

"RAILROADING" NOMINATIONS.

Charges and Counter-Charges Concerning It Made in Senate Chamber.

OBJECTIONS TO T. P. SHONTS.

May be Made to His Confirmation on Ground that He is President of the Clover Leaf Railroad.

Washington, Dec. 20.—Confirmations by the senate of the nominations of the members of the isthmian canal commission were reconsidered today in the executive session, and a motion was adopted calling upon the president for the return of the notification of the senate's previous action. When this has been done the nominations again will be referred to the inter-oceanic canal committee for consideration.

Before the decision was reached to consider the nominations were made by several minority senators, and counter-charges that protestants were proceeding in a manner not prescribed by the rules of the senate were made by Republican senators. The situation developed the fact that there had been no poll of the canal commission nominations in question, and as a result objection to reconsideration was withdrawn.

It is understood that the purpose of minority senators in asking the senate to have the nominations returned is to permit a protest against Chairman Theodore P. Shonts, holding a position on the commission and the presidency of the Clover Leaf railroad at the same time.

The controversy in the senate resulted from a motion to take up the nomination of J. B. Shonts as a member of the commission, which was only sent to the senate today.

If it is true that an attempt will be made to hold up the confirmation of Mr. Shonts on the ground that he is holding dual positions—the chairmanship of the commission and the presidency of the Clover Leaf road—action cannot be had before the holidays. An effort will be made, however, to have a poll of the commission taken tomorrow and the nominations again confirmed.

MRS. LESLIE CARTER TOO COLD FOR JULIUS CAHN.

New York, Dec. 20.—Julius Cahn, a member of the so-called theatrical syndicate, declared today that it was because Mrs. Leslie Carter was "too cold for us" that the combination refused to book the actress in certain cities. Mr. Cahn's statement was made at today's hearing on the legal proceedings by which several independent theatrical managers are seeking to force members of the so-called theatrical syndicate to produce their business accounts and records in court.

BRAZIL REFUSES TO ACCEPT GERMANY'S EXPLANATIONS.

New York, Dec. 21.—A cable dispatch to the Herald from Rio de Janeiro says: "Papers published yesterday report that Baron Rio Branco, Brazilian minister of foreign affairs, has refused to accept the explanations made by the German minister regarding the Panther incident when officers left the German vessel and forcibly seized an alleged deserter, saying they are not sufficient. He has received three new reports, showing that officers and sailors went ashore in plain clothes, invaded the house of a citizen named Zimmerman, and coerced his son to accompany them to search for deserters. The German minister will submit to the Brazilian a new proposal. It is understood that if no satisfactory settlement is arrived at, both governments will appoint a neutral commission to make an investigation."

GIRLS AT UNIVERSITIES.

Deans of Women at State Institutions Prepare Rules.

Chicago, Dec. 21.—Rules that the deans of women at state universities would like to see observed by the attending doctors were prepared yesterday. The deans ended their conference here by drawing up resolutions embodying the results of their deliberations. This points brought out in these resolutions follow:

"That private houses in which women students lodge should be supervised."

DISFIGURING HUMOR

Brushed Scales from Face Like Powder—Doctor Said Lady Would Be Disfigured for Life.

CUTICURA WORKS WONDERS

"I suffered with eczema all over my body. My face was covered; my eyebrows came out. I had tried three doctors, but did not get any better. I then went to another doctor. He thought my face would be marked for life, but my brother-in-law told me to get Cuticura. I washed with Cuticura Soap, applied Cuticura Ointment, and took Cuticura Resolvent as directed. I could brush the scales off my face like powder. Now my face is just as clean as it ever was.—Mrs. Emma White, 641 Cherry Place, Camden, N. J., April 25, '03."

personally by the dean and that only such houses should be placed on the list as rent no rooms to men students and furnish a reception room on the first floor.

"That physical training should be required of all women students and that the latter should not take part in public athletic contests."

"That all social affairs, with two possible exceptions, should close at midnight; there are too many social affairs."

"That if there are sororities there should be a large number; excessive rushing is condemned."

"That the segregation of classrooms is condemned."

"That residence halls of moderate size are advisable for women students."

Mrs. Myra Jordan, dean of the University of Michigan, was chosen chairman of a committee to arrange for the next conference to be held at Ann Arbor at a date not yet selected.

CARMELITA SOLD.

Place Where Helen Hunt Jackson Wrote "Ramona."

Los Angeles, Dec. 21.—The announcement was made today of the sale of the beautiful home site in Pasadena known as Carmelita to L. V. Harkness, the Standard Oil magnate. The consideration was \$130,000. There are 29 acres in the Carmelita tract, 14 of which were bought by Harkness. On the grounds is a bungalow in which Helen Hunt Jackson wrote part of "Ramona."

ARRESTED FOR SHOPLIFTING.

Lillian Cherry Says She Stole to Get Experience for Story Writing.

New York, Dec. 21.—Miss Lillian Cherry of Minneapolis came to New York not long ago with a bundle of manuscripts. For eight years—she is now 31—teaching has been her vocation, writing her ambition. She was held in Jefferson Market police court yesterday on a charge of shoplifting in a Sixth avenue department store. Her defense was, like Hamlet Garland, who recently got himself placed in a cell in order to acquire "local color," she was gathering material for an article on "How Easy it is to Steal in a Department Store."

According to the store detective, Miss Cherry was seen to take a woman's combing jacket. When searched after her arrest, these additional articles were found upon her: A locket, a paper of pins, spoon, a piece of lace, three scarfs, five handkerchiefs, two collars, 14 post cards, one polisher and four bolts of ribbon.

She sent word to Rev. Dr. David James Burrell of the Marble Collegiate church in Fifth avenue, recalling to him that she had been one of his parishioners in Minneapolis. Through Rev. D. Rutherford, counsel was secured for her. The hearing was adjourned until tomorrow, and \$2,500 bail was accepted from those interested.

It is said in the woman's behalf that her purpose was, for one thing, to scoff at the New York way of doing business with crowds, and for another to test whether actual experience had not more merit than invention in a "story" meant for sale.

Miss Cherry's New York address is given in the court papers as being at a boardinghouse at 12 West Ninety-fourth street.

THE CARNEGIE FOUNDATION.

Five Million Dollars to be Added to The Ten Million Dollar Fund.

New York, Dec. 21.—It was announced from Boston yesterday, says the Herald, that the Carnegie "foundation" a sum of \$10,000,000 by Andrew Carnegie to provide relief for needy teachers and professors in universities, colleges and technical schools, is to be forthwith increased by the addition of \$5,000,000. At the same time the restrictions which prohibited aid from being extended to members of the faculties of sectarian and estate aided institutions are to be removed, the statement declares.

RAILROADS TO GIVE PENSIONS.

New York, Dec. 20.—At respective meetings today of the board of directors of the New York Central, the Lake Shore & Michigan Southern, the Michigan Central and the Cleveland, Cincinnati, Chicago & St. Louis railways, each of these companies decided to establish a pension bureau to take care of supernumerary employees.

WAS THE COWBOY MINER MURDERED?

Confidently Believed that Walter Scott Has Been Foully Dealt With.

HIS MULE COMES INTO CAMP.

Saddle Pierced by a Bullet and it and Blanket Covered With Blood.

Los Angeles, Dec. 20.—It is now confidently believed that Walter Scott, the cowboy miner, who lately attracted such widespread attention through his lavish scattering of money and various spectacular episodes, has been murdered in Death valley. On Dec. 1 he left his mine in Death valley, riding a mule and carrying with him \$1,800 and two repeating rifles.

According to a letter received by Rol King, Scott's manager in this city, from Scott's brother, William, at Bennett's Wells, the miner's mule galloped riderless into camp there on Dec. 7 with the saddle pierced with a bullet and the blanket and saddle covered with blood.

Today King telegraphed \$1,000 reward to Barstow and Bullfrog for the recovery of Scott's body. King is satisfied that Scott has been murdered for his money somewhere on the desert. Already a thorough search for the miner has been instituted in Death valley and throughout the Funeral mountains.

Scott's brother, accompanied by Shamus Merricks, a well known desert scout, went back on the trail of the miner's mule for 50 miles after it came into camp, but a terrific sandstorm finally obliterated all trace, and their water supply having become exhausted, the men were compelled to return to camp. Later they started out again and the search is being continued.

MUTINY AND RIOTING IN MANCHURIA.

New York, Dec. 21.—A cable dispatch to the American from Vladivostok says:

The mutiny and rioting in the Manchurian army are extending and the most terrible scenes are witnessed daily.

A detachment of cosacks has attacked the barracks at Tomsk where 1,900 mutineers were confined, and set fire to the buildings. It is reported that all imprisoned men were roasted to death.

Rioting on the streets here is continued. In one street drunken cosacks set fire to a block of houses and massacred 120 of the residents as they attempted to escape.

Numbers of people are killed daily on the streets.

SULLIVAN CASE DECIDED.

Illinois Supreme Court Dismisses Disbarment Proceedings.

Springfield, Ill., Dec. 20.—The Illinois supreme court today decided the celebrated case of Alexander Sullivan, growing out of traction litigation in Chicago. The decision is in favor of Sullivan. The question at issue was an attempt to disbar as an attorney the former president of the Irish National league and was the echo of a conspiracy trial in which the courts some time ago gave the victory to Sullivan. By today's ruling of the supreme court, the disbarment proceedings are dismissed and the defendant is made final winner in all the courts.

"MORMON" MISSIONARIES.

Papeete, Tahiti, Dec. 7. via San Francisco, Dec. 20.—American "Mormon" missionaries are now constructing here a fine mission house with modern conveniences. The structure is of two stories, about 50 feet square and provided with large verandas.

In the course of two or three months these missionaries will begin the erection of a large church edifice. The cost of the lot, the mission house and the church will probably be \$15,000. The funds were supplied wholly from Utah.

BOY GUILTY OF MURDER.

Oakland, Cal., Dec. 20.—John Schneider, a fourteen-year-old boy, was found guilty of murder in the second degree today and recommended to the mercy of the court for complicity in the murder of Thomas Cook in Fruitland street on Dec. 12. He will be sentenced on Friday. Schneider's companion, Blake, was recently sentenced to life imprisonment for the same offense.

NO SPORT AT COLUMBIA.

New York, Dec. 20.—The Columbia university faculty today definitely abolished football at Columbia, and President Butler was recommended by the council to take steps to eliminate all intercollegiate sport at the institution.

TO BUY ROOSEVELT HOUSE.

New York, Dec. 20.—The organization formed to purchase the house in which President Theodore Roosevelt was born at 28 East Twentieth street in this city and present it to the nation, completed the details of the purchase tonight and secured possession of the property for \$200,000. Among the contributors to the project were Andrew Carnegie, Gen. Horace Porter and Henry C. Frick, who is said to have subscribed \$50,000.

CURZON DECLINES TO CONTEST.

London, Dec. 20.—Lord Curzon, of Kedleston, former viceroy of India, has declined the invitation to contest the seat in parliament for the city of London now held by Sir Joseph Chamberlain, on the ground that circumstances preclude the possibility of his running as a Nationalist party candidate.

WOMAN ADMITS BIGAMY.

Seattle, Dec. 20.—Mrs. Louise Carter today began suit for divorce against two men, admitting she married both but claiming that she was convinced that the second man she was married to was the true one. She had been cleared of her first legal bonds. She married C. W. Carter in San Francisco in 1894, under the contract marriage law in force at that time. They signed a contract to live together as man and wife for five years and did so, separating at the expiration of that time and never living together again. She married Owen Williams in 1902, from which time she claims she has supported herself. She has started suit in a local court asking for a divorce from both Carter and Williams.

BIG ORDERS FOR STEEL.

New York, Dec. 20.—The Iron Age will say tomorrow:

The report that the United States steel corporation has on its books orders aggregating over \$2,000,000 is true. No one fact could better serve to show the condition of the steel works and rolling mills of the country, since it is well known that the other large companies are similarly committed for their full capacity for a long period to come. Rumors of cancellations resolve themselves into the solitary probability that the material for the railroad enterprise John R. Walsh of Chicago, will not be

required, but this will leave rather a welcome gap in the rolling program of the mills affected.

The policy of the United States steel corporation in handling its pig iron purchases will be guided by a determination to provide any and every kind of pig iron that is available will be taken, but if there is a shortage to cover requirements the latter will be scaled down. The steel corporation is making about 30,000 tons per month and needs from 30,000 tons to 40,000 tons of outside iron per month, running at the present rate.

ROYAL ARCANUM TROUBLES.

Rome, N. Y., Dec. 21.—Howard C. Wiggins, supreme regent of the Royal Arcanum, has appointed Supreme Representative William P. MacConnell of New York, Past Grand Regent and Supreme Representative William A. Griffith of Brooklyn and Supreme Representative Charles Cornell of Ithaca to hear testimony in the trial of P. Z. Wilcox of Syracuse. Wilcox is a member of the national executive committee of allied Royal Arcanum councils and also of the law committee of five which has charge of the litigation against the supreme council to prevent the enforcement of the new rates of assessment. In addition to the law cases being prosecuted by the national committee, a campaign is being carried on to displace all the present officers both in the grand and supreme councils and subordinate councils are being urged to elect representatives that will carry out this intention. Supreme Regent Wiggins says that Wilcox is charged with "terrible activity" in these matters, of conduct unbecoming a member of the order, and of violation of his obligation, as well as general intent to wreck the order. The charges, made by supreme representatives Frank Collins of Syracuse were dismissed by Wilcox's counsel as having no foundation. Collins then took them to the supreme council. Wilcox will be tried in Syracuse Dec. 23.

Coughing Spell Caused Death.

"Harry Duckwell aged 3 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe-Democrat, Dec. 20, 1903.
