President Arthur's Visiters.
WASHINGTON, 29.—Kalkauna called on the President to-day with Secretary Hitt, remaining 30 minutes. There has been a constant stream of visitors ever since, including MacVeagh, Lincoln, Hunt and Kirkwood.

Removed.
President Arthur to-day directed the removal of Sol Star, postmaster at Deadwood, Dakota, for confessed complicity with the Star route contractors in defrauding the Postoffice Department.

Thompson.
Numerous democratic candidates for Secretary of the Senate have appeared, the latest being John G. Thompson, now sergeant-at-arms of the House. The republicans are agreed for Gorham and Riddleberger, who will be voted for at caucus.

The President.
The President did not visit the White House to-day and made no appointments. Papers filed with Garfield by office seekers, are being withdrawn in order to transfer them to Arthur.

No Action.
Col. Corbhill, United States District Attorney, received this morning from Attorney General Stockton, New Jersey, a communication in which he states that no action will be taken in Guitau's case by the authorities of that State.

The Stars.
B. H. Brewster, of Philadelphia, former chief of the Victoria band, died, and he applied to-day for permission to kill a squaw charged with bewitching him. Permission was denied.

The Surrender.
The surrender of hostile Sanchez and other band number 83 bucks, 78 squaws and 73 children. Judge Advocate General Egbert is here to ascertain whether the renegades can be tried by a military commission.

An Officer of General Carr's command reported that while they were en route to Cibola they found that the Indians had exhumed the bodies of Capt. Herbig and the soldiers killed there. The dead men had been buried in a shallow grave, and the Indians had carried off, leaving certain articles they did not want. Capt. Herbig's head was smashed with a large stone, and the body mutilated. One hand and foot was gone. The command buried the remains and fired a salute. One tent has been found here occupied by Indians.

Orders are issued by Secretary Hunt placing the United States steamer Dispatch, now at New York, at the disposal of King Kalkauna, while on his way to Fort Monroe and Yorktown. The Dispatch will meet the royal party at Hampton Roads to-morrow.

King Kalkauna and party accepted the invitation from the Secretary of the Navy to go to Yorktown and Fort Monroe in a government vessel, as soon as a suitable one arrives.

District Attorney Corbhill to-day took the last steps in the preliminary arrangements for securing the indictment of Guitau next week by issuing subpoenas to the following witnesses for the government: Edward A. Bailey, stenographer, who has a number of notes of conversation with Guitau, while in jail, covering his history from early boyhood, his reason for committing the crime, etc.; George W. Adams, President of the Evening Star publishing company, who was in the depot en route to Cape May, when the shooting occurred; Geo. W. Bliss, formerly detective; Dr. D. W. Bliss, and Dr. D. H. Lamb, who were at the autopsy; Jacob P. Smith, special officer at the Baltimore & Potomac Railroad depot, who witnessed the shooting and assisted in the arrest of Guitau; Sarah White, in charge of the ladies waiting-room at the depot, who saw the shooting and helped raise the wounded President; Robert A. Park, ticket-seller, who jumped through the window of the car and assisted in raising the President; and the District Attorney, who was in the depot at the time and witnessed the shooting, to testify. All the above named witnesses were directed to be in attendance at the reassembling of the Grand Jury at the Criminal Court room on Monday next, when the case will be presented to the Grand Jury.

No answer has yet been received by the District Attorney from Geo. M. Scoville, Guitau's brother-in-law and lawyer, selected by Guitau to conduct his defense. He said he could not decide what course he would pursue until he had conferred with his wife, Guitau's sister. His sister will do all she can for him, and he will do the same, as he is firmly convinced that the man is innocent. He said: "There won't be any great effort made to defend him. I appear & will simply put before the jury matters relating to his mental condition, whether the indictment is faulty or not."

The Assassins' Counsel.
New York, 29.—The Star's Milwaukee correspondent interviewed Scoville, Guitau's brother-in-law and lawyer, selected by Guitau to conduct his defense. He said he could not decide what course he would pursue until he had conferred with his wife, Guitau's sister. His sister will do all she can for him, and he will do the same, as he is firmly convinced that the man is innocent. He said: "There won't be any great effort made to defend him. I appear & will simply put before the jury matters relating to his mental condition, whether the indictment is faulty or not."

The Herald prints a two-column interview with Dr. Bliss, who is here to confer with Dr. Schroy upon the subject of a medical history of the case of the late President, which Bliss prepares for publication in the Medical Record. Bliss said that the people at large had a right to ask for the fullest possible details of the whole of the treatment in the case; that information in the most complete form will be afforded in the history of the case, which will be issued as soon as Dr. Woodward and Lamb have completed it, but this will be very voluminous. It will be fully two months before it can be published.

The "Elizabeth" Burned.
SAN FRANCISCO, 29.—A dispatch from Victoria, British Columbia, says: "This afternoon the steamboat Elizabeth J. R. Irving, while on her trip to Yale, took fire at the tower of Fort Hope, Fraser River, and was totally consumed. She had on board the mails, freight passengers and a full complement of crew and other goods. All the while passengers, it is thought, were saved, but a number of Indians are supposed lost. The boat was just finished at a cost of \$50,000."

A dispatch from Auburn says: Mason, Stengel and Fraser, the four

Consolidation.
St. Louis, 29.—Stockholders of the Wash. Company confirmed the consolidation of the Danville & Southwestern and Cairo & Vincennes, making a direct line from Danville to Cairo; they also confirmed the lease of the bridge and tunnel of the company to the Wash., Missouri & Texas lines.

The Post's Moberly dispatch says: The reunion of ex-Confederates crowds the city. Ex-Governor Reynolds spoke, and Ex-Governor Markham was elected president of the organization.

Concord, 29.—The classmates of the Garfield boys to-day sent them an expression of sorrow over their loss.

SANDY HOOK, 29.—The Scotch Magee and the Minister are matched to be married. The wedding is to be at 2.30, going out 15 minutes before the Minister.

FOREIGN.
Agitation in St. Petersburg.
St. Petersburg, 29.—For some days past considerable excitement has been noticeable here, calculated to make one suppose that we are on the eve of great events. A large number of students have arrived in the city, and the police are more every day. Proclamations issued by secret printing establishments, are being profusely circulated, and houses are being searched at all hours of the day and night. The Emperor's body guard has again been increased. Last Saturday the Minister of the Imperial Household and General Scherewinski, an officer specially entrusted with the charge of His Majesty's person, held a conference which lasted several hours in the Imperial Palace. All this may be connected with the approaching interview of the Emperor with the Emperor of Austria. One of the ministers to-day said, without positively denying that the interview was to take place, that if it did take place it would not take place till next spring. This, however, is doubtless merely intended to mislead the public, as on the occasion of the Danish meeting the Emperor of Austria, the Emperor will probably not be known to most people till he has actually started. Every one is expected here. A ukase prescribing additional measures of precaution will be issued shortly. The Emperor leaves for Warsaw to-day or to-morrow.

Another Message from the Queen.
LONDON, 29.—Secretary Blaine, at Washington, received the following telegram from the Queen:
"Would you express my sincere confidence in the late President's death, and inquire after her health as well as after Mrs. Garfield." Her Majesty adds: "I should be thankful if you would procure me a good copy of the late President's portrait."

Lowell, Minister, London.
Your telegram expressing the compassion of the Queen for the mother of the late President, was duly forwarded to Mrs. Garfield, at Mt. Airy, N. C. I just received the following reply:
Please request Mr. Lowell to express to Her Majesty, the Queen, the grateful acknowledgment of the mother of General Garfield, and also my own, for the tender womanly sympathy she has been pleased to send, and also Her Majesty's wish will be complied with at an early day.

Legislative Session.
MADRID 29.—At a meeting of the Americanist Congress yesterday, Mr. Beaulieu, in a very able memoir, based on the ancient togo and Irish legends, convinced and showed that the Irish missions of St. Brendan and Columbus once explored North America. Several Castilian savants then produced facts and figures to prove that Columbus and the American mainland formed part of the same continent in quarternary period. To-night the Madrid Congress gave a magnificent supper and reception to the members of the Congress. The King, Queen and royal family, diplomatic corps & a dozen guests were present.

Moscow, 29.—The fire which commenced to-day evening in the merchants' Bazar in this city, has already destroyed 20 warehouses. In spite of all efforts the conflagration is still raging, and it is estimated that 2,000,000 roubles worth of property is destroyed.

Diplomatic Changes.
St. Petersburg, 29.—Several important changes are to be made in the Russian diplomatic world. The principal ambassador of Russia at the court of St. James will return to his old post at Constantinople. He will be replaced in London by the present ambassador to Berlin, who, it is said, will be succeeded by M. Deligiers. There is serious talk of appointing M. Deligiers Russian ambassador to Berlin.

Revolutions.
LONDON, 29.—Another case of what is feared is a fatal attack upon the person of the Duke of Devonshire, the principal member of the British Union County Party. Similar attacks on evicting parties of police are continually reported. Boycotting, according to letters published in Paris, has increased.

The Standard says, in a financial article, that the revived interest in Confederate sterling loan was a novel feature yesterday.

The Land Act.
DUBLIN, 29.—The Catholic bishops of Ireland, in session at Maynooth College, adopted a resolution that the land act is a great benefit to tenants, for which gratitude is due the government and all who helped to carry the measure. The bishops summoned the clergy to guard their flocks against all secret agencies of violence and intimidation.

Prospective Trouble.
PARIS, 29.—There is an impression that France desires to force a treaty on the King of Roumania, and there will be a repetition of the Tu-

men who attempted to wreck and rob a train on the Central Pacific Railroad, near Cape Horn, the night of August 31st, were held in \$5,000 bail each.
