

Not as many people pass by your house in a year, probably, as read the want ads. in this paper in a day. So, which shall it be—your ad or "To Let" advertisement?

DESERT EVENING NEWS.

TRUTH AND LIBERTY.

24 PAGES—LAST EDITION.

SATURDAY, AUGUST 5, 1905. SALT LAKE CITY, UTAH.

FIFTY-SIXTH YEAR.

MORE ENTRIES FOR UTAH RESERVE.

President Roosevelt Provides for It in an Amended Proclamation Just Issued.

RECOMMENDED BY RICHARDS.

Permits in Entries to be Made Daily Beginning August 28, Instead of 50 as First Intended.

GIVES CHANCE TO AS MANY MORE

Also Affords One Month in Which to Prepare for the Rigors of Winter—A Good Move.

(Special to the "News.") Washington, D. C., Aug. 5.—Upon recommendation of Commissioner Richards, the president, by proclamation of Aug. 2, has amended his proclamation of July 14 providing for the opening of the Utah Indian reservation, so as to permit the making of 111 entries per day beginning with Aug. 28, instead of 50 entries per day as provided in first proclamation. The reason for this action is thus explained at the general land office, first, there is unreserved land enough to permit 111 entries per day for the 60 day period and to allow it will give right to a chance to double the number that can now make entry. Second, at 111 per day good claims will be taken in half the time by the very same people who would enter under the present plan, thus giving them one month more in which to prepare for winter. This is principal reason for change and to a large extent offsets the disappointment that many of the additional 6000 might suffer. Due notice will be given when good land is exhausted.

VIPONT POSTOFFICE.

It Has Been Ordered Discontinued August 31.

(Special to the "News.") Washington, D. C., Aug. 5.—The postoffice at Vipont, Boxelder county, Utah has been ordered discontinued Aug. 31.

A postoffice has been established at St. Joe, Big Horn county, Wyo., with Charles A. Blynn as postmaster.

BIG IDAHO CROPS.

Judge Miner Brings Glowing Reports From Snake River Valley.

James A. Miner, former justice of the supreme court, returned this morning from a four days' trip to Idaho, during which he visited St. Anthony, Sugar City, Idaho Falls and Blackfoot. In his trip he went up one side of the Snake river and came down the other. He states that throughout his trip he found crops generally in better condition than he has ever seen in any part of the world. This, he says, is true not only of the best crops, but with all farm products. The best fields are especially true of oats and potatoes. Throughout the section he visited, he reports that the prospects for the season are most promising.

UTAH STILL IN RACE.

N. E. A. Committee Will Come Here in October to Investigate.

Utah is by no means out of the running yet for the next N. E. A. convention. State Supt. Nelson today received a letter from Dr. Schaffer, president of the association, and chairman of its executive committee which chooses the location of the next convention, stating that his party would arrive here late in October, and that he expected to look up the matter thoroughly at that time. Speaking of the letter, Supt. Nelson said to the "News" today, that he regarded Utah's chances as very bright, and not at all growing less since the adjournment of the N. E. A. in an interview yesterday Prof. William A. Wezell, in speaking of the musical features of the convention, seemed to express it that he understood San Francisco to have the convention for 1906. The fact is that San Francisco is Salt Lake's most active antagonist, but while the fight is principally between them, no decision has yet been made in the matter.

GOVERNOR'S MAIL BAG.

About Uniform Legislation and Divorce Law—Civic Federation Delegates.

A communication was received by Gov. Cutler today from Gov. Pennycuik, asking for the co-operation of the former in the matter of securing uniform legislation on certain subjects throughout the United States. The letter states that the national conference of commissioners to promote uniformity of legislation in the United States will meet in the near future at Washington and discuss the subject

thoroughly. Among other matters to be considered is uniform legislation on divorce.

Gov. Cutler today received a communication from the officers of the National Civic Federation, asking him to appoint delegates to represent Utah at the meeting of the national conference upon immigration, a department of the civic federation, to be held in New York on Dec. 6. The governor will appoint the delegates in due season.

TEACHERS CHOSEN.

Trustees Meet at Sandy for New Jordan School District. A meeting of the trustees of the new Jordan school district was held yesterday at Sandy, when 11 teachers were chosen for the district. This completes the corps of teachers for the ensuing year. It was decided to consolidate the teaching of the seventh, eighth and ninth grades in the district in three localities. Those grades will be taught at the school in Bingham, Riverdon and West Jordan.

L. D. S. GYMNASIUM.

Plans Approved at Meeting of Building Committee—To Cost \$85,000.

The work preparatory to erecting a gymnasium for the L. D. S. university in Salt Lake City, is going forward rapidly. At a meeting of the building committee, of which Jos. E. Taylor is president, yesterday afternoon, the plans of the architect were submitted and approved. The plans are elaborate, and contemplate an \$85,000 structure. It will stand north of the business college building on the university site, facing the circle which is now partly completed. Among its features will be a swimming pool, a 14-lap running track, and a department for girls' athletics.

A TEMPORARY REIGN OF TERROR.

Notorious Paul Kelly Gang Creates One in Lower East Side of New York.

SMASH PLATE GLASS WINDOWS

Coffee House Raided and Waiters Thrown Into the Street—Police On Their Trail.

New York, Aug. 5.—The notorious Paul Kelly gang to which much lawlessness and crime have been attributed began a temporary reign of terror in the lower East Side today by a raid and window smashing in stores within half a block of police headquarters in Mulberry street and ended by beating a man so badly that he may not recover. With plate glass windows crashing first on one side and then on the other in the vicinity of Houston street and the Bowery 50 angry policemen tried in vain to catch the elusive rioters.

A coffee house was raided, the gang's only object being to smash up the place, which was done after the waiters had been thrown into the street. The police were hot on the trail of the toughs by this time and were just in time to rescue Christy Bogdanow, a Greek after his face had been lacerated and two ribs broken. The gang was robbing him of pennies and nickels. Only one member of the party was caught and arrested.

FUSILLADE OF SHOTS SENT AFTER ROBBERS

Chicago, Aug. 5.—Four officers of the police force last night sent a fusillade of shots after two robbers who had stolen goods valued at \$2,500 from a baggage car standing in the yards in West Sixteenth street. The thieves escaped without their booty, but three innocent persons were shot by the officers, none seriously, however. The wounded are:

Leut. James Larkin, shot in the wrist; Morris Cohen, shot in leg; Mrs. Cohen, ear shot off. The robbers loaded the booty on a wagon and drove to Israel Jacobson's shop, where they tried to sell the plunder to Jacobson. He kept them dithering while his son ran to notify the police.

Detective Voss saw the thieves half a block down Union street, and was the first to fire after his command to halt had been ignored. Then Lieut. Larkin started to empty his gun and officers O'Hara and Sullivan joined in the running fusillade, but the robbers hurried away on foot. The party turned up Barker street, and at length rounded into Halsted. Larkin, breathless, halted at the corner, aimed directly at the fleeing thieves, and fired three shots. Only one took effect, and that in his own wrist. Followed by several hundred persons who had been attracted by the shooting, the thieves ran until they reached a convenient spot, where they jumped into a buggy and escaped. Cohen and his wife, who were sitting in front of their shop, were hit by stray bullets.

A MOUNTAIN ACCIDENT.

Mrs. H. B. Hensinger Killed Near Sheridan, Wyo.

Butte, Mont., April 5.—A special to the Miner from Sheridan, Wyo., says: Mrs. H. B. Hensinger was instantly killed in a mountain accident 15 miles from Sheridan this morning. A fishing party had been at Clouds Peak and were returning, coming down the east slope of the Big Horn mountain, which is a steep incline, the wagon upset twice with its five occupants. Two jumped, but Mrs. C. B. Williams and Ralph Hensinger's neck was broken and her body badly crushed. She is from Sedalia, Mo., and was visiting her sister, Mrs. Williams on a ranch near Sheridan.

SLIGHT FALLING OFF AT PROVO.

Registration Returns at the Garden City Show Signs of Tapering.

THREE CLERKS GOING HOME

Report to Commissioner Richards and Will Visit Portland Ere Returning—687 Names by Noon.

(Special to the "News.") Provo, Aug. 5.—While the crowd in Provo today is larger than on any other day than possibly Tuesday, there is a decided falling off in the number of the registrations. By noon 687 names had been listed. Mark McBee of Howard, Kas., who attended all openings of reservations for the past 19 years or more, this morning expressed his opinion that the rush of people from a distance has not yet set in. "It has been my experience," he affirmed, "that they will come in at the last moment so as to stay over until the drawing, thereby lessening their expenses."

The three clerks who were released at Grand Junction arrived in Provo this morning and reported to Commissioner Richards. Their names are Alex Wilson, Ralph C. Clinton and W. H. Newman. They will leave today for Portland and visit the fair ere returning to Washington.

518 NAMES YESTERDAY.

The registration yesterday afternoon did not keep up with the forenoon, and only 518 as to the credit of the registration clerks for the day's work. 23 more than the day before, and a grand total, up to last night, of 5,478.

Among the ladies registered today are Mrs. V. A. Hurst of Kansas City, Mo. She is visiting in Salt Lake, and will stop at the regular time of opening the registration offices, 9 o'clock. Commissioner Richards opened the registration offices at 8 o'clock in order to give the Salt Lake people an opportunity to register and return on the morning train at 9:30.

Commissioner Richards and the gentlemen who are here with him from Washington were the guests of Col. Leone at the Lake resort this evening. Senator Reed Smoot, L. L. Nunn and other prominent Salt Lake Provo people were of the party. The Provo people were of the party. The drive and a cruise on the lake were greatly enjoyed. The notarial commission of Thomas Sumner, which was suspended pending an investigation, has been restored, and Mr. Sumner is now doing business at the old stand.

ROULETTE WHEEL USELESS.

A roulette wheel, which was shipped here for the opening, but which has not been taken out of the express office on account of the position of the authorities on the gambling question, was shipped to Price yesterday.

It was reported last night that five or six had come in from Salt Lake for the registration. The officers have been on the lookout for them, and if they have turned any tricks it has not been reported.

Commissioner Richards was the guest of L. L. Nunn at dinner yesterday.

SUSPENSION OF NOTARIES.

In speaking of the suspension of the notarial commissions of two of the notaries public, Commissioner Richards stated that he thought the investigation would be productive of good and tend to make the notaries more careful. He had made no charges against them. He had reported to Gov. Cutler what they were doing. "This is something that happens at every opening," said Gov. Richards, "and I know just where to look for it. The applications were all right so far as we are concerned, but it is necessary for the protection of the applicants to have them regular. The certificate of registration does not give a man the right to enter land. It puts him in line to enter, and at the land office in Vernal he will have to prove his qualifications under the law before he can file on the land. All the questions affecting his qualification will be gone into there and we aim to have these questions settled here, so that there will not be any disappointment and unnecessary expense on the part of the applicant at the land office."

The Colorado Springs Gazette has telegraphed Mayor Roylance that hundreds from three cities here, will register in the coming week. The Gazette, in the article, in order to draw the crowd here, Mayor Roylance will place the matter before the city council and the Commercial club.

Angus M. Cannon, Jr., came down from Salt Lake yesterday and got in line for a farm on the Utah reservation by registering his application.

At Grand Junction.

Grand Junction, Colo., Aug. 5.—At the headquarters here for registering applicants for lands in the Utah reservation, Utah, 792 names were recorded today. A total of 4,392 have been registered thus far.

REDCOATS IN BOSTON.

Duke of Cornwall's Own Rifles Enthusiastically Received.

Boston, Aug. 5.—The Forty-third Canadian regiment, Duke of Cornwall's Own Rifles, arrived in this city today from Ottawa on its way to Providence, where the regiment will participate in the celebration of British day. The visitors reached the south terminal by elevated, where they boarded the train for Providence. The regiment was met by a large number of British day enthusiasts. At the South station the Canadians were joined by the British naval and military association. The regiment will return to Boston this evening to remain until Monday.

Worms' Condition Serious.

Saratoga, N. Y., Aug. 5.—The condition of ladore Wormer the New York banker, still serious. Septic poisoning is feared.

BOTH SIDES IN GOOD SHAPE

Telegraph Strikers and Railway Managers Appear to be Well Satisfied.

PASSENGER TRAINS ON TIME.

It is Admitted that Freighters Are a Little Slow—Operators Hope for Arbitration.

St. Paul, Aug. 5.—This, the fourth day of the telegraphers' strike on the Northern Pacific and Great Northern railways opened with both sides claiming that their affairs were in good shape. General Manager Horn of the Northern Pacific who has been on duty practically night and day since the strike, was not in his office early today. An official speaking for him said: "Trains leaving for the west are running according to schedule. The movement of trains No. 3 (the Pacific express) which left St. Paul Thursday night shows we are keeping up the time. The train was one hour and 20 minutes late leaving St. Paul and was exactly 1 hour and 30 minutes late when it arrived at Staples, Minn., and also just that much late at Mandan, N. D."

"In the west our superintendents report having picked up a number of operators and from all the line they report business moving in good shape. "It is true some of our freighters are late, but they are moving. Reports received this morning show that we have opened 13 more stations, and that we have made up time on all passenger trains."

In the announcement that J. J. Hill will arrive in St. Paul Aug. 10, the managers of the strike see a ray of hope for arbitration of their troubles.

SERVICE IS GOOD.

New York, Aug. 5.—At the offices of the Northern Pacific Railway company in this city, advice from the general passenger agent in St. Paul was received today as follows: "Passenger trains are being operated practically on time. Do not feel any effects from the strike. Can assure you of good service over entire line."

MOODY SEEKING INVESTIGATION.

Washington, Aug. 5.—Atty. Gen. Moody today urged that the United States marshal at Madison, Wis., Milwaukee, Wis., St. Paul, Minn., Fargo, N. D., Helena, Mont., Boise, Ida., Spokane, Wash., Seattle, Wash., and Portland, Ore., to investigate the facts as to the interruption of telegraph service on the Great Northern and Northern Pacific railways in view of the government's duty to keep unobstructed the avenues of interstate commerce.

BOY BURGLARS.

Entered House and Stole Thousand Dollars' Worth of Jewelry.

New York, Aug. 5.—Two boys in knickerbockers attempted yesterday to take a house in New York. They forced an entrance with all the care and skill of experienced burglars but were caught as they emerged through the front door. They were carrying a large bag in which were jewelry, cigars, camera films, memorandum books and trinkets. In the loot was a valuable pearl necklace. The entire lot is valued at \$1,000.

The boys are both from good families and their parents were thunderstruck when summoned to the police station to answer the investigation. One was 12 years old, and the other 14. Neither would say much about their exploit but took no pains to show they were proud of it.

A possibly who was made suspicious by the action of the two boys was instrumental in their capture. He called the police to the house and pointed out that the boys had tried to open a trap door on the roof and broke through a heavy wire screen beneath. With a rope ladder they then descended and ransacked the house whose owner was absent in the country.

"All trains between Alexandria and Lake Charles, La., are discontinued. "All trains south of the Arkansas-Louisiana line discontinued. "New Orleans and Houston trains, five and six, trains seven and eight, New Orleans to Texas, discontinued. Little Rock and Alexandria trains No. 103 and 104 discontinued. "All train between Texarkana and Shreveport discontinued. "Texarkana and Shreveport trains No. 2 and 3, trains Nos. 1 and 4, which are relating to Arkansas-Louisiana state line discontinued. "All trains except Nos. 1 and 2 discontinued between Meridian and Shreveport."

New Orleans, Aug. 5.—The announcement through the Associated Press in today's papers that President Roosevelt had acted with characteristic promptness on the request of Gov. Blanchard to have the marine hospital service take charge of the yellow fever situation here, created general satisfaction here though there is dissatisfaction from the grounds taken yesterday on the ground that Louisiana should not surrender and confess her inability to handle the situation. Opinion generally is, however, that confidence outside of Louisiana was so completely lacking in the local health authorities that unless the interposition of the government was asked there could be no expectation of a relaxation of severe quarantine measures coming of frost. Moreover, it is believed the powers, discipline, efficiency and resources of the government are necessary to handle the fever itself which is strongly entrenched in the down town district.

PRESIDENT'S REPLY.

President Roosevelt sent a prompt acknowledgment of his telegram to Gov. Blanchard, saying: "I have received your telegram on behalf of yourself, the mayor of New Orleans, the presidents of state and city boards of health and others and have at once requested by wire a report from Surgeon-General Wyman as to what the federal government can do in addition to what has already been done. Every assistance in my power will be given as a matter of course be rendered."

In this connection it is realized that President Roosevelt has made an engagement to come to New Orleans to sides visiting other cities in the south in October.

FORMER EPIDEMICS.

Heretofore in serious epidemics the fever has always existed in October and quarantines have been maintained during that month. Unless, therefore, the government is able to stamp out the fever before October resulting in the raising of quarantines, the presidential visit to the south will necessarily have to be abandoned.

Dr. White expects to be advised today that his department has assumed control. Surgeon-General Wyman himself will never, it is thought, come to New Orleans, remaining in Washington, where he can be in communication with all sections of the south, but a large staff of surgeons and assistants, it is expected, will be concentrated here, concerning what will be done when the department takes charge, Dr. White said.

DEPARTMENT'S PLANS.

"Our work will be an enlarged application of the system at present in force, taking the utmost precautions to prevent persons from moving while in a possible incubative stage, and infecting new districts. A right application of measures destructive to mosquitoes, the whole of any infected vicinity; daily inspection of every person in every house where there has been a case of fever and a duplication of such houses of destructive measures for mosquitoes."

The railroad situation has somewhat improved. Ripples and Calcasieu, the parishes which threatened to prevent the passage of any trains across their borders, have made concessions. Dr. Taylor showing a disposition to modify his restrictions as to through passengers. It is thought that the Southern and Texas Pacific will be able to move through passengers and some freight during the day. Lafayette the Southern Pacific has lost some of its men as a result of the fake dispatches there that people were dying in New Orleans by the score. Assistant Division Supt. Scarlett resigned and with eight or ten operators and dispatchers, took passage for Texas. As connected to these dispatches, the difficulty of handling the fruit trade through Mobile are beginning to force the Central American steamers back to this port.

There is a complete boycott against fruit in any of the towns in Mississippi. Edicts have been issued forbidding the passage of fruit trains through them.

NEW CASES AND DEATHS.

New Orleans, Aug. 5.—Up to 1 p. m. today there had been 11 new cases and 10 deaths from yellow fever in this city.

DETAINED AT QUARANTINE.

New York, Aug. 5.—The steamer Liger from Port Arthur was detained at quarantine today and one member of the crew was removed to Hoffman island for observation.

ORDERED TO NEW ORLEANS.

Washington, Aug. 5.—Secy. of the Treasury Shaw has wired Capt. Ross of the revenue cutter service to proceed at once to New Orleans principally to superintend the revenue cutter service at that point with a view of strictly maintaining quarantine. Capt. Ross is now making an annual inspection of the service on the Atlantic coast and today he has already left the New Orleans. Secy. Shaw said today that the strongest possible effort will be made to confine the scourge inside the city limits of New Orleans, and he had every reason to believe this would be accomplished.

FIGHT AGAINST YELLOW FEVER.

Taking of It Up by Federal Authorities Gives People of New Orleans General Satisfaction.

THERE IS SOME DISSENSION

On Ground That It is Confession of Louisiana's Inability to Handle the Situation.

New cases of yellow fever in New Orleans to noon Aug. 5, seven; total cases to date 482.

Deaths to date 53.

The yellow fever is gradually extending its grasp on New Orleans but as this is the third day in which no new cases have been reported outside of Louisiana the spread of the disease to adjoining states is believed to be effectively checked. In New Orleans the situation is admittedly serious but by no means hopeless and the turning over of the fight to the federal government has inspired the local health authorities with renewed courage and determination. Heavy co-operation of the state health authorities with the federal health authorities is assured beyond Dr. Wyman's bureau is assured beyond a doubt and with a largely augmented corps of fever experts at work in New Orleans and competent persons in the employ of the United States government seeking to modify the rigidity of quarantines where such action can be safely taken, it is thought, soon produced a splendid effect on the disturbed region, restore confidence generally and soon show a decrease in the number of new cases.

Fourteen cases in New Orleans of persons other than Italians were contained in yesterday's official report, showing that other nationalities are coming to be infected. The bulk of the cases continue to come from the Italian quarter, but the maps on file in the health office begin to show infection in many other districts in the city though there has been no actual spread as yet from outlying infection, all cases being traceable to the original infection. New cases in New Orleans are now reported to the board of health as fast as they are discovered.

St. Tammany parish, La., has refused to quarantine against New Orleans. This is due to the fact that a case of yellow fever never developed in that locality although it is but a short distance from the city and seems to indicate that the fever carrying mosquito does not thrive in St. Tammany.

There is very little if any change in the railroad situation, but a betterment of service is expected by Sunday when it is expected Calcasieu parish will modify its quarantine sufficiently to permit the Southern Pacific to resume through traffic. The Queen and Crescent is the only line operating into Shreveport at present and it is managing one train each way daily.

An idea of the delay to the mails may be gained from the following bulletin which has been issued by Supt. Gaines of the Eleventh district, railway mail service, with headquarters at Port Worth, Tex.:

"All trains between Alexandria and Lake Charles, La., are discontinued. "All trains south of the Arkansas-Louisiana line discontinued. "New Orleans and Houston trains, five and six, trains seven and eight, New Orleans to Texas, discontinued. Little Rock and Alexandria trains No. 103 and 104 discontinued. "All train between Texarkana and Shreveport discontinued. "Texarkana and Shreveport trains No. 2 and 3, trains Nos. 1 and 4, which are relating to Arkansas-Louisiana state line discontinued. "All trains except Nos. 1 and 2 discontinued between Meridian and Shreveport."

New Orleans, Aug. 5.—The announcement through the Associated Press in today's papers that President Roosevelt had acted with characteristic promptness on the request of Gov. Blanchard to have the marine hospital service take charge of the yellow fever situation here, created general satisfaction here though there is dissatisfaction from the grounds taken yesterday on the ground that Louisiana should not surrender and confess her inability to handle the situation. Opinion generally is, however, that confidence outside of Louisiana was so completely lacking in the local health authorities that unless the interposition of the government was asked there could be no expectation of a relaxation of severe quarantine measures coming of frost. Moreover, it is believed the powers, discipline, efficiency and resources of the government are necessary to handle the fever itself which is strongly entrenched in the down town district.

PRESIDENT'S REPLY.

President Roosevelt sent a prompt acknowledgment of his telegram to Gov. Blanchard, saying: "I have received your telegram on behalf of yourself, the mayor of New Orleans, the presidents of state and city boards of health and others and have at once requested by wire a report from Surgeon-General Wyman as to what the federal government can do in addition to what has already been done. Every assistance in my power will be given as a matter of course be rendered."

In this connection it is realized that President Roosevelt has made an engagement to come to New Orleans to sides visiting other cities in the south in October.

FORMER EPIDEMICS.

Heretofore in serious epidemics the fever has always existed in October and quarantines have been maintained during that month. Unless, therefore, the government is able to stamp out the fever before October resulting in the raising of quarantines, the presidential visit to the south will necessarily have to be abandoned.

Dr. White expects to be advised today that his department has assumed control. Surgeon-General Wyman himself will never, it is thought, come to New Orleans, remaining in Washington, where he can be in communication with all sections of the south, but a large staff of surgeons and assistants, it is expected, will be concentrated here, concerning what will be done when the department takes charge, Dr. White said.

DEPARTMENT'S PLANS.

"Our work will be an enlarged application of the system at present in force, taking the utmost precautions to prevent persons from moving while in a possible incubative stage, and infecting new districts. A right application of measures destructive to mosquitoes, the whole of any infected vicinity; daily inspection of every person in every house where there has been a case of fever and a duplication of such houses of destructive measures for mosquitoes."

The railroad situation has somewhat improved. Ripples and Calcasieu, the parishes which threatened to prevent the passage of any trains across their borders, have made concessions. Dr. Taylor showing a disposition to modify his restrictions as to through passengers. It is thought that the Southern and Texas Pacific will be able to move through passengers and some freight during the day. Lafayette the Southern Pacific has lost some of its men as a result of the fake dispatches there that people were dying in New Orleans by the score. Assistant Division Supt. Scarlett resigned and with eight or ten operators and dispatchers, took passage for Texas. As connected to these dispatches, the difficulty of handling the fruit trade through Mobile are beginning to force the Central American steamers back to this port.

There is a complete boycott against fruit in any of the towns in Mississippi. Edicts have been issued forbidding the passage of fruit trains through them.

NEW CASES AND DEATHS.

New Orleans, Aug. 5.—Up to 1 p. m. today there had been 11 new cases and 10 deaths from yellow fever in this city.

DETAINED AT QUARANTINE.

New York, Aug. 5.—The steamer Liger from Port Arthur was detained at quarantine today and one member of the crew was removed to Hoffman island for observation.

ORDERED TO NEW ORLEANS.

Washington, Aug. 5.—Secy. of the Treasury Shaw has wired Capt. Ross of the revenue cutter service to proceed at once to New Orleans principally to superintend the revenue cutter service at that point with a view of strictly maintaining quarantine. Capt. Ross is now making an annual inspection of the service on the Atlantic coast and today he has already left the New Orleans. Secy. Shaw said today that the strongest possible effort will be made to confine the scourge inside the city limits of New Orleans, and he had every reason to believe this would be accomplished.

AMERICAN CATHOLIC PILGRIMS.

Rome, Aug. 5.—The American Catholic pilgrimage, which has been in Rome since July 29, left for Florence today. After a short stay in Florence the pilgrims will go to Switzerland, after a tour of which they will go home. The pilgrimage, which numbers 100 persons, is accompanied by two laymen, Bishop Neri of Charleston, and Kieley of Savannah, Ga., who is the spiritual director.

MANILA GIVES SEC'Y. TAFT A GREAT WELCOME

Manila, Aug. 5.—Manila's welcome to Secy. Taft and party exceeded all similar demonstrations in the past by either American or Spanish officials. Gov. Gen. Wright's address of welcome at the government house expressed the feelings of Americans and natives. Shortly after the exchange of greetings, the Russian plenipotentiaries launch drew alongside the Mayflower and boarded the ship.

The Japanese plenipotentiaries arrived in the harbor soon after the president had boarded the Mayflower. Baron Komura and Minister Takahira were taken to the Mayflower in a launch and were presented to President Roosevelt by Asst. Secy. of State Peirce. The president greeted them briefly in behalf of the United States government and then the other members of the Japanese party were introduced to the president. Shortly after the exchange of greetings, the Russian plenipotentiaries launch drew alongside the Mayflower and boarded the ship.

A few minutes later the Japanese and Russian plenipotentiaries were presented to each other and then they were entertained at luncheon.

ENVOYS LEAVE FOR OYSTER BAY.

New York, Aug. 5.—Baron Komura and Minister Takahira, the two Japanese peace envoys, together with their suites, embarked for Oyster Bay early this morning. Gov. Gen. Wright, while others of the party are being entertained by Maj.-Gen. Corbin.

TESTIMONY IN THE TAGGART DIVORCE CASE

Wooster, O., Aug. 5.—That Mrs. Grace Viola Culver Taggart, who is seeking the custody of her two little sons, as well as a divorce at the hands of Judge Mason, took her two little boys into the hallway adjoining Wooster saloon a fortnight ago and bought three glasses of beer, drinking one herself and giving one to Culver and one to Charlie Taggart, was the first testimony offered at today's session of the hearing.

The witness was Harry Rope, 18 years old, who testified that he was drinking beer in the place and saw what he described.

Reading of the deposition of Mrs. Schellenbarger, the Cleveland trained nurse, was then resumed, and Mrs. Taggart left the room. The statement was largely technical but the deponent was not allowed to say what Mrs. Taggart's ailment had been. The patient had told the nurse that she was in the best Washington society, and knew senators, members of Congress and other prominent people. Mrs. Taggart had told the nurse that her mother unbraided her about 11, weeping bitterly.

Mrs. Peter Eversly of Orville, O., an aged woman, testified that Mrs. Taggart with her children and nurse formerly lived next door to her and that a certain young man was often in the Taggart house. She would often see this young man leaving at 3 o'clock in the morning. He frequently brought bottles wrapped in paper to the house. These bottles would later be thrown under a back porch. There was about a barrel of them. Mrs. Eversly declared that she and examined some of the bottles, and that they had contained whiskey.

Dead in a Tank of Oil.

Chanute, Kas., Aug. 5.—The body of Dudley F. Chambers, treasurer and assistant general manager of the Northwestern Oil & Gas company has been found floating in a tank of oil on the Burgardt lease six and a half miles east of town. Chambers had gone down on a ladder into the tank to see how much oil there was at the bottom. It is supposed he became asphyxiated.

THE PEACE ENVOYS AT OYSTER BAY.

They Were Formally Presented to Each Other by President Roosevelt.

ENTERTAINED AT LUNCHEON.

President Proposed a Toast to the Welfare of the Sovereigns and People of Both Countries.
