Washington News.

WASHINGTON, 1.—The quarterly report of the Chief of the Bureau of Statistics to the Secretary of the Treasury, contained the statement of quantities and value of domestic merchandise, including coin and bullion, shipped between San Francisco and the Isthmus of Panama during the month ending June 30th last. The total value of domestic merchandise shipped from San Francisco to New York was $797,386. The total value of foreign merchandise shipped from San Francisco to New York during the same time was $111,032.

The chief clerk in the office of the Solicitor of the Treasury has just returned from Indiana, where he has been taking depositions in the ejectment case brought at Pittsburg by the United States for the recovery of valuable oil lands in Forest county, Penn.

The Board of Naval Officers suggest the abolishment of the following grades: Finisher, boiler-maker, seamen, extra and ordinary seamen, extra coppers, jack of the dust, baker, and second-class pointer. There is to be one blacksmith for general ship work, and two grades of seamen established; the grade of ordinary seamen, second-class, to be for apprentices only. Landsmen enlisting for general service to serve in the engineer force, the name apprentice to lads enlisting to serve until 21 years of age; the term "boy" to young men enlisting for general service for three years. All men enlisting on foreign stations, except "continuous service certificate men," to be enlisted for the cruise. The Board recommends an increase of the pay of petty officers and enlisted men, in view of the increased wages received by persons in civil life. The Board also fixes the complements of all classes of vessels.

It is probable that the President will return to Washington on to-day.

John G. Cowle, of Iowa, is appointed chief clerk in the Secret Service Division of the Treasury.

The debt statement issued to-day shows the reduction of the public debt during October to be $15,629,180. Cash in Treasury, $275,386,199; gold certificates outstanding, $26,360,440; silver certificates outstanding, $96,607,716; certificates of deposit outstanding, $9,946,000; refunding certificates outstanding, $423,750; legal tenders outstanding, $346,781,016; fractional currency outstanding, $7,026,183; cash balance available, $151,145,237. Payments from Treasury by warrants during the month of October, $18,330,673.

Proposals to furnish about 400,000 pounds of beef for Indians located in Indian Territory, were to-day opened at the office of the Commissioner of Indian Affairs. Prices ranged from $4.16 to $5.43 per 100 pounds, but the Commissioner having already a sufficient supply to last until next spring, and regarding the prices as too high, rejected all bids. No further proposals for beef will be received or advertised for until next spring.

Private Secretary Phillips has been informed the President will arrive from New York Friday, remain a few days, and return in time to vote.

The coinage executed at the United States mints for the month of October, gold $3,474,000; silver $2,371,000; minor coin $79,100; total $5,924,100; $2,659.57 in silver five cent pieces have been transferred from the treasury to the mint at Philadelphia to be coined into dimes. The plates for the new issue of gold certificates recommended by the Assistant Secretary are now being prepared at the Bureau of engraving and Printing. The work of engraving will require about 40 days, and it will probably be two weeks after the plates are finished before the first issue of new certificates will be made.

Commissioner McFarland, replying to questions of land attorneys says, relative to the location of soldiers' homestead rights on non-contiguous land, that the land office does not construe the law so as to require the tracts entered to be contiguous. In regard to homesteads he holds it a fundamental principle of law that entries be made only for the use, occupation and benefit of the homestead party.

Postmaster General Howe to day submitted to the Secretary of the Treasury his estimates for 1883-84 They are: Estimated receipts, $50,870,456.27; estimated expenditures, $46,741,111.25, leaving a net surplus of $3,920,345.02.

Commercial Reports.

NEW YORK, 1.—The Clearing House Exchange shows the following gains and losses in business transactions in the principal cities this week over the corresponding week last year:

GAINS.

Chicago, 11.10; San Francisco, 12.06; Pittsburg, 5.01; Providence, 2.04; Cleveland, 9.01; St. Louis, 11.04; New Orleans, 9.05; Milwaukee, 10.08; Kansas City, 41.05.

LOSSES.

New York, 2.06; Philadelphia, 4.08; Baltimore, 17.02; Indianapolis, 4.51; Boston, 16.04; Cincinnati, 5.04; Louisville, 5.09.

Public says: The exchanges for the last week of October are less satisfactory than was expected, although there is an improvement at several minor points. The same circumstances that were noticed last week in respect to the extraordinary magnitude of exchanges at some points last year for the week with which we compare, affect the result materially. Thus the difference at Boston alone, $13,400,000, is nearly double the difference in the aggregate of all the cities outside of New York. So that, excepting New York and Boston, the aggregate at other cities shows a decrease.

President Arthur remained home all day. His brother, Major William Arthur, dined with him last night.

Governor Ortez a Fugitive.

TUCSON, A. T., 31.—The *Star's* Benson, A. T., special says Governor Ortez, of Sonora has just arrived with a body guard from Hermosillo. He is a refugee from the State. A *Star* correspondent called upon the Governor, who stated that Sunday he, with the cabinet and troops, returned to Hermosillo from Guaymas and disbanded the troops. Last night at a late hour, Gen. Reyes troops, under Mystadamo, attacked the house of Ortez and commenced firing, killing four of his body guard. Ortez' men returned the fire, killing five federals and wounding others. The railroad officials seeing the danger, tendered Ortez and guard a special train to flee for his life. He crossed the line this morning, and leaves for the City of Mexico to-morrow morning via New Orleans. He says he will make an appeal to the Central Government for aid. Antonio Escalliante, Vice-Governor, has assumed the gubernatorial authority. This is what Gen. Reyes demanded from the first. Ortez is much dejected and worn out. Some of his friends and attendants say he will never return to Sonora. This ends the revolution.

Gunpowder and Death in Kentucky.

LEXINGTON, Ky., 1.—The troops guarding Neal and Croft, while on the way to the steamer *Granite State*, were attacked by a mob. The soldiers fired and several were killed and wounded of the attacking party. The prisoners and troops got safely on board, when the mob seized a train and headed off the boat at Ashland, Ky., where another attack was made. The troops returned the fire, and again a number of the mob were killed and wounded. So far known, but three of the troops were wounded, and they but slightly. Private dispatches received in this city place the number of killed at five and wounded at thirty. The steamer *Granite State* has passed Portsmouth, and unless the fog prevents will reach Maysville to-night, where the prisoners will be transferred to the railroad to be taken to Lexington.

Cattletsburg, Ky., 1.—Trains going from this place to Ashland last night were searched by a mob for the prisoners Neal and Croft. The streets were strongly guarded by military last night. The military and prisoners started to Lexington this morning.

Later.—The troops guarding Neal and Croft have debarked from the train and are in line of battle, expecting an attack by the mob.

Ashland, Ky., 1.—This noon, twenty-five men and boys, partly intoxicated, seized an engine and car and went to Cattlettsburg, against the advice of other men, who last night gave up all hope of getting the prisoners from the military. When they reached Cattlettsburg they made no effort to capture the prisoner, who were safely placed on the steamer *Granite State* at 3 p. m. The crowd then hastened back to Ashland, and about twenty of them went to the ferry boat, and by the use of pistols compelled the captain to put out to intercept the *Granite State*. Their attitude was so ridiculous and their case so hopeless the affair would have been a farce but for the reckless discharge of a little revolver in the hands of one of the boys on the ferry boat. It was answered at once by a volley from the soldiers. The balls pierced the boiler, and the escaping steam completed the disabling of the mob. By this time a great crowd had gathered on the banks and in the houses. The soldiers turned their guns on them and fired without provocation. Here the mischief was done. Only three were wounded on the ferry boat, while all others in the casualty list were peaceable people on shore.

Killed—George Keener, James McDonald, Col. Reppert, an infant in its mother's arms unknown.

Seriously wounded—John Baugh, Charles Balinger, Willie Serrie, Will Springer, Mrs. S. Graham, Robert Pritchard.

Slightly—Martin Dunlap, Alexr. Harris, John Gallagher, Julius Sommers, Thomas Bird, Mrs. B. Cutler, A. H. Dickson, Thomas Demarers, N. E. Ball, Dr. Hills, Martin Gear, Robert Lowther.

Col. Reppert was a highly respected citizen 70 years old. Mrs. Cutler was a quarter of a mile away attending a meeting to organize a public reading room. The citizens regarded the firing on the ferry boat justifiable, but have no words to express their indignation at the firing on peaceable citizens.

The Yellow Fever.

BROWNSVILLE, Texas, 2.—Quarantine restrictions are abolished between here and Matamoras.

Pensacola, 1.—Thirteen new cases of yellow fever. No deaths. Whether still very warm. Total cases to date, 2,250; deaths, 178. The British bark Wave King which left Pensacola on the 24th ultimo with yellow fever on board, was towed back, having lost one man at sea.

Fatal Collision.

SCRANTON, Pa., 1.—There was a collision to-day between the Lehigh & Susquehanna and Delaware & Lackawanna and western trains, at Diamond Crossing. Twenty-nine cars were thrown from the track and the engine demolished. John Glynn, switchman, was killed. Several train hands were injured. The wreck was caused by the negligence of a watchman.

Boston, 1.—During last spring a Frenchman named Goodenough left Greenville for the woods at the head of Moosehead Lake, Maine. Nothing was subsequently heard of him until last week, when a skeleton was discovered with both hands in a bear trap. Goodenough in some way got his hands caught in the jaws of the trap, and was unable to remove them, and no assistance being near, died from starvation.

New York, 1.—Henry S. Cooper, the well known tailor, was sent to a private lunatic asylum on Sunday at the instance of two brothers. The third brother began legal proceedings to have him released, claiming he is entirely sane.

Alhambra Sporting Theatre, 124 to 128 west 27th street, was burned to-night. No performance, being closed on account of the death of Wm. H. Borst, one of the proprietors, which occurred Wednesday last. Small loss.

An official investigation has not yet discovered the origin of the Park theatre fire.

Louisville, Ky., 1.—Ex-Governor James G. Robinson, of Kentucky, died last night at his home in Scott county. The funeral will occur Friday. Governor Blackburn has issued an executive order closing the public offices of the State on that day.

Philadelphia, 1.—Two children of Theodore Bache and Wm. Switzer, were probably fatally burned by the explosion of a coal-oil barrel with which they were playing.

Rochester, 1.—A portion of the New York Central Railroad freight house burned to-day. Loss $60,000.

Chicago, 31.—Representatives of the Amalgamated Iron and Steel Workers of this district, President Jarrett and the millowners have been holding a meeting in this city for the past three days in regard to the schedule for next year. An agreement on prices was finally reached to-night. The workers, however, were firm in demanding that this agreement be subject to revision May 21st next. The millowners were equally firm in demanding that the agreement should cover the entire year, and the conference again adjourned without an understanding.

Augusta, Ga., 1.—Meyers & Marcus, wholesale dry goods, have made an assignment. It is reported their liabilities are $200,000; assets in stock and accounts more than the liabilities.

New York, 31.—Board estimate for the expenses of the several debts of the city government in 1882, total $28,327,686.

New Orleans, 1.—The Gas Light Company to-day informed the city council on account of non-payment on the part of the city for months, and no prospect of pay, the company will stop lighting the city November 8th.

Brownsville, Texas, 1.—The law in Mexico abolishing export duty on money to merchants, is generally approved.

Philadelphia, 1.—The Board of Directors of the Pennsylvania Railroad declared a semi-annual dividend of 4 1-2 per cent upon the capital stock of the company, of which amount 2 1-2 per cent in crip, is redeemable in cash or convertible into capital stock of the company.

FOREIGN.

French Items.

PARIS, 2.—A few days since placards were posted in the Faubourg St. Antoine, giving minute details as to how houses could be burned down or blown up, with a view to bring the justice of the people to bear upon their landlords. The placards bore intrinsic evidence of being the work of comparatively education revolutionists. The police tore them down as soon as discovered. Since then the cabinet-makers have gone on a strike, and fear is being entertained by the authorities of a riot in that quarter. The troops have been confined to the barracks.

The Turkish financial commission estimate next year's budget will show a deficit of 50,000,000 piastres.

The international conference, which has been considering the question of the protection of submarine cables, has declared its approval of the principle of protection under international agreement.

Mirra Bruax, editor of *Figaro*, who challenged Magnard, sent him two seconds. Magnard refused to receive them or have any fight.

Floods in Southern France caused great damage to property in the vicinity of Mentone. The estimated loss aggregated three million francs.

The Strikers.

LONDON, 1.—Yorkshire colliery owners announce that they have advanced their quotations 10 per cent., thus raising the wages of employees 5 per cent. This action of the officers has caused a withdrawal of the notice by the men of the intention to strike.

The Egyptian Question.

The substance of the English proposals to France for alteration in the control of Egyptian affairs is that a single commission be appointed for five years.

Constantinople, 1.—The Grand Vizier has asked Earl Dufferin to postpone his departure for Egypt until the Porte had time to make presentations to the British Government concerning his mission there. Dufferin said it was impossible to accede to his request.

Cairo, 1.—Suleiman and Daoub Pashas have admitted that the man who started the conflagration in Alexandria, together with the two leaders of the subsequent massacre, have been captured in India.

A battalion of 500 English troops have been detailed to go to Khartoum. The detachment for Khartoum is composed chiefly of volunteers, who will explore to the coast and Lake Nyanza.

Six thousand Egyptian troops are forming for an expedition to the Soudan.

Constantinople, 1.—Earl Dufferin, British ambassador, will leave to-morrow for Egypt. He informed a minister here he will return on the 25th of December, with the treaty entered into by the Khedive, in which the rights of the Sultan in Egypt will be affirmed. It is reported here and believed by many that England will convene a European conference early in January if Dufferin's mission is brought to a close by that time.

Roman Elections.

Rome, 1.—The returns for elections on Sunday are still incomplete. The political faction known as the "Left" will have 60 members, of whom six will refuse to adhere to the programme laid down by the Ministry. The "Right" secures 99 members. That part of the centre which supports the Ministry, 67; Radicals, 27; Socialists, 4. The Radicals gained only ten votes, less than expected, and less than was conceded soon after the election. The union of the left and centre wings will give at least 280 votes in support of the Ministry.

Irish News.

Cork, 2.—Moonlight outrages are increasing in the vicinity of Kilkenny. Last night a number of houses were entered by armed and disguised men, who extorted money from the inmates, but inflicted little personal injury.

Dublin, 1.—Earl Spencer, for the purpose of giving practical effect to the clauses to the arrears of rent act, has issued rules for governing the emigration of the poorer classes. Government grants are to be given to whole families only. Government agents will be appointed at the cities of New York, Boston, Quebec and Halifax.

Drowned.

Madrid, 1.—An official dispatch from Manilla states twenty merchants were lost and over a hundred sailors drowned during the typhoon which occurred Oct. 20.

BOX ELDER STAKE CONFERENCE.

The Quarterly Conference of Box Elder Stake convened in the Tabernacle at Brigham City, at 10 a.m., Oct. 28, 1882.

The forenoon and afternoon meetings were chiefly occupied by Bishops of the different wards in bearing testimony and exhorting the Saints to diligence in all their duties, to rely on the all-sustaining arm of Jehovah, and to walk in truth and uprightness before him. The statistical report was read.

29th, 10 a.m.

A large portion of the meeting was occupied by Apostle L. Snow. He commenced by reading Daniel's interpretation of Nebuchadnezzar's dream; "And in the days of these kings," etc., "the dream is certain and the interpretation thereof sure." He counseled the Saints to preserve their inheritance from pollution, and contrasted the happy condition of the Saints here as compared with some cities, where this counsel had not been so strictly observed.

In the afternoon the sacrament was administered.

The General Authorities of the Church, and the authorities of the Stake were presented and sustained.

Prest. O. G. Snow desired the Saints to assist in raising the necessary amount of means required for the completion of the Logan Temple.

Apostle L. Snow said to raise the amount it is required that each person in the Stake pay fifty cents, and as much more as they may choose.

After singing and benediction, Conference was adjourned for three months.
