singer wall for permanent peace in easiern Europe.

It is easy to see that every movement for peace so far has been made with the object in view on the part of the interested powers of preventing any one of them from obtaining an undus influence over the affairs of the territory in dispate. Both Germany and Eughand are upposed to Russian schemes for placing Greece in a positive similar to that of the Balkan state, but there their cummum leaders, and the see in a large of the control of the control of the particular of the property of the certain of the process of the possible of the property of the certain of the process of the certain of the certain of the process of the certain of t

Now that President McKinley has settled the question of his making as Pacific coast trip by informing the Californians that he cannot vasit them the sourmer, there is some further talk here as to whether or not Congress will adjourn in time for the President to come to the Poussed fauther and the Mills in nectes for him to do so, it will be necessary for the national legislature to close up its business by July 10 at the latest, and that it cally about three weeks off. It is just possible that the lawmakers will continue over that period, and tour and time and time in the capital. The greater probability, hawever, is that Congress will not remain in easien many days after the Fourint, it it does not all. The steady progress made on the teriff titt, said the names of session many days after the Fourth, if it does as tail. The standy progress made on the teriff titl, and the uniformity with which amondments to the Henste committee' propositions are rejusted, lead to the conclusion that that insensure should get through by July 1st, and that utilizance which may arise between the Senate and the House will be settled without tion treaty will take time, but this prob-ably will be very brist, since the senti-ment on it is so well settled that if it can succeed at all in the Senate it can
