PATENTS

Obtained for new inventions, or for improvements on old ones, for medical or other compounds, trade-marks and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to—INVENTIONS THAT HAVE BEEN REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and employing in Patent business exclusively, we can make closer searches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington.

INVENTORS may send us a model or sketch of your device; we make examinations and advise as to patentability free of charge. All correspondence strictly confidential. NO CHARGE UNLESS PATENT IS SECURED.

We refer in Washington, to Hon. Postmaster General D. M. Key, Rev. F. D. Power, The German-American National Bank, to officials in the U. S. Patent office, and to Senators and Representatives in Congress; and especially to our clients in every State in the Union and in Canada. Address

SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

SOLD EVERYWHERE.

CHEAP DISINFECTANT!

PER WESTERN UNION TELEGRAPH LINE.

EASTERN.

The Last of the International Pedestrian Contest—Rowell the Champion.

NEW YORK, 15.—The last night of the great pedestrian contest equalled, indeed exceeded, the opening night both in point of numbers and enthusiasm. At 7 o'clock fully 7,000 people were present. The pedestrians were encouraged by the most hearty applause. Ladies waved their handkerchiefs and threw several bouquets at the contestants as they passed along, and the men threw their hats in the air and yelled themselves hoarse. The excitement was tremendous.

Early in the afternoon it was conceded that Rowell would take the belt. The interest was then upon Harriman making the 450 miles, so as to secure a share of the gate money. Harriman walked very lame and appeared to suffer great pain, but he struggled along gamely and steadily neared his goal.

Ennis was in fine form during the evening and made some very quick miles. He was quite fresh and entirely free from lameness. He made spurt after spurt, both running and walking, and the applause that greeted him was immense.

About 6.30 this afternoon Rowell, Harriman and Ennis were all on track together, and Rowell overtaking Harriman, linked his right arm and walked around talking with him. The cheering was loud, but when Ennis came along and linked with Harriman on the other side, the applause burst forth in a deafening roar. They marched around arm in arm and dozens of boquets were hurled at them. The judges announced that two laps were taken from the score of each man for having received support while going twice around the track.

Ennis completed his 455th mile at 4.23.26, his 460th at 5.38.45, his 465th at 7.32.15. He left the track at 5.39.20 and returned at 6.23.55 and left again at 7.33 for a short rest.

Harriman finished his 435th mile at 3 32.40; his 440th at 4.47.55; his 445th at 7.31.22. It then became certain he would turn his 450 miles and earn his share of the gate money. He left the track at 4.48 and took a good rest until 6.15 when he again appeared. He had evidently more friends in the building than the other two.

Rowell finished his 481st mile at 4.13 and kept on walking and running alternately, finished his 485th mile at 5.13, remaining on the track. At 7.29 he had completed his 494th mile. As Harriman neared his 450th mile and Rowell was closing up his 500th, the spectators became perfectly wild with excitement and as Harriman turned his 450th mile and the great white figures on the black-board announced the result, a storm of applause seldom heard burst forth and lasted fully ten minutes. He completed his 450th mile at 8.42 and a man had to carry around before him several immense boquets presented by his lady friends. He carried a small American flag over his shoulder and this incident increased, if that was possible, the enthusiasm. When the figures 500 went up opposite Rowell's name on the blackboard, the excitement can scarcely be imagined. This was at three minutes to 9 o'clock. Then he put on his ulster and carrying the American flag over his right shoulder and an immense boquet in his left hand, he marched round the track twice, the captain of police on one side and his trainer on the other. The band played "God Save the Queen," the enthusiasm running high. Rowell then left the track for good with a score of 500 miles. He went at once to the Ashland House, was bathed and rubed down and went to bed for four hours, when he is to be waked up. He was received at the hotel by some 20 ladies and congratulated. He seemed to be pretty well used up. Harriman completed his 450 miles and three laps at 8.40 and then he retired from the track for good. He was surrounded by a host of friends who brought him out of the garden by the Fourth Avenue entrance.

At 10.5 all the contestants had left the track. The band was playing and the crowd leaving the garden. Score—Rowell 500, Ennis 475 Harriman 450.

Caucus of Democratic Senators.

WASHINGTON, 15.—The democratic Senators held a caucus, today, in the senate chamber. All were present except Maxey Jones, Louisiana, and Hampton, South Carolina. The object of the caucus was to consider the formation of the standing committees. Senator Wallace was re-elected chairman, and Senator Beck secretary of the caucus. The following senators were appointed a committee to re-arrange the standing committees and report to an adjourned meeting Monday at noon; Wallace, McDonald, Eaton, Ransom, Cockrell, Davis, West Virginia, Garland, Grover and Pendleton. After discussion, the following basis was agreed upon for reorganization of the committees: First, seniority; second, the choice of committee by one having two or more chairmanships; third, the arrangement of chairmanships for vacancies. According to this programme, Eaton, senior democratic member of the committee on foreign relations, will be its chairman; finance, Bayard; military affairs Randolph, judiciary, Thurman; public lands, McDonald; Indian Affairs, Coke; pensions, Withers; claims, Cockrell; District of Columbia, Harris; patents, Kernan; territories, Garland; mines and mining, Hereford; on revision of laws, Wallace. Saulsbury has the choice of the chairmanship of three committees, viz: privileges and elections, post-offices and post-roads, and public buildings and grounds; Davis, West Virginia, the choice of the chairman of appropriations and agriculture; Johnson of manufactures and revolutionary pensions; Gordon of commerce and education and labor; White of civil service and retrenchment in naval affairs and printing; Ransom of railroads and library. In addition to the above, Thurman was chairman on private land claims and Johnson chairman of the committee on revolutionary claims, the only committees with democratic chairmen and a majority of democrats. In addition to the standing committees there are ten select committees, only two of them having democratic chairmen, Davis, West Virginia, and Harris. The chairmanship of the committees other than those above named will be arranged by a caucus committee. The republicans will be furnished with a list of democratic members placed on the committees. The subject of changing the elective officers of the Senate was not acted upon.

Four per Cent. Refunding Certificates.

The Postmaster-General has designated First Assistant Postmaster-General Tyner and C. F. McDonald, superintendent of the money order office, to meet the treasurer of the United States and chief clerk of the treasury department to arrange for a distribution of the 4 per cent. refunding certificates, which will be ready for issue on April 1st.

The Speakership Contest.

The interest in the contest for speakership increases hourly, and as members are arriving in large numbers by every train the canvass becomes more and more earnest. Blackburn seems to have gained considerable strength to-day and his friends claim that he will enter the caucus with 78 pledged votes. Randall, however, with equal confidence, claims 84, and it thus appears that 15 votes more than the entire democratic membership are divided upon paper between the two leading candidates. It is conceded on all hands that the claims of the greenbackers to hold the balance of power were unfounded and that whoever can obtain the democratic nomination will be promptly elected Speaker. But it is not yet certain that either Randall or Blackburn will secure a majority of the votes in the caucus. The caucus votes are cast by secret ballot, and there are well defined indications that 12 or 15 democratic members do not at present intend to vote for either Randall or Blackburn. If they persistently vote for one or more candidates other than these two, they will hold the balance of power, and by preventing either of the two leading competitors from receiving a majority, will be able to force the selection of a compromise man. In this event McMahon, of Ohio, is likely to bear off the prize; but, of course, if the race be thus thrown open, some other dark horse may enter at the last moment and be the winner in spite of all previous calculation.

The contest for other elective officers of the House excites less general attraction, but is very earnest, Clerk Adams appeared to have the inside track for re-election but is closely pressed by ex-congressman Caldwell. Doorkeeper Field seems to have no formidable opposition in his canvass for re-election. Sergeant-at-arms Thompson will undoubtedly be re-elected unless Ohio should, in the contingency above indicated, get the Speakership. Postmaster Stewart, formerly of California, is making a fight to hold the fort, but several candidates for his position are strongly backed. It is not expected that the Senate will elect its new officers before the middle or the last of next week. The canvassing in behalf of the struggling swarm of applicants continues to be active, but as yet there are no reliable indications of the result in regard to any of them.

Railroad Accident.

NEW ORLEANS, 15.—The sleeper on the New Orleans, Chicago and St. Louis Railroad, was thrown from the track by a broken rail, at Abbyville, Miss. Several passengers were badly hurt. Senator Kellogg received a severe cut on the forehead.

Yellow Fever.

The bark *Sleipner* arrived yesterday, from Rio, in charge of the mate, who reports that during the voyage the captain, second officer and boy died of yellow fever. The vessel is now at quarantine.

Explosion of a Fuse House.

PATTERSON, N. J., 15.—The fuse house of Laflin & Rand's powder works, 12 miles away, exploded today. No person was injured.

FOREIGN.

GERMANY.

Tariff Commission.

BERLIN, 15.—The German tariff commission, contrary to expectation, has resolved to admit coal duty free.

BELGIUM.

Expelled.

BRUSSELS, 15.—The German socialist, Hiersh, expelled from France, and editing here the German imitation of the *Lanterne*, has been expelled from Belgium by royal order, issued, it is reported, at the request of Germany.

BRITISH AMERICA.

The Tariff Question.

OTTAWA, 15.—In the course of his speech on the changes last night, Mr. Tilley said: "A larger proportionate share of the revenues must be derived from the United States than from England. Since the United States abrogated the reciprocity treaty goods had largely been admitted free. It was hoped this would induce the United States to deal as liberally by us, but this expectation was not realized. We would be compelled to impose on the United States goods a higher share of duty than before, but coupled with this is the condition that when the United States were willing to take off any portion of their duty we were ready to meet them. Government was in favor of a reciprocity of the tariff in hopes of judicious reciprocity of trade.

Meteoric Stones Catalogued.

Mr. Charles U. Shepard, of New Haven, Conn., writes to the *Journal* for fuller information concerning the alleged meteoric stone of recent notoriety, and expresses an earnest desire to procure a piece of it to add to his large collection. Mr. Shepard has been informed of the facts, or rather the want of the facts in the case. His letter states that he has been for 40 years a diligent student of meteorology, and that he has accumulated the largest collection of meteoric stones in the United States, if not in the world. He forwards a catalogue of his collection, showing the number of stones and the date and locality of their fall. The collection embraces over 500 meteoric stones and meteoric irons. The total weight of the collection is about 1,200 pounds. The largest iron, procured from Colorado, weighs 438 pounds, and the smallest from Otsego County, New York, weighs half an ounce. The largest entire stone, procured from Muskingum County, Ohio, weighs 56 pounds, and the smallest one from Sweden weighs less than 50 grains. The specimens have been gathered from all parts of the world. The catalogue begins with one which fell November 7, 1492, in Alsace, and ends with one which fell February 12, 1875, in Iowa County, Iowa. There are none between 1492 and 1753, but most of the years since the latter date are represented, and some years by several specimens. Nearly every country in the known world is represented in the list. The entire collection is in one of the buildings of Amherst College. Mr. Shepard makes one statement which will surprise most persons. He says, "There have been several instances of deaths occasioned by meteoric stones. Two monks in different places were thus killed in Italy, and two sailors on ship board in Sweden."—*Indianapolis Journal.*

DIPHTHERIA.

MARSHALL'S HUMBUG OIL, when used freely internally and externally, will positively cure Diphtheria, even in its worst form; thousands can vouch for the truth of this assertion. The raw Oil may be used freely on the tenderest infant, leaving the parts exposed to the air to avoid blistering. For internal use, the Oil must be diluted with water. Four tablespoonfuls of water to one teaspoonful of the Oil—sweeten to taste; bathing the throat and chest freely and often. Dose, one teaspoonful, repeating frequently. The Humbug Oil may be found prepared for internal use, under the name of Marshall's Canker Cure.

Z. C. M. I. General Agent, and for sale by all druggists and dealers in medicines.

PURIFY THE LIFE CURRENT.

SCOVILL'S

Blood AND Liver Syrup

A PEERLESS REMEDY FOR

Scrofula, White Swellings, Cancer Erysipelas, Chronic Sore es, Gout, Syphilis, Tumors, Carbuncles, Salt Rheum,

And all Diseases indicating an IMPURE CONDITION of the BLOOD

Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the insidious poison of that dire malady is present in the system or not, certain it is that

Scovill's Blood & Liver Syrup

completely cures such disorders. Invisible virus of Scrofula *does* exist in the every thin matchless purifier will root out, be it vestige of it. No eruptive malady or pus scrofulous or otherwise, can resist the thorough purifying action of this safe and potent remedy, which renders the skin

CLEAR, SOFT AND BEAUTIFUL,

when ordinary medicines utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of this incomparable depurent scoures the desired result. From

THE ARRAY OF PROOF

of its reliability in our possession, we make use two following condensed extracts:

Mr. Samuel H. Matthews, Notetoman, Accomac Co., Va., states that his child, when a month old, was attacked with an eruption which covered its head, face, arms, feet and legs, converting them into "nearly one solid sore," but that two and a-half bottles of Scovill's Blood and Liver Syrup effected a complete cure, without a scar.

Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running ulcers on his legs, from which more than 100 pieces of bone slough ed away, but by the time he had finished the twenty-fourth bottle of the SYRUP he was completely cured.

THIS GRAND REMEDY

is a compound of vegetable extracts, the chief of which are

Sarsaparilla and Stillingia

The cures effected by

Scovill's Blood and Liver Syrup

are absolute, and their record is undisfigured by failures. For sale by all Druggists.

Price, $1.00 per bottle.
