NO MORE SCHOOL RESIGNATIONS

Ogden, March 27.—The board of education, at its session last evening, put its stamp of disapproval on the resignations coming in this time of year from teachers in the public schools and henceforth no resignation will be received except in extreme cases, such as illness, etc. This action was taken when the resignation of Ira Steele, professor in history at the High School, was received. The resignation was turned down, and if in case Prof. Steele persists in leaving, the board will probably take some action in regard to the salary.

The resignation of Prof. Cannon of the manual training department of the High School, which was tendered at the last meeting, was withdrawn by Prof. Cannon. When the resignation was received last week, the board would not accept it.

DESTRUCTIVE LANDSLIDE.

Big Slice of Mountain Crashes Down Upon J. S. Lewis Orchard.

Ogden, March 27.—One of the most destructive land slides to occur in Ogden canyon in a number of years was that which slid about \$2500 worth of damage to the property of John S. Lewis and the grade of the Ogden Rapid Transit company late Thursday.

A report of the big slide was made to Mr. Lewis and the streetcar people yesterday and men were immediately dispatched to the canyon to repair the damage. The slide was caused, it is claimed, by a leak in the Utah Light & Railway company's pipe line which undermined thousands of tons of loose rock and earth and caused it to slide down the mountain side.

The slide which extends east and west for about 150 feet is about 3 feet thick. It covers a valuable quince orchard belonging to Mr. Lewis as well as covering his grounds at that place. The roadbed of the Rapid Transit company through the Lewis grounds was also destroyed. Two hundred feet of the mountain side is the exposed side of the woodpile of the light and power company with many small streams of water coming out. A gang of men are at work repairing the pipe, and expect to have the work completed this evening.

C. W. Kepp, caretaker of the Lewis premises, stated that he was standing near the bridge which crosses the river at the west end of the place when the avalanche started. He said that it came down with a muffled roar that was terrifying and crashing through the groves of trees completely buried them. He said that the roadways are blocked so that it is impossible to get to the grounds with a carriage. Mr. Kepp stated that he had warned the workmen of the pipe line of the leak at that point and said that if it was not repaired that there would be a landslide.

DRINKER A NERVOUS WRECK.

J. T. Campion, the young man who made a flying leap through a car window of the Union Pacific passenger train as it was entering the city yesterday, is now confined in the detention room at the county jail and receiving treatment from the county physician. The man is slowly recovering from an attack of nervous prostration which was caused by excessive drinking. He talks rationally and says that he had been employed as telegraph operator on the Union Pacific at Rock Springs and was enroute to accept a position with the Big Grande Western when he made the leap from the train for which he is unable to account for.

HARRIMAN IN OGDEN.

President E. H. Harriman is expected to pass through Ogden tomorrow in a special train en route to the east. While in this city he will hold a conference with a number of his lieutenants and will then continue on east, the destination not being known whether it will be New York or New Orleans. It was announced some time ago that Mr. Harriman would go to New Orleans where he would sail in his yacht to Panama. General Manager Hancock of the Oregon Short Line and General Manager Calvin of the Southern Pacific will accompany Mr. Harriman to Ogden. At this point General Manager Mohler and General Supt. Park of the Union Pacific will meet Mr. Harriman and accompany him to Omaha.

WATERWORKS EXTENSION.

The waterworks department of the city has started the extension of the line on Twenty-eighth street west to the railroad tracks on Pacific avenue. A 6-inch pipe is being laid which will furnish water for about 30 families.

SHOPMEN GIVEN HOLIDAY.

Askin the employees of the Harriman shops were given a lay-off which is the second one this month, the other lay-off occurring last Saturday.

HIT BY LOCOMOTIVE.

Advices received at the office of the Southern Pacific company in this city yesterday from Winnemucca, Nev., tell

Big Sacrifice Sale Begins Monday—

Don't miss it

More Than 20 Ingredients,— Roots, Herbs, Barks,—

Known to possess great medicinal value, are combined in Hood's Sarsaparilla.

Every physician must inevitably prescribe some of these ingredients in all blood diseases and in troubles with the stomach, liver and kidneys.

He must prescribe them because there are no others known to the profession. Hood's Sarsaparilla comprises all that are of any known-and-tested merit. And every one that we use is gathered at the season of its greatest medicinal value.

The wonderful power of Hood's Sarsaparilla is due:

1. To its peculiar combination of so many different remedies;
2. To the peculiar process by which the full curative strength of every one of them is extracted and retained; and
3. To the peculiar effect—purifying, appetite-giving and strength-building—that it has upon 99 out of every 100 persons who take it.

That it is an extraordinary medicine is further proved by its extraordinary record of cures. Cures of scrofula, eczema, psoriasis, boils, abscesses and all humors of the blood; cures of rheumatism, the prostrating after-effects of the grip and diphtheria and other blood-poisoning diseases; cures of bilious and dyspeptic troubles, loss of appetite, and that tired feeling.

Just now—when weather changes have such debilitating effect—is the time to take it.

"I have great faith in Hood's Sarsaparilla, because it has done me so much good. I believe it is the very best spring and autumn tonic. Yes, the best blood medicine for any time of year. I take it whenever I get a little run down, and my system needs toning up, and find it always reliable and beneficial. My father takes it for rheumatism in his shoulders and arms, and says it helps him wonderfully. I am pleased to recommend so good a medicine to all my neighbors and friends." L. S. Ward, The Retreat, 61 Whittier street, Haverhill, Mass., Jan. 31, 1909.

"I am the youngest and only living son of Dr. J. Blackman, well known in Massachusetts. My father always recommended Hood's Sarsaparilla as the greatest blood purifier on earth, and I can certify to the same thing." Newton M. Blackman, Hotel Savoy, Danbury, Ct.

Be sure to get Hood's. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Get a bottle today, in the usual liquid form or in chocolate tablets called Sarsatabs.

of an accident which befell an unknown tramp at that place early yesterday morning. In some unaccountable manner the unfortunate man was struck by a lone engine and his left foot was crushed and he sustained other slight injuries. The man was removed to the company hospital at that point where it was found necessary to amputate the left foot. It was stated that the man was in a serious condition.

PROVO.

NEW SCHOOLHOUSE.

Jas. Kirkham Sons Co.—Eighth Grade Graduates Elect Officers.

Provo, March 27.—The James Kirkham Sons' company has filed articles of incorporation with the county clerk. The company will do a mercantile printing and manufacturing business in Lehi. The capital stock is \$25,000, in shares of the par value of \$1 each. The following are the directors and officers: James Kirkham, president; Francis W. Kirkham, vice president; James M. Kirkham, secretary and treasurer; Albert W. Kirkham and Richard A. Kirkham.

IMPORTANT MEETING.

The Utah Lake association will meet at the fire hall Wednesday, March 31, at 1 o'clock, for the purpose of considering matters of importance connected with the rise of water in Utah Lake.

A NEW SCHOOLHOUSE.

The board of education has bought the old Jared Bullock property, corner Fourth West and First South street, for \$2,100. The property is 12x15 rods, and a fine school building will be erected on the property.

GRADUATES ELECT OFFICERS.

At a meeting of the eighth grade graduates, held Thursday, March 25, 1909, at the Timpanogos school, the following officers were elected by the class: Eva Cunningham of the Timpanogos as president; Elmer Decker of the Meeker as vice president; Julius Jackson of the Parker as secretary; and Almo Simmons of the Franklin as treasurer.

THREATS CAUSE EXCITEMENT.

Mrs. George McMahon created some excitement among the roomers and occupants of the floor above Irvine & Sons' store yesterday afternoon. Mrs. McMahon has lately undergone an operation at the Provo general hospital, and is still suffering from the effects of the ordeal. It appears that she had a falling out with her husband, and in order to make the affair most impressive she announced that she had taken chloroform with suicidal intent. Being nervous and hysterical it was no trouble for her to make everybody believe this to be true, and Dr. Robinson was summoned. He however, soon discovered that there was no poisoning in the case.

BRIGHAM CITY.

IMPROVEMENTS PLANNED.

Death of Mrs. Nels P. Anderson—Funeral of John T. Kelly.

Special Correspondence.

Brigham City, March 26.—At a recent meeting of the board of education it was decided to make the following improvements during the year: Complete the high school building at Brigham City, three room new house at Rowville, a two-room addition at Tremonton, one room at Standard, two-room new building at Lake Side, one room at Plymouth, and a two-room addition at Riverside. The chairman of the building committee was authorized to secure plans for these buildings.

Arthur J. Munns and Perry D. Peters in answer to invitations from Rex "B" will leave in company with Editor Norman Lee, April 9, for missions to Great Britain.

THE BRIGHAM HOME DRAMATIC COMPANY.

The Brigham Home Dramatic company went to Garland Wednesday evening and presented the "Squawman" to a crowded house.

DEATH OF MRS. NELS P. ANDERSON.

Death came as a long looked for relief to Hansine Anderson, wife of Nels P. Anderson, the north Main street merchant, Wednesday afternoon. Mrs. Anderson has suffered greatly for a long time with inflammation of the

stomach and other troubles, having been confined to her bed the last six months. The deceased was born on the island of Bornholm, Denmark, Nov. 15, 1869. While a young girl she joined the Church and came to Utah with other relatives located in Brigham City, where she became the wife of Nels P. Anderson to whom she has borne seven children, besides being a mother to the four children of Mr. Anderson's former wife. Funeral services will be held in the Fourth ward hall, Saturday at 3 p. m.

FUNERAL OF JOHN T. KELLY.

Word from Peble, Idaho, last Sunday, brought the information that John T. Kelly, eldest son of the late President Charles Kelly, had died at that place after a brief illness of only three days, suffering from a severe attack of pneumonia. The remains were

brought to Brigham City for interment, funeral services being held in the Fourth ward hall, Bishop Wright presiding, the speakers were Elders Fred J. Holton, Nels Madison, President Olsen N. Stohl and Bishop Brigham Wright. John T. Kelly was born in England, came to this country in 1861, coming to Utah with his parents in 1866. Some years ago along with several of his brothers he moved to Rockland, Idaho, and later located at Peble.

INTERURBAN ROAD FRANCHISE

Granted by City Council—Proposition To Bond City for More School Room.

Murray, March 27.—Murray city council and Utah Light & Railway company practically came to an agreement at the last council session on the proposed franchise which has been under consideration for the past few months. Parley L. Williams, attorney for the Utah Light & Railway company, was present, and spoke in relation to the proposed franchise.

Mr. Williams drew the attention of the council to several details relating to the franchise, one being the matter of a 10-cent fare. He informed the council that the company will not approve of a 5-cent fare on and after the expiration of 10 years from July, 1905, as passed by the council at a special session Friday night, March 19, 1909, but asks that a 10-cent fare be extended for 10 years from the acceptance of the franchise, and also asked the council to consider the time in which the entire system shall be completed and in operation; he asked the council to grant the company until the 1st day of June, 1910, thus giving them 14 months in which to complete the entire system and have same in operation. The proposition was duly considered, finally a motion was made that another special session of the council be called for Friday night to reconsider and pass the franchise after the amendments have been thoroughly considered. An amendment was offered that it be the sense of this meeting to grant a franchise to the Utah Light & Railway company for a period of 25 years from the acceptance of the franchise, and that the period for which a 10-cent fare be operative be 10 years from acceptance of the said franchise. A majority of the members present favored the amendment.

Mayor Brown returned the ordinance granting a franchise to the Utah Light & Railway company as passed by the council at a special session, March 19, without signing it, he also presented a communication stating that he here-with returns the ordinance granting a franchise to the Utah Light & Railway company a right of way on State street in the city of Murray and requests that the period for which it shall run be 25 years from acceptance of the franchise, and that the period for which the 10-cent fare be operative be 10 years from acceptance as per committee report of said franchise.

On motion the mayor's recommendation was accepted and adopted and the franchise as amended was then put upon its third and final reading and passed.

The vote stood as follows: Ayes, McMillan, Howe, Berger, Lyon, Townsend, Parker, Walchli, Smith, Councilmen Jones and Godfrey were absent.

On motion the city attorney was instructed to prepare a resolution authorizing the payment of \$500 to employees James Wood, contractor, sidewalk paving extension No. 2.

The tax payers of Murray will be

called upon to vote on the bond proposition for the purpose of building a new schoolhouse. There is a pressing need of another building to relieve the crowded condition of the Arlington. This is a 12-room building and is not only filled but three other rooms that are poorly fitted for school purposes have been pressed into service to relieve the situation. It is certain that one of two things will be necessary: this fall if there is no bond issue. The board of education will be forced to rent at least one room somewhere to accommodate a portion of beginners of resort to half day sessions. Either will be deplorable but inevitable in the event of no bonds.

Murray is in excellent condition financially to build. The bonded indebtedness is insignificant, and funds will be on hand to redeem every cent of the bonds before they fall due.

Mass meetings will be held in Grant hall and the Murray First ward meeting-house early next week and it is hoped that the taxpayers will attend that the matter may be fully discussed and clearly understood.

MUSICAL CONTEST NOTES.

The musical carnival held last night was largely given over to the schools, and was well patronized. Among the contests was the class chorus of 40 voices between Forest Dale and Murray schools. Prof. Wetzel praised the effort of both classes, but gave his decision in favor of Forest Dale; the prize was \$15. Among the other numbers were two piano duets by Ernest and Ella Volk, which were decidedly fine, a vocal solo and encore by Mrs. Tillie Cahoon, a number of humorous recitations by Master Don Carlos Wood of Salt Lake, and Miss Anna Johnson of Murray, and two pretty duets by two little tots of Murray schools, Misses Bird and Watts.

This afternoon at 3 o'clock a free open air band concert will be given in the Arlington grove by Cox and Sandy City bands. The rival bands will play two test pieces, "Forepaugh's Aggregation Overture" and "Appia Blossoms." Tonight will close the carnival with a grand ball in the Trocadero. At 9 o'clock the prizes will be made to the winners of the contests of the week.

The carnival has been a success financially, and from the comments and praise that is heard everywhere it has also been successful in developing and promoting the musical talent of this county. Professor Vetsell has been and is the recipient of much praise for the fairness with which he rendered his decisions, and the able criticism which he offered. The contestants who were defeated join in this praise and good feelings exist as a result.

The cantata entitled "Easter, the Beautiful Queen," which was presented Tuesday night so effectively by the combined choirs of Murray yards, Grant and Taborville, assisted by the Morris orchestra of 12 pieces, will be given in Taylorville Tuesday, March 30, and at Draper, April 2. Those who have not seen this presentation will be more than paid and cannot afford to miss seeing it one of these nights.

Opening Ball, Saltair, April 2.
