Seegmiller, of favorite in every part of the country. favorite in every part of the country Sevier County. The alternates were where sugar or syrup making has swern in by Mr. John T. Caine, received attention. We have gleanreports made at the Mississippi Cane select delegates to present to Con

uires from nine to ten months cul- vention that the Delegate: present tivation, while the Early Amber the Constitution and Memorial at the next session of Congress, Mr. Wells opposed the amend ment, thinking it best for the mat-fer to be attended to at once.

Mr. Penrose thought the members were not prepared at present to vote as intelligently as desirable on this matter, and moved that the motion lie on the table till to-morrow. Car-

Mr. Wells, chairman of the Committee on Memorial, presented the

House of Representatives of the tion of the State of Utah. United States, in Congress assem.

are also introducing the sorghum canes in the neighborhood of New Orleans, but only with partial snecess, as the soil and climate are not favorable to its growth.

The following statement was made to the convention by Mr. Thorns, a Louisiana sugar expert, who has for some years been located in the north, Gentlemen-The citizens of the

is at present interested in three factories, one in Kansas and two in Hillinois:

Balance Sheet for Factory Working One Hundred Tons per Day.

When the people who opened this vast region to civilization, and remainded possible its settlement by the advanced races, first planted their feet upon the virgin soil of these valleys, it was part of the domain of the Republic of Mexico. Five hundred that at their feet upon the valleys, it was part of the domain of the Republic of Mexico. Five hundred that at their feet upon the valleys, it was part of the domain of the Republic of Mexico. dred of their stalwart men were in the field aiding in the war with that Power, and they compied this part of the country as loyal citizens of the United S ates, unfurling its flag to the mountain breeze, and pro-

ceeding to organize a provisional government, preparatory to becoming a part of the Federal Union. When, by the treaty of Gaudalupe Hidalgo, this portion of Mexico was coded to the United States, they eght at once, by proper secure the rights

And they submit that Utah ha And they submit that Utah has outgrown the conditions, if they ever existed, which justified the catabilishment of that imperfect political system which has been so long continued. Her population numbers at least 150,000 souls. Her agricultural, attockraising, manufacturing, mineral and other no more of the molasses flavor than is observed in the Louisians of Cuba sugars of the same grade.

The son of a retiner of large business in St. Louis give the following data: He started a small experimental mill in Southern Illinois at a cost of about \$3,000. Not having the requisite mental made, on which he made a net profit of 25 cents per gallon. He is now at the head of a company and next year he will carry on the business on a large scale.

Mr. A. Scovell, professor of agricultural chambers in the sense of a gradual race, without distinction. Relivents and talegraph lines connect her people with each other and with all parts of this great nation, and they are amiliar with the common interests and public questions which literal unity. There is nothing to prevent Utah from taking an active part in the Federal compact but those harriers of prejudice which have been built up chiefly invough misrepresentation aided by an amiliarity with the facts.

We curther submit that the exercise of absolute and absolute an
