The Tramp.

NEW YORK, 23.—There were fully 5,000 people in the garden to-night, at 9 o'clock. Guyon seemed to be the favorite. He was in first rate form, and made several long and rapid runs. Weston is developing strength, and appears to be full of fun and life. He ran every few minutes and seemed particularly pleased when the band began to play. Rowell kept his lead, and when any of his competitors commenced closing up the gap, he began at the same time to run. Rowell finished his two hundredth mile at 7.16 p. m., and was greeted with tremendeous applause. Taylor looked thoroughly used up. Panchot is not going as well as usual, and is falling gradually behind. His friends fear that he will not ever take a place. Rowell, at 1 o'clock in the afternoon, had beaten the best time on record. He finished 176 miles and 2 laps during 36 hours, and Hazael's record in London, for the same time, was 176 miles and 48 yards. Krohne is in good condition, and the lameness which affected him during the early part of the day has disappeared. He strides along at a great pace. Weston and Rowell went side by side around the track for several laps, and received great applause. Weston loses considerable ground by continually reversing. His friends want him to stop it, but he steadily refuses. Betting, at 10 o'clock, was as follows: One to 5 against Rowell, 10 to one against Weston, 20 to 1 against Hazael, and 8 to 1 against Guyon. At 11 o'clock Rowell had finished 211 miles, being 45 hours on the track. This left him some six miles behind the best score for the same time on record, which was made by "Blewer" Brown in London. Ennis has recovered from his sickness and is walking well.

The score at 12 o'clock was, Weston 175; Rowell, 215; Hazael, 184; Guyon, 200; Ennis, 175; Panchot, 154; Merritt, 193; Hart, 189; Kohne, 160; Taylor, 100; Jackson, 160; Rademeyer, 149.

Weston announced that, on coming on the track after his present rest, he will commence running, and will run continuously to the end of the race, and avoid walking altogether. Hart is in fine form, and began running after midnight, when he had a good clean track. Ennis also did some good running, about the same time, and Merritt also displayed his powers.

Prohibition State Convention.

ALTOONA, Pa., 23.—The prohibition State convention met this morning to nominate a candidate for the office of State Treasurer. Geo. E. Turner was elected chairman. Turner, on taking the chair, further explained the call. He had interrogated republican, democratic and greenback laber candidates, but they had so far declined to place themselves on record on the questions addressed to them, hence the prohibitionists were compelled to take separate political action. Resolutions were adopted, and Wm. L. Richardson, of Bloomsbury, was nominated for treasurer by acclamation.

The Presidential Party.

GALESBURG, Ills., 23.—The presidential party stopped a few minutes here, and the President and Generals Sherman and Sheridan made brief, felicitous speeches, congratulating the people on the evidence of prosperity, good crops, and the coming wealth and flush times, all were heartily received, and Mrs. Hayes and Sheridan were called to the window and heartily cheered and shaken by the hands.

Horrible Butchery.

JANESVILLE, Wis., 23.—One of the most brutal murders ever committed in this State, occurred on the farm of Alex. White, in the town of Porter, Rock County, at 7 o'clock this morning. Mr. White left the farm early in the morning to make some purchases, and while gone his little five year old son was missed from the house together with George Baringarten, a farm hand. Search was instituted, and at one o'clock this afternoon the body of little Sandy was discovered lying under a manger in the sheep barn, his throat cut from ear to ear, and head nearly severed. He was entirely disemboweiled, his arms were tied behind him, his feet securely bound, and from his situation it was evident the murderer had first hung him, and finding death by that means too slow, had cut him down and finished him with a knife, Barringarten had fled on a horse taken from the farm, and had been seen several miles away making for his home at Fort Atkinson. No cause for the deed can be imagined. He will be captured shortly as sharp pursuit has been made.

General News.

CHICAGO, 23.—A novel suit was begun here to-day. The widow of Hugh McGonville, the man murdered by Sherry and Conley, and for which the latter was hanged, began a suit for $10,000 damages, under the State law, against the owner of the saloon where Sherry and Conley procured the liquor which got them intoxicated, and against the agent who leased the premises.

A fire occurred this evening in the four-story brick building on the southeast corner of South Water and Market Streets, occupied by Durand Brothers, wholesale grocers, storehouse, Cragin & Chandler, ax coal scuttle manufacturers; Manson & Nickerson, commission merchants and others. The building was damaged only $25,000; insured really. Loss on stocks about $40,000.

Louisville, 23.—Col. M. Lewis Clark, Jr., to-day, bought for Jas. B. Keene, of New York, the great colt "Lord Murphy"—the first three-year old that has ever been able to capture the Derby and St. Legar victories, being the more meritorious because both were run in the fastest time made by three-year olds. The price was $10,000, and as his lordship is engaged in the Dixie, Mr. Keene, with "Spendthrift" and "Murphy" has the state at his mercy. Keene has now the two greatest three-year olds in America.

Three brothers, named Barkley, ate toadstools for mushrooms, this morning. One died, and two are in a critical condition.

Cincinnati, 23.—A Commercial's special reports the murder of Mary A. Long, a girl of 16 years old, residing with John A. Klink, near Bonyrose, Ohio, last night, by Geo. Schwab, a rejected lover. After shooting the girl, Schwab hanged himself.

Wheeling, W. Va., 23.—The notorious Florence Goldsmith was arrested here to-night, sailing under male attire, in which garb she had hired out as a farm hand and stolen $300 from a countryman named James Robinson. She will now go to the penitentiary for the fourth time.

The Striking Spinners.

FALL RIVER, Mass., 23.—There are indications that the spinners' strike is about over, and the general opinion seems to be that if the manufacturers would discharge the "knobstick" spinners and employ all their old help at the old wages, the strike could be ended in a few hours. Eighteen spinners are reported to have signed an agreement with their employers, at Borden City mills, to return to work to-morrow morning. The spinners held a meeting this forenoon, however, at which several of these 18 men were persuaded not to return as they had agreed to do.

An old spinner, this afternoon, stated that he and all other old spinners were ready to return to work if all of them could do so. The manufacturers said that was ont of the question; they had a number of good spinners now at work, and had agreed not to discharge any of them for the purpose of ending the strike; they had a few vacancies which the old spinners could fill if they wanted them; but to discharge any of the present help to make places for the strikers was a proposition that could not be considered.

Colorado Democratic Convention.

DENVER, 23.—The democratic State convention to-day, nominated George Q. Richmond, of Pueblo, for Supreme Judge. The resolutions renew the pledge of the party to the Jeffersonian doctrine, that this is a government of the people, where the will of the people should rule; declare that the grave question next year will be whether this is a republican government in fact, or a monarchical; denounces Hayes' vetoes, and condemns the purpose to renominate Grant; denounces the crime by which the country was robbed of its President and Vice-President, declares demonetization a republican breach of trust; favors free, unlimited coinage of silver; denounces Senators Teller and Hill for voting against the Warner bill, and demands the extinction of the title of the Ute Indians to all lands in Colorado.

Milton Taylor made a short speech to the convention.

Yellow Fever.

MEMPHIS, 23.—Cases to-day, 13, one death. Donations received to-day, $4,000.

New York, 23.—Another case of yellow fever has been imported from Morgan City, and was reported to the board of health to-day.

WESTERN.

Licensing Grant.

SAN FRANCISCO, 23.—The Methodist Conference, which has been in session in San Jose for some time past, called in a body upon General and Mrs. Grant this morning. Bishop Haven made an address of welcome. Formal presentations to General and Mrs. Grant followed. An hour was taken up before the presentations were concluded.

Preparations, yesterday and to-day, around the new city hall, for the formal presentation of General and Mrs. Grant to the citizens of San Francisco, were of an elaborate character. The mayor's office, which was used as a reception room, is handsomely draped with flags.

FOREIGN.

GREAT BRITAIN.

The Afghan War.

LONDON, 23.—The Viceroy of India announces the arrival of the Ameer's representatives at Ali Kheyl.

An Ali Kheyl correspondent reports that large numbers of natives are assembling in the vicinity of the British camp in Shutargarda Pass.

European Notes.

The Spanish Cortes will reopen November 3d. Government has received a memorial from the Cuban slaveholders, asking for a prompt solution of the slavery question. The memorial states that unless steps are speedily taken by the authorities, the planters must themselves set the slaves free, to prevent their property being burned. Government has replied, expressing the hope that the plantation proprietors will act in conjunction with the Captain General of Cuba, and in a spirit of patriotism.

An official telegram to St. Petersburg from General Lomatien, commanding the Russian expedition in Central Asia, states that the advanced detachment of the expedition against the Tekke Turcomans passed the Kopet Diagh on the 4th inst., at Bashi and Beurma. No Turcomans were encountered and only 50 Kibithas remained at Artchman, the rest of the population having decamped. It is rumored that the Tekkes are assembling at Geok-Lep, to resist the advance of the expedition.

Bismarck and Andrassy have made arrangements concerning their respective tariff regulations, and the means of communication between Austria and Germany. Bismarck has visited the papal nuncio in Vienna.

The Bohemian deputies have resolved to take their seats in the Austrian Reichsrathe.

A Vienna correspondent has good reason to believe that Andrassy has received assurance of English sympathy with the understanding arrived at with Germany.

The Emperor Francis Joseph, in an audience given Bismarck, said: Baron Von Haymerle would maintain friendly relations with Germany.

Negotiations between Germany and Vatican have recommenced on a new footing.

The Roumanian Deputies have rejected the motion to disregard the provisions of the treaty of Berlin relative to the manumission of the Jews. They have also rejected the measure stipulating that the naturalization of Jews be individual only. This leaves the field clear for the introduction of the government project which provides for the immediate enfranchisement of 1,200 Jews.

A Vienna correspondent is informed on high authority that Bismarck is desirous that it be well understood that no agreement involving an offensive policy has been concluded between Germany and Austria.

The Russian embassy has been confidentially assured that no hostile demonstration against Russia is intended in the visit of Bismarck to Vienna.

The Trouble with Egypt.

Reports are current in Cario, and generally credited that the Khedive has asked the Porte to send troops to Massowah to threaten the Abyssinian army, and that the Porte has consented.
