SESSION OF CITY COUNCIL.

New Patrol Wagon Ordered—Lester Park Pavilion to be Sold—Junction City News Briefs.

Ogden, May 14.—At the regular session of the board of county commissioners, the board received the plans proposed for the cutting down and changing of the county road over the ridge to the southwest of Riverdale. Surveyor Craven estimated that the proposed change will cost about \$500. The work was ordered commenced at once.

It was decided by the board to construct 4,000 feet of iron rail fence in Ogden canyon at the most dangerous points. This work will be commenced immediately and pushed to completion. The board will continue the work of fencing the canyon just as fast as finances will permit, until the entire road has been fenced. The resignations of

THE LATE MRS. JOS. PINGREE.

E. C. Richardson of Plain City, and William Bailey of Pleasant View as constables were received. The board fixed the bond of overseer of poor at \$2,000, and he will be permitted to have a small contingent fund. Under the new law governing the sale of property acquired by the county through tax deeds, the board has decided to hold a sale the first Monday in every month and in that way clear the records of so much property thus acquired. By this method the board will be enabled to get the greater part of the tax deed property sold soon after it is acquired.

CITY COUNCIL SESSION.

Little Doing But Talk—Will Buy New Patrol Wagon for \$470.

Ogden, May 14.—The Ogden city council held a lengthy session last evening but accomplished little work, the greater part of the time being occupied in wrangling over trivial matters.

The council decided to repair thirty-sixth street, where a vast amount of damage was done by the recent floods which overflowed the banks of the canal.

The police committee reported having had photographs submitted to them for a new patrol wagon together with bids and had decided that the wagon which the Consolidated Wagon and Machine company proposed to build for a patrol purpose was the best proposition and recommended its purchase at \$470. The council decided to purchase the wagon which will be completed in about 90 days.

A claim for damages to her property on Madison avenue caused through the construction of an excavation and trench by Ogden City, was presented by Nellie Thomas and referred to the claims committee and city attorney.

The council decided to sell Lester Park pavilion and instructed the recorder to advertise for bids.

Bids for leveling and extending the city cemetery to the north were received and opened but not let.

LINEMAN HURT.

Vance Peterson, employed as line-man by the Utah Light and Railway company, fell from a ladder yesterday afternoon breaking his left arm below the elbow. Peterson was connecting up some electric wires at a house on Twelfth. In doing the work he found it necessary to pull on a board and was doing so with a hammer when he lost his balance and fell to the ground a distance of about 12 feet, fracturing the arm and otherwise badly bruising him. He was taken to his home by other workmen and a doctor reduced the fracture.

DR. DRIVER ASSAULTED.

Dr. John Driver, while returning to his home Monday afternoon, about 3 o'clock, along Grant avenue near the fire station, was jumped on and assaulted by two young men who gave their names as John and Guy Morgan. The doctor was riding his bicycle along the sidewalk towards Twenty-sixth street when without provocation the young men knocked him from the bicycle and struck at him. Officer Malone was a short distance away and went to the assistance of the doctor. When the men saw him they ran towards Twenty-fifth street but the officer gave chase but did not bring them to a halt until he had fired several shots. They put up hell for their appearance when the case is called for trial.

The final rehearsal of the cantata "First Christmas," to be given by the Ogden tabernacle choir, took place last evening. The choir has done wonderful work in its preparation of this charming musical production. It is

without a doubt the most pretentious piece of work the choir has ever undertaken, and the public will in no way be disappointed in its rendition. Prof. Ballantyne is deserving of much praise for his ambition to give the music-loving people of Ogden such a musical event as is assured for this evening at the tabernacle.

Prof. John J. McClellan will preside at the concert. The soloists of the evening will be Fred C. Graham, tenor; Horace S. Ensign, baritone; Miss Myrtle Ballinger, soprano; Mrs. A. R. C. Smith, contralto.

The excellent work of the tabernacle choir is appreciated in Ogden, and as a mark of that appreciation the tabernacle should be packed tonight. The doors will open at 8 o'clock, and the rendition of the cantata will commence promptly at 8:30 o'clock.
