

WARSHIPS STOP RUMORS OF WAR

President Nord Alexis Seems to
Have Been Impressed by
War Craft.

WAR TALK NONSENSICAL

German Foreign Office is in Accord
With Views Expressed by Secretary
Ellhu Root—Cruiser Will Remain.

Berlin, March 18.—Official advices received here from Hayti indicate that the arrival at Port au Prince of foreign warships has produced the desired effect upon President Nord Alexis. M. Carteron, the French minister, cables that the government has abandoned its intransigent attitude, that the re-embarkment of the refugees had been authorized, and safe conduct have been granted for the departure of General Minin and the other revolutionary agitators which had taken asylum at the legations and consulate at Port au Prince and Gonaves. Mr. Carteron gives much credit for this improved attitude to the active intervention of Mr. Borno, and the minister of state, who was the first consul to take this course of action. All danger of an attack on the legations or consulates is now considered at an end.

HAS NO THOUGHT OF WAR.

German Foreign Office Issues Statement
Announcing Motive.

Berlin, March 18.—The Associated Press is authorized to state that the German foreign office is fully in accord with the viewpoint of the United States regarding the situation in Hayti as set forth by Secy. Root. There was no intention on the part of Germany to intervene in the internal affairs of the Haytian republic. It is the firm resolve, however, of Germany to protect her subjects trading in Hayti and who will insist also upon the inviolability of her legation and consular buildings. No complications in the Haytian situation are foreseen here.

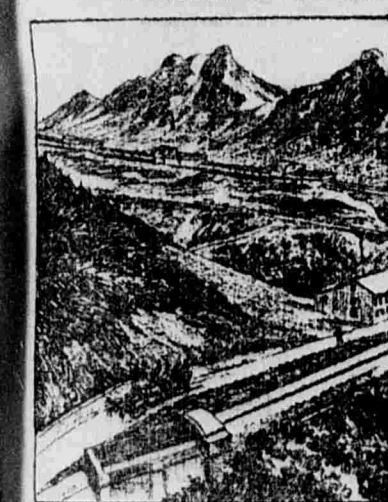

The report that Germany might possibly declare war upon Hayti is stigmatized here as nonsensical. The most recent advices represent the situation at Port au Prince as much calmer since the arrival of foreign warships.

It is hoped that the presence of the German cruiser Bremen will not be necessary for long, but she will remain until quiet has been completely restored.

KNOWS NOTHING ABOUT BONDS.

San Francisco, March 17.—R. G. Tognazzi, cashier of the Central Trust company, which is the successor of the Germania Trust company of this city, stated that he knew nothing about any bonds of the Kona & Kau railway reported to have been found in Salt Lake City. He knew of no person of the name of F. W. Johnson, and could

A WONDERFUL WATER LADDER UP THE ALPS.

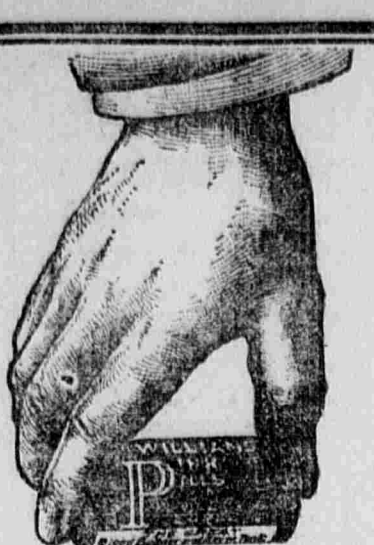

The picture shows what will be, when completed, one of the most wonderful engineering feats in the world. It is a scheme to connect the Italian city of Genova with Lake Constance, in Switzerland, by a system of canals. The tubular canals will be constructed of masonry closed with iron gates. This sketch shows the connection of locks and pipes.

That Five Cents

There are thousands of people who want **Maple-Flake** and don't get it, because it costs 15 cents. They cling to the 10-cent foods. They are wronging themselves. They are going without the food that they like best—without the maple flavor. And they are losing far more than they think that they save. Let us explain. First, let us figure rightly. Let us include the cream. Add the cream cost to the food cost and see how trifling the difference between one and the other. Then think of this: We spend 96 hours in preparing **Maple-Flake**, while flakes can be prepared in from 18 to 20 hours. Do you suppose we would spend those extra 76 hours without a vital reason? Would we be likely to add more to the cost than we know that we add to the food value? Six hours are spent in steam-cooking. Then the wheat is cured. Then each separate berry is flaked so thin that the full heat of the oven can reach every atom. Then we toast, for 30 minutes, at 400 degrees. We derive our delicious flavor by cooking the wheat in pure maple syrup.

The purpose of our long process is to make all the starch soluble. For starch is the main part of wheat. The granules of starch must be separated, so the digestive juices can get to them. A food cooked half so well digests about half so well. The balance is wasted—and worse. It ferments and breeds germs. It is poor economy to pay for food that cannot supply you with nourishment. **Maple-Flake** is the one food that's all food. The only food served in individual packages in hotels, clubs, cafes, and on dining cars.

The Pills That Cure WEAK WOMEN

"My limbs ached and I had a terrible pain in my right side. My weight fell from 145 pounds to 99 pounds. I had no appetite, my kidneys were affected, and I had headaches, backaches and fainting spells. As my doctor did not help me, I tried Dr. Williams' Pink Pills and now I am cured and in the best of health. Dr. Williams' Pink Pills built up my whole system and I gained 30 pounds in weight."—Mrs. Jacob H. Denny, 257 North Division St., Buffalo, N. Y.

Dr. Williams' PINK PILLS

Sec. per box; 6 boxes, \$2.50, at all druggists or from Dr. Williams Medicine Co., Schenectady, N. Y.

throw no light on the mystery of the apparent theft of the Hawaiian securities. Tognazzi said that he had been connected with the Central Trust company for over a year, and during this time no transactions involving these bonds had come under his notice.

KILLED IN BOXING MATCH.

Philadelphia, March 18.—In an amateur boxing tournament at the Bijou theater tonight, Willie Robinson, aged 19 years, was killed while boxing with Charles Wolf, the same age.

TWENTY-FOURTH IN PRISCO.

San Francisco, March 17.—The United States army transport Sherman arrived today from the Philippines, with the

Twenty-fourth Infantry, Brig.-Gen. Daniel H. Brush commanding. Among the other officers arriving are Maj. Taggart and Patton. Gen. Brush, who was promoted from the rank of colonel on Feb. 18, received the news in a wireless message on March 9. After leaving Nagasaki the Sherman ran into a succession of storms, but sustained no damage.

STANFORD STUDENTS SUSPENDED

Stanford University, Cal., March 17.—Twelve students were suspended today by the faculty committee on student affairs of Stanford university as a result of the unusual demonstration last week, in which 300 undergraduates showed their disapproval of the liquor prohibition edict. The students for the greater part are members of upper classes, and their dismissal has caused one of the biggest sensations in the history of undergraduatism.

WILL PRESENT SWORD TO ADMIRAL EVANS

San Diego, March 18.—A handsome sword is to be presented to Admiral Evans when the fleet sea-fighter comes ashore in San Diego next month. This symbol of the pomp and honor of war is now in process of manufacture. It is being exquisitely fashioned of the finest steel, and its hilt will be set with native gems. The blade and scabbard will cost \$200, or a little more. The presentation is to be made by the local posts of the Grand army, assisted by the veterans of the Spanish war. There are other gifts awaiting the admiral. The freedom of the city will be symbolized by a golden key in a casket made of olive wood from a tree of the grove planted by the Spanish missionaries 250 years ago. The key itself is designed to be afterward worn by the admiral's wife, as a brooch.

PASSENGERS ALL RESCUED.

Tug Relief Saves All About Wrecked Pomona Off California Coast.

San Francisco, March 18.—The tug Relief which was sent from this port last night to bring back the passengers and crew of the wrecked steamer Pomona, who were landed at Port Ross yesterday, intercepted the steamer City of Topeka, bound from Eureka to San Francisco, off Point Reyes, and, according to instructions from the Pacific Steamship company, ordered her back to Port Ross. The Relief then returned, leaving the duty of relieving the shipwrecked people and transporting them here to the City of Topeka. The Pomona, as was anticipated last night, will be a total loss.

BOYS PLAYED INDOOR ONE MAY LOSE HIS LEG

Suffern, N. Y., March 8.—Russell Shurtart, 10 years old, is in a critical condition suffering from burns received when an old boy, while playing Indian, tied him to a tree and built a fire under his feet. The boy's screams attracted men who were working nearby and he was rescued but not until he was so badly burned that it is feared he will lose at least one leg. The boy accused of setting the fire has disappeared and is being hunted by the authorities.

TRYING MRS. MORASCH.

Prosecution Tries to Prove She Sent Poisoned Candy to Ruth Miller.

Kansas City, Mo., March 18.—The trial of Mrs. Sarah M. Morasch, aged 49 years, accused of the murder of 4-year-old Ruth Miller, began in the district court at Kansas City, Kas., today. The child died from the effects of eating poisoned candy intended for her 15-year-old step-sister, Ella Van Meter, which the prosecution asserts was sent by Mrs. Morasch through the mails.

CLEVELAND IS SEVENTY-ONE.

New York, March 18.—Grover Cleveland is quietly celebrating his seventy-first birthday at Lakewood, N. J., today. The twenty-second and twenty-fourth president of the United States, though past the allotted threescore years and 10, took a long walk yesterday and seems to be in excellent spirits.

OLD MAGAZINES OLD SONGS.

Every household contains them, but few think of preserving them in neat and convenient shape; you can have them bound in any style, and at any expense you may decide on, at The Deseret News.

Nobody Injured When BIG STEAMERS COLLIDE

New York, March 18.—The big trans-Atlantic steamer Kron Prince Wilhelm which arrived today from Europe today was in collision with a steamer while coming up the bay. She is now lying at anchor in the fog off St. Georges, L. I., with a large hole in her stern. The Kron Prince Wilhelm left her 15-antique horn before 7 o'clock this morning on her way to her dock. She had on board 392 passengers of whom 229 were cabin and 163 steerage.

In response to an inquiry by the Associated Press by Marconi wireless telegraph, Captain Nierlich of the Kron Prince Wilhelm sent the following message: "Crown of Castle ran into us, nobody injured." (Signed.) NIERLICH.

The Crown of Castle, of the New York Continental line arrived from Hamburg and Rotterdam last night and left quarantine at 7:15 a. m. today, about 15 minutes after the Kron Prince Wilhelm, and must have overtaken the other steamer while she was moving slowly in the fog. The Crown of Castle is loaded with merchandise, but carries no passengers.

HARD TO GET JURY TO TRY GENERAL HORNE

Kansas City, March 18.—The trial of General Richard C. Horne, former vice-president of Kansas City Post publishing company, charged with the murder of H. J. Groves, managing editor of that paper was resumed in the criminal court here today. Much difficulty is being experienced in the selection of a jury owing to the general publicity which has been given the case and the prominence of the principals.

BURIED EMPTY COFFINS AND COLLECTED INSURANCE

Los Angeles, Cal., March 18.—Sheriff A. B. Adams of Cohoes, N. Y., arrived in this city today having in custody Ira J. Bayliss, who is said to be wanted in New York on a charge of defrauding the Prudential Life Insurance company out of many thousands of dollars. According to the officer's story, Bayliss is accused of having buried empty coffins and collected from the insurance company for which he was an agent, by means of forged death certificates and fictitious policies. Bayliss was captured in Demuir, in the San Joaquin valley.

LABOR LEADERS MEET PRESIDENT

Important Conference Being Held
At Washington at Gompers' Call.

SUBJECT OF WIDE EXTENT

May Seek Congressional Action to Offset Court Decisions Which May be Viewed as Adverse to Labor.

Washington, March 18.—A conference of far-reaching importance to labor began here today. Participating are President Gompers and the members of the executive council of the American Federation of Labor, together with the executive officers of the International Trades Union of America, who met pursuant to a call issued by President Gompers to consider the consequences of the recent injunction decisions of the supreme court of the United States, affecting labor organizations with particular reference to the Danbury hat cases in which that court substantially held that labor organizations were to be considered trusts as much as organizations of capital.

After calling attention to the significance of the decisions Mr. Gompers stated that the conference was for the purpose of "taking action on the importance and merits of the subject dealt with may be considered and be determined as setting forth the propositions and demands of labor." Court rulings, he pointed out, were binding upon all labor organizations until changed or modified by congressional action.

ON SHERMAN ACT.

The object of the conference was to consider the proposed amendments to the Sherman anti-trust act which are being drafted with a view not of exempting labor organizations from their obligations to the public, but rather to prevent any injustice being done through the operation of law to organizations of laboring men, particularly through injunction. It is desired to so frame the proposed changes in the Sherman law as to meet the requirements of the supreme court's decisions. The proposed amendments are the result of recent conferences at the White House between President Roosevelt and others and it is hoped to secure remedial legislation along these lines at this session of Congress. President Gompers today stated that matters of importance to every union man would be discussed and an effort made to formulate plans to offset the rulings of the various courts regarding injunctions and boycotts.

There are 117 national and international trade unions in America and practically all of them were represented by one or more delegates at today's meeting. The conference which was held behind closed doors, will continue several days.

PROGRAM AT ALL HALLOWS.

The large assembly hall of All Hallows' college was more than crowded last night, on the occasion of the St. Patrick's day celebration. An excellent program was given to the great entertainment of the audience, with music from the musical organizations of the college under the direction of Prof. Pedersen. In fact, the celebration was one of the most successful ever held by the institution, and reflects credit on all of the participants.

MISSING RELATIVES.

Anyone knowing a Mrs. Tillie Johnston, who was at one time a resident of Bingham Canyon will render a big favor by writing to Miss Myrtle Willie at 2243 West Eighth avenue, Denver.

Did You Ever Stop to Think

Why You Feel Lazy, Moody and Tired?

We'll Tell You Why and Cure the Feeling.

The remedy is yours for the asking. Dyspepsia bars the way to your attaining success, wealth and influence by clogging the wheels of your health machine. Your work suffers, energy wanes, perseverance flags.

In this age of hurry and bustle, where concentrated energy is essential to success, where the strong man wins and the weakest goes to the wall—you owe it as a duty to yourself, your family, your friends, to keep that God-given health you were blessed with at the start.

Why not make a fresh beginning, and at the expenditure of only 50 cents in the purchase of a box of Stuart's Dyspepsia Tablets, find anew the joy of "living," the joy of "working," the joy of "strife."

Stuart's Dyspepsia Tablets contain the very elements which your stomach possessed when it was healthy—pepsin, diastase, golden-seal and others. By the action of these digestive ferments the dissolved food substances pass into the blood vessels and lymphatics, and so enter the general circulation.

Deprive the stomach of their assistance and your gastric juice becomes weak, you cannot enjoy your food, you have trouble in your stomach after eating, you become moody, indolent, dissatisfied.

Remedy these defects by using Stuart's Dyspepsia Tablets, which assist nature by curing these ills. You need them to restore you to that active condition of body, mind and spirit which is the key to success, the road to wealth and the doorway of fame.

Sold at every drugstore; price, 50 cents. We are so convinced that once used you will never be without them, that we will send you by mail, free, on receipt of your name and address, a sample package. Address F. A. Stuart Co., 110 Stuart Bldg., Marshall, Mich.

Stuart's Dyspepsia Tablets at every drugstore.

There is nothing more healthful or invigorating than a cup of good tea. Tea drinking will give brilliancy to the eyes and a youthful freshness to the complexion. Good tea is both a tonic and a food. It will strengthen you for a better day's work.

Hewlett's Three Crown Natural Uncolored TEA

Is good tea; there is none better

Allen F. Cedars of Murdo, N. D. Cedarstrom was last heard from while living at 2700 Grand street and while foreman of bridge builders in the employ of the O. S. L.

Mother takes a Cascaret and baby gets the benefit. It is easy to supply, in this natural way, all the laxative a baby needs.

An exclusive milk diet tends to constipation with all of us. So does inactivity.

Without exercise, without coarse food and fruit and green vegetables, our bowels are never active.

Is it any wonder that a nursing baby, who cannot yet walk, needs the help of a laxative?

All babies do, as you know.

When baby grows older, his different foods will do what Cascarets do for the bowels.

When baby can walk and play and be active, exercise will take the place of a laxative.

But, until then, a gentle laxative is almost a constant necessity. All mothers know that.

It isn't necessary to give the laxative direct to the baby. It is better if the mother takes it.

Then the baby gets its laxative as part of its food. And the mother is helped at the same time.

But use nothing but Cascarets.

They are gentle and natural—purely vegetable. No irritation, no harshness, no griping.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and

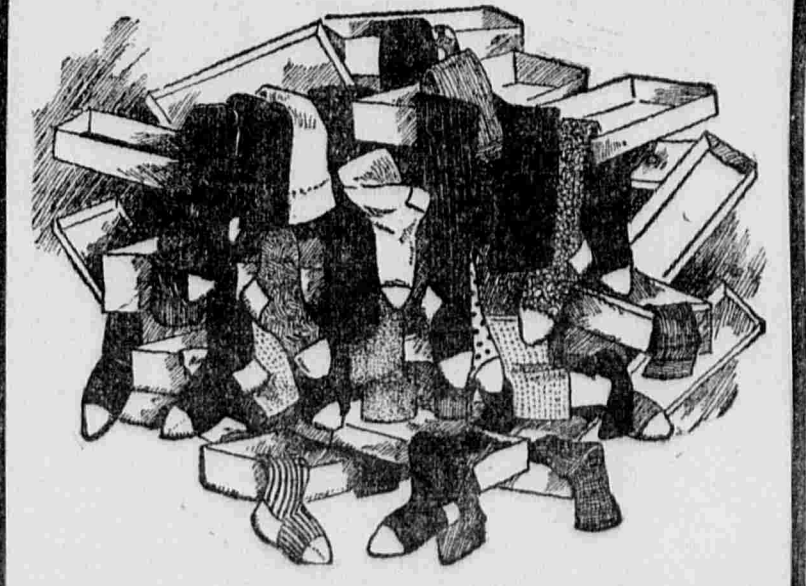

Ten Cents per Box.

Take Advantage of these Special Sale Values Ladies' Sample Hosiery

At less than Regular Wholesale Prices.

Up to 85c Values | Up to \$1.50 Values
39c | 59c

Hundreds of pairs of Drummers' Hosiery samples on sale this week.
