

ALFRED PACKER, MAN EATER, DEAD

Admitted Eating Flesh of Dead
Companions to Save Him-
self From Perishing.

WAS CONVICTED OF MURDER.

Sentenced to Forty Years' Imprison-
ment, Always Declared His Inno-
cence and Finally Was Paroled.

Denver, April 26.—The body of Alfred Packer, known as the "Man Eater," whose death occurred last Wednesday in a cabin in Deer Creek canyon, was brought to Littleton today for interment. Packer, who was an army scout, started to guide a party of five men from Salt Lake City to New Mexico in 1872. They became lost in the mountains where the snow was six feet deep, and Packer alone survived. The bodies of the other five men were later found. One body was dismembered. Packer disappeared, but was captured in 1882. He was convicted of murdering his five companions and was sentenced to 40 years' imprisonment. He always declared his innocence of murder. He claimed that in his absence from camp, one of his companions killed the other four men and on his return attempted to kill him with a hatchet, whereupon he shot the man. Packer admitted that in order to keep from perishing he ate some of the flesh of one of the dead men. He was released on parole in 1901. Packer was 64 years old.

RAILROAD NEWS.

EXTENSION NOT ABANDONED.

C. M. & St. P. Will Build to Coast
When Material is Cheaper.

New York, April 27.—The Tribune today says: At a meeting of the directors of the Chicago, Milwaukee & St. Paul held this week the question of the company's Pacific coast extension was discussed. According to an interest identified with the road, the opinion was about unanimous that the work of carrying the St. Paul lines to Seattle should not be abandoned. One of the largest stockholders said, however, that the construction of the road would be delayed until a reduction in the cost of material and labor had been made. When recently seen, the president of the St. Paul company said chances favored the abandoning of the coast extension as a result of restrictive legislation.

LUCKY ERROR.

Clerk's Mistake May Result in For-
tune for R. S. Raphael.

New York, April 26.—An error of a law clerk many years ago may mean a fortune to Russell Sage Raphael and his mother and sisters. Many years ago Nathan Raphael, a close friend of Russell Sage, purchased \$680,000 worth of second mortgage bonds of the Wasatch & Jordan Val-

Talks on Teeth

By B. I. REX, M. D., D. D. S.

Guarantee

The knowledge which is based on practical experience is indispensable. What a man knows, HE KNOWS. There is nothing circumstantial about the sort of evidence. When we have put teeth in a man's mouth and they have become as firm and solid, and he can use them with as much comfort and satisfaction as he could if all his teeth were natural and in good condition, he will believe us, whether he be a dentist or not, because neither he nor his dentist know of our method of supplying teeth without the aid of pain, which a man, when called upon, is going to make a good witness for our side.

During the years we have been doing this remarkable dental work, a great many letters have come to us from grateful patients who have come to our offices from all parts of this country. They tell their story in their own way, and most of them cannot find a fortunate thing that they heard of us before they LOST ALL THEIR TEETH. Many of the writers of these eulogistic letters were the rankest kind of skeptics when they came to us for the first time. After you have investigated our eulogistic patients we don't believe you will be satisfied with anything short of the AL-VE-O-LAR way of replacing missing teeth. We don't believe you will allow any dentist to pull any loose teeth from you, nor to put a "bridge" in your mouth that will torture you until it is taken out again, and we are positive that you won't have anything to do with a plate, not if you have two or more teeth left in either jaw.

It costs money to come to us, but what value do you place on your health? What is life worth without health? Many of the ill which flesh is heir to are traceable to poor teeth. Write or call upon some of the persons we have treated, or, better still, come to our office and let us show you what we are doing, and prove to you by actual cases which we are operating upon. We can refer you to at least a Denver people whom we have cured of Porthoria (Riga's disease), loose teeth, who came to us because their dentists could not cure them, and at least 300 people for whom we have put in partial or full sets of Al-ve-o-lar teeth without plates within the year. Most of these people are well known and do not object to our referring to them. They are proud of the work, but might object to our publishing their names.

We are general practitioners in dentistry. In a majority of our advertisements we lay great stress on our great specialty, the art of putting missing teeth back into the mouth without using plates, by our patented Al-ve-o-lar method. The work is so remarkable in its character that it is apt to overshadow those other cases which come to us—the simple cases.

We don't want the idea to obtain that we are Al-ve-o-lar dentists alone. We want that something more—GENERAL PRACTITIONERS OF THE FIRST CLASS.

A dentist must needs have exceptional ability to put in Al-ve-o-lar teeth, hence it follows that in the Al-ve-o-lar form of dental work these men will give their patients results that will delight them. Careful, sympathetic, scientific work in each and every case, no matter how simple that case may be. Every appliance shown is here to assist him in getting results, and to make the patient comfortable—and—From some of our patients who have had the Al-ve-o-lar teeth placed in their jaws, WE WANT TO SEND YOU NO THANKS. They give the other side of the Al-ve-o-lar story—the patient's side.

If you cannot come to our office, send for Dr. Rex's book, "The Al-ve-o-lar Method," which explains the method in detail—free of any charge.

REX DENTAL CO.

SALT LAKE—7, 8, 9 and 10 Mercan-
tile Annex—Over Walker's
Dry Goods Store.

Be Sure to Get What You Ask For.

HERE is a Reason—
Why the Good People of Amer-
ica buy Cascarets as Fast as the
Clock Ticks.

Every second some one, somewhere, is
Buying a Little Ten-Cent Box of Cascarets.
1, 2, 3, 4, 5, 6—60 times to the Minute.
60 Minutes to the Hour, 3600 Boxes an
Hour, 36,000 Boxes a Day of Ten Hours,
1,080,000 Boxes a Month, and then some.

Think of it—220,000 People take a Cas-
cared tablet each day. Millions use Cas-
careds when necessary.

The Judgment of Millions of Bright
Americans is Infallible. They have been
Buying and Taking Cascarets at that rate
for over Six years.

Over Five Millions of Dollars have been
Spent to make the merits of Cascarets
known, and every cent of it would be lost
did not sound merit claim and hold the
constant, continued friendship, Patronage
and Endorsement of well-pleased people year
after year.

There is also a Reason—
Why there are Parasites who attach
themselves to the Healthy Body of Cascar-
et's success—Imitators, Counterfeiters, Sub-
stitutes.

They are Trade Thieves who would rob
Cascarets of the "Good Will" of the people,
and sneak unearned profits, earned and

A Dishonest Purpose means a Dishonest
Product and a Disregard of the Purchaser's
Health or Welfare.

Beware of the Slick Salesman and his
ancient "Just as Good" story that common
sense refutes.

Cascarets are made only by the Sterling
Remedy Company, and put up in metal box
with the "long-tailed C" on the cover.
They are never sold in bulk.

Every tablet marked "CCC."
Be sure you get the genuine.

key Railroad company, which owned a
line in Utah.

The interest on the bonds of the road
was defaulted and the first mortgage
was foreclosed, turning out the holders
of the second mortgage securities. Nathan
Raphael spent a large part of his
fortune trying to recover from the rail-
way, but was unsuccessful. Worry
caused his death.

A short time ago Russell Sage Raphael,
a son of Nathan Raphael, began
suit in the federal court on the bonds
and secured a judgment for \$1,600,000,
including interest. This judgment has
been returned by the sheriff as unsatis-
fied and was today filed in court.

While working up this case Mr.
Raphael's lawyers discovered that
when the first mortgage was foreclosed
the holders of the second mortgage,
probably by a clerk's error, were not
made parties to the suit. This, it is
claimed, invalidates the foreclosure
proceedings.

The old railroad property, which now
belongs to the Denver & Rio Grande
and the Rio Grande Western, is said to
be worth about \$300,000. The second
mortgage bonds issued by the original
road amounted to \$800,000. It is not
known who owns the other \$120,000 of
these bonds.

FIGURING ON NEW RESORT.

Le Grand Young and Associates May
Build One in Emigration Canyon.

Construction work along the left side
of the military reservation between
Salt Lake and Emigration canyon, is
now going on for the new railroad
planned by Le Grand Young and asso-
ciates, whose articles of incorporation
were filed this week. The road when
completed will extend from 15 to 20
miles up the canyon, and will tap the
vast quarries of building stone owned
by the incorporators. Several grades
of stone are taken from the mountains
along the line, including limestone. Or-
ders for hundreds of carloads of the
stone are now in hand, and the work
of construction will be rushed with all
possible speed.

It is not at all unlikely that a sum-

MURRAY DEPARTMENT

The "News is delivered in Murray and vicinity from the branch office
every night. L. E. Lauritzen, Branch Manager. Orders for Church Works and
advertisements received. Office with Watson & Lyon, Jones Block, Ind. Phone
87, Bell 142-2.

MEETING OF CITY SOLONS.

Mrs. Keziah A. Beckstead Closes Hon-
ored Career at 72—News Notes.

Murray, April 27.—A communication
from the Board of Underwriters which
has made a thorough inspection of
the wiring of the city jail, reported they
found, as had been reported previously
to the council, that the work would not
meet all requirements to insure safety
from fire. They acknowledged, how-
ever, that it was as good as much of
the wiring they have investigated in
many parts of the state. The clerk was
instructed to write the board to learn
if it was willing to carry the insurance
as the building is now wired. It has
been learned that a steel pipe will have
to be installed in the boiler room, in
which to place the boiler, as the water
is so near the surface and the seepage
greater than expected. The contractors
were authorized to install the pipe and
other necessities to make the room safe.

A local painter having painted the
sprinkling nozzles and dealing adver-
tising inserted his name in a very con-
spicuous place when the work was
completed. The council took cognizance
of the matter and will impose a license
of \$5 per month for each wagon unless
this public intruder will expunge his
undesired name from the wagon.

The proposition as to how to get rid of
the garbage and filth of the city was
brought up by Townsend who also sug-
gested that regular garbage cans be
used and that the people be required to
dump their garbage in them and put
them where they can be easily got by
the garbage man. The matter was re-
ferred to the sanitary committee, who
will make an investigation and report
to the council.

PIONEER CLOSURES SUCCESSFUL CAREER AT 72.

Funeral services were held yesterday
from the West Jordan meetinghouse
over the remains of Mrs. Keziah A.
Beckstead or better known as Aunt
Abina, one of Utah's Pioneers, who
died Wednesday of general debility at
the age of 72. The deceased had a won-
derful career. She has been a resident
here for over 35 years and has endured
all the trials and privations incident
in the early settling of this country.
She was left alone with a family of 11
children and her lot has been no easy
one, and yet she has borne with pa-
tience the many vicissitudes heaped
upon her and has triumphed over them
all. She has reared a family that can
be proud to with pride, and has been
a faithful and ardent worker in Church
affairs. Besides the 11 surviving chil-
dren, she has 34 grandchildren and 34
great-grandchildren who will cherish
her name with fond recollection. Many
of her old time friends and neighbors
spoke at the service, eulogizing her
noble character and life's labors. They

mer resort will be built in the canyon
along the line of the new road by the
time another summer rolls round. The
scenery in this canyon is unsurpassed,
and all conditions making for a spot
for recreation and relaxation for the
busy city people are at hand. The
project will be thoroughly investigated
by those directly interested, and if the
resort is built, it will be thorough
and up to date in all respects.

IMPROVE NEVADA SERVICE.

Clark Road Will Institute Through
Pullman Train to Beatty.

Commencing May 1, a straight pas-
senger train equipped with the very
latest Pullman palace cars will be put
on the Las Vegas and Tonopah road, be-
tween Las Vegas and the Bullfrog dis-
trict. This train will connect with No. 1
out of Salt Lake and No. 2 out of
Los Angeles, arriving at Beatty at
4 p. m. Returning the train will leave
Beatty at 12:30 noon. The Brock road
will make connections with both north
and southbound trains, so that pas-
sengers from Tonopah and Goldfield can
be run through to Salt Lake and Los
Angeles via the Clark line.

Also the Las Vegas & Tonopah is
arranging to put into effect every
Saturday, commencing June 1, a sum-
mer excursion rate from the Bullfrog
district to Southern California at \$25,
final return limit Sept. 30. This will en-
able the people of the dusty mining
camps to get down and take a dip now
and then in the ocean.

SPIKE AND RAIL.

Paul Bremer of the Union Pacific lo-
cal ticket office is back at his post
after a week's trip to Denver.

The Salt Lake Route, commencing
May 1, will run regular week end ex-
cursions to the Tintic mine district,
and regular Sunday excursions to Pro-
vo.

A party of 40 Utah people left yester-
day over the Salt Lake route bound
for old Mexico. The party consisted
chiefly of Cache valley people, and will
look into agricultural and other condi-
tions in the Tia Juana district.

"Among the Rockies," a vest-pocket
guide to the scenic attractions of the
Rocky mountains as seen from the
train, has just been issued by the pas-
senger department of the Denver &
Rio Grande railroad.

According to a bright new sign con-
spicuously displayed at the entrance to
their office on Second South and West
Temple, the Rock Island railroad is now
giving daily excursions to all points
east at very low rates.

A Japanese laborer, named Y. Yampa,
was killed at Helper Wednesday night
and the remains were brought to Salt
Lake and placed in charge of the
taker O'Connell. For some unaccount-
able reason the Jap was lying under a
Rio Grande train as it started to
move, and his head was crushed, death
being instantaneous.

A troop of the Ninth cavalry, consist-
ing of seven officers and 195 enlisted
men, from Fort Sheridan, will pass
through Orderville en route to San Fran-
cisco, where they will load on a transport
for Manila May 4. A second troop
from Fort Riley, Kan., consisting of 18
officers and 335 men, will pass through
Utah about May 2. The two troops oc-
cupy 16 sleeping cars, three baggage
cars and 11 box cars.

Business for the Shriners' festival at
Los Angeles May 5 promises to be
something unprecedented. Over the
Colorado Midland alone eight special
trains will leave Denver carrying 10,000
visitors to the southern California city,
during May 2 and 3. These trains will
come by way of Salt Lake, and General
Agent L. H. Harding, of the Colorado
Midland offices in this city, expects to
go to Denver to chaperone one of the
trainloads through.

General Manager R. E. Wells of the
Salt Lake Route, accompanied by Vice
President and General Manager W. H.
Bancroft of the Oregon Short Line and
Chief Engineer William Hood of the
Southern Pacific system, will leave in
a few days for Caliente, where they
will look over the washout portion of
the Clark road. They will decide whether
it will be cheaper and better to build
round the wash or to strengthen the
present route before returning.

The Copper Belt roundhouse will be
moved from its present site about May
1, according to information from Bin-
gham, and will be located at the assem-
bly yards which will be made the cen-
ter of the ore traffic for all the mines
from upper Bingham and the Highland
Boys. All ores for Murray, Bin-
gham Junction and Garfield will
be carried over the high line
to Lead Mine and thence to their
respective destinations. The present

related incidents connected with this
good woman's life which beautifully
portrayed the aim and object of her
soul. The body was taken to South
Jordan for interment.

REALTY COMPANY CHANGES HANDS.

The Sanders & Erickson Real Estate
Co. has been purchased by Erickson
brothers, who will give it the title of
Erickson Realty Co. J. B. Erickson, pre-
sident of the Emporium, and who has
been head salesman in the clothing and
shoe department, has resigned his posi-
tion and will be succeeded by J. B. Erickson,
instructed to write the new firm's business.
The company has secured a lease on the
Granter & Davis building which will
undergo radical changes, making of it
a handsome and convenient insurance
and real estate office.

SMELTER CITY NEWS.

Gustave Peterson returned Wednes-
day from Milnet, Idaho, feeling proud
of the land he secured at the big land
drawing at that place. He thinks there
are excellent opportunities yet for peo-
ple who are desirous of building a home
in a new country.

Two saloons and one meat market
were entered Thursday night and a
great sum of cash taken from each. The
thieves evidently had a pass key and
secured the money with little trouble.

The event of the week was the Alumi-
ni ball in the Trocadero on Wednesday
evening. To pronounce it a complete
success is saying the least possible. The
lady coaches did credit to themselves
in the matter of decoration. The en-
tire hall was literally transformed with
drapery and Chinese lanterns, while an
immense aw covered the canopy of the
ice cream and cake, and with
luncheon were served, and candy was
served in dainty boxes, which were
made by the school children. Alto-
gether it was an evening long to be re-
membered.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous membrane of the
middle ear. When this case is inflamed
you have a running sound or impaired
hearing, and when it is cured you are
cured. Deafness is the result, and unless the
inflammation can be taken out and this
tissue restored to its normal condition,
hearing will be destroyed forever. In
cases of deafness caused by catarrh,
which is a running sound or impaired
hearing, it is a mucous condition.
We will give One Hundred Dollars for
any case of Deafness (caused by catarrh)
that cannot be cured by Hall's Catarrh
Cure. Send for circular free.

Even If Discouraged

TRY DR. WILLIAMS' PINK PILLS
FOR YOUR RHEUMATISM.

The Pills Have Cured the Disease in
Almost Every Form and Even in
Advanced Stages.

Rheumatism is a painful inflamma-
tion of the muscles or of the coverings
of the joints and is sometimes accom-
panied by swelling. The pain is sharp
and shooting and does not confine it-
self to any one part of the body, but
after settling in one joint or muscle
for a time, leaves it and passes on to
another. The most dangerous tenden-
cy of the disease is to attack the heart.
External applications may give relief
from pain for a time but the disease
cannot be cured until the blood is puri-
fied. Dr. Williams' Pink Pills are the
best medicine for this purpose as their
action is directly on the blood, mak-
ing it rich, red and healthy. When
the blood is pure there can be no rheu-
matism.

Mrs. Ellen A. Russell, of South Goff
St., Auburn, Me., says: "I had been
sick for 15 years from impure blood,
brought on by overwork. My heart
was weak and my hands colorless. I
was troubled with indigestion and vom-
iting spells, which came on every few
months. I had no appetite and used
to have awful fainting spells, falling
down when at my work. I frequently
felt numb all over. My head ached
continuously for five years.

"About two years ago I began to
feel rheumatism in my joints, which
became so lame I could hardly walk.
My joints were swollen and pained me
terribly.

"Dr. Williams' Pink Pills were recom-
mended to me by a friend, after I
had failed to get well from the doctor's
treatment. When I began taking the
pills, the rheumatism was at its worst.
I had taken only a few boxes, when
the headaches stopped and not long
afterward I felt the pain in my joints
becoming less and less, until there was
none at all. The stiffness was gone
and I have never had any return of the
rheumatism."

Dr. Williams' Pink Pills have cured
such diseases as nervous and general
debility, indigestion, nervous headache,
neuritis and even partial paralysis
and locomotor ataxia. As a tonic for
the blood and nerves they are un-
equalled.

A pamphlet on "Disease of the
Blood" in copy of our diet book, will
be sent free on request to anyone in-
terested.

Dr. Williams' Pink Pills are sold by
all druggists, or sent, postpaid, on re-
ceipt of price, 50 cents per box, six
boxes for \$2.50, by Dr. Williams
Medicine Company, Schenectady, N. Y.

yardmaster, L. B. Jenkins, will be re-
tained in charge of the belt line and the
Rio Grande.

STRIKES IN FRANCE.

Violent Appeals Made to the Military
To Refuse to Act.

Paris, April 27.—Violent appeals to the
military to refuse to act against strikers
and the laboring classes, which have re-
cently been placarded in Paris and in
the provincial towns, have been followed
by a determination of the government to
prosecute their authors. The police have
arrested seven of the 21 signers of the ap-
peals. The prisoners include the secre-
tary of the union of Seine unions.

What's What in Wall Paper!

If you'll come in we'll show you something fine, new,
pretty, dainty, up-to-date in wall coverings.

Dining room showing a new panel decoration adapted especially to the Mission or Flemish
woods. It can be used on any wall space because the panels can be made any size. It produces a
fine effect when used below a Plate Rail in a Dining Room or it makes a very effective ceiling de-
coration.

A BIG SHIPMENT.

A car of Wall Paper—What does it mean?
Unless you see it displayed you have no idea of the
immenseness of such a shipment—We unloaded one
the other day—It contained some of the prettiest and
best patterns we have ever shown—and that is say-
ing a great deal. Words fail us, you must come and
look if you are at all interested in interior decoration.
Again we say that lavish expenditure does not nec-
essarily mean tasteful decoration—Sometimes things
are overdone. Come to us for help and you will get
suggestions, which if carried out will make your home
a bower of beauty.

Carpet Stock Complete

All our carpet purchases
have arrived and the showing
is decidedly the best we ever
had. You are assured a com-
plete assortment both of pattern
designs and weaves so your se-
lection can take as wide a range
as your fancy dictates.

Rugs

Our showing includes a great
number of Domestic and Impor-
ted rugs, as well as some beau-
tiful Oriental Weaves.
