

SALT LAKE'S NEW GAS PLANT.

Visited by a "News" Man Who Inspects Its Entire Working.

PROCESS OF MANUFACTURE.

Oil Brought from Southern Fish and Treated in the Near Future.

The new gas plant of the Union Power and Electric Light company is in place and the manufacture of the gas has fairly begun.

The increased consumption of the product for fuel as well as light, that has been the cause of the new plant, has not been taken into account.

It may be stated in passing that the exhaustion of the gas at present is not a serious matter, as the gas is not used in the city.

The Union company's new plant has all the modern improvements, and including the building, has cost but little of set of labor.

The process is simple, W. A. Pearson, the expert of the Western Gas Construction company, from whom the plant was purchased, together with Foreman Haywood and other men, kindly showed a "News" reporter through the works and explained the process of manufacture.

The first step in the making of the gas is the charging of the generator, which is a large cylindrical vessel, with coke where the heat is generated.

The gas which is produced is called the "crack gas," which is largely filled with hydrogen, which is called the "superheated" gas, as it is not yet cooled.

The gas is then cooled and the water and sulfuric acid are removed, leaving the gas in a tank which will hold ten thousand cubic feet of gas.

The gas is then cooled and the water and sulfuric acid are removed, leaving the gas in a tank which will hold ten thousand cubic feet of gas.

The gas is then cooled and the water and sulfuric acid are removed, leaving the gas in a tank which will hold ten thousand cubic feet of gas.

Let's Talk It Over.

Since January first we've been giving a bona fide reduction of 25 Per Cent Off on Men's, Youths' and Children's Clothing and Underwear.

WE DO THIS

For the benefit of our patrons, not for fun—not because we enjoy this sort of selling goods—but because we have to because it's hard to sell Suits and Overcoats now—because WE MUST SELL THEM NOW or carry them over until next year.

Our Friends, the Public

Know bargains at sight. Naturally our stock of Clothing and Underwear has been diminishing day by day. There still remains some rare bargains, enough to warrant us to keep the House Cleaning Sale of

25 Per Cent Off

On Men's, Youths' and Children's Clothing almost exclusively "High Art Clothing." You know what that means for general goodness. Casimires, Cheviots, Worsted and a few dresser fabrics. A general assortment of winter ready-to-wear clothing. We have men's suits up to size 50

A GUARANTEE.

Please bear in mind that every garment in our house MUST give thorough satisfaction. If you at any time find that you are displeased, come in and give us a chance to make you satisfied.

Legal Clothing Co.

Is Auerbach & Bro

This Week's Bargains

Extra Special.

Corset Bargains.

Not a million bargains—not everything at half price—just one special lot of WHITE GOODS.

ALL WARNER'S CORSETS, AT LEAST THAN MANUFACTURER'S COST. The entire lot must be cleared out. Never have standard-made Corsets been sold at such price reductions.

WARNER'S HEALTH CORSET, in black, white and extra, in 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50.
