

## TO FILE PROTEST WITH COUNCIL

Many Complaints Made About the  
Condition of Salt Lake  
Streets.

MEETING TOMORROW NIGHT.

Butchers and Grocers' Association Has  
Been Canvassed; the Situation  
For Some Time.

The present thaw in Salt Lake's  
streets, following the snow fall of a  
few weeks ago, has made the principal  
thoroughfares more impassable than  
they have been for years past.

In consequence, a general protest is  
going up from teamsters, grocers, and  
even the drivers of light buggies for  
pleasure. The grocers and butchers  
declare that the condition is doubling  
the expense of delivery and injuring  
both equipment and horses, while their  
customers are constantly harassed by  
becoming "stuck" even on principal  
streets.

The Butchers and Grocers' association  
has been canvassing the situation  
for some days past, and tomorrow night  
at their regular meeting will take it  
up in detail. One of the plans discussed  
at present is to petition the city council  
in a document to be signed by  
teamsters of all classes, urging that  
some permanent plan be adopted to  
make the streets better within the  
usual delivery radius.

CURB LINE PROPOSED.

One plan has been advanced to solve  
the difficulty, and it is to run a curb  
line along all streets within a mile of  
the business center. This line need  
not be at the outer edge of the street,  
as that would leave a street too wide  
to keep up, but can be placed out  
towards the center, leaving a space for  
parking at some future time between  
the curb and the side walk. The road-  
way need only be wide enough for two  
teams to pass, they urge, but this road-  
way should be so well built that the  
era of stopping traffic through the street  
months will be permanently over.  
Macadamizing at least one side of the  
street is being urged as a practical  
method of road making.

The butchers and grocers count on  
active support from the coal haulers,  
and the farmers who are now unable  
to bring hay into the city, except with  
a four-horse team. The county roads  
beyond the city limits are reported in  
good condition, but the problem is to  
secure a passage way from the city limits  
to the trade centers. Even light  
buggies have become "stuck" this  
morning on State street between Eighth South  
and Fourth South streets.

HAVE FOOTBALL FEVER.

Medical and Law Students of University  
Will Play.

The medical and law students of the  
state university have the football fever  
in a serious stage. The deceased in  
becoming rather contagious and the offi-  
cials are talking some of placing a  
quarantine upon the buildings. These  
teams are now organized and will play  
before the holidays. "Eva" Barton has  
been elected captain and the county roads  
of the law students, while Max Brown  
will attempt to capsize the medicals and  
L. H. Robinson will manage the team.  
The medicals have about 40 men to pick  
from while the law students have only  
half that number. The latter are,  
however, counting strong upon their  
able captain to handle at least half of  
the opposing team. The contest will be  
bitterly waged as both teams claim  
they have the better team and the best  
department.

SINGING TEST.

Will be Held in Pioneer Stake Hall  
This Evening.

## ESTIMATES FOR YEARS' EXPENSES

Submitted to Executive Com-  
mittee by Manager Wells of  
U. L. & R.

MEETING THIS MORNING.

Amount Aggregates \$2,000,000 and  
Includes Cost of Reconstruction  
Of the Tracks.

There was a meeting this morning of  
the executive committee of the Utah  
Light & Railway company, when Man-  
ager Wells submitted estimates for ex-  
penses the coming year in connection  
with the development of the company  
on the new basis. The estimates ag-  
gregate \$2,000,000, and include cost of  
reconstruction of the tracks, the new  
steam plant, new barns, shops overhead  
plant, underground conduits, 50 new  
car equipments with additional cars, a  
1,600 Kw. generator for the power sta-  
tion, transformers, for further develop-  
ments in Cottonwood and Ogden can-  
yons to increase the power there, and a  
new gas plant.

The appointment was ratified of F. L.  
Morris as assistant to the president who  
will assign him to such duties as he  
may consider necessary and best. Mr.  
Morris comes from Brooklyn, N. Y.,  
where he has been in charge of street-  
car traffic over the great bridge, and  
he is considered one of the best street-  
car men in the country.

### LATE LOCALS.

Feast of Lights—There will be a  
special service at 1 p. m., Sunday next,  
and entertainment for the children of  
the Jewish temple Synagogue school,  
in commemoration of the Feast of Lights.

Bank Clearings—Today's local bank  
clearings amounted to \$1,715,070.31 as  
against \$995,590.42 for the same day  
last year. The marked excess is due,  
it was stated at one of the banks to-  
day, to the carrying over of heavy  
balances.

Mass Meeting Tonight—There will  
be a mass meeting of all the Young  
Men's and Young Ladies' officers and  
members of the Liberty, Pioneer, Salt  
Lake, Ensign and Granite stakes at  
the Barratt hall tonight. Business of  
importance will be considered. A  
full attendance is requested.

Tax Sale—Owing to the fact that  
County Treasurer Carls retires from  
office on Jan. 1, 1907, it is necessary  
that the tax sales for this year be  
cleaned up before the end of his  
term. Accordingly Mr. Carls an-  
nounces that all real property on  
which the tax is not paid by the close  
of office on Saturday, Dec. 15, will  
be sold as delinquent.

Examination Postponed—The exam-  
inations of applicants for the appoint-  
ment to West Point to be made by  
Senator Smoot, have been postponed  
for one week. The examinations were  
to have been held in the office of  
State Supt. of Schools Nelson on  
Thursday, Friday and Saturday of this  
week but they will be held on the  
same days next week.

Refouled Water—William Salmon  
and L. Nickell, arrested yesterday for  
hurling the waters of Parley's can-  
yon, appeared in court this morning.  
Judge Diehl found both guilty as  
charged and fined the \$10 for each  
offense. Salmon is charged with driv-  
ing one herd of cattle and one of  
sheep through the canyon while Nick-  
ell drove cattle through on their way  
to the Salt Lake market.

Before Judge Diehl—Samuel Stain-  
ard was arraigned before Judge Diehl  
this morning on the charge of for-  
gery. He has two counts against him.  
He is alleged to have passed spurious  
checks upon Tim Higgins for the sum  
of \$34.46, to whom he posed as a  
millionaire employee. Atty. Newton for  
the defendant, stated that they would  
be ready to plead on Monday next.  
His bail was set at \$350 in default  
of which he will be held in the county  
jail.

No Grace Allowed—Postmaster  
Thomas calls attention to the fact  
that the usual 10 days of grace al-  
lowed box renters for payment of ren-  
tals in arrears, will not be allowed this  
time, according to orders by the post-  
master general at Washington, and if  
rents are not paid as soon as due the  
boxes affected will be closed. Accord-  
ing to orders from Washington the  
rentals have been doubled, as the de-  
partment is trying to find ways and  
means to cut down the annual de-  
ficiency.

Realty Transfers—The following  
realty transfers were recorded yester-  
day afternoon; Ellen C. Taylor to G.  
R. Bothwell, \$10 rods at South Tem-  
ple and Second West streets, \$4,500;  
William Reed to Edwin E. Jenkins,  
2½x10 rods, at Ninth South and State  
streets, \$2,500; Arthur Meads to L. E.  
Sprague, parts of three lots in Lang-  
ton Park, \$2,950.

Conference Today—There is a con-  
ference being held at the Knutsford  
hotel, of superintendents of the Rocky  
Mountain district of the Con-  
gregational Sunday School Publish-  
ing society of Boston. Among the  
representatives are Rev. Frank K.  
Saunders, formerly dean of the Yale  
theological seminary, Rev. Dr. Allen  
S. Bush of Denver, Rev. Dr. Green  
of Washington, and Rev. Mr. Dick.  
The conference will continue through the  
week, and will cover the far western  
field.

## SIX YEARS OF EXTREME CRUELTY

Most Inhuman Treatment En-  
dured by Mrs. Leetsch—Di-  
vorce Secured.

WAS ABUSED AND BEATEN.

When She Was Severely Burned Hus-  
band Refused to Allow Her to  
Have Medicine.

After more than six years of the  
most inhuman treatment at the hands  
of her husband, Elizabeth L. B.  
Leetsch was today granted a divorce  
by Judge Armstrong from W. C. J.  
Leetsch. The story told by Mrs.  
Leetsch on the witness stand was one  
hardly ever before equalled in the  
divorce annals of the district court.  
She said that her husband began  
treating her cruelly while they were in  
this city on their wedding trip six  
years ago last June and has kept it  
up at intervals ever since until last  
July when he deserted her in Cali-  
fornia.

They were married in Mercur on  
June 12, 1900, and came to Salt Lake  
on their wedding tour. While here she  
said that she purchased a pair of  
gloves for \$2 and her husband cursed  
and abused her for paying that sum  
for the gloves when she could buy  
gloves for 25 cents. He made her  
kneel down and ask his forgiveness for  
being so extravagant. During the  
same trip here she declares that one  
Sunday evening when they started to  
church he asked her to get his gloves  
for him and when she saw that they  
had not been hung up to suit him he  
struck her a severe blow and knocked  
her down.

Several times she said that he came  
home and threw all the medicine out  
of the window and declared that if she  
got any more medicine he would  
throw her out too. When she severely  
burned her arm he tore the bandage  
off and would not allow her to  
have any medicine. On another oc-  
casion she said that it was necessary  
for her to undergo a surgical opera-  
tion but her husband would not con-  
sent for her to the district attorney's  
office where she was not worth it. This was  
six months ago. Her mother went  
to California and brought her home  
and since that time she has not seen  
her husband.

The mother of Mrs. Leetsch also tes-  
tified in the case today and corrobor-  
ated her daughter's story in regard  
to the cruelty of Leetsch. The court  
then granted a divorce.

### COURT NOTES.

Upon motion of Dist. Atty. Looft-  
brough, the case of the State of Utah  
against J. T. Lavery, charged with  
embezzlement, was dismissed by Judge  
Armstrong in the district court today.  
Lavery was charged with embezzling  
some funds of the Structural Iron  
Workers' union, of which he was treas-  
urer. The reason for the dismissal was  
the inability of the district attorney to  
find the principal witness in the case.

The preliminary hearing of M. Levy,  
charged with receiving stolen property  
knowing the same to have been stolen,  
is on again today before Judge Whit-  
aker in the civil division of the city  
court. Levy is charged with purchas-  
ing about \$400 worth of brass journals  
which had been stolen from the Oregon  
Short Line Railroad company by Harry  
Lefroy and Bert Miller, who are now  
serving time in the state prison for  
their offense. Two other prisoners were  
brought in from the state prison to  
testify against Levy. A similar charge  
was made against Levy last summer,  
but he was acquitted in the district  
court whereupon a new complaint was  
issued against him.

### A FEARLESS LAWYER.

Francis J. Heney, who is one of the  
leading figures in the San Francisco  
graft investigation, is the attorney who  
was selected by Attorney General  
Moody to represent the government in  
the Oregon land swindle cases. His  
activity led to the indictment and con-

Victim of the late Senator Mitchell and  
other influential politicians. Now he  
has added to his reputation by collect-  
ing evidence against the mayor of San  
Francisco and his legal adviser, which  
has resulted in their indictment.

### A VARIATION OF THE GIMPE DRESS.

This charming costume has several features to recommend it to the fas-  
tiously fashionable women. The skirt, of maroon-colored cloth, is cut cir-  
cular, but made with a demi-train, to conform to the Parisian ruling for skirt  
lengths. A narrow crush girdle of velvet, fastening with a coral and silver  
oval buckle, buckles in the center of the back. The zouave jacket, which is  
in one piece, and slips on over the head, is surplice in cut and heavily em-  
brodery in three red shades. It is worn over a waist of frilly cream lace,  
the sleeves of which reach to the elbow, and are finished with a band of mar-  
oon velvet, embroidered to match the jacket, which is sleeveless.
