Special Correspondence. Heber City, Wasatch Co., Oct. 14.— Memorial services were held Sunday at 2 p. m. in the Stake house in honor of President Snow. Eulogistic addresses were made by Patriarchs John Duke and Wm. Hicken, President A. Hatch, and Elder Jensen of the Stake presi-

ward a man named Stuart, who has been refereeing around Los Angeles, but Madden will not hear of him, claim-ing that the champion and Stuart have been friends for years, and that he would naturally feel kindly toward Jeff, and probably allow his judgment to be governed accordingly. Madden has only one choice, and that is Harry Corbett. He argues, and justiy so, that both he and Ruhlin are strangers on the coast, while Jeffries belongs there, and he does not care to take any and he does not care to take any chances with a referee that is an unkilnown quality. The fight is to be for the heavyweight championship of the world, and each man has his whole reputation at stake. Then, too, San Francisco referees have in the past given some decisions that would make

the angels weep. The Fitzsimmons Sharkey decision is one never to be for gotten. There was a time in the days of the old California Athletic club that the the old California Athletic club that the referee declared all bets off before he entered the ring. Those were the days when the pool rooms had some of the fighters "snaked," and the club adopted this method to protect their patrons Although the battle is for the heavyweight championship of the world one cannot help noticing the little interest the public is taking in the affair. Surely the people have not tired of the fighting game. It is more popular today than the base for your but today than the people have not tired of the agnting game. It is more popular today than it has been for a year. But there must be some cause for this great lack of interest in a battle so important as this one ought to be. It is nothing more or less than the men and their

style of fighting. Let red-topped Robert Fitzsimmons take the place of either contestant and interest would immediately be aroused to fever heat. The public knows that with Robert in the fray there is going with Robert in the fray there is going to be something doing. Either Fitz will get whipped or whip his opponent in very short order. There is no mincing things with the ex-Australian when it pertains to ring matters. No sooner does the gong sound when he is up from his chair in a jiffy and at work. Note the difference in the coming bat-tle. These two big fellows will fiddle and muss about like a couple of old grannies for a round or two before there is a blow struck that would hurt an infant. Then there will be a lot of clinching and the first thing the spec-tators know the battle will be half over without any apparent damage to cither

tators know the battle will be nail over without any apparent damage to either man. Maybe the end will result in a knockout, but it's even betting at this time that both men will be on their feet when the referee delivers his verdict. That's why interest is so lacking in the coming contest.
