THE UNIVERSITY. Full List of Those Who Expect to Step Down and Out at Close Of Season.

GRADUATES FROM

EXCEEDS PREVIOUS RECORDS.

Arts, Engineers and Normals Reach A Total of 135 Candidates for Graduation.

The list of candidates for graduation from the University of Utah has been given out, and it includes the largest number of names yet to be scheduled for degrees from the local institution. Coincident with it is the noticeable lack of Utah men among the graduates of castern and coast universities, which have dwindled down greatly as the home institution has increased. The condition suggests the strength which is being acquired since the state institution went into its home on the hill and collected its present able faculty. The graduates in the arts department will number ten students; in the engi-grees, while of the Normal graduates neering department, 13 will receive deneering department, 13 will receive de-there are 112, which exceed the highest previous records by 21. The present encouraging showing is indicative of a stronger permanent growth next year, as the underclasses are well filled, and the high school graduates of this year, many of whem have herefore planned. high school graduated of planned leave for outside universities, are w planning courses at the U. of U. The full list of graduates is as fol-

LAND DISTRICT IS ESTABLISHED.

DESERET EVENING NEWS: THURSDAY, MAY 18, 1905.

Official Notice of that Created in Uintah Received From Washington,

OFFICE IS LOCATED AT VERNAL

for a land district in Wasatch, Uintah and Carbon counties, in the State of Utah, to be known as the Uintah land district, and for other purposes,' approved March 3, 1905, which provides that raid hand district shall include all that portion of the State of Utah in-cluded within the present boundaries of Uintah and Carbon counties, and also within the boundaries of that part of the Uintah Indian reservation which of the Uintah Indian reservation which lies within the present boundaries of Wasatch county, and authorizes the president of the United States to des-ignate the place within said district where the land office shall be located, the president of the United States by executive order of May 1, 1905, ordered that the land office of the Uintah land district be located at Vernai, in the

that the land office of the Unitah land district be located at Vernal, in the county of Unitah. "In pursuance of said executive order the land office of the Unitah land dis-trict will be opened for the transaction of business at Vernal, Unitah county. State of Utah, on July 1, 1905. "Given under my hand at the city of Washington, District of Columbia, this minth day of May, A. D. 1905."

OPENING OF RESERVATION.

The commissioner has also issued the following, relative to the opening: In reply to your letter requesting in-formation relative to the proposed op-ening of the Uintah Indian reservation in the State of Utah, I have to advise you that by the act of March 3, 1905. (Public—No, 212), the time for opening said reservation was extended to the 1st day of September, 1905, unless the president shall determine that the same may be opened at an earlier date, and that the manner of opening the same shall be as follows: That the unallotted lands, excepting such tracts as may have been set aside as a national forest reserve and such mineral lands as were disposed of by The commissioner has also issued the

mineral lands as were disposed of by the act of May 27, 1902 (32 Stat., 263), shall be disposed of under the general shall be disposed of under the general provisions of the homestead and the townsite laws of the United States, and shall be opened to settlement and entry by the proclamation of the presi-dent, which proclamation shall pre-scribe the manner in which these lands may be settled upon, occupied, and en-tered be the process antitled to make tered by the persons entitled to make entry thereof; and no person shall be thad to settle moon, occupy or

ing sore now when the buyers are THREATENED around offering 20c for all they can get," said John Spiers of Ogden, Utah, yesterday. "In years gone by wool was worth but very little, the sheepmen had worth but very little, the sheepmen had nothing but the sheep as a mutton pro-duct, and the price of mutton was at that time nothing to brag on. But now it is a different proposition, as the wool brings in a nice sum of clean cash in the spring. We formerly bred sheep for the wool alone, but that kind of sheep were no good for mutton, but now we are raising sheep intended for mutton, while they produce good wool." Although buyers were better able to handle cattle last week than they have been lately, the market declined 15 to 25 cents, covering pretty much all 25 cents, covering pretty much all classes of cattle. Stockers and feeders ost about the same, but the heaviest oss was on the fleshy feeders, Colorado ad Idaho hay fed steers were included in the receipts, but representation from he Panhandle country was very small. Conditions Governing the Opening Of the Reservation Set Forth In Circular. Commissioner Richards of the general land effice has issuel the following no-tice of the establishment of the Ulinuth land district in this state and the loca-tion of the land office thereof at Vernal, in Ulntah county: "Natice is hereby given that in av-cordance with the provisions of the act of Congress, entitled, 'An act to provide for a land district in Wasatch, Ulintah

the average this month so far is sel-dom exceeded in May. Not many fed sheep are coming now, only a few fed owes last week, no wethers or yearlings. Some wooled fed lambs were here, and sold from \$6.60 lambs were here, and sold from \$6,60 to \$6,85. The market gained 15 to 25 cents during the week. Texas mixed, sheep made up most of the supply last week, and sold at \$4,40 to \$4,85. The supply today is fair, at 5,500 head, mar-ket 10 to 15 cents higher. Fair to good Calorado lambs sold at \$6,85 today. Texas wethers \$4,85. Arizona mixed sheep \$4,00. Texas ewes \$4,50, and fed Texas wethers \$4,85. The Texas stuff is extra good this season, and is killing out even better than expected. Mar-kets are, therefore, active and snappy ns one of the main causes for slow, weak markets is an inferior class of receipts. Texas stuff is making good weights, also, averaging from 88 to 110 weights, also, averaging from 88 to 110 lbs, generally close to 100 lbs.

WORKMEN LLECT OFFICERS

Grand Lodge Transacts Business and Enjoys a Program.

The A. O. U. W. grand lodge chose and installed the following officers yesterday afternoon for the ensuing two years:

Grand master workman, James M. Lockhart of Park City; grand foreman, John Larson of Hope, Ida.; grand foreman, John Larson of Hope, Ida.; grand over-seer, A. C. Spears of Sait Lake; grand recorder, Craige Thorburn of Ogden; grand receiver, William Harcombe of Caden; grand guide, Walter Richey of Orden; grand inside watchman, Jokeph S. Darke of Sait Lake; grand outside watchman, John F. Larsen of Evans-ton, Wvo.; supreme representatives. archinan, John F. Larsen of Evans-ton. Wyo.: supreme representatives, Judge H. H. Rolapp of Ogden, John C. Ilamm of Evansten, Wyo., and Frank J. McLaughlin of Park City. The Rocky Mountain Workman, pub-lished in this city by S. W. Darke, was designated as the official organ of the order for the next twe versus.

designated as the official organ of the order for the next two years. At the entertainmet last evening, in A. O. U. W. hall, the following program was observed: Address of welcome, S. W. Darke; piano solo, Miss Tessie Fmith; short talk, Supreme Master Wil-liam N. Narvis; recitation, Miss Law-son; piano solo, Miss Ethel Darke; short talk, J. M. Lockhart; recitation, Ons Backman; short talk, J. C. Hamm; recitation, W. J. Gardner, and closing greeting by Miss Mamie Schuyler.

A HAPPY THOUGHT.

Union School Students Utilize Abandoned Attic for Gymnasium.

A unique task is that which has just been completed by the principal and students of the Union school, located in the West Side High school grounds. The building was originally the state deaf mute school, and the plans included a large attic with a soundly built floor which has never been used. I floor which has never been used. It occurred to the principal to convert it into a gymnasium for students, and he necordingly set about the task without funds, but with a willing band of help-ers in his students and in I. Morris, a teacher of physical culture, who has a child in the school. The apparatus, which is largely home-made, as in-stalled to date consists of one set of iraveling rings, ten in number; one traveling rings, ten in number; one punching bag, two pairs of Spanish rings, two swinging trapese bars, two borizontal bars, a set of parallel bars, two single climbing ropes, a pair of vertical ropes hung parallel, three kicking and jumping pans, a gymnasi-um mat for wrestling, Indian clubs and wands.

The students of the school taking

had resulted in a mixed election, which gave both factions plenty of represen-

tation in the student body offices. The results follow: Harold M. Stephens (art), president; Dale Pitt (engineer), vice president; Virginia Bush (engineer and art), secretary; Earl Havenor (engineer), treas-urer; Fred Bennion (art) and Allan Spencer (engineer), athletic council: Daniel Alexander (art), editor of Chronicle; John Jensen (art), student man-ager of athletics; Ike Alexander (art), manager of debating. It is thought that in future elections the question of the school to which the

servitude for life

candidate belongs will not seriously enter. BIG MINSTREL SHOW.
