NOTICE.

In the Probate Court in and for Salt Lake County, Territory of Utah.

Mary Jane Butler, Plaintiff,
vs. } In Divorce.
Edward Butler, Defendant.

The People of the Territory of Utah.

To Edward Butler, defendant, greeting: You are hereby summoned to appear in an action brought against you by the above named Mary Jane Butler, Plaintiff, in the Probate Court in and for the County of Salt Lake and Territory of Utah, and serve the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served within this County, and if not within this County but within the Third Judicial District of the Territory of Utah within twenty days; otherwise if within the Territory within forty days, or judgment will be taken against you by default according to the prayer of said complaint.

This action is brought to obtain a decree from this Court dissolving the bonds of matrimony existing between this plaintiff and you, and cost of suit.

(SEAL.) In witness whereof, I have hereunto set my hand and seal of said Court, in Salt Lake City, this 18th day of May A. D. 1878.

D. BOCKHOLT,
Clerk of Probate Court, Salt Lake County, U. T.

BEAUTY:

OR, THE

Secret of a Fair Face

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. H. Hagan placed beauty within the reach of every unbiassed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, while it is as harmless as water, it is as life-like in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

TO WOOL FARMERS

And Dealers.

Indian Supply Contracts.

NEW YORK, 20.—The first of the awards of the Indian supply contracts was made this afternoon, those for flour being only yet announced. Twenty-nine bidders receive contracts for 5,000,000 lbs. of flour, to be delivered at the various Indian agencies. The contracts involve about $3,000,000.

A Challenge.

Wm. H. Langley, owner of the schooner yacht *Comet*, has challenged James R. Maxwell, owner of the schooner yacht *Peerless* to race within 30 days, over the New York Yacht Club course, for the Bennett challenge cup, won by the latter a few days ago, at the New York Yacht Club regatta.

The Four Per Cent. Popular Loan.

The Secretary of the Treasury has issued circulars calling attention to the excellent character of the four per cent. popular loan. Upon the full receipt of full payment, bonds will be transmitted free of charge to subscribers, and a commission of one-fourth of one per cent. will be allowed upon the amount of subscriptions. Commissions will be paid by check only, and will not be applied in payment of subscriptions.

All the national banks are now invited to become financial agents of the government, and depositories of public moneys received on the sale of these bonds. Upon complying with section 9153 of the Revised Statutes of the United States. All banks, bankers, and persons are invited to aid in placing these bonds, and can make their arrangements through national banks for the deposit of purchase money of bonds. The proceeds of the sale of these bonds will, until further notice, be only used in the redemption of 5.20 six per cent. bonds of the United States under the refunding act.

As soon as the four per cent. bonds are paid for by the certificates of deposit of such public depositories or otherwise, a call will issue, maturing within 90 days, for the redemption of six per cent. bonds, and the money received for the four per cent. bonds will remain on deposit until such call matures.

Payment for bonds may be made in coin, coin certificates, certificates of deposit of government depositories, called bonds, coupons maturing within 30 days, or in currency drafts on New York, in favor of the Secretary of the Treasury, which will be received at the coin value thereof, at the National Bank of Commerce, New York. Any payment in excess will be returned with commission.

All coin and currency drafts on New York should be forwarded directly to the department by subscribers or their agents.

The circular continues: The favorable statement of the money market induces the Secretary to press upon the people this loan, by which they can obtain, direct from the government, a national bond of the highest credit and sanction, exempt from taxes, and payable, principal and interest, in coin.

Every citizen of the United States is interested in the success of this loan, as every sale of these bonds enables the government to save one-third of the interest on an equal amount of outstanding debt to be redeemed. These bonds should be the storehouse for the savings of the people. No facility or advantage will be given to large subscribers.

It is in the interest of the public that the bonds will be distributed in small sums among the largest number of our fellow citizens. Subscriptions to an amount equal to the bonds now redeemable, would make an annual saving of $39,616,32, and such subscriptions can now be made without withdrawing from circulation any of the money of the people. All blanks or forms, or information needed, will be furnished by the department without cost.

Depredations by Vandal Tourists.

NEW YORK, 20.—The *Times'* Chicago special says: Gen. Brisbin, of the Second Cavalry, writes from Fort Ellis, Montana, a long complaint, which will be brought under the notice of the Secretary of War in regard to the depredations committed in the National Park by vandal tourists. He says: Every year much damage is done by them in the National Park in Montana, and unless measures are soon taken to put a stop to the destruction the park will not be long worth preservation. The General recommends that immediate action be taken to prevent depredations by tourists. The game and terraced borders of the pools, he thinks, should be protected. The entrances are easily guarded, and a sergeant and four men should be placed there on the Virginia City side, and an equal number on the Bozeman side. It is also recommended that a soldier be sent with each party of visitors entering the park to take note of the damage done and report. The report of Brisbin is endorsed by Gen. Terry and Gen. Sheridan. The recommendation made that all practical means may be employed to put an end to the destruction of this public property.

Closing Scenes in the Forty-Fifth Congress.

WASHINGTON, 20.—Reviewing the congressional work of the session, which terminated amid scenes of excitement and confusion this morning, the most noticeable result from a partisan standpoint of local interest, have been the action taken on the Chinese questions; the large appropriations for a multiplicity of important objects in the Pacific states and territories, which have been already reported in detail in these dispatches; the enactment of the silver bill; the passage of laws providing for the sale of timber lands; the postponement of the California congressional election until next year, and the enactment of the Pacific Railroad sinking fund bill. Among the measures which made considerable progress, but which go over until next winter, with greatly diminished chances of becoming laws, are the Texas Pacific bill, the Northern Pacific bill, the exemption bill and the bill for the issue of silver bullion certificates. Besides these, which are of national interest, the following of more local application also go over without completed action. Bargent's provision for negotiating a treaty with Cores, and a bill for the relief of the sureties in Frank Soule's bonds. Booth's bill restoring lands to the market on the line of the Pacific railroad and branches, reserving the waters of lakes and streams on the public lands from sales, declaring forfeitures of railroad grants in certain cases, providing for the repayment of fees on cancelled entries of public lands, and opening lands near Camp Independence to pre-emption. Page's bills relative to gold note banks and for the relief of the California savings banks, for discriminating taxations for the relief of settlers on the forfeited railroad lands, for the sale of the Fort Yuma reservation, for the purchase of a reservation for the Mission Indians, for the erection of a public building at Sacramento and to make Oakland a port of delivery; and those of other representatives.

The *World's* Washington has the following on the closing scenes of the House. During recesses in the early hours of the morning, quite a number of the members and some house employes gathered on the democratic side of the hall and made the old chamber ring with "Sweet bye and bye," "Nearer my God to Thee," "Whos Emma," "Sweet Home," and kindred airs. A mischievous page, unnoticed during one of these songs, took the Speaker's chair and brought the gavel down with such a thud as to instantly stop the hilarity, when he added, with mock solemnity, that there was "too much noise on the right of the chair." It was a moment before the chorus of singers discovered that it was neither the act nor voice of the Speaker.

A remarkable instance of quick work in Congress occurred this morning, a few minutes before the final adjournment. Senator Sargent, as chairman of the committee on naval affairs, has taken great interest in the bill providing for a commission to report on the expediency of removing the naval observatory to a better and more healthful location than Washington, which passed the Senate some weeks ago, but passed the House only this morning, and was not received in the Senate for the signature of the presiding officer of that body until just five minutes before 7 o'clock, the hour fixed for the final adjournment. Sargent, however, was prepared to save it, having had a consultation with the President during the night, as to who should be selected as the commissioners. Their nominations were made out in advance and sent to the Senate together with the President's approval of the bill, three minutes before 7. An executive session was therefore ordered at Sargent's instance; the doors were closed, the nominations were confirmed, and the doors were reopened at one minute before 7, in time for the announcement by the presiding officer, in open session, as the clock struck 7, and the Senate stood adjourned *sine die*.

Foreign Newspaper Packages.

The Treasury circular directs that unsold packages of newspapers from foreign countries, not exceeding in weight two pounds and three ounces, may be delivered to the persons addressed without detention by the customs officers.

President Hayes.

The President left the capitol this morning at 7, and rode immediately to the Executive Mansion. At 9 he had breakfasted and was attending to official duties. There were a great many callers during the forenoon, the majority being Congressmen who desired to pay their respects to the President before leaving. At 11 the President retired for much-needed rest.

The Coopers's Strike.

CHICAGO, 20.—Four hundred of the 600 coopers in this city went on a strike to-day for an advance on wages. The rate fixed last February and prevailing since then is 30 cents per barrel. The Coopers' Union, to-night, voted to assist them in their strike.

No Reprieve.

The governor has steadily refused to reprieve the murderers, Sherry and Connelly, and they will be executed to-morrow morning between 9 and 12 o'clock.

Fatal Accident.

NEW VIENNA, Iowa, 20.—An explosion of a cannon, this morning, instantly killed Anthony Warberg, blowing away the side of his face and scattering his brains.

Champion Scull Race.

PITTSBURG, 20.—The five-mile single scull race between Evan Morris, of this city, and Edw. Hanlon, of Toronto, for a purse of $2,000 and the championship of America, was rowed on the Hulton course this afternoon, and won by the Canadian by nearly four lengths. An immense crowd of people, estimated at 15,000, witnessed the race. Several private bets, at $1,000 on Hanlon to $800 on Morris, were made last night. Hanlon lead from the start, Morris being from three to seven lengths behind the whole time. Time 36 minutes.

Hanged by a Mob.

NASHVILLE, 20.—Pearson and Sadler, who, it is supposed, outraged the person of Mrs. Graves, near Mitchellville, May 16th, were taken from the Springfield jail at 1 o'clock this morning, by a hundred armed men, masked, to a place three miles from town and hanged. Doubt existed as to their guilt. Both protested their innocence.

Another Indian Raid.

NEW ORLEANS, 20.—A Galveston *News'* San Antonio special says: A dispatch to the headquarters from Fort Concho says the Indians are raiding near the Lepan Springs. Troops are in pursuit. Gen. Ord left for Chicago to-day, to consult with Gen. Sheridan regarding the border affairs.

Apprehended Trouble with the Chippewa Indians.

MADISON, Wis., 20.—The dispatch last night, announcing that serious trouble was apprehended with the Chippewa Indians, is confirmed to-day by the receipt of telegrams from the county judge and sheriff of Burnett County. They say the Indians have commenced shooting and the settlers are fleeing for their lives, and ask for immediate protection. Gen. Sheridan has been asked for necessary aid. There no longer seems any doubt that a compact has been formed between the Chippewas and Sioux, and great anxiety is felt by State officers for the safety of the people.

Lieut. Gen. Sheridan telegraphed to Gov. Smith to-night, discrediting the story as to the compact between the Chippewas and Sioux, but says there may be some truth in it. He has sent Col. Forsythe, of his staff to Burnett County, to investigate matters. There is a company of United States infantry at Fort Snelling, which can be used if required. Gov. Smith has ordered Gen. Bryant to accompany Col. Forsythe, and report at once the exact condition of affairs.

ST. PAUL, 20.—The sensational reports from Wisconsin [relative to the rumored Indian trouble in the northern part of the State are utterly discredited here, at least so far as they relate to any general combination of the Minnesota and Wisconsin Chippewas to attack the whites. The Chippewas are not warlike Indians, and as for the Sioux, there are none in either State. An Indian outbreak anywhere east of Missouri is a most distant improbability. A Rush City dispatch to the *Pioneer Press* treats the affair across the St. Croix in Wisconsin as a mere scare.

WESTERN.

Constitutional Convention Election.

SAN FRANCISCO, 20.—The returns of the constitutional convention election are still incomplete, but it is probable that the complexion of the convention, as regards the county delegates, will be as follows: Non-partisans, 52; workingmen, 48; republicans, 10; democrats, 8. Full returns may vary from the above to the extent of half a dozen. It is still a matter of doubt as to thirty-two delegates from the State at large. The city will give them probably from 1,500 to 3,000 majority for the workingmen, but the large counties of Alameda, San Joaquin, Sacramento, Sonoma, Butte and others have gone heavily non-partisan. Whether sufficient to overcome the city vote will perhaps require complete returns to determine. Nevada County gives the workingmen a large majority.

The Indian Uprising—Movements of Troops.

A Silver City dispatch says: Maj. Egbert's five companies of the twelfth infantry, numbering eight officers and 135 men, arrived here at 10 a. m., having made forced march across the country from Cornucopia, averaging 30 miles a day, remained here two hours, and departed for Camp Lyon, about 50 miles distant, on the Oregon and Idaho line.

An outbreak of the Indians at Duck Valley Reservation is anticipated. At Paradise Valley and Quinn's River trouble is also anticipated among the Indians.

FOREIGN.

GREAT BRITAIN.

The Peace Congress.

LONDON, 20.—A correspondent at Berlin says: The compliance of Russia with the demands of England and Austria for the evacuation of Bulgaria by the Russians, on or shortly after the conclusion of peace, and the garrisoning of the Balkan line by Turks is deemed *sine qua non* on which the success of the congress depends. The private conference of the Russian, Austrian and English plenipotentiaries, on Thursday afternoon, lasted two hours, without arriving at any serious result relative to the Bulgarian question, though an accord was effected on several minor points. It is probable that in order not to alarm the public by continual abortive sittings of the congress, the next sitting will be postponed until Monday or Tuesday, so that the above mentioned three Powers may come before the congress with an agreement. Turkey will accept whatever England decides relative to Bulgaria.

It is believed Russia will ultimately give way if Bismarck continues his system of preventing all animated discussions at public sittings. Thus after the congress had accepted the principle of admitting Greece, further discussion was adjourned upon Count Schouvaloff proposing some important restrictions likely to be unpalatable to Salisbury. It will be settled at the next sitting what particular subjects Greece is to be permitted to discuss. The organization of Southern Bulgaria is probably one.

Other accounts state that Bismarck has been authorized to select the questions on which the Greeks are to be consulted.

A Vienna correspondent announces that the Austrian Minister of Finance, Baron Von Holzmann, has authorized the use of his name as authority for the statement that England would support to the end in the congress all Austria's capital demands.

The Ottoman members of the congress have presented a large number of memorials from Christian subjects of the Sultan, praying that they may be left under his rule, and protesting in strongest terms against being handed over to Russia, Bulgaria or Austria.

Revolution Imminent.

A Berlin dispatch says: A private telegram, just received, states that a revolution against the Sultan is imminent in Constantinople.

Russia and Bulgaria.

A Vienna dispatch says. "General Skobeloff goes to Adrianople to organize a vast camp there." Other accounts show Russians are doing all possible to strengthen their hold on Bulgaria.

GREECE.

The Cretans and Turks.

ATHENS, 20.—A battle is progressing in the outskirts of Canea between the Cretan insurgents and the Turks. There is great excitement in the town. Hostilities also have been resumed in various other Cretan districts. The insurgents have attacked and injured a Turkish ship.

ADMINISTRATOR'S NOTICE.

In the Probate Court in and for Salt Lake County, Territory of Utah.
