THE EVENING NEWS.

Saturday, - - - September 16, 1871.

PRICE OF GOLD.

Quoted Daily by BANK OF DESERET.
SALT LAKE CITY, September 16, 1871.
Buying at $1.10; Selling at $1.13.

WEATHER ITEM.—The highest point reached by the thermometer to-day was 82.

LOCAL AND OTHER MATTERS.

A FINE BILL.—There is a splendid fun on to-night, the entertainment commencing with the laughter inspiring farce of "Romantic Tendencies" after which the accomplished violinist, Master W. E. Weihe will play a solo. The entertainment will conclude with the fine comedy "Married Life."

WEST LECTURE.—On Monday evening, in the Tithing Block, Mr. James W. Marshall, the discoverer of gold in California, will deliver a lecture on the Early History of the State, including an account of the discovery of gold at Sutter's Mill, with twenty-seven years' personal experience of pioneer life in the mountains. He will give a history of the Bear Flag War; the fight at Sutter's Ranch; volunteers destroying Sonoma; the fight at Gabriel and the plains at Mesa, the great rush in 1849; the Massacre at Murderers' Bar; how Marshall escaped lynching; terrific personal encounter with a panther, &c., &c.

Mr. Marshall will also exhibit the following relics: The first piece of gold found in California; Marshall's first pick, made by Wimmer for the gold mines; a piece of the saw-mill; a piece of granite taken from under the head block of the old saw-mill; a piece of the renowned Bonner cabin; a stone mortar, with stone pestle, taken out eighty feet under the surface, and many other curiosities of early days in California. The following, in regard to the discovery of gold in California, is extracted from a document in the Historian's office, and which is over the signatures of H. W. Bigler, Jesse B. Martin, and James S. Brown: "In Jan., 1848, Elders James S. Brown, Henry W. Bigler, Alex. Stevens, William Barger, William Johnson and Azariah Smith, of the Mormon Battalion, were in the employ of Capt. Sutter, building a mill on the latter on the upper waters of the American fork of the Sacramento River, about fifty miles above the site upon which now stands the city of Sacramento. Mr. James W. Marshall was Sutter's millwright and 'boss' workman. Several others were also in the employ of Capt. Sutter at that time. After the mill frame had been erected and the race dug, the water was turned into the race, which was found to be too shallow. On digging it deeper decayed granite rock was struck, which excited the curiosity of Mr. Marshall, who picked it and washed out a panful, but found no gold. Mr. Marshall then hoisted the head gate and let in all the water possible, remarking, at the same time, that if gold was there that would bring it to light. Next morning Marshall found several pieces of gold, which he put into his hat and exhibited to us."

With such a fund of excellent material as Mr. Marshall must possess, he can scarcely fail to make his lecture interesting to all who attend. Remember Monday evening, at half past seven, at the Fourteenth Ward Assembly Rooms. The price of admission will be 50 cents.

Z. C. M. I. PRODUCE DEPARTMENT.—The Produce Department of Z. C. M. I. has temporarily removed to John R. Clawson's new rock building, on First South Street, opposite the head of Commercial, where Mr. George Teasdale, under whose charge this department is, will, for the time being, buy and sell all kinds of grain, fruit, hay, coarse salt and other produce.

PATSEY AT HIS OLD TRICKS.—Patsey Marley and Jack O'Neal had a fist encounter last night, in front of Reid's. Patsey was arrested and, this morning fined $10. The fine was paid.

OBSEQUIES.—The funeral services of Miss Spences took place this morning in the 14th Ward Assembly Rooms. Addresses were delivered by Presidents George A. Smith and Brigham Young.

BEAUTIFUL PICTURES.—We are indebted to C. R. Savage, Esq., for a collection of elegantly mounted and very beautiful photographic views of mountain scenery. Most of the pictures are representations of portions of Big Cottonwood and American Fork kanyons, and the selection of the points chosen, shows true artistic taste and a genuine appreciation of the grand and beautiful in nature. As specimens of skill in the great art, the pictures are real gems. Photography is as far advanced as any branch of art or industry in Utah, and it is not too much to say that in it Mr. Savage stands at the head. His excellent views of Rocky mountain and other scenery are to be found in every part of the world.

HOW IS THAT FOR LARGE?—A few very fine specimens of what is called the lemon peach were brought to our office this morning, one of which was 10¼ inches in circumference and weighed twelve ounces. The fruit has a very beautiful appearance, being partly rich yellow and deep red in color, and the flavor is delicious. The peaches were raised in the orchard of Brother William Barton, Twentieth Ward.

Special to the NEWS, *per Des. Tel.*)

INDIAN DEPREDATION AT KANAB.

ST GEORGE, Sept. 15.

About a week ago 79 Navajo warriors, mostly on foot, all armed, and each having a rifle, arrived at Kanab, 90 miles from here. President Snow was on a visit there and had a talk with the principal chiefs in the company. The professions of the Navajos were friendly. The day after Brother Snow left, the Navajos unmasked themselves and levied a black mail of 70 horses and 17 beeves. Bishop Stewart felt that this was too heavy on his small settlement and expressed for assistance to resist the aggressive spirit manifested. Kanab having at the time of the demand only 20 men at home. During the following night, and in the morning reinforcements arrived, and Mr. Navajo manifested a more temperate disposition and offered to trade for horses. Trading went on slowly but peaceably till the arrival of some 40 horses, in Jacob Hamblin's charge. This was too much for the Navajos. They could not engage in the tardy process of trade any longer, and so they threw off all encumbrances and at once commenced to lariat the horses, and continued untill the last three was caught. Some of the aggressors then started for their own country, but twenty more Najavos had arrived, at last accounts. Lieut-Col. Andrus is enroute with a detachment, to aid the Kanab settlers.

WHAT'S THE USE of being a Governor, unless you can have the pomp and circumstance of a score militia now and then, to go on midnight raids and to make due impression of official dignity upon children and school girls?

HOW TO APOLOGIZE.—The New York *Herald*, in a recent criticism of a book of poetry, says, "We are averse to printing profane and wicked verses in the *Herald*; but having condemned these wretched 'poems,' we can scarcely avoid printing a stanza which is a condensation of the sin and ribaldry and profanity of the whole collection." That is an apology "as is an apology." It is the logic by which all the iniquity in the world may be reproduced and the reproduction justified. "Having condemned it, we reproduce the essence of it." Quite characteristic of the *Herald*. But don't let everybody reproduce the worst of what he condemns, though for the matter of that, it is a common thing for people to do worse than that which they denounce, as witness the course of all defamers of the "Mormons."

A SWEET ARTICLE.—Brother Edward Stevenson furnishes us a number of interesting particulars of a visit to the apiary of Bro. John Morgan, Mill Creek. Bro. Stevenson states that Bro. Morgan had only three swarms of bees this spring, from which he has taken eleven new swarms, making his present stock fourteen stands, exclusive of one swarm which flew to the mountains, to parts unknown. One stand had produced two swarms and 100 lbs. of honey, and was now full of honey again. One swarm started on the 28th day of August, had now ten dollars' worth of honey. Bro. Morgan had used with success one of J. L. Peabody's honey extractors, taking the honey from the comb and replacing the comb in the hive. Bro. Stevenson says, "I remember, when a boy, bee raisers used to say that a swarm of bees in May was worth a load of hay, a swarm in June was worth a silver spoon, and a swarm in July was not worth a fly. The Italian bee, with the improved hive, compared with the ordinary black bee and gum hive of olden times, is of more value to the present bee culturist than the load of hay, silver spoon, and old old gum hive thrown in."

WANTED!—A Practical Power-loom Boss Weaver. Address B. J., DESERET NEWS Office. d247 tf

NEW REFORM.—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We find it in Day & Co.'s Soda and Sarsparilla. If every one would sign the Pledge and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will vouch for itself. en(170)tf

ORGANS! ORGANS!

DAYNES & CO.,

AGENTS

For Utah Territory, for the Sale of the Celebrated

Smith's American Cabinet Organs

Respectfully invite the members of the Musical Profession and the Public generally, to call at their Music Rooms, on

First South Street,

Two doors East of Post Office, Salt Lake City and examine their Splendid Stock of Organs, and learn the unprecedentedly

LOW PRICES

At which they offer them for sale, the prices being from

Twenty to Thirty per cent lower.

Than they can be bought in any other House in Utah. Daynes & Co. do not offer the

SECOND-HAND ORGANS

At these low figures because they are, as some would have it believed, a poorly manufactured and consequently

CHEAP INSTRUMENT

For, for excellence of workmanship they have no superiors, while in strength, purity and sweetness of tone they

Challenge the Profession

To produce any instrument equal to them The cause of their

LOW RATES

Is easily explained: They have no local agents whom they

PAY TO PUFF

their wares; and besides this they have resolved to place these beautiful instruments within the reach of all, and will do so by doing what no other House in Utah pretends to do, namely,

Sharing With Their Patrons

The commission allowed by the Manufacturers Acting on this principle they offer their instruments at

Twenty Per Cent Less

Than eastern retail figures, besides

PAYING THE FREIGHT

To the railway terminus in this city, guaranteeing every instrument sold sound and free of damage. They will sell a Parlor Organ, with elegant Black Walnut Case, Five Stops, Tremulo, and Knee Swell for

$140

The eastern retail price being $175. An instrument for a School or Meeting House, with power sufficient for

Fifty Singers

With seven stops, sub-bass, Octave Coupler, Tremulo and Knee-swell for

$180

The eastern price for the same instrument being $225.

In proof that the American Organ is all they represent, they refer purchasers to the following well known gentlemen:—C. Sansom, D. L. Davis, A. Miner, John Sharp, S. W. Sears, W. S. Godbe, also Mrs. S. Kimball, all of this city. G. Henrold, of Salt Creek, Juab County; T. Stayner, Ogden; the Fishburn Choir, Brigham City.

Daynes & Co will also sell every other description of first-class Musical Merchandise, from a Piano-forte to a violin string at the same ratio; and to prove that the preceding statements contain not a particle of exaggeration they invite all Musicians and the Public, to call and prove their truth by personal examination and investigation. Remember
