

About two years ago a difficulty came up between the two parties which ended then only in a dispute, and since, neither of them met the other until last Friday, when Joe Glassford arrived at Milford on horseback, and shortly afterwards met Fisher and shot at him, but his pistol failed and Fisher escaped. Glassford has for the last few days been preparing to leave Milford, but said to several, that before he left, he would kill Fisher. This morning, as stated, he went with revolver in hand to Mr. Stoddard's hotel, as he had seen Fisher enter that place but a few minutes previous. When Fisher saw him coming he left the bar-room and went through the dining room, to the kitchen; just as Glassford entered the bar-room, Fisher went back to the dining-room, and as Glassford looked into the dining-room Fisher fired; the bullet entering under his pursuer's right eye and lodging in the head. A few minutes after he expired. Fisher gave himself up to deputy sheriff Woodworth, who immediately took him to Minersville for examination, but his case is clear, as he killed his man in self-defense.

FROM MONDAY'S DAILY, AUGUST 30.

Rain.—Probably the most plentiful shower of the season fell during last night. The clouds are still hovering.

Back Again.—President Taylor and party have returned from their trip to Farmington, where they attended the Davis Stake Conference. Apostles George Q. Cannon and Joseph F. Smith and others, have also returned from attending the Utah Stake Conference.

The "Monster."—The Enquirer denominates the matter of watering Salt Lake Valley with Utah Lake water, the "Utah Lake Monster." Probably the appellation is appropriate, but we trust the "monster" is not of such nature or dimensions as to render it unmanageable.

Deceased.—Mrs. Sarah Hobbs, an old blind lady, formerly of London, England, who has resided in this city for several years, died this morning at the residence of Mr. Isaac Groo, in the Ninth Ward. The funeral will take place at Mr. Groo's house, on Tuesday, at 9 a.m. The friends and acquaintances of the deceased are invited to attend as a tribute of respect to her memory.

Tabernacle Services.—The congregation at the Tabernacle, yesterday afternoon, was addressed by Elder H. W. Naisbitt, who delivered an interesting discourse on the importance of true education, and the proper training of the rising generation to befit them for the great and glorious future that awaits them. His remarks were taken in full by the reporters, but will be unavoidably left out of this evening's paper.

Sentenced—Trial Set.—Young Pickering, of Panguitch, who shot his father dead last fall, has been tried in the Second District for the crime, and on pleading guilty, was sentenced to two years imprisonment in the Penitentiary.

The trial of Jared Dalton will come off during the coming term of

the court at Beaver. He will probably plead guilty of being implicated in the murder of Mrs. Parker, though he still maintains that the throat cutting was done by Jennings, his alleged accomplice.

Lost Clothing.—Brother S. J. Nielsen, now in Gunnison, Sanpete County, who arrived with the last emigrant company from Denmark, has lost a bundle of clothing in a white gunny sack, weighing about 50 lbs., and bearing this address: "S. J. Nielsen, Gunnison, Utah, Amerika." It was probably lost at some railroad station. He is a poor man and needs his clothing. Anyone who knows anything of it, will confer a favor on the owner, by informing this Office of the whereabouts of the lost bundle. The *Beaver* will please copy this notice.

Board of Equalization.—The City Council convened as a board of equalization at 2 o'clock this afternoon, pursuant to the notice heretofore published, to hear and determine complaints relative to the city assessment for 1880. A number of persons were present from various parts of the city, and on complaints of over-taxation, the assessment roll was amended in several cases. The wards were called in their order, beginning with the first and so on to the end. After this business was disposed of, the matter of remitting taxes of insane, idiotic, indigent or infirm persons came up for consideration. This business was proceeded with in the same manner as the other. The board was in session when we went to press.

New Buildings.—Work on the new residence of Mr. Mark Croxall, in the 18th Ward, is progressing rapidly. The walls are nearly half way up.

Capt. Joab Lawrence is also about to build in the same neighborhood. The work of excavating is going on at present.

In another portion of the Ward, near City Creek, Mr. A. C. Young has just completed a neat and fashionable residence, and Mr. L. Cummings has a nice house going up on the adjoining property.

The foundations of the ward meeting house are laid, and it is expected that brick laying, etc., will go right ahead.

W. Rossiter, Esq., is erecting a residence on the street north of the Eagle Gate.

People's Territorial Convention.—The following has been handed in for publication. It explains itself:

HEADQUARTERS PEOPLE'S TERRITORIAL CENTRAL COMMITTEE.

SALT LAKE CITY, July 28, '80.

A People's Territorial Convention, composed of delegates from the several counties, is hereby called to convene at the City Hall, Salt Lake City, on Tuesday, October 7, 1880, at 6 p. m., to nominate a candidate for delegate to the Forty-seventh Congress, and to transact such other business as may properly come before the convention.

The convention will consist of seventy-three delegates, apportioned as follows, based upon the population as determined by the census of 1880.

A Suggestion to Summer Tourists.

A change of climate is at all times more or less dangerous. There are elements in a new atmosphere which are injurious, especially when the system is exhausted by care and overwork, and which should be guarded against. After careful observation we have come to the conclusion that Warner's Safe Kidney and Liver Cure is the best preventive for atmospheric evils and that it will restore health and vigor sooner than any remedy which has ever been discovered. sw & w

A Mother's Grief.

The pride of a Mother, the life and joy of a home, are her children, hence her grief when sickness enters and takes them away. In the Whole History of Medicine

No preparation has ever performed such marvelous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible. 1dsw

IT IS TRULY WONDERFUL

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. and N.-W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North-Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this road; all Agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Route, AND WILL TAKE NO OTHER. dswly
